TRUTH AND LIBERTY

BREVITIES.

The Illinois corn crop is the largest ever known.

The best butter is undoubtedly an old man.

Ex-President Fillmore owns and occupies an elegant mansion in the city of Buffalo.

Those who use only simple condiments, are rarely if ever afflicted with sun-stroke.

Science of Health.

A fellow who has suddenly tried to say, that, although there are three scorpions in a drum, the more drums you take the less scorpions will you have.

Solomon City, Kansas, does not seem to be a very healthy place for married men.

One day lately five wives deserted their respective husbands and went back East to "live with mamma."

The difference in nature was well illustrated at an Eastern depot a few days ago.

Two sisters met.

"O, my dear sister," one cried, as they embraced.

"You've been eating onions!" said the other, calmly and cheerfully.

It has lately been discovered that the carbonates of potash and soda possess the same property of protecting iron and steel from rust as do those of alkalies in a caustic state. The applications of this fact are numerous and important.

In an article in a daily paper the other morning, the question was asked, "Why do your wives leave?"

As the answer to the inquiry was supposed to be given, the editor threw it out as a conundrum, and will venture to answer, "Because they won't wash."

There is a great deal of nervousness induced by care, anxiety, overwork, and the use of condiments and stimulants, including strong tea, coffee and tobacco.

Women with blue, gray, or hazel eyes, as well as those having black eyes, get nervous if they overwork, sleep too little, and drink strong tea and coffee.

Science of Health.

Lotta Hough will never lecture any more in public. She has made a permanent engagement. His name is Gregory. Lotta lectured last winter on "Popping the Question," telling how it ought to be done. Gregory did it. This illustrates the influence of the lyceums and woman's mission in it.

TEST REASONERS ON WHICH IT IS BUILT:

I beg leave to call the attention of the public to the fact that two of those who purchased these

machines in last year's season, and who have now put them to work, are writing me to say that

they are the best they ever saw, and that they are the best they ever saw, and that they are the
