Last Night's Dispatches.

EASTERN.

Something for Medicine Men.—The Committee of Internal Revenue has decided that medicines and medical preparations, to be exempt from the stamp tax, must be patent or proprietary. They must not be put up in a style of packing, that of patent or proprietary medicine, that must not be advertised showing proprietary claim to merit, &c.; they must not be offered for sale or advertised under any other name than that of the manufacturer, and laid down in the authorized published medical rules or journals. Whoever departs from these plain and simple rules, will be subject to a fine according to the value of the medicine, offering or exposing his medicines for sale, has no claim under the law to exemption from the stamp tax.

Incendiary.

MOBILE.—A fire broke out this morning in the stable of Ned Payne. The flames spread to the stable, the stables, the national Grand Band and several other buildings, and were not extinguished until a loss of \$20,000 was sustained. The insurance amounts to about \$4,000. The fire was incendiary.

Meeting of Creditors—Want  
Bill S. F. Cadets.

New York, 11.—The creditors of the New York Warehouse and Security Co. met at noon to-day, for the purpose of considering the expediency of giving up their interest in the time to reduce themselves from their present embarrassment. The meeting was strictly private. There were about forty creditors present. No definite action was taken, but a committee was appointed to investigate and consider the matter and report at the next meeting.

The case of Johnson and Yates, the alleged mail forged, again came up in the court of O'Neil and Terminer to-day, on application to admit them to bail, but the full number of indictments against them had not been presented another postponement was ordered until to-morrow.

The San Francisco cadets will be reviewed by the Mayor on Tuesday afternoon, and will leave for Boston on Tuesday evening, where they will be the guests of the Montgomery Guards.

Swif Milk—Dead.

PHILADELPHIA, II.—The Evening Herald, to-day, publishes an expose of the dealers in swif milk in the upper portion of the city, charges that ten thousand quarts of the poisonous article is sold daily in Philadelphia, and that the present large mortality among the infants in the city is due to that article. The Herald also says the Board of Health with the duty of investigation and bringing the guilty parties to justice.

Edward A. Lander, the senior partner in the well-known shipping house of E. A. Lander, died this morning.

WESTERN.

China States—Mining Intelligence—Dividends—Wheat for Liverpool—Burned—Curious Smuggling—Dead Stock.

SAN FRANCISCO, II.—The steamer Monte Carlo, from Galveston, of the P. M. & S. Co., has hauled up to the wharf to-day, and landed her passengers, who numbered only 150 Chinamen. Among her cargo are 24,850 packages of tea, of which 16,200 packages go to New York, 5,000 to Chicago, and the largest cargo of silks, in transit for New York. It is the largest cargo of tea received this season, embracing a more general and varied range of articles.

The recently increased demand in mining stocks is maintained, the sales for five days ending Tuesday evening, \$1,020,000, and the same for the previous week, \$1,000,000. Opie was a prominent feature in our stock exchange, having in the range of \$45 to \$85. The average in stock market fell in other directions. Newark continues to be a favorite stock with operators, the sales being next to Opie in number, there having been 9,700 shares at \$2 to \$7.30. Within the past two weeks nineteen thousand dollars have been sent down from the Mahogany mine.

The dividend of 1 per cent for the month will be paid by the Bank of California.

A monthly dividend of 12 per cent. has been declared by the Giant Powder Company, payable on Monday.

The ship Three Brothers commenced to receive wheat in Liverpool to-day, and will carry the largest cargo ever shipped from this port.

The steamer Morris Mendelson was this afternoon interred under the auspices of the Eureka Benevolent Association.

The harbor commissioners held their regular meeting this p.m., but did not go into the matter of accounts for the ferry line.

John G. Headon arrived after a short time.

