

RIO GRANDE TO GET FRANCHISE.

Council Committees Make Several Important Changes and Agree On It.

FOOT VIADUCT PROVIDED FOR.

This Will be Built on Third South Street, Thus Leaving That Thoroughfare Partly Open.

With two important changes, the committees on municipal laws and streets of the city council last evening decided to recommend that the Rio Grande Western franchise be granted. The most important change in the franchise was the insertion of a clause providing that a foot viaduct be constructed over the Rio Grande tracks on Third South street so that the street will not be closed entirely to the public. The clause was inserted upon the suggestion of Atty. Waldemar Van Cott, who stated that the company is willing to concede that much to the residents in that locality. Councilman Eardley stated that the residents in his precinct would certainly be glad to hear of the change.

ARBITRATION CLAUSE.

The other important change in the franchise was the addition of a clause in which the company agrees to submit to arbitration the question of damages to abutting property on Fourth and Fifth North streets by reason of the proposed double tracks, practically closing up that street. This clause was strongly opposed by Fernstrom and E. H. Davis, who argued that the council has no legal right to grant a franchise closing up that street entirely and thereby deprive the people of their homes, which they have spent years in accumulating. Fernstrom urged that a single track be granted the company and then let it fight it out with the people for the additional track. He said that it is unjust to pass the franchise as it is and compel the people to go into court and bear the expenses of litigation to enjoin the railroad company from laying double tracks.

WILL TEST ITS LEGALITY.

Atty. Van Cott said that the company intended to test the legality of the franchise in the courts before it commenced work on the proposed improvements and that the people would not have to stand that expense. He also presented a number of petitions from property owners on that street asking for the franchise. In answer to a question from Eardley, he stated that the company intends to put flags in the Second and Fourth South street crossings.

The same provisions as to the cost of depot, time for accepting the franchise and for commencing work as in the Short Line franchise were ordered inserted in the Rio Grande franchise, after which a final vote on recommending the granting of the franchise was taken, which resulted favorably by a vote of six to two. Black, A. J. Davis, Eardley, Spence, Sharp and Vigus voted yes, and Fernstrom and E. H. Davis voted no.

ANOTHER INTERURBAN.

President of the Lake Shore of Cleveland, Ohio, Has Been Seeing Things. If present plans materialize there is to be still another interurban road in Salt Lake valley. This time it is Haruch Mahler, president of the Lake Shore Railway company of Cleveland, O., who is looking over the field. Mr. Mahler has been in the city for two weeks past laying plans for a railway system that will take in all towns from Logan on the north to Provo on the south. Included in the proposition is a deal to acquire the Salt Lake & Ogden from Mr. Bamberger and his associates, providing the price is all right. Mr. Bamberger and Mr. Eardley have been driving around together considerably and there is some talk of including Lagoona in the deal. When Mr. Mahler arrived here he became interested in the Cache Valley franchise recently granted and steps were taken to include this proposition in the scheme.

The road projected is to be a steam affair and not an electric, although Mr. Mahler is a prominent promoter of electric systems in the east. Nothing definite regarding the projected scheme is forthcoming at this time beyond the fact that an offer has been made for the Salt Lake & Ogden road. Mr. Bamberger is down at De La Mar and Mr. Mahler has returned to Cleveland.

BEANS TO BURN.

Southern Pacific Estimates California's Output at 750,000 Sacks.

Los Angeles, Cal., Sept. 26.—The Southern Pacific railroad estimates the state's bean output in the lower counties this year at 750,000 sacks, about 100,000 more than any previous estimate. To Ventura and Santa Barbara counties are attributed 600,000 sacks; to Los Angeles county, 100,000 sacks; to Orange county, 50,000 sacks. The surprising thing about the estimate is that the extra 100,000 bags are counted on from the Ventura district, when a crop shortage has been confidently predicted.

SEABOARD AIR LINE.

Will Not be Turned Over to Frisco or Rock Island.

