## ST. JOHNS STAKE.

The conference of the St. Johns stake was held in the conference hall at St. Johns, Saturday and Sunday, and 19. It was the most important conference ever held in the stake, with the exception of the one when the stake was erganized over is years ago. Fresi-dent Francis M. Lyman and Elder Rudger Clawson of the Apostles' quorum were present, and spent one day before it convened considering the work to be done. Both counselors to Stake President David K. Udall had resigned because they were going away from the stake. His first coun-selor, Elljah N. Freeman, is as yet un-decided as to his location, while the second counselor, John T. Lesueur, was moving to Mesa City, Ariz. Charles ? Anderson, Bishop of the St. Johns ward and W. D. Rencher were chosen to fill the vacancies.

M. H. Peterson had resigned as a High Councilor, and J. W. Brown was aelected in his place. J. T. Berry, A. A. De Witt, Jr., D. P. Overson, and E. W. Witter was selected as alternate M. Whiting were selected as alternate High Councilors. The stake Sunday schools required re

### A Case of Healing.

President Urvin Gee, writing from Huli under date of Nov. 25, 1905, says: "I take pleasure in reporting another case of healing to add to the tesitmony of many that the same signs which fol-lowed believers in olden times are found in the Church today.

"One of the little daughters of a fam-fly of Latter-day Saints living at Cleethorpes was afflicted with a strange and practically unknown disease, which the doctor called 'fish-skin hands and feet.' She was also suffering from some complaint which affected her hearing, for which the doctor said it would be necessary to perform an operation. The parents of the child had faith that she could be healed by the power of God, so they requested the Elders to administer to her and to anoint the afflicted parts. The ordinance of administering was performed in fast meeting where many of the Saints Joined in prayer with the Elders. A number of the El-ders and some of the Saints kept a

period of fasting and prayer for two days in behalf of the little girl. "When the doctor next saw her, he said she was wonderfully improved, and that she had evidently been given her medicine as regularly as her dinner. (The medicine had all been poured down the sink.) The doctor now says she is very much better, and will soon be all right. No operation has been performed."

## THE LIVERPOOL CONFERENCE.

The semi-annual Liverpool conference was held on Sunday, Dec. 3, 1905, in the Exchange Hall, Blackburn. Three meetings were held during the day, each having a large attendance. After the usual openeing exercises President Midgley addressed the meet-those who had aggembled. President Grant was unable to be

present at the morning session, but the time was well occupied by Elders Walter E. Grant, Alonzo Read, and William S. Willes. Each spoke inter-

sity of works with faith. President Grant spoke on the charac-ter and industry of the Latter-day the Latter-day Saints. In an interesting manner he showed the ridiculousness of the stories that were sometimes told about the Saints. He mentioned the fact that certain well known English writers who had been to Utah had remarked upon Saints' abstinence from tobacco and spirituous drinks. At the evening meeting Elder Nephi Anderson and former President R. Eugene Allen from the Liverpool office, spoke briefly, each bearing a strong lestimony. President Grant occupied the re-maining time, speaking of the wrong

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease-pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.
