FIFTY-THIRD YEAR.

SENATOR SMOOT WILL BE NOTIFIED

That Charges Have Been Filed Against Him and He is Expected To Answer in Writing.

IF CONSIDERED INSUFFICIENT.

The Senate Committee Has Reached No Decision as to its Course in Such an Event.

PUBLIC HEARINGS MAY BE HELD.

If They Are All Interested Will Have An Opportunity to Present What Evidence They Have.

(Special to the "News.")

Washington, D. C., Dec. 12.—Senator Smoot is to be formally notified that charges have been filed against him and he is expected to reply in writing to the charges by the time the senate election committee meets again next Saturday. No decision has been reached as to the course to be adopted in the event that Senator Smoot's answer is considered insufficient by the committee. As Saturday's meeting will be the last before the holiday recess, it is impossible that hearing on the charges can be given before the reassembling of Congress in January, if hearings are decided upon. As far as the members of the committee will express themselves it appears that public hearings will be held, and that all interested will have an opportunity to present any evidence which they may think they possess in substantiation of the charges which the senator denies in toto.

PENSIONS.
Pensions granted: Utah—Daniel R. Firman, \$5; Idaho—Samuel Harrison, \$8; Stephen Badger, \$10; Ismael Braas, \$10; Geo. W. Smith, \$6.

POLICY TO BE PUNISHED.

Washington, Dec. 12.—The senate committee on privileges and elections met today to outline a policy to be pursued in investigating the protests filed against Senator Reed Smoot being permitted to retain his seat and decided that before taking further steps in the matter Senator Smoot should be given opportunity to make reply to the charges.
Senator Burrows, chairman of the committee, was instructed to notify Mr. Smoot of the decision of the committee and to request that whatever reply he may desire to make shall be in writing. In addition to the innumerable petitions filed with the committee for the expulsion of Mr. Smoot, protests from citizens of Utah were presented and briefly considered by the committee. These protests charged Mr. Smoot with being a polygamist. They also charged that the "Mormon" Church, of which Smoot is an Apostle, holds its own laws to be superior to those of the state, and they charge that the church still stands for polygamy. Neither Senator Smoot nor his opponents were represented at the meeting and for that reason members of the committee avoided taking any action which would be in any manner show the sentiment of individuals.

ANTI-SMOOT PETITIONS.

How Signers Are Being Secured by Ministers in the Southern States.

Ben E. Rich, president of the Southern States mission, who arrived from Atlanta, Ga., last night, throws some light upon the manner in which signatures have been secured for the petitions presented to the senate asking for the ousting of Senator Reed Smoot. "I do not believe," he declared, "that there are ten per cent of the signers whose signatures were not secured under false pretenses. Ministers generally throughout the south, especially in some districts, have made Smoot a special subject for their Sunday sermons, when they tell their congregations that Apostle Reed Smoot is the husband of four or five wives, and other such stories. Then they have their congregations lined up and the signing of the petitions takes place."
Elder Rich reports that the work is progressing in the south and the only trouble that he has to contend with is that there are not enough Elders laboring in that field. At present, he says, there is no trouble prevalent and people generally are beginning to understand more about the "Mormons" from a reliable source. He affirms that the bureau of information in this city is doing an immense amount of good and he has personally come in contact with many of the people in the south who have written to the bureau and speak of their experiences with pleasure. With the exception of one or two cases of sickness the health of the Elders in the field he reports as being good.
President Rich proposes to return to Georgia in time to spend Christmas, he having come home at this time to attend the marriage of his son, Dr. Lott Rich, of Roxburg, which event occurs next week.

QUARANTINE NOT OBSERVED.

Several complaints have been reported at the board of health against the loose quarantine regulations observed by two families in Waterloo who are afflicted with diphtheria. It is claimed that members of the family of George H. Taylor and of the Cahoon family, are breaking quarantine regulations daily. These cases are outside the city limits and hence the board has no jurisdiction over them.

FIRST MINISTER TO PANAMA NAMED.

President Selects for This Distinction W. I. Buchanan of New York.

CALL FOR A CONVENTION.

Panama Will Hold an Election for Delegates Jan. 4 and They Will Meet Jan. 20.

