## FRAGMENTS.

WM. NOYCE is suing R. Dye for $5.10 in Justice Burton's court.

A FULL attendance of the members of the Tabernacle choir is desired this evening.

THE committee of arrangements for the Fourth celebration meet to-night at the Federal court room to complete their part of the work.

THE Home Dramatic Club are getting ready for the production of the "Green Lanes of England" at the Theatre on the Fourth.

THE wife of Brother Fred. White presented her husband with a son and heir this morning, whereat the father is fairly bubbling over with joy.

THE "antiques and horribles" for the Fourth celebration promise to be an attractive feature. Those who are to participate are getting up some designs fully illustrative of the title.

A BAY horse upon which a poor man depended for his living, has been lost between here and Park City. See description in the advertisement elsewhere and forward information to this office.

WE received a fraternal call to-day from J. E. Carlisle, Esq., of Logan, editor of the *Utah Journal*. Mr. Carlisle is a representative of Cache County in the constitutional convention now in session.

GODDARD & JAMES, barbers, will not open their shop on the morning of July 4th, as has been the custom on holidays, but will close during the entire day and recommence business on Tuesday morning.

LUCILLE, the little daughter of Hon. Chas. W. Penrose, who was badly burned a few days ago by a bunch of lighted firecrackers being thrown against her by a boy, is in a very precarious condition.

"OLIVER CROMWELL" was presented for the second and last time in Ogden yesterday evening. The attendance was not large, but the piece and the playing seem to have taken very well with the Junctionites.

THE Nationals have not "weakened" perceptibly, notwithstanding the recent loss for the season of two of their strongest hands, and Manager Dawson claims that their standard will be carried to the fore again on the Fourth.

HEID'S Cornet Band will give a grand excursion to Logan on Tuesday next, on which occasion the fare for the round trip will be reduced to $3.75. This will doubtless prove one of the most enjoyable affairs of the season; Logan is a delightful place for a pleasant day, and the attendant attractions will insure pleasure to all who participate.

JACOB HEIKLE is reported in our dispatches to-day as having been pardoned by the President for bigamy in this Territory, but this is a mistake. He has been amnestied upon his own application, in accordance with a provision of the Edmunds law, and the relief granted is purely political.

MISS NELLIE SMITH, of the Thirteenth Ward, narrowly escaped being seriously burned on Wednesday, by her clothing being set on fire by a firecracker thrown at her by a mischievous boy. The police should visit First East Street, between Second and Third South, and put a stop to the firecracker nuisance there.

## Police Items.

Last night was a busy one for the police, who took in a dozen offenders against the peace of the city.

John Sprout, who was anxious to display his fighting abilities, is booked on the charge of assault. He was released on $25 bail.

Enon Phelps was taken in for fighting with Joseph Raleigh. Enon's face looked as though the other fellow had done most of the fighting. There were several deep gashes around his left eye, which was swollen till he could not see out of it, while his clothing was besmeared with blood from his chin to his toes. The cause of all this was too much beer, and the wounds had been inflicted by Raleigh, who is charged with assault, with a beer glass.

J. G. Sharp, an old time vagrant, was taken in for that offense. He is charged with being the associate of known thieves and dissolute characters.

May Petuit and two others of her class were found in a horrible state of wretchedness in a hovel on Commercial Street. The first named was arrested for vagrancy, while the others were permitted to remain until they could be sufficently cleansed to be placed in the jail.

Fred Clark made an assault on Ray Kimball, and caused time to be lively for a few moments. He was fined $10.

Peter King has quite a serious charge hanging over him. Last night he and Robert Skewes got into a row in a saloon, when King drew a knife and used it with disastrous effect on Skewes. He is held to answer for making an assault with a deadly weapon.

Ben Holland and R. Coady, two inebriates, forfeited $5 each.

## AT WORK IN EARNEST.

### Committees Appointed and at Work on the Constitution.

The Constitutional Convention was called to order promptly at 10 o'clock this morning, by the President, Hon. John T. Caine.

Prayer was offered by Bishop O. F. Whitney.

Mr. Richards moved that the chair assign to the various committees those portions of the constitution, adopted as a basis which properly belonged to them. Carried.

Mr. Hatch moved that the chairman of each committee be furnished with a list of the members of his committee. Carried.

The President then apportioned the subjects of the constitution as follows:

To the Committee on Ordinance and Bill of Rights—Articles 1, 2 and 3.

To Committee on Legislative Department—Article 4.

To Committee on Executive Department—Article 5.

To Committee on Judiciary—Article 6.

