NATIONAL LEAGUE MAGNATES MEET

Gathering of Baseball Clans in New York Today Means War.

PULLIAM AND BLACKLIST.

Squabble Between Persident and Garry Herrmann of Cincinnati Sure to Be Brought to a Focus.

(Special to the "News.")

New York, Feb. 25.—With the gathering of the National League clans in New York today, preliminary to the annual spring meeting, the warfare between President Harry C. Pulliam and Garry Herrmann of Cincinnati over the blacklist matter will be brought to a focus. Pulliam's threatened resignation is not considered seriously at the present time, although there is an undercurrent though there is the affairs of the league feeling that the affairs of the league are reaching a critical stage and that a change in the presidency will be necessary, sooner or later, to restore a change in the processing comparison of the strength of Pulliam claim to control the striction. Herrmann will right just the same, it is said, because he believes that Pulliam has attacked him without warrant. In this contention he may stand alone, yet it will make no difference to the Cincinnati man. At the same time Herrmann is anxious to have same time herrmann is anxious developments.

there may be some interesting developments.

The blacklist matter, which caused all the trouble, has been widely discussed, but the fact has been apparently lost sight of that in demanding the wipling out of the blacklist, contract lumping will be encouraged rather than suppressed. It is inderstood that in offering the alleged blacklist resolutions J. H. O'Rouke had in mind a plan to prevent a further violation of baseball contracts and that he expected his lead would be followed by all of the other baseball organizations. Veteran baseball magnates who remember the blacklisting of several players in 15% for crooked work will insist that the contract jumpers should be similarly treated.

SURE EO HAVE FIGHT.

SURE EO HAVE FIGHT.

While Pulliam is probably safe in his berth for the present, he is sure to have a big fight on his hands when he tries for re-election next December. At the annual meeting of the National League last December Pulliam's election was not unanimous. He was opposed by the New York club, and the latter also opposed his election two years ago and will aght against him next December.

But the next time the New York club will not be alone in opposing Pulliam. Barry Herrmann is sure to work against thin next becember.

But the next time the New York club will not be alone in opposing Pulliam. Barry Herrmann is sure to work against tack some time ago. Mr. Herrmann has big following and he is sure to get suplort. St. Louis will probably stand with ferrmann if he makes the fight and Chiago, being James A. Harr's bailwick, would also be expected to stick with ferrmann. This with New York, would live Herrmann, four clubs, and the deding vote would be with Brooklyn.

Pulliam is sure of the support of Pittsurg, Boston and Philadelphia. Barney breyfus is sponsor for Pulliam, and as lorney owns stock in the Boston and halt Pulliam would get these votes. No natter how the controversy betwen Mr. Pulliam and Mr. Harrmann terminates, the present head of the National League will meet strong opposition if he tries for re-election next December.

John T. Brush and Herrmann, who have ulways been more or less opposed to vulliam, would undoubtedly turn to James SURE EO HAVE FIGHT.

John T. Brush and Herrmann, who have always been more or loss opposed to Pulliam, would undoubtedly turn to James A. Hart, for they regard him as the strongest executive that could be named. The changes are that nearly all of the older club owners in the league would have Hart for the job in case he would aver Hart for the job in case he would nonsider it. The other possibility is John Heydler, at present serving as secretary of the league.

If Not Backed Up He Says He Will Resign.

Resign.

New York, Feb, 24.—Both the National and Amedican leagues will meet in New York this week. The principal business before the leagues will be the adoption of the playing schedules for the summer. It is said that this will be practically all the business that will be transacted at the American league meeting.

At the National league meeting, it is said, President Pulliam will make a stand on the blacklist resolution adopted last fall at the meeting of the National association. It is said that he has announced that unless the other league members back up his stand he will resign his position.

GOVERNOR HASKELL TAKES UP BIG STICK.