Washington, Dec. 12.—The president has selected W. I. Buchanan of New York, to be the first United States minister to Panama.
The state department has been informed that final steps have been taken for the formation of a permanent republican form of government in Panama. The news came in a dispatch direct from Consul General Gudgeon, dated Panama today as follows:
"Election for constitutional convention called for Jan. 4. The convention meets the 20th of January."
This action is believed, to meet suggestions from Panamanians in consequence of the criticism of the new Republic and in the belief that the status of the new republic will be improved if the final ratifications could be exchanged by the United States with a permanent and regular form of government on the isthmus.
The territory of Panama is so small that, according to the belief here, the elections can be completed within a week. The convention named Jan. 4. The convention is expected to follow generally the outlines of the Cuban constitution, which is regarded as the most modern and complete model of such documents.

Gov. Cummins Won Race.

Des Moines, Iowa, Dec. 21.—Gov. Albert B. Cummins the victor with death half way across the continent and won. A telegram announcing the fatal illness of his mother Thursday called the governor from Boston, where he had gone to deliver an address. He immediately started for home. Disruption of the sick room were received at intervals during the trip. The fastest limited trains were chosen, and he arrived at his mother's bedside at 5 o'clock this morning and found her sinking slowly.
Patrons of the electric surface cars were worst sufferers, it being found almost impossible to make headway, owing to the slippery condition of the rails. Jumping was also greatly impeded. A severe cold, and has already overspread the city, and the temperature being as low as 29 degrees below zero in North Dakota.

De Consolidate Fruit Houses.

Des Moines, Ia., Dec. 12.—Plans to consolidate fruit jobbing houses in territory bounded by Chicago and Denver and St. Louis and Winnipeg were discussed by the Western Fruit Jobbers' association, which convened here today. It is proposed to combine houses in the smaller cities giving to one the business which at present a half dozen handle. In the larger cities more than one house may be necessary to care for the volume, though the number will be limited. Loss in transit is a serious factor in the proposed consolidation.

Russian Comment on Message.

St. Petersburg, Dec. 12.—The comment here thus far on President Roosevelt's message to Congress has been confined to the semi-daily St. Petersburg Journal. The tone is friendly. The paper notes particularly that the president's commendation of the principle of arbitration goes hand in hand with his recommendation for an increase in the strength of the navy and declares from the message that the United States hereafter will play a larger part in the world's affairs.

Russia Not Temporarily.

St. Petersburg, Dec. 12.—The Nevoye Vremya notices in the Russian press regarding the Russo-Japanese negotiations. According to the Novokral of Port Arthur, the Russian troops in the far east are suffering greatly from extreme cold. The Great Northern Hotel. The plan is to establish schools in the various division headquarters and require the trainmen to attend the lectures and demonstrations which will be given on the subject. Examinations will be held from time to time and before many months one car in each Eastern Illinois train, both freight and passenger, will have an emergency box well stocked with the necessary articles to use in accidents.

PATTI WILL SING.

So Says Her Manager, Mr. Marcus Mayer, Head of the Corporation.

Marcus Mayer, manager of the corporation which is handling the American tour of Madame Patti, passed through Salt Lake today on his way to the coast. Mr. Mayer succeeds Robert Grau at the head of the corporation. Grau having been bought out. Mr. Mayer says the stories of Patti's having refused to go on the stage of the West End theater, Harlem, owing to a disappointing advertisement, are entirely ridiculous. Her contract is with the corporation which he heads, and any loss that occurs is borne by the corporation. Neither Patti nor the local management has anything to do with it. He says that the concert in the Tabernacle Jan. 4 will positively be given.

DEATH OF MRS. PRATT.

Early Settler and Faithful Church Worker Passes Away.