The amendment was put and lost, and the Convention adjourned to 10 a. m. to-morrow.

At the close of the session the various committees got together, and began going over the subjects assigned them, with a view of making a general report at to-morrow's session.

## THE SCHOOL TRUSTEES MEET

### Matters of Interest to Them Discussed.

The school trustees met last evening according to call.

Mr. Stewart first distributed a few copies of the school law. He explained to the trustees the work done by the book convention and the manner and cost of exchange. He urged the trustees to attend to this matter.

Commissioner P. L. Williams was introduced to the meeting and spoke somewhat as follows: He was glad to meet the trustees and to see so many present. Referred to the manner of levying taxes on different kinds of property. If taxes are levied they should be levied legally; would be pleased to give his views on the matter and instruct the trustees on the law in relation to the matter; explained the manner of taking the school census, and presented a form for that purpose. He thought his form more fully filled the requirements of the law than the old one did; said that the law required the census to be taken on or before the second Monday in July, but if the trustees cannot do this, then it will not be unlawful if not in before the third Monday.

Names and ages should be taken, as it will ensure accuracy. The law requires inquiry as to the church membership of the parents of the children. A complete census should be taken and then duplicated; and one report filed and kept in the district; the other report sent to the county superintendent. He will soon have ready some statistical reports, and also some financial reports. No changes will be made in the form for this year. The school teachers' term reports will be changed to suit the law. He wanted the reports and forms made out carefully in conformity with the laws. He hoped the teachers would be earnest and determined in their labors, that the required information would be forthcoming. He wished the trustees to use their influence in the direction of securing free schools. He set forth very vividly the disadvantages of the present plan of having an appropriation, but not sufficient to meet the requirements of the school and having to supplement it by tuition. He tried to impress upon the trustees the importance of the responsibility of educating the young, and they should give their best attention to it.

Mr. Stewart referred to some of the remarks made by Mr. Williams, that the teachers' term reports should be made for the last term of the school year just finished, and should be made out according to the old form. He wanted to be able before accepting reports from trustees, to compare them with trustees accounts. He will audit and compare reports on the dates from August 1st to the 8th, and during that time will be at his office, 33 Fourth East Street, on those days to receive and audit accounts and reports. The trustees should have their reports, especially the financial, ready to present to the voters of their several districts at the annual meeting for election of trustees. The trustees should be careful to get receipts for all disbursements. The account of the new census should not be included in the statistical report to be made out the present month. The statistical report is for the past year, while the census is for the coming year. Trustee should have the teacher give account for every dollar he collects.

Mr. Pike suggested that the trustees carry in their pockets a little book containing blank receipts, and when they buy anything and pay the money, to fill out a blank and have the person sign it. Keep them in the book, as slips of paper are liable to be lost. It was the opinion of Mr. Williams that patrons can legally be compelled to pay their tuition. He informed the trustees concerning the employment of teachers. Trustees should be careful to get as good teachers as they can afford. Teachers must hold a certificate, of the districts employing such teachers are liable to lose their school appropriation.

The trustees who were not present at the meeting to receive the blank forms for taking the school census, can get them by calling upon Superintendent Stewart, at 33 South, Fourth East Street.

D. R. ALLEN, Sec'y.

## THE BUILDING SOCIETY.

### Annual Showing of an Enterprising and Substantial Organization.

At 8 o'clock last evening the stockholders of Zion's Benefit Building Society held their annual meeting in the City Hall. The business of the session was conducted promptly and quietly, and the showing made of the past year's business was very gratifying to the stockholders. A dividend of eight and a half per cent was declared, covering not only the year just closed, but the whole period of the society's organization. The following is the report submitted:

## Discharged.

The proceedings in the case of John Isaacs, charged with unlawful cohabitation, before Commissioner Norrell, this morning, were very brief. His wife was sworn, but declined to testify on the ground that she was his legal wife. There were no other witnesses, and the Commissioner had no alternative but to discharge the defendant, which he did. He was arrested last evening.

## The Primaries.

In another part of the paper appears the call of the Salt Lake County Central Committee of the People's Party for precinct Primaries and a County Convention. On Saturday, July 9th, after the close of the Representative District conventions, the County Convention will meet in the County Court House, to nominate county officers to be voted for at the general election on the first of August.

