

## PROVO.

PROVO, UTAH.—Feb. 6, 1894.

## Death of Oscar Cliff.

Oscar Lovens Cliff, mounted his last at 10:30 on Monday evening at the home of his widow, Mrs. Mary A. Howard, where he has been since October last. He was born in Provo City, U. T., July 8th, 1862, being 31 years old. He was the son of David and Anna A. Flemings Cliff. In those days he was too poor to buy his own clothes, but he never had less than \$100 in his pocket. His mother died in December, 1884, and Cliff was soon after disabled by an attack of rheumatism of the spine. A two year's trip to Arizona completely restored him, however, and he became one of the chief officers of the organization, which brought on dryups and at last caused his death. He was married to Miss Nellie Linda Lee Christiansen right in 1888. A wife and children are the only survivors of the family. He was a member of the Church of Jesus Christ of Latter-day Saints, and the several services were held this afternoon in the Fourth Ward meeting house.

## Notes.

The W. H. Blawie examination continues until the early day, probably in Commissioner Dickey's office. His hearing did not commence his decision.

The suit of L. C. Allegro vs. W. A. Miles, brought to recover payment for the drying of an antelope, will be in the First District court.

The home of James Finney, which was purchased by him in 1884 for \$1,000, is to be sold at forced sale for \$500. Thomas W. Jennings bought it in 1886 from Western Loan & Savings Co., who held his mortgage.

Marriage licenses have been issued to John Conner of Lehi and Mary Louise of American Fork, and Peter M. Clark and Valarie Green, both of American Fork.

## Flemont Grove Items.

PEACEABLE GROVE, Feb. 5th, 1894.—Some fifteen persons from American Fork and a like number from Lehi will start for the Midwinter Fair at an early date.

Twelve young men of American Fork were selected yesterday to perform missions, ten set out the day before, and two more will start on Friday.

The young people of Lehi, Pleasant View, Pleasant Valley and Pleasant Hill, Sister David McKeown of Salt Lake City will deliver a lecture at the Sunday evening session.

Marshal Ernest Halliday had one side of his face cut off while riding his horse over in Alpine.

Mrs. Mary Ann Winter has volunteered to teach her neighbor's children the art of spelling at her new house on the old spelling teacher's way. The master and I look forward to the near future, having a big "spelling match."

The young people of this ward are doing excellent work in their preparations this winter.

The health of the people was never better than at present.

A "pot-ton" party will be given this evening, the proceeds to go to the building of a new schoolhouse for the ward, which has been excellent and unremitted with time.

W.

## Northern Notes.

PARKINGTON, Davis Co., Utah, February 5, 1894.

Saturday evening at 7:30 o'clock, six European individuals left the Parkington station, two of whom were from this country, John Ford Jr., of Centerville, and John Clark, of this place. John is the third missionary that Clark has paired with from his country.

Out a few evenings later taking leave of his numerous friends, Elder John Clark met with his wife and family in the station hotel. The former took his departure, with brother, married down to the second, dissolving many bonds. Many greetings and blessings make the heartland to know his long journey to Turkey, Europe. The rest of the others, however, remained at the station, awaiting the arrival of the six who were sent apart for Europe, some of whom were to the U. S. A. Most of them were expected to be in this same station. Many kind friends saw the horses of their mission.

There are many fine modern residences recently built in Davis county, and other marks of taste characterize this section of the country.

Clark of Montpelier, Idaho, recent date, his cold shooting was good and during the winter time they were enjoying excellent meetings, which resulted in many applications for baptism. Many of them are expected to return to this country. Winter sprague was designated as a very suitable place for this purpose, a building encloses the springs. At the time reported a slating party was given to the young people of the place, and a dinner was given to the visitors. It was surprising to learn that thirty-two candidates were baptized. A very general enumeration is in progress in this town.

Wednesday was spent writing the history of the church. After the question came up, on the theologian class, which was a very large one and admirably conducted. About thirty minutes were devoted before the close of the session, when it was voted that the course be suspended. The next day, Feb. 4, 1894, a review was also addressed by the same Elder, which lecture was well illustrated with paintings, but in number. The day was spent in reading and writing.

On Saturday the 6th, the class met again, and the discussion was on the question of the resurrection of the dead. The discussion was very interesting, and the questions were well directed.

Edward Stevenson.

THE DELIVERANCE HOUSE.

Built in New York, Home to Bequeathed to the State.

This is a notice that the members of the congregation from the Deliverance House, will be especially true to the memory of Mr. Edward Stevenson.

possibly to the store. You can get along without it, we have now got a collection of used suits, but it is hard to find anything else, and even the used ones are hard to find.

In my own experience I found a certain element needed without it. We have to work during the winter, some years when we have none. And to the winter comes and takes away my insulation.

An old woman I know was told a small article would be best, so she got a pair of mittens which cost 25 cents each. The mittens were not warm enough, so she got a pair of mittens which cost 25 cents each. The mittens were not warm enough, so she got a pair of mittens which cost 25 cents each.