Mrs. Mary Ann M. Pratt, widow of the late Apostle Orson Pratt, and a resident of this city for the past 32 years, died at her home at 6:15 this morning, at the ripe age of 84 years and six months. Two years ago Mrs. Pratt fell and broke her right arm between the elbow and the hand and a day or two ago she broke the same member between the elbow and shoulder, which injuries caused her great pain and were no doubt the means of hastening the end.
The deceased was born June 2, 1819, at Southold, Long Island, and joined the Church of Jesus Christ of Latter-day Saints in an early day, later becoming acquainted with and marrying Elder Orson Pratt, the ceremony being performed in the Nauvoo Temple. At the time of her conversion she was living in South Norwalk, Conn., but gradually moved westward and came to Utah in 1851, where she has been a resident ever since.
Mrs. Pratt was an active church worker and was a frequent contributor to the columns of the Woman's Exponent, a paper published in the interest of the Relief society. She leaves four children, they being Milando, her oldest son; Mrs. Vianna Eldredge, wife of Joseph U. Eldredge, Sr.; Mrs. Lathalia Kimball, wife of Joseph Kimball, and Prof. Valton M. Pratt; also numerous grandchildren and several great grandchildren. An only brother in the person of Capt. Henry B. Merrill, lives in Connecticut.
The funeral will take place from the residence of her son, Milando Pratt, 565 South State street, on Monday, Dec. 14, at 1 p. m. Friends are invited.

CHICAGO GETS THE CONVENTION.

Dec. 12.—Chicago has been selected as the place for holding the next national Republican convention.
The committee fixed June 21 at 12 o'clock as the time for the meeting of the convention.
The offers made by the different cities was \$40,000 by St. Louis; \$60,000 by Chicago, and \$100,000 by Pittsburgh. After some discussion the Chicago proposition was raised by Committee man Stewart to \$74,000, he guaranteeing that Chicago would contribute that amount to pay the expenses of the assembling of the convention in that city. The committee on arrangements for the convention are: Senator N. B. Scott of West Virginia, chairman; Senator Hanna, Postmaster General Payne, Harry S. New of Indianapolis, and R. B. Schneider of Nebraska.
At 1:30 p. m. the committee adjourned to meet in Chicago at the call of the chairman.

RESIGNS AS BISHOP.

Hon. Thomas R. Cutler Leaves Lehi For Business Reasons.

Hon. Thomas R. Cutler, who for many years has been Bishop of Lehi, will tomorrow tender his resignation, at which time the district will be divided into two wards. The reasons for Bishop Cutler's resignation must be apparent. As manager of the Utah and Idaho Sugar companies his time is so occupied that for some time past he has been totally unable to attend to his church duties. Then again his business interests were such that he was under obligations to move his family to Salt Lake, which he did several weeks ago, and which has drawn him further away from his home town, and while his resignation is deeply regretted by the people of Lehi, by whom the Bishop is very much beloved, they realize that for business and other reasons the step is one which had become absolutely necessary and he leaves with their best wishes for continued success in his chosen line.

BACK FROM ST. LOUIS.

Commissioner Whitaker Says Utah's Building Will Soon be Finished.

Architect S. T. Whitaker, director general of the Utah exhibits at the World's fair, returned this morning from St. Louis. He says the Utah state building will be completely finished inside of 30 days, and that as the construction of the fair buildings approach completion, there is an easing up on the freight congestion caused by the shipments of building material.

DARING ROBBERY.

Mother of Salt Lake Woman Loses Diamonds and Jewelry.

(Special to the "News.")
Kansas City, Mo., Dec. 12.—Nearly a thousand dollars' worth of jewelry and \$250 in cash were secured last evening by porch climbers from the home of H. S. Filley. The robbery occurred at about 6 o'clock in the evening during the dinner hour, and Mrs. Filley and her daughter, Mrs. Fred H. Edgeman, of Salt Lake, were on the first floor, and Mr. Perkins was on the third floor. The thieves were discriminating and took only what was best. All the jewelry they could find they threw upon a bed, picked out the diamond, and other more valuable articles and left the remainder. Several fine diamond rings and pins were taken. The thieves were apparently superstitious, they left some fine opals behind. Part of the stolen jewelry was the property of Mrs. Perkins and part belonged to Mrs. Filley.

CITY CANAL CAVES IN.

Land and Water Commissioner MacKnight this morning received word that a serious cave-in occurred last night in the city canal at North's store at Mill Creek. A force of men will be put at work at once repairing the canal.

THREE TYPHOID CASES.