On Tuesday next, July 5th, at 8 p.m., precinct Primaries will be held in the various precincts, to elect delegates to the County Convention, according to the allotment in the call. At the same meeting each Primary will elect the number of delegates designated by the Territorial Central Committee, to attend the Representative District conventions to be held on July 9th. It is the duty of every voter of the People's Party to be on hand and see that at the Primaries the full business is transacted and the will of the people manifested. Remember, on Tuesday evening, July 5th, at 8 p.m., at the usual places.

## An Afflicted Family.

Last evening, a son of Brother D. L. Davis, of the firm Barnes & Davis, died of diphtheria. The conviction that the lad would die, when forced upon the mind of his mother, so affected her that she gave premature birth to a child, which was living at last accounts. Last advices were to the effect that Mrs. Davis was in a critical condition.

We condole with Brother Davis in the severe afflictions that have overtaken his family. The funeral of the boy, whose name was Harry, was set for 5 o'clock this afternoon, as it was the advice of the quarantine physician to hasten it.

## Fourth of July Theatricals.

There will doubtless be a great crush at the theatre on Monday when the old time sensation The Green Lanes of England will be revived by the Home Club, for a matinee and night performance. The drama is being carefully rehearsed, and that such people as Messrs. Wells, Spencer, Young, Evans, Clawson, Birdie Cummings, Mrs Clawson, Miss Whitney and Ivy Clawson is a guarantee of a finished performance. The advertisement in this issue of the NEWS contains notice of a departure from the usual time of commencement.

## Death of A. M. Barton.

P. D. Lyman writes as follows from Bluff, San Juan County, Utah, June 20th, 1887:

"Brother Amasa M. Barton who was so badly wounded by a Navajo on the 9th inst. died on the 16th, and was buried at this place on the following day with appropriate ceremonies. All the people of the ward turned out to show their respect for him and sympathy for his bereaved family.

Brother Amasa Myers Barton was the son of Joseph Penn and Eliza Anderson Barton, and was born May 27th, 1857, at Paragoonah, Iron County, where his parents still reside. His father is now serving a term in the penitentiary for conscience sake. Brother Barton was one of the early settlers of this part of the country, and by his energy and industry had become well established here, and was one of the most substantial and reliable members of this mission.

He was an affectionate husband and father, was firm in the faith of the Gospel, strict in the performance of his duties, and died with the full assurance of a glorious resurrection.

In Butte, on the morning of the 26th about 5 o'clock, K. S. Batteiger, who owned a grocery on the south side of Galena Street, near Wyoming, in the rear of which he slept, was awakened by smoke entering his bedroom, and found that it proceeded from a Chinese laundry fronting on Wyoming, which had caught fire and communicated with his store. How long the fire had been burning there could not be ascertained, but the buildings being frame, and the stock in Batteiger's cellar being very inflammable, it was only a few seconds ere the entire building was enveloped in flames. The building was the property of Joe Nadeau, and the grocery stock was valued at about $5,000, insured for $2,000 in George F. Marsh's agency, $500 each in the North British and Mercantile, the Edinburgh, the Home of New York, the National of Hartford and the Western of Toronto. Of this about $1,200 worth was saved in the shape of barrels of whiskey, vinegar and other heavy goods which the fire did not reach. The Chinese laundries were leveled to the ground and the grocery store was gutted and nothing but some charred boards left standing.

—Articles of incorporation of the St Louis Milling & Mining Company of Montana were filed in Butte on the 27th. The incorporators therein named are Michael J. Hartnett and Chas. T. Remme, of St. Louis, and Wm. Mayger, of Butte. The capital stock is placed at $5,000,000, paid up and non-assessable. It is divided into 500,000 shares at the par value of $10 each. The objects of the company are to operate mining properties at or near the town of Marysville, Montana.

In making this announcement, the Lake Park Resort Company respectfully assure the public that its preparatory efforts of last year to give it the first conveniences for Bathing in Great Salt Lake worthy of patronage ever offered, have for this season been GREATLY ENLARGED AND IMPROVED upon, and that the general attractions of the Resort will continue to be added to in whatever manner careful efforts in ascertaining the requirements of a discriminating public may suggest.

The exceedingly liberal patronage bestowed upon the Resort in the unfinished state of its appointments last season clearly indicated the popular demand for and appreciation of better accommodations than had ever before been given for Lake Bathing, and this season finished appointments and delightful accessories will be so profusely offered as will maintain for this resort the leading position at once accorded it by the public from its original opening.

The MUSIC for this season will be of the highest degree of excellence and under the directorships of Professors Krouse, of this city, and Koenigsberg of Denver. The full Band of Musicians has been selected with the closest discrimination. Concerts in the Grand Pavilion. The patronage of the public is respectfully invited.