New York, Sept. 26.—The Seaboard Air Line railway will not be turned over to the Frisco or to the Rock Island system, says the Herald. Foreign banking interests heretofore identified with the Seaboard have been admitted to a participation in the syndicate which a few weeks ago acquired control of the property, and this syndicate will, it is stated, continue to operate the Seaboard as an independent system. An offer of the property to the lines mentioned is said to have been definitely declined. However, President B. F. Yoakum of the Frisco will remain in the voting trust of the Seaboard.

Arrangements which the Frisco-Rock Island properties have made for Gulf outlets and terminals in New Orleans will supply all the requirements for the system, and it has been decided

Schilling's Best
tea, baking powder, spices
coffee, flavoring extracts, soda
are better than money; your
grocer knows it; for nobody
takes the money.

that the benefits to be derived from the purchase of the Seaboard by the Rock Island would scarcely balance the obligations which would necessarily be assumed by the acquisition of the Seaboard.

PREST. BURT IN NEW YORK.

In Conference with E. H. Harriman—No Strike Expected.
New York, Sept. 26.—An officer of the Union Pacific railroad said today that President Burt's visit to New York at this time was for the purpose of conferring with E. H. Harriman, who recently returned from Europe and had no connection with reported labor troubles among miners in Wyoming. It was also said that no strike was expected among the miners at Rock Springs, Wyo.

MAY SELL THE ANGELUS.

Gus Holmes Considering an Offer for His Big Hotel in the Angel City.

The Los Angeles Herald of the 23rd inst. has a flash head article relating to the proposed sale of the Angelus hotel, and says:
Negotiations are in progress for the purchase of the Angelus hotel by a party of Los Angeles capitalists. G. S. Holmes, proprietor of the hotel, has been in Salt Lake City for some time, but he has been summoned back to close the deal, and it was stated at the hotel last night that he was likely to arrive any day. It is known that several parties have had their eyes on the hostelry for some time and a number of offers have been made, but none of them has come up to Holmes' figures. Last spring there was a report current that the Kinkadees of San Francisco had their eyes on the property, and recently this story was revived, but one of the brothers stated a couple of days ago that there was absolutely no foundation for the rumor. Al Levy and L. J. Christopher at one time were negotiating for the hotel.

Holmes has spent about \$10,000 putting the hotel in shape since the close of the season last winter, and those who know him say he would not be going to so much expense if he intended parting with the hostelry. However, it is stated that it is not Holmes who wants to sell, but it is a local syndicate that is anxious to buy. In that event it must pay the proprietor's price, which is said to be \$175,000.

Mr. Holmes was seen this noon by a "News" reporter to whom he said that it was true that he had been called to Los Angeles, and that there was a report current for the sale of the hotel. But just as present matters were in such condition that he could make no further statement for several days, as there is no telling at the present moment what may be the result. Mr. Holmes is not particularly anxious to sell the Angelus, as he has got a good thing there, and is well aware of the same. At the same time his many friends in this city would be pleased to see him dispose of his Los Angeles possessions in order that he might concentrate all of his energies and enter into the hotel business where there is so much that is promising in hotel development.

INJUNCTION SUIT.

Amelia Stockdale Objects to the Operation of a Certain Switch.

Amelia Stockdale this afternoon filed an injunction suit in the district court against the Rio Grande Western Railway company to restrain that company from constructing and operating a switch to the Anheiser Busch Brewing company's warehouse on Fourth West between Fifth and Sixth South streets. A temporary restraining order was issued by the court.

The J. G. McDonald Candy Co., today completed the largest package order ever filled in the western country, consisting of 5,000 packages of their Finest Chocolates, to be distributed on Monday, by the Freed Furniture Co., at their grand opening.

BOOKS! BOOKS!

HOW LOS ANGELES GROWS.

Visitors Tell How It is Going Forward By Leaps and Bounds.

W. E. Gilbert of Los Angeles is a guest at the Kenyon. Mr. Gilbert is a frequent visitor in this city, and says that the rapidity with which the Angel city is advancing is astonishing. In 1870 there were 11,000 people in the city, in 1900 there were 105,000, while in 1903 there are 140,000 people. Mr. Gilbert calls attention to the interesting fact that on three of the corners at the intersection of the streets where the Angelus hotel is located, three eight, 10 and 12 story business structures are going up, and that is a fair sample of what building is done elsewhere in town. Los Angeles is making faster advancement relatively than San Francisco.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." MRS. J. O. BROWN, Rutherford Falls, Me.