Three cases of typhoid fever and one of chickenpox were reported to the board of health today. The typhoid patients are: Antley and Hilmer Carlson, age 9 and 15 years, 312 Austin Ave.; Edith Barrett, aged 9, 29 Fulmer Ave. The case of chickenpox is that of Elizabeth Parry, aged 12 years, 14 North Fifth West.

TWO SMALL FIRES.

Barn Destroyed and Saloon Threatened in Ogden Last Night.

(Special to the "News.")
Ogden, Dec. 12.—This morning at 2 o'clock fire broke out in the Green Light saloon on Grant avenue, burning a large hole in the floor and doing damage in the sum of \$150. The barn of Thomas Leaver on west Twenty-second street was also destroyed by fire last night.
Joseph Harkness was this morning examined by Drs. Joyce and Skeen as to his sanity and was ordered committed to the state mental hospital at Provo. He was taken there this afternoon by Sheriff Bailey.
County Superintendent of Schools Wilson has received the appointment of the state school fund for this county, amounting to \$18,850. This is made on a basis of 9,325 pupils at \$2 each, Ogden city being included in the apportionment.

HAWAII WILL HAVE A DEFICIT.

Monthly Income Only About Half The Amount Appropriated For Salaries.

GOVERNOR ASKS RETRENCHMENT

Counties Will Take Nearly All the Revenue After Their Organization on Jan. 4

Honolulu, Dec. 5.—(Via San Francisco Correspondence of the Associated Press).—Dec. 12.—It is estimated that the monthly income of the territory after Dec. 1 will be only about half of the amount appropriated by the legislature for salaries and other expenses. Gov. Carter and the heads of departments have had numerous conferences on the subject of retrenchment of expenditures and there will be a general effort to reduce expenses. The counties take nearly all the revenue after their organization on Jan. 4.
Gov. Carter has withdrawn the advertisement of sale of the Kohala water ditch franchise which has been before the territorial government for three years. It involves the expenditure of several millions to conserve mountain water in Kohala. The governor will again offer the privilege for sale after deciding upon terms.
Prof. W. D. Alexander of the United States coast and geodetic survey, has gone to the island of Kauai, to make observations for the federal government to fix the correct location of Nihaun, an island near Kauai. Nihaun is understood to be several miles out of the position in which it appears on namer's charts.
A shipment of 500 cuttings of Bluefields bananas is on the way here from Costa Rica to the local United States agricultural experiment station. The Bluefields bananas are believed to be superior to those grown here and the cuttings will be generally distributed among growers.
J. W. Pratt, former tax assessor, has taken charge of the territorial land office succeeding E. S. Boyd.

FOR NON-UNION MEN.

U. S. Printing Company Restrained from Discharging Them.

New York, Dec. 12.—Following an agreement made with the local electors and stereotypers' unions by the United States Printing company, an association, is laughed at as nothing but a transparent ruse to get a foothold among the miners on which to base efforts for a final and complete unionizing of the camps. The management simply smiles, and says, "Well, not today, thank you."
Vice President Kramer and Manager Williams will be in town next week.

MARTIAL LAW IMPROBABLE.

Gov. Wells has not yet received a report from Gen. Cannon as to the advisability of declaring martial law in the strike district. He stated this morning that he expected a report this afternoon. As to the probable contents he said that, judging from Gen. Cannon's telegram to Gen. Burton, published today, there would be no recommendation in regard to martial law in the report.
That being the case it is highly improbable that martial law will be declared, because the governor's action in that respect will certainly be guided by the recommendations and information contained in Gen. Cannon's report.

Senator Clark Very Ill.

New York, Dec. 11.—United States Senator William A. Clark of Montana, who was operated on yesterday for abscess on the mastoid bone, is reported much worse today. After the operation the senator rallied but during the night he was restless and his temperature went up.
Dr. H. Holbrook Curtis, who performed the operation, was summoned to the Hotel Lisbon today by Senator Clark's son-in-law, Dr. Lewis Rutherford Morris. Dr. Curtis went at once to the apartment of his patient and after an examination of the wound decided it must be reopened at once. Dr. Curtis was in Senator Clark's apartments for several hours and no definite statement of the patient's condition could be obtained.
That there is cause for anxiety is evidenced by the busy call for Dr. Curtis and worried expressions on the faces of Dr. Morris and the servants.
The operation on Senator Clark is not a rare one, but it is a dangerous and exceedingly delicate bit of surgery. Abscess on the mastoid bone usually follows an epidemic of grip, and the operation has been performed several hundred times in this city.

