

ALLEGED MEXICAN REVOLUTIONISTS

Cases Called up in El Paso and
The Charge of Murder
Sprung.

THEY MAY BE EXTRADITED.

All Defendants Remanded Without
Bail—Chief Offender to be
Deported.

El Paso, Tex., Nov. 12.—The cases of the alleged Mexican revolutionists under arrest here upon complaint of the Mexican government charging them with inciting a revolution, were taken up today by United States Commissioner Howe on preliminary trial. A surprise was sprung by the counsel for the Mexican government when the charge of murder was made also. The court was notified that application for extradition had been made upon the murder charge. The accused are Antonio Villareal, the alleged head of the St. Louis, Mo., junta, and Lauro Aguirre and Ramon Cano, supposed to be associates of Villareal. All were remanded by the commissioner without bail pending the application by the government of \$100,000 for the extradition of the defendants. The United States department of commerce and labor had just ordered the deportation of Villareal and he had sued for a writ of habeas corpus. Aguirre is charged with robbery and murder in Mexico in 1896 and Villareal with the murder in Coahuila two years ago.

TO DEPORT VILLAREAL

Washington, Nov. 12.—Antonio Villareal, who is under arrest at El Paso, Texas, is to be deported to Mexico, where he will face charges of treason brought against him by the Mexican government. After conferences between officials of the state department, the department of justice and the department of commerce and labor, it was decided that Villareal should be sent back to his native country because of crimes committed by him before his immigration to the United States which made him an unfit person to enter this country.

Villareal was the leader of the Mexican revolutionary movement in St. Louis which gave utterance to the doctrines through the newspaper Regeneration.

Through the little group of revolutionists in St. Louis many predictions were made public that there would be a general uprising in Mexico and foreigners in the southern republic were frequently alarmed by rumors of a movement in Mexico against persons not native of that country. Villareal was originally arrested under a warrant holding him for extradition charged with being one of a large party of Mexicans alleged to have alleged to have broken into a public building in that country and taken a quantity of arms and ammunition belonging to the republic. Attorneys for Villareal insisted that he and his associates who took the arms and ammunition were revolutionists engaged in the movement against President Diaz, and that consequently their crime was political. The treaty exempts from extradition persons charged with political offenses.

Mexican officials advised the United States government that Villareal had committed a murder and served a term in prison before coming to the United States in March, 1904. Consequently he was a felon and was not entitled to admission to the United States.

WOMAN'S RIGHTS.

The Dignity and Sacredness of Motherhood.

Think of the greatest man who has ever lived upon this earth, and then think of him as he lay, an infant, in his mother's arms. Does it seem possible that he should have grown, become great in the world's estimate and perhaps had monuments erected to perpetuate his memory, and yet that the world should have forgotten even the name of the woman who bore him? The son's work is the mother's primarily and, therefore, the recognition of the dignity and tender sacredness of motherhood should no longer be delayed. It is high time that this country's greatest treasures—THE WOMEN WHO HAVE CONTRIBUTED LARGELY TO MAKE IT WHAT IT IS—should be recognized.

Why should not these good mothers be given the right to vote and have a voice in our government—a right that is accorded to some of the most ignorant, most insignificant and vilest of men?

It has been well said that "for every monument to a great man there should be a monument to his mother and the mother's monument should be built first."

But it is not so much the purpose of this brief article to advocate the just rights and privileges due to the women of this country, although it has afforded the writer great pleasure to pen the foregoing brief tribute to their worth and just deserts, as it is to call attention to the fact that when broken down in health and strength by over-work, the too frequent nursing of children, the never ending toil, worry and care of the household, or by whatever may overtax the strength and delicacy of her sensitive system, there is one, tried and proven, safe remedy upon which she may rely to regain health, strength and the power to fully enjoy life.

That remedy is Dr. Pierce's Favorite Prescription—a remedy made wholly from the roots of native forest plants which have been proven to be most efficacious, reliable and safe in the cure of woman's peculiar weaknesses, periodical pains, irregularities, wasting and weakening of central, pelvic organs and kindred ailments. It is a remedy, the makers of which print its formula on every bottle wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has no more potent cure to its credit than any other sold by druggists; a remedy which is the one remedy for woman's ills which contains no alcohol.

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilarating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood, are sure to do great and lasting harm in the long run. Besides they begot a craving for stimulants which is most deplorable. Dr. Pierce's Favorite Prescription is the one remedy for woman's ills which contains no alcohol.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system.

States. This makes it possible to de-still alcohol and a warrant for his arrest issued under the direction of the department of commerce and labor.

This action will avoid legal tangles which might result from the attempt to decide whether the taking of arms and ammunition was really a criminal and the backache is all gone. I trust that other sufferers will be led to discover how really wonderful Dr. Pierce's Kidney Pills are.