The fourteen Chinese damsels who arrived by the steamer McGregor this morning, imported silk stockings, and various articles, through the aid of a dodge they invariably practiced in order to escape the payment of duty, the difference in price between the bulk of the females and the size of their hands, a police officer applied himself to the delicate task of examining the girdles of one woman, rotundity of form, of a marked character as to attract general attention; when he discovered that she was attired in several silk gowns, and a small account developed itself that the two men were wearing eighty-four gowns and thirty-seven pairs of trousers.

John A. Bauer, candidate for treasurer, cast his vote behind Charles Hubert, the democratic candidate. To-day Bauer sent a letter to the Board of Supervisors, asking that they allow him the right to vote on the seventh precinct of the tenth ward, because the tally lists do not agree with the total vote, and he says that lists are wrong and irregular, and formed part of the returns. The board, after some debate, placed the letters on the table, and the clerk proceeded to read the returns.

John Edward, son of Alvin Hayward, died to-day at the Dental Hotel, of pneumonia.

Joe Goodman, of the Virginia City Express, was confined to his bed at the Oddsmen. He had a very painful operation performed some days ago.

Destructive Fire.

Reno, Nev.—A fire broke out this morning in the furniture warehouse of Frank Miller, totally destroying every building in the block, except the baker shop. So sudden was the alarm that women and children were compelled to leave every article of wearing apparel and flee for safety. In less than fifteen minutes after the alarm sounded the entire block was a burning mass. The following scene near the losses as can be ascertained.

AT PRESENT: C. C. Bush, \$22,000; W. Williams & Co., \$15,000; S. Croton \$5,000; L. Welester \$2,000; Rudolf Klotz \$1,000; Chey \$3,000; W. H. Miller \$2,000; with its contents, including mail and office material, were totally consumed. Had the wind not been favorable the town would have all been burned. There are no provisions in the town, the entire having been destroyed. The loss will not be less than \$75,000.

REST HILL, N.Y.—A fire broke out last night at 12 o'clock, which destroyed about one-fourth of the town, principally dwellings; it burned from the north end of Main St. from the centre down. Insured for about \$50,000.

A Tough Ride.

MARYVILLE, II.—A laboring man named Charlie, who had himself a gun, shot last night at half past 8 o'clock. While engaged loading a five-shooter it was accidentally discharged, the bullet striking Mr. Hollister, a citizen, in the side. A physician examined the wound and found that the ball had not entered the skin, but had flattened out, causing it to be a severe bruise.

FOREIGN NOTES.

The residence occupied by the King of Portugal, I, in the island of Elba, in 1814, will be offered for sale at the upset price of 400,000 francs.

Colonel Roundell, an English traveler, who undertook to explore the interior of Peru, to the dismay of a people who believed to be dead, as no tidings have reached his friends for several years.

The Pope, in a letter to the Comte de Chambois, congratulates him on the fusion of the Bourbons, and says that God has listened to the prayers of the Catholic world, and the hydro of revolution is on the eve of destruction.

An ingenious Yankee has bent the scathing power of heat to the aid of agriculture. He places a hen with chickens in a long narrow space between two rows of potatoes, while she scratches to her heart's content. The cage is moved along the space between the rows until the ground has been thoroughly scratched, the pugs entirely hoed, and all the weeds eaten.

The pilgrimage fever in France abates considerably in Italy, and the agents of the clerical reaction. France are evidently doing their best to drive matters to extremity between the two countries. This is especially evident in leavening the soldiers with their views, and the re-establishment of the amorous militia will give them abundant opportunities for their evil designs. The views of the existing situation, and particularly with reference to the August pilgrimages, the usually tempestuous Gazette d'Italia, of Turin, has done much to excite our solicitude, which are to be calculated in France in the course of this month are obviously fitted to wound the national feelings of Italy. The papal troops shrink from no means calculated to excite the two people against each other. Marshal MacMahon in his communication to the Italian ambassador complained openly and bitterly of the unpatriotic actions of the clerical party, which is to be calculated in France in the course of this month are obviously fitted to wound the national feelings of Italy.