LOIGNY'S LAST BOOK.

To Be Put in Index Expurgatorius And Condemned by Holy Office.

Rome, Dec. 12.—It has been proposed not only to put the last book of the Abbe Loigny in the Index expurgatorius but to have it condemned by the Holy Office. Archbishop Migrot, of Albi, France, who is now in Rome, is favorable to the Abbe Loigny. He considers him the greatest Catholic thinker of France. He believes the abbe writes in good faith and says he should be heard before he is condemned.
The pope today, in receiving Mgr. Lecamus, bishop of Larchelle, said: "I appreciate very much your book, 'The Life of Christ.'"
The bishop was surprised at his work being known to the pope and the latter added: "I keep it constantly next to my bed and I read some of it every night. It helps me," the pontiff, concluded smilingly, "with my French."

Restoration of St. John Lateran.

Rome, Dec. 12.—The pope has expressed his satisfaction with the progress of the restoration of St. John Lateran, especially the roof, which threatened to fall in. The late Pope Leo XIII had already given a sum of money for the church's restoration but it being insufficient he interested the Franciscans in the matter, and they made a quest throughout the world. Pope Leo requested the appointment of managers in this work because of the legend, painted by Giotto, according to which St. Francis of Assisi, in one of his visions, saw the Lateran church falling and the saint, by order of Christ, hastening to uphold its walls.

"STRIKE IS NOW ANCIENT HISTORY."

Such is the Statement Given Out At Utah Fuel Headquarters This Morning.

ALL OVER BY END OF WEEK.

Officials Say at the Present Rate There Will Be Enough Men Secured By That Time.

FORTY NEW MINERS WORKING.

Increase Also of Nearly One Hundred Tons Noted—Situation Clearing Up in Carbon County.

According to statements made at the headquarters of the Utah Fuel company in the Dooly block this morning, the coal situation continues to clear up as far as the number of miners working, and the output are concerned. At Clear Creek the increase in the number of miners going to work today, over yesterday, was 19; at Winter Quarters the number was 10; and at Sunnyside the number was 22, making a total of 40 new miners at the previous day. The increase in tonnage for yesterday at Clear Creek over that of the previous day, was 40 tons; at Winter Quarters it was 34 tons, and at Sunnyside 21 tons, a total increase for the day of 95 tons. The total output for yesterday was 5,137 tons. Moreover, the company has 5,000 tons of slack ahead at Sunnyside, in excess of what is being daily used there, and the management states that in one week, at the rate now men are going to work, there will be enough men working to mine the usual output.
Twenty-two men went down last night, on Nov. 4, and at Clear Creek the complement of men is almost full, as it is. The management of the fuel company regards the prospects as clearing, and consider the strike practically as a matter of ancient history. The plea of the agitators to allow of the organization of a union merely as a disconnected, fraternal affair to deal with life and accident insurance matters, sick benefits, and such things, entirely apart from the Mine Workers' association, is laughed at as nothing but a transparent ruse to get a foothold among the miners on which to base efforts for a final and complete unionizing of the camps. The management simply smiles, and says, "Well, not today, thank you."
Vice President Kramer and Manager Williams will be in town next week.

LOWA CENTRAL REPORT.

Chicago, Dec. 12.—The annual report of the Iowa Central railroad has just been issued. While the transportation receipts show a decrease, the result is considered satisfactory by President Hawley, in view of adverse conditions, including the damage to crops, smaller shipments of live stock and the miners' strike.
The expenditures for improving the physical condition of the road and buying new equipment required an increase in the operating expenses. Net earnings were sufficient to meet interest requirements and other fixed charges.
The gross earnings for the year ended June 30, 1903, were \$2,105,432, a decrease of \$137,898. Expenses and taxes were \$1,566,990, decrease \$138,810.

Frisco-Rock Island Combine.