Hood's Sarsaparilla promises to cure and keep the promise.

HALF HOLIDAY ON DERBY DAY.

Gov. H. M. Wells and Mayor Ezra Thompson Issue a Joint Request.

OPENING OF THE STATE FAIR.

Accordingly it is Asked that Business Suspend on Thursday Afternoon And all Go to Races.

Governor Wells and Mayor Thompson have issued a joint request that all business in this city be suspended on the afternoon of Thursday, Sept. 1, the opening day of the state fair, so as to give all an opportunity to attend the opening. The appeal to the general public follows in full:
To the People of Salt Lake City:

The directors of the Deseret Agricultural and Manufacturing Society give forth the assurance, and they have every reason to expect, that the state fair of 1903 will appropriately signalize the great industrial triumph and the gratifying general prosperity which have characterized the season now drawing to a close. Of the annual exhibitions given under the auspices of this society, the approaching one should lead all its predecessors in the variety, completeness and excellence of its display. It will have a particular interest as giving in some degree an idea of what may be anticipated at the grand exposition at St. Louis next year. As it shall show the best that has been accomplished by human endeavor, it will be the better prepared our citizens who shall attend the St. Louis exhibition to grasp and profit by a study of the best that similar agencies have accomplished throughout the world.

Such occasions are beneficial and instructive in the measure that they are visited and taken note of by the public at large. Their value as encouragement to endeavor and as educational object lessons if properly utilized, cannot be overestimated. The state has a right to be proud of the fact that these opportunities for healthy competition and for public instruction and enjoyment shall be maintained, and it remains now for the people to take an interest in the fair and to themselves the profit and pleasure provided for them. To the end that this opportunity may be more fully embraced by our citizens, the undersigned, at the request of the directors of the society, respectfully suggest that the afternoon of Thursday next, Oct. 1, be observed as a holiday in the general suspension of business; that so far as practicable the various places of commerce and traffic and industry be closed; and that employer and employee, dealer and patron, and all the busy elements of society have the privilege of uniting in the acceptance of the fair at 1 o'clock of that day, in all respects, an enthusiastic, auspicious and pleasurable event.

HEBER M. WELLS,
Governor of Utah.
EZRA THOMPSON,
Mayor of Salt Lake City.
Salt Lake City, Utah, Sept. 25, 1903.

MUSIC IN THE SCHOOLS.

Prof. Wetzell Invites Teachers to Attend this Section of Convention.

Prof. W. A. Wetzell, president of the musical section of the State Teachers' association, will issue soon the following circular letter to the teachers throughout the state:

"To the teachers of the young in the state of Utah and others interested in their training:
At the last annual meeting of the State Teachers' association, an earnest request was made by a few enthusiastic teachers that a music section be added to the department of the association. The request was very promptly granted and the following named persons were elected as the first officers of the department: President, W. A. Wetzell; vice president, A. Roylance; secretary, Olea Shipp.

"There are many teachers in the state who believe in the power and influence of song, and just as much interested in the minds and hearts of the children in our schools. A few of these met the undersigned at the Lincoln school last year and spent a very pleasant and profitable hour in the discussion of school room singing methods.
"A strong and growing feeling pervades the east and middle west in favor of more regular and systematic instruction in vocal music in the public schools. I cannot say that Utah is lagging in this matter. Indeed, it is my opinion that she leads the entire west in this respect. The following is a letter calculated to add to the interest, already created, and to make permanent the good results already accomplished through an enthusiastic, progressive music association, which is particularly interested in the training of the children in the elements of vocal and instrumental music.

