

DEPARTURE OF THE JESUITS.

Cannot Submit to France's Law of Association.

THEY ISSUE LONG ADDRESS.

Communities Not Applying for Authorization, and No Dispersing, Will be Prosecuted.

London, Oct. 3.—The Paris correspondent of the Times says the Jesuits have published a long address on the eve of their departure from France. They explain that they cannot submit to the law of associations and apply for authorization under it, as by so doing they would have to admit the existence of a power higher than the church.

This address, remarks the correspondent, shows much of its significance and pathos when one reflects that the law was specially aimed at the Jesuits and Passionists. The former, therefore, claim no merit in not asking for authorization, as they know they would not be able to obtain it, and the application for it would provoke discussions painful to them.

It semi-officially stated that communities not applying for authorization under the law, and not dispersing, will be prosecuted immediately. Inquiries will be appointed for those which have dispersed.

Gen. Buller to His Critics.

New York, Oct. 3.—Gen. Buller's reply to the charges made by two weekly journals of high character, is published in the London correspondent of the Tribune. He declines to be drawn into a controversy with anonymous writers, and speaks with the irony of the situation of an accused general. It will be difficult for those journals to pursue the subject and Gen. Buller will not be forced to defend himself nor will he be deprived of the honor of his name. It would not be difficult, however, to establish the identity of the writers who have been reproaching him for having either ordered or advised Gen. Buller to abandon Ladysmith after the battle of Colenso, nor to ascertain the source of inspiration of these attacks upon his reputation. The secrets of the telegraph both at Modder river and Colenso afford the honor and prestige of the British army, and an investigation will ultimately be necessary. The subjugation of the Boers has been sufficiently difficult, although Kimberley was not evacuated nor Ladysmith abandoned. It would have been well known that Gen. Buller had been carried into execution.

Mr. Antonini Coming.

New York, Oct. 3.—The Herald says, Mr. Antonini, one of the influential prelates and officials of the Vatican, will arrive here soon. It is expected, by way of Rotterdam. Just what is the intent of his visit here is not stated. It is suggested by some that he may bring instructions for the annual meeting of the archbishops, which will be held at Washington on November 19 and 24. The subjugation of the Boers has been sufficiently difficult, although Kimberley was not evacuated nor Ladysmith abandoned. It would have been well known that Gen. Buller had been carried into execution.

Swiftest Boat Ever Seen in Ottawa.

Ottawa, Oct. 3.—The swiftest boat ever seen in Ottawa has been tested on the Rideau canal. It is thirty feet long, built on lines of a warship, and in the test, ran at a speed of twenty miles an hour for some distance. The craft was built for V. L. Emerson, of this city, who designed the engine for the boat. It is intended to sell the place of an auxiliary torpedo boat, such as is used in the United States and British.

The main object of the vessel is to obtain speed with a light draught power that is instantaneous in operation, noiseless and smokeless, and which gives no evidence of its locality to the enemy.

FOR A MODEL CITY.

Scheme to Have One Erected at St. Louis Exposition.

New York, Oct. 3.—On the call of Charles R. Lamb, chairman of the art committee of the Municipal Art society of New York, a meeting of the society has just been held at the National art club to discuss ways and means of definitely formulating a scheme for a model city to be erected in the confines of the St. Louis world's fair. As the exposition must have certain buildings to carry on its work, such as the service building, postoffice, hospital, police, fire and sanitary departments, they could be constructed as the nucleus of the city.

John De Witt Warner, president of the Municipal Art society, presided.

The object of the society is to show the people of the United States and of the world how a city should be built. It is proposed to show, for example, by means of a miniature city how roads and streets should be laid out, how corners of streets should be properly treated as regards lighting and numbering. It is also proposed to show how a city can be made beautiful, and how to utilize toward that end the public buildings of every city, large and small.

A letter sent to ex-Gov. Francis, president of the St. Louis exposition, outlining this scheme, has elicited a favorable response. The following committee was appointed by President Warner to draft a definite scheme to present to the authorities at St. Louis: Charles C. Haight, chairman; Charles R. Lamb, Charles R. Crandall, Charles M. Robinson, Mrs. E. Hegeman Hall and Albert Kelsey.

NEW SALT COMBINATION.

Expects to Control Salt Output of the Whole World.

New York, Oct. 3.—In explanation of the new salt combination, which has been formed under the laws of the state of New Jersey, the International Salt company, which expects to obtain control of the salt mines of the entire world, has been incorporated in New Jersey with a capital of \$10,000,000, and will issue bonds to the amount of \$12,000,000.

The new international trust is the outgrowth of the National Salt company, which is interested in the salt producing plants in the United States. The new company will acquire the National Salt Co., the Retsof Mining company, the English Salt company and all the principal salt producing properties in Canada and Great Britain.