San Francisco, Dec. 11.—The local office of the Rock Island system has been advised from the east that on the first of the year the offices of the Frisco line in this city and Los Angeles will be merged in the agencies of the Rock Island company. In accordance with this order the affairs of the local office of the Frisco line will in due course be turned over to the Pacific coast agents of the Rock Island in this city.

China Com'l Steamship Co.

San Francisco, Dec. 12.—Eng Hok Fong, president and general manager of the China Commercial Steamship company, which is operating a line of steamers between Hongkong, Manila and other ports, has arrived here from Mexico. He says that his company has found its Pacific ocean enterprise a paying one and is now figuring on increasing its steamer service between the oriental and the Pacific coast ports. As regards the proposition to establish a regular service to Portland, Eng Hok Fong confirms the report to the effect that experimental visits of the company's vessels to the northern port had proved successful, and that it is the intention to include this port hereafter in the traffic territory of the company.

Heiress Captures a Count.

New York, Dec. 12.—Announcement has been made by Mrs. Joseph F. Stone of the engagement of her daughter, Margot, to Count Alexander Heroldingen, of Austria. Mrs. Stone was formerly Miss Mary Burnett of Cincinnati.
The pope today, in receiving Mgr. Lecamus, bishop of Larchelle, said: "I appreciate very much your book, 'The Life of Christ.'"
The bishop was surprised at his work being known to the pope and the latter added: "I keep it constantly next to my bed and I read some of it every night. It helps me," the pontiff, concluded smilingly, "with my French."

Lord Abinger Died.

Paris, Dec. 12.—Lord Abinger died in a hospital here today as the result of injuries sustained in falling down the stairs of a restaurant. He was born in 1811. His mother is a daughter of the late Commodore Magruder, U. S. N.

Prize Christmas Story.

The staff of the Deseret News have passed on all the stories submitted in competition for the prize of \$50 for the Christmas News, and have awarded same to "Henrietta James," for her story entitled "A Canary of the Rockies." The real name of the author is Miss Edythe Ellerbeck of this city, who also won in last year's story contest.
The staff desires specially to make favorable mention of the following contributions: "The message of the Holly," by P. R. Porter; "The Pioneer Christmas," by Camelia; and "The Chaplain's Protege," by W. G. L.

GRANITE STAKE FAIR.

Grand Carnival in Stake Tabernacle All Next Week.

On Monday night next the Granite stake will give a grand fair and carnival in the new stake tabernacle, the opening night of the popular operetta, "Snow White and the Dwarfs," will be presented; on Tuesday night the Salt Lake Tabernacle choir, under the direction of Professor Evan Stephens, with Professor J. J. McCallan as accompanist, will render a choice program, including solos, duets and quartets by well known local artists. Wednesday will be free to the children and aged folks, who will witness a matinee from 2 to 5 p. m., while at night the two entertainments will be given. On Thursday night "Snow White" will be repeated. Friday night there will be a grand ball, Saturday afternoon a children's dancing party, and Saturday night will witness the closing of the queen of the carnival. The doors open at 6 o'clock each night and the proceeds are for the benefit of the building fund.

INDIANS ARE COMING.

Carlisle Football Team is to Arrive Here on Friday Morning.

Coach Holmes of the University of Utah football eleven this morning received a dispatch from G. S. Warner, the coach of the Carlisle Indian team, stating that they would arrive in this city on Friday morning in fine fettle for the game on Saturday afternoon next. The game will be called at 3 p. m.

HEALTH OF CITY.

Statistics Show that There is No Increase in Contagious Diseases.

The report of births to the board of health for the week ending Dec. 12 shows a decrease of 2 as compared with the week before, there being 27 reported, 13 males and 14 females. The deaths reported for the same period, 10 of the number for the week previous, 10 of the number being males and 6 females. Seven deaths were brought here for burial and 3 were shipped to other parts for interment.
Two cases of scarlet fever were reported during the week and none having been discharged, left 4 cases in quarantine. Four cases of diphtheria developed during the week, and 3 were discharged, leaving 10 cases in detention, as against 9 for the preceding week. No new cases of smallpox were reported during the week and one having recovered, left one case under quarantine restrictions. Five cases of typhoid fever were reported during the week, as compared with the same number for the week before. One case of measles and two of chickenpox were also reported.
