

PROVO.

PHOTO. UTAH. DEC. 13, 1883.

First District Court.

But was filed this morning in the First District Court of the United States by attorney John W. Just, against John W. Bassett, Alex. Heppner, Sam Newby, John Holloman, Joseph R. Marlowe, F. H. Simonds and N. W. Tillinghast, all citizens from July 1, 1882, to Dec. 1, 1883, inclusive, from the time when they accepted each of the first claims on the 20th of August, 1882, and the complaint charges that the amount of \$10,000, delivered to the United States was paid into the same name and that the first claim was filed in the proper papers to the plaintiff in the demand. The other defendants are his curvies, who are also named and referred to by over the amount after notice of suit of the defendant.

The case of Salt Lake City et al. vs. J. H. Colgate et al., the Jordan case is still before the court.

J. H. Smith, executor, vs. A. Greenough et al., judgment by default for \$100.00.

H. H. Peeler has brought suit against Henry A. Woodard, Elmer M. Woodard, Mary F. Hartman and E. F. Hartman to collect \$200, on a promissory note, and for issuance of a mortgage on Uintah County property, given to secure payment of the note.

Allied Orts, of Aurora, was arrested on an incrimination charging him with assault with a deadly weapon (a knife) with intent to do bodily harm upon his wife, Anna, on November 17th, in Salt Lake City. He pleaded not guilty and was released on \$200 bail.

Note.

The following marriage license lists have issued by County Clerk John Herbert Birney, ages 20, and Davis A. Atwood, aged 17, both of Payson; Neal L. Jensen, aged 21, and Louis Jensen, aged 21, both of Provo.

Last Wednesday afternoon, the young daughter of Margaret Mrs. A. M. Birney sat on the sidewalk in front of the house, while playing with her little sister, and discovered her left hand. The little one was attacked by D. Negro and is progressing favorably.

Water Men and Boys.

It is said that most men think it is right to deprive boys of water from 7 a.m. till noon and from 1 p.m. to 6 p.m. in the evening, or even later, no matter how hot the day may be, or how hard the labor. Then comes this year, and I come to the conclusion that this is a healthy way, but it would be better if the family would work double to make up for the loss of water, and the water men would be allowed to have their water at the regular price. The water men's expenses are about the same as those of the water companies, and the cost of water is about the same.

At the present time, we have water at a reasonable price of five cents, and this season we are doing the same as the water companies, and charge 10¢ in summertime, or, at least, 15¢ in winter, for the service of water, and the water companies charge 15¢ in summer, and 20¢ in winter.

For the water men, we have water at a reasonable price of five cents, and this season we are doing the same as the water companies, and charge 10¢ in summer, and 15¢ in winter.

The water men's expenses are about the same as those of the water companies, and the cost of water is about the same.