"Therefore, most cordially invite the readers of this journal, if possible, to attend in the subject which burdens this page, to attend the meeting of the music section which shall be held at 9 a. m. Tuesday, Oct. 6, in the Museum building, University of Utah. A good program will be arranged for the occasion. A class of children from one of the schools will be present to illustrate many features of the school room training in vocal music. All are invited. Yours very truly,
"W. A. WETZELL,"
"President."

CHURCH NOTICES.

Notice is hereby given that all the Elders and sisters and natives who have labored in the Sandwich Island mission, from any of the stakes of Zion, are invited to meet together in general reunion and festivity on an evening during conference time that will be designated later. Exercises will consist of speaking and singing in the native tongue, and a "Lullaby." For further particulars call or address:
MATHEW NOALL,
FRED BUSBY,
CHARLES C. BUSH, City.

OTHER CHURCHES.

Spiritual meetings, Sunday afternoon and evening, at 2 and 8 p. m., at Federation of Labor Hall, over Hinz's drug store, conducted by Dr. Willard and Madame Lynn. Everybody cordially invited.

First Unitarian Society. Services held at Odd Fellows Hall, near new post-office east, Market street, 11 a. m. Sunday school and Emerson class, to which all interested are invited at 12:15 p. m. Subject of sermon, "Doing as We Please," by Rev. W. H. Fish, Jr. Music by Unity choir. Miss Emily Larson, leader. Unity Circle will meet with Mrs. George H. Raybould, on Wednesday afternoon, Sept. 30, at 643 south West Temple street.

LEYSON'S A DREAM OF BEAUTY

The opening of the new Leyson jewelry store this afternoon, at 2 p. m., was attended by a throng of admiring patrons, who seemed lost in wonderment over the magnificent display made by the popular Salt Lake jeweler. The consolidation of the Butte store with the Salt Lake institution has made it possible for this enterprising company to make the magnificent showing witnessed today. Upon entering the store the visitor is struck with the beauty and harmony of the surroundings. Fine hand carved mahogany counters, supporting counter cases made of solid mahogany and plate glass, extend the entire length of the room on either side. Along the walls on the north and south side are eleven mahogany display cases. Between each case is an alcove, with fine French bevel plate mirrors; as a background is a unique electric fixture, the light of which blends harmoniously with the surroundings. The room is lighted with arc lights encased in Holophone shades, famous for their even distribution of light, equalizing the rays in such a way as to give a daylight appearance. These are placed in appropriate position over the show cases and in the windows.

The amount spent in remodeling and equipping this store exceeded \$25,000. The cashier's office is a model of convenience, shielded from the store by mahogany pillars and solid brass work. Three of the wall cases have plate glass mirror backs, the appearance of which when filled with goods is handsome in the extreme.

To the right as one enters is seen a figure in marble (Marguerite) valued at \$750, and in the center of the floor is another, "Diana," the Goddess of the Hunt, in bronze, valued at \$350. The north wall is devoted to sterling silver and gold, while on the south is found plated goods and cut glass of every design.

A diamond display in one case alone is valued at \$25,000; among the lot is an amber diamond, unmounted, whose value is \$600. The watch display, the clock corner, wherein a great variety of watches is shown, the umbrella exhibit, and, in fact, the entire store is enchanting to the senses.

One fact of interest to Salt Lake is that the fixtures are the product of Salt Lake house, and were built by Salt Lake workmen.

A glance at the rear revealed a work shop and store room equipped with electric motors, polishing machines, etc. Taken all in all Leyson's new store presents an appearance of which any metropolitan city could well be proud.

A Guaranteed Cure for Piles.
Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund your money if Faze Ointment fails to cure you. 50 cents.

LATE LOCALS.

An effort will be made to have the city stores close at 1 p. m., on Derby day at the state fair, so that a great crowd may attend the races.

The Twelfth infantry band has been tendered by Col. Bubb in aid of this evening's musical entertainment at the residence of Maj. George F. Downey, by St. Mark's Cathedral Guild.

Dr. Ullman, a Baltimore physician well known in this city, has been offered the captaincy of Troop A of this city. The doctor has many friends here, and he is an enthusiast in military as well as medical matters.