Guthrie, Okla., Feb. 24. Governor C. N. Haskell tonight sent a communication to Attorney General West in which he ordered him to institute proceeding to dissolve an alleged merger between the Rock Island and the Frisco railroads in the new state. The letter recites that the interests of the two roads are pooled and under the same management, and that they are in every sense competitive. The governor's letter states that the people of the new state have the right of the benefit of the competitive lines.

The letter demands that the proceedings demand a complete dissolution of the alleged combination and the perpetual maintenance of the two systems as distinct and separate roads.

Attorney General West stated that he would immediately start the suit.

The Rock Island bisects the state with through lines, both east and west and north and south. The Frisco has a line from the northeast to the southwest.

AIRSHIP BUILT BY A WOMAN.

Miss E. L. Todd of New York has invented and built an aeroplane which she claims, will solve the problems of aerial navigation.

It was a crow that gave Miss Todd her inspiration. She determined, after watching one of these birds soaring around one summer day, that an airship, to be successful, must be crow-shaped; so, with canvas and bits of bamboo, Miss Todd set to work in her studio and built a crow, divided into compartments and winged with yellow oiled silk.

This was her first model and it or oved quite successful. Improving on it, however, Miss Todd evolved her present model with which she expects to soon soar at will in the air.

BURGLAR CONFESSES.

Man Arested in New York Says He Did Big Jobs.

New York, Feb. 24.— James Larkin, aged 21, was arrested today at the request of the Boston police, who said he is wanted in that city to answer a charge of burglary. The police here say he is the man for whom they have been searching for several months in connection with two sensational burglaries in this city.

nection with two sensational burglaries in this city.

Larkin is announced to have made a full confession of the New York robberies. William Schwratz, aged 22, was found with Larkin and was taken into custody.

The officers say Schwartz refused to say anything about himself. Larkin, however, told in detail of robberles in the Hotel Endicott and the Hargrave hotel in this city last November which netted the burglars \$5,000 and \$3,00 respectively.

He said, according to the police, that he had three accomplies in the robberies. The four men got to the roof of the Edincott, held up at the point of a gun a special policeman who surprised them and three of them held him prisoner while Larkin went down the fifth floor. Larkin said he kept the maid covered with a revolver while he ransacked the apartment and got away with jewels valued at \$5,000. He also, the police say, told of robbing the Hargrave hotel and said that he had been unfairly treated in the division of the booty.

ROMAN SENATORS CONVICT NASI OF EMBEZZMENT.

Rome, Feb. 24.—The senate, sitting as a high court, after ten hours' delibera-tion, today convicted Nunzio Nasi, former minister of public instruction, of embezziement from the state treasury It sentenced him to 11 months and 2 It sentenced him to 11 months and 20 days' imprisonment, and debarred him from holding public office for four years and two months.

The paulshment of Nasi is not so severe as might appear, for the court found extenuating circumstances and permitted the imprisonment the accused had already undergone to be substracted from the sentence. This leaves only a few days for him to serve in prison. Nasi's secretary, Lombardo, who was also on trial before the senate, was acquitted for lack of evidence.

The former minister was greatly distressed at the verdict, and exclaimed; "Even after condemnation, I fel like an honest man,"

which must be made.

Approximately 140 new telegraph operators will be required in the territory governed by Los Angeles general offices. The Santa Fe will need the greater portion of these. If it keeps all its offices open, it will require \$1 men on its coast line in addition to its pdesent force. There is a possibility that it will not be able to get that number at once. If so, it will be necessary to close a few offices all or a part of the time until the additional men can be found.

Southern Pacific and Salt Lake officials say they expect no trouble in securing all the additional men they will need. The Southern Pacific will require 30 or 40 men on its southern division, reaching from El Paso to Fresno and Santa Barbara, while the Salt Lake will need 18 or 20.

Topeka, Kan., Feb. 24.-Announcement was made at the general mana-ger's office of the Santa Fe today that 486 new operators will be required on the system, the gulf lines excepted, to comply with the provisions of the federal nine-hour law, to go into effect March 4.