The terms of the purchase of the National Salt company are as follows:

"For every ten shares of National Salt preferred stock, one \$1,000 five per cent gold bond of the International Salt Co. and one share of the capital

A PROCLAMATION

Paine's Celery Compound, the National Remedy.

ENDORSED BY LEADERS IN EVERY WALK OF LIFE.

Present Wonderful Demand the Result of Merit.

The Hungarian Elections.

London, Oct. 3.—Commenting upon the Hungarian elections the Vienna correspondent of the Times says that the elections for the Hungarian parliament were held on the 2nd inst. in place for the first time practically without interference on the part of the authorities. The local officials throughout the country have been strictly forbidden to exercise any influence on the voters.

The elections will result in a large number of new members, in consequence of the law passed by the last legislature by which persons connected with firms holding government contracts are rendered ineligible for membership in parliament.

It is expected that party distinctions will be less pronounced than usual in the new parliament, owing to the general desire to give precedence to economic affairs.

SLAUGHTER OF COMPANY C.

It Was Long Premeditated, Filipinos Being Summoned by Church Bells.

It is Said President of the Town, Claiming to be Friendly, Led the Assault.

Manila, Oct. 2.—The American publishes a telegram today, giving an account of the fight in which a majority of the men of company C, Ninth regiment, were killed near Balanag on September 28. The fight was long and premeditated, and the Filipinos were provoked to commit the slaughter by the ringing of church bells at daylight.

They got between the soldiers, who were breakfasting, and their quarters. The insurgents were mostly armed with bolos, but they had a few rifles with them.

The latest advices from the island of Samar give harrowing details of the slaughter of the members of company C, Ninth United States infantry. It is stated that the president of the town, claiming to be friendly, led the assault on the soldiers.

On hearing of the slaughter, Col. Isaac D. Densbury, of the Eleventh infantry, started for the scene immediately with a battalion. The body of Capt. Connel had been found, and the bodies of the soldiers were recovered. In numerous instances the bodies had been badly mutilated.

Three hundred Macabebes will also be dispatched to the scene of the massacre on board the Legassi, which is delayed by a typhoon.

The Porto Will Pay Interest.

London, Oct. 3.—The Constantinople correspondent of the Times says the Porto consents to pay 9 per cent interest on the claim of M. Lorando, but disputes the amount of the capital. The consular commission to deal with the claim. The ultimate settlement of the claim is regarded as certain.

Manchurian-Siberian Railways.

London, Oct. 3.—A dispatch from Odessa to the Times says that, according to advices from Vladivostok, the junction of the Manchurian line with the rest of the Trans-Siberian railway, will be effected on October 14.

Boer Prisoners for Bombay.

London, Oct. 3.—A dispatch to the Times from Simla says that 1,700 Boer prisoners will arrive at Bombay in the course of the next fortnight. Some of them will be sent to Umballa and the rest to Shahjahanpur.

To Settle Telephone Strike.

Chicago, Oct. 3.—The state board of arbitration, it is announced, will endeavor to settle the telephone strike. Under the provisions of the state arbitration act the board is empowered to make investigations and issue subpoenas in all matters wherein the general public is inconvenienced, as by telephone communication comes under this clause the board will see what can be done by the opposing parties together.

Prince Chun's Departure Discussed.

London, Oct. 3.—According to the Berlin correspondent of the Times the Kreuz Zeitung, discussing the departure of Prince Chun and the popular interest associated with his journeyings.

Manual Labor Clause Adopted.

Melbourne, Oct. 2.—The house of deputies today adopted a clause of the immigration bill prohibiting the entry into the commonwealth of any one under contract to do manual labor.

Alton, Ill., Plant Burned.

St. Louis, Oct. 2.—Fire that broke out in the plant of the Standard Milling company, at Alton, Ill., about 10:30 a. m., destroyed that structure and 200,000 bushels of wheat, and is spreading rapidly to adjoining buildings, driven by a high wind. The St. Louis fire department has been called on for help, and has just sent up two complete fire companies on a special train.

The Standard Milling plant, which was entirely destroyed, covers an entire block with its elevators and mills. It is reported that some of the employees failed to escape, but this cannot be learned definitely now as all is confusion there.

The total loss so far is estimated at \$500,000, of which probably \$200,000 was covered by the E. O. Standard Milling company. The territory burned includes a block on the river front from Plaza to State street.

A Trifling South African Story.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's Remedy. All testify to their value in a household where a doctor's advice is almost out of question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

LIFE OF A PIONEER.

Autobiography of Capt. James A. Brown, 220 pages, bound in cloth. Price \$2.00; for sale at the Desert News. Special terms to agents.

Training

Is indispensable to athletic success. In training, much stress is laid upon diet; careful attention to the quantity and quality of the food eaten, with regularity of meals.

That is the secret of strength for every man. No man can be stronger than his stomach. The careless and irregular eating, of business men, causes disease of the stomach and its allied organs of digestion and nutrition. There can be no sound health until these diseases are cured.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and enables the body to be built up into vigorous health by the assimilation of the nutrition extracted from food.

