## CITY SOLONS IN SESSION.

Fast Driving by Autos, and Ogden River Bathing Discussed.

AFFAIRS OF WEBER COUNTY.

Improvement of State Road to Rich County—Suit for Divorce—Wedding.

The members of the city council last night engaged in some talk about enforcing an ordinance which prohibits automobiles from traveling faster than eight miles an hour. Some of the members, particularly Nye, were quite outspoken in criticism. He said he did not believe there was an officer on the police force who did not witness a violation of this ordinance every day. Mr. Paine was of the opinion that if horses were driven as fast as the autos, the drivers would be in custody within five minutes. No definite action was taken in the matter.

Councilman Chambers spoke, calling attention to the continued violation of the city ordinance by boys who go bathing in Ogden river. Councilman Craig said that he lived right near the swimming hole, but that it was in a secluded part of the city, and he could not understand why there would be any objection to it. Other councilmen took the side of the boys and this matter was also dropped.

The council received a bid from J. H. Young, following up his proposition to build a hall corner at the intersection of Grant and Twenty-fifth. Mr. Young offered \$100 a month for 10 years for a piece of land with 100 feet frontage on Twenty-fifth street and 100 feet frontage on Grant avenue. This was referred to the buildings and grounds committee.

The appointment of T. M. Morriac as policeman was confirmed. Pay rolls were passed amounting to \$3,519.14. G. M. Mitchell and C. B. Brown made application for position or plumbing inspector. These were referred.

**WEBER COUNTY AFFAIRS.**  
The county commissioners met in regular session yesterday. Only routine business was attended to. Commissioner Powers reported having received a communication from Mr. Scott of the S. P. company, advising the county board to communicate with Mr. Scott for information relative to the leasing of the new road to Rich and Cache counties. The clerk was instructed to correspond with Mr. Marshall.

Joseph Eife, on behalf of the residents of Riverside, asked permission to erect a set of scales near the railroad track for the purpose of weighing beefs. Referred to Chairman Stanford with power to act.

Mr. Eife asked permission to place a set of scales near the Ogden river for the same purpose. Referred to Chairman Stanford.

Mr. Stanford was appointed a committee to confer with the state and county boards of horticulture with reference to framing bills to present to the next Legislature in the interest of the fruit and farming industries.

The petition of the West Weber school district for segregation from the consolidated school district was held for further consideration. The county attorney rendered a written report, saying that West Weber could be cut off from the consolidated district and re-created as a separate one. It would also be legal for the taxpayers then to vote to redivide the taxpayers of the consolidated district.

**STATE ROAD IMPROVEMENT.**  
Senator F. J. Kiesel, Hon. A. T. Wright, Hon. L. L. Clark, and the mayor returned from a trip of inspection over the county road to Rich and Cache counties. They reported having a most enjoyable time. The appropriation for the improvement of the state road between Ogden and Bear Lake, but considerable more will be needed to make the road what it should be. Ogden, and in fact, all the country, will derive a great deal of benefit from the road between Ogden and Bear Lake, when this road is in proper condition.

A powerful electric motor brought here from Bingham Junctions is installing in the S. P. shops at Ogden. The motor, which was disabled last Thursday, is now running smoothly and furnishes ample power to run the machinery. The men who were laid off on account of the breakdown have gone back to work.

N. E. Moore from Los Angeles was relieved of his grip at the Union depot last night. The police were notified but no trace of it has yet been found. A heavy electrical storm occurred here Sunday evening, doing considerable damage to electric wires. A pleasant shower followed, doing considerable good.

#### WILLIAM B. LATIMER DEAD.

Promising Young Man of 23 Succumbs To Bright's Disease.

Special Correspondence.  
Nephi, Utah, Aug. 15.—William Bond Latimer, aged 23, the son of James and Carrie Latimer of Nephi, died here on Sunday afternoon at 4:30, after an illness lasting for over a year. He was taken with Bright's disease more than a year ago, and when his disease was finally diagnosed it was believed to be incurable. Nevertheless, on account of the extraordinary vitality and strength of the young man, recovery was entertained for his recovery, and he fought the battle for life with great cheerfulness and tenacity. In the course of his illness, at times his eyesight would waver, otherwise the only alarming symptom apparent was the increasing weakness which finally resulted in a pronounced general debility that confined him to his home, and that finally terminated in convulsions and death. The young man was six feet and four inches in height, broad shouldered, deep-chested, and until this illness developed, was a rare type of physical and mental strength. He was fine looking, affable, and kind in disposition, and was a general favorite among his friends and acquaintances. He had many friends in Salt Lake City and elsewhere, and his death was a great loss to the family home in Nephi.

Provo, Utah, Aug. 14.—Captain J. M. Westwood and Adj. M. L. Pratt of the Black Hawk Indian war veterans went to Salt Lake yesterday to confer with Gov. Wells and Gen. The Black Hawk veterans had engaged the grounds for their annual encampment, to be held on the 23rd, 24th, 25th and 26th, previous to the ground being secured for the National Guard. Through some misunderstanding, the N. G. U. was invited to come here; but the Indian veterans did not consider that Salt Lake was room for both, and so went to Salt Lake for the purpose of placing their view of the situation before the proper authorities. Messrs. Westwood and Pratt report that they were most courteously received, and Gov. Wells and Gen. Cannon promised them they would either change the date or the place of holding the N. G.