The naval recruiting detail concluded its labors in this city this afternoon and leaves tonight for Colorado Springs. Only 10 recruits were secured here, the two not already chronicled being Roland Lee, aged 21, coal passer; and Clarence Johnson, aged 15, apprentice of the third class.

The First Congregationalists will hold a Sunday school rally tomorrow morning at the clubrooms at the club house instead of the usual church services. On the following Sunday, Rev. E. I. Goshen, the new pastor, will preach.

The new steam hoist of 12-horsepower for the federal building will be here tomorrow and will be used for the big derricks. The building is now all up to the second floor, and in 40 days the third floor will be reached.

The first fall meeting of the Men's club of the First Congregational church will be held in the clubrooms at the club house at 8 o'clock, Monday evening, Sept. 28. In addition to other important business the semi-annual election of officers will be held. The social features are not being overlooked; the committee in charge having arranged for an address by a well known speaker of this city.

A copy of the articles of incorporation of Smith Brothers & Field company, of Manila, Utah, county, was filed in Secy. of State Hammond's office today. The capital stock of the organization is \$50,000, divided into 500 shares of the par value of \$10 each. S. M. Smith is president, W. E. Field, vice president; Keith Smith, secretary and treasurer. The company will be engaged in farming and stock-raising.

NIBLEY-ECCLES DISPUTE SETTLED.

Lewiston Sugar Company Matter Is Compromised by the Two Principals.

SUGAR INVESTMENTS ADVANCE.

Two Former Partners Meet and Discuss Matters—Amalgamated Stock Stiffens in Consequence.

(Special to the "News.")

Ogden, Utah, Sept. 26.—The famous Nibley-Eccles dispute over the erection of a sugar factory at Lewiston, Cache county, may be regarded as settled, and it may happen in the same connection that the long standing personal differences between Messrs. Nibley and Eccles, which have extended to their lumber interests, and to their relations as fellow directors of the Amalgamated Sugar company, may be healed up also. Judge Rolapp has for some time past been negotiating between the two men, trying to arrange a compromise of the Lewiston matter. Recently he brought the two former partners together for a personal talk, something that has not happened for a long time before. They have had conferences both in Ogden and Logan in the past few days, and while but few details can be given out, as both gentlemen and Judge Rolapp are not in Ogden today, it is definitely known that an agreement has been reached. The supposition is that the factory will not be built next year, but that the company is to be kept alive and that the construction of the factory will go on later. The board of directors, now consisting of nine, will be enlarged, and will include representatives of both sides. Mr. Havemeyer of New York also being represented. One gentleman, who is interested, gives it as his opinion that the eastern sugar people will take one-half the capital, and that the remaining half will be equally divided between the Nibley and Eccles parties. It is also not unlikely that Mr. Nibley's resignation from the Amalgamated board may be withdrawn, as it has never been acted on.

Inquiry among local stockholders of the Lewiston Sugar Co. verified the report of the compromise. Several had already received notice to send in their stock certificates, and had been given a refund of part of their first payment, the understanding being that they would receive back half of the amount of stock they had been allotted by Mr. Nibley, which confirms the report that he and his associates were to have one-quarter of the entire capitalization, as Mr. Nibley had always held one-half for the eastern people; they had declined, however, to pay their first assessment, owing to the disputes that arose with the Amalgamated, but it is now likely that they will cheerfully enter into the deal.

On the local market, the news of the compromise had a bracing effect on all sugar stocks, especially on Amalgamated common, which every broker in town seems to have had orders to buy.

BEET CUP PROTESTED.

Three Protests Filed With Irrigation Congress Board of Control.

(Special to the "News.")

Ogden, Utah, Sept. 26.—Three protests have been filed with the board of control of the Irrigation congress, contesting the award of the Havemeyer \$500 cup for the best sugar beets to A. Rhoades of Garland, Utah. The principal protester is Mr. Post of Colorado.

Mr. Austin of the Utah Sugar company this afternoon stated that beyond the fact that the protests had been entered he knew nothing further. The Mr. Post referred to is an eastern agent for a certain brand of German sugar beet seed that he has been working to introduce in the west for some time past.