"I was lame with the cramps, which resulted in heart and stomach trouble," writes Mr. T. R. Canfield, of Montreal, A. L. Canfield, N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his Golden Medical Discovery, which I did. Before I had finished the second bottle I began to feel better. I have nearly as well as before. I feel that I owe my life to Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."

Dr. Pierce's Pellets cure constipation.

ONE MORE GAME TO WIN

And the Championship Belongs to Salt Lake.

LOBSTERS LOST ANOTHER.

Young Newmeyer Held Ex-Champion Down to Four Hits—Borchers Did Well.

STANDING OF THE CLUBS.

P. W. L. P. C.
Salt Lake 12 4 750
Ogden 18 4 12 250

Uncle Zeke Newmeyer, assisted by his fellow White Wings, took another fall out of the haughty Lobsters at the local ball grounds yesterday afternoon by a score of 2 to 1.

It was not the kind of a game that would cause you to tear your hair out by handfuls from excitement, nor cause you to collapse from nervousness, but for all that the game was good in spots, and clearly demonstrated what a fine pitcher is "Uncle Zeke." Four hits, three singles and one double, were his share of the game. His one run came in by means of a long fly to McHale. After that he was small peace Bradley up by the young ex-Lagunita.

He made Henry, Nagle, Bluth, Hansford, Clark and the mighty Casey do contortionist acts trying to connect with his curve. His wing was in fine shape and he shot the sphere over the plate with speed that puzzled the best of them. Four hit Parent Gilnu, who was angry at any rate, rode Richards with a kick on Newmeyer's delivery. He claimed that the young pitcher stepped too lively and too far out of the box, and that he was a contemptuous chuckle and turned his broad back on the Parent.

Bowling Al Borchers tried to keep pace with his young opponent but he pitched a fairly good game and dragged his team out of several tight situations. The record shows seven hits against him, and they were good for three runs and the game. The local first tally came in the first inning when "Backy Weaver" got a compulsory to the initial sack. Bradley has his turn next and dropped a safe hit scoring the "Kid," who crossed the plate with a lively swing.

With one man out in the fifth, Newmeyer and Bobby McHale arose to the occasion with clean hits. Weaver then contributed one of those twisting pop flies that are so hard to catch. Every body goes after and nobody gets. Each basic point was then occupied and the Lobsters headed by Pat Schuler begged Bradley to let them have a few more. Weaver savagely but hit nothing but air. Billy McCausland, the pinch hitter, concluded to even things up for the Lobsters by hitting a home run. Previous inning when he made a two-bagger over Gilnu's head, but went out at third in trying to stretch the hit. But he got it. But he got it. He hit a two drop and caught it. He hit a one fair and lifted it into the right pasture, scoring two runs.

Game Called Off.

Owing to the fact that a baseball game is scheduled for Saturday at the local park, the football game between the Lobsters and the White Wings has been called off. There is no other available field and the teams will, therefore, have to meet sometime later.

MEAKIN GOES EAST.

Fred W. Meakin, the young amateur cyclist who made a brilliant record on the causer last year left the city today for Philadelphia, where he will take his second year's course in dentistry at the Philadelphia College.

RACES TOMORROW EVENING.

Professionals Will Ride in a Fifteen Mile Lap Race.

Taking advantage of the warm weather, the Salt Palace management has decided to give races tomorrow night. The program consists of a one-mile handicap amateur race and a one-mile professional handicap. The main event will be a fifteen-mile lap race for professionals and all the riders are expected to be in fine form.

ANOTHER PROPOSITION.

Shealey May Consent to Seven Game Series.

Salt Lake lacks but one game to land her in the championship class. She has already twelve to her credit. Ogden will be the scene if another game tomorrow night. But Saturday's game will be played at Salt Lake instead of Ogden. There is a rumor going around to the effect that if Salt Lake wins tomorrow's game the present schedule will be called off and a series of seven games arranged. President Borchers says that he has heard of this but President Shealey of Ogden insisted on playing the first aim to make all the money possible. There are some who believe that when Salt Lake wins the thirteen game Mr. Shealey will consent.

LESTER REIFF TALKS.

Says It's All a Maze—And a Muddle and No Explanation.

London, Oct. 2.—Lester Reiff, the American jockey, whose license was withdrawn by the Jockey Club yesterday and who was arrested by Newmarket police in an interview today on the subject, said:

"It's all a maze and a muddle. There are no explanations. The stewards decide that I pulled out, or at any rate, rode a crooked race on De Lacy, and let my brother win on Minnie Dee. I have nearly been at the top of the list this year and was the leading jockey in the country. I have won many many money. Some of the crack jockeys, yet I ride more winners. To do more than this I would have to ride the winner in every race. I have won the best of
