## COMPLETION OF INTERURBAN ROAD

Ogden Press Club Will Run First Excursion to Lagoon on Opening Day.

## SHOCKING RAIL ACCIDENT

Overland Limited Hits Unknown Man At Rye Patch, Nev.—Robbed in Railroad Yards.

Ogden, July 30.—It has now been settled that the Ogden Press club will have the honor of conducting the first excursion over the Bamberger road on Aug. 4. This is the announcement that was given out at the local offices of the company yesterday afternoon.

The interurban road will have its line completed to Washington avenue on the night of Aug. 3. The spur from the Ogden Rapid Transit tracks into the depot yard of the line on Washington avenue between Thirty-first and Thirty-second streets will be completed as well as the depot.

For the past week track crews have been working night and day getting the line completed. President Simon Bamberger has been on the ground daily watching the operations and it was with a great deal of satisfaction and a contented smile that he announced that the line would open on Aug. 4.

It is very probable that a number of the merchants of the city will give their employees a half holiday to enable them to go on the first excursion over the interurban road. The Press club is arranging an elaborate entertainment for their guests on that day. A baseball game between teams from the Salt Lake and Ogden newspapers clubs will probably be arranged. In the evening a bowling tournament will be held between the newspaper men of the two cities.

The mayor and city council of Ogden and the county officers of Weber county will be invited, as well as those from Salt Lake City, and it is very probable that a short inning baseball game will be arranged between the officials of the two cities. A feature of the day will be the driving of the last spike in this city and the meeting of two locomotives at the Lagoon and the breaking of a bottle of spring water over their pilots which will be brought together.

## SHOCKING DEATH.

The details of the killing of a man at Rye Patch, Nev., by the Overland Limited at an early hour yesterday morning were received at the office of Supt. Manson in this city. There was nothing whatever found upon the body of the man that would lead to his identification. The man was supposed to have been walking along the railroad track when struck by the fast train. The body was taken to Lovelock and

## SOLICITOR ROBBED.

W. J. Bruce, a solicitor for Collier's Weekly, reported to the police at about 11:30 o'clock that he had been held up in the northwestern part of town along the railroad tracks, by three masked men and relieved of \$35. According to Bruce, he was returning from a visit to a number of the paper's customers employed by the railroad companies, and who were only home in the evening. He was walking along the railroad tracks leading to the Union depot between Twenty-third and Twenty-fourth streets when the men jumped from between two box cars and, shoving guns in his face, demanded that he throw up his hands. The request was quickly complied with by the victim and the money was taken from him and he was commanded to move on and not look back.

Bruce was about to give the police a fair description of the robbers and men were dispatched to the scene, but no trace of the "stick-up" men were to be found.

## ARRESTED FOR BRUTAL ASSAULT

The Ogden police have effected the capture of Aaron Ross, a switchman, wanted at Bingham for the alleged assault upon William Heron, a Rio Grande airbrake inspector. Ross was taken to Bingham to stand trial. A fight is supposed to have occurred in Bingham Thursday night and Heron received a broken jaw and a badly beaten up face. He was found lying near the railroad tracks early Friday morning and removed to a hospital in Salt Lake. Near Heron was found a piece of gas pipe. Ross, who has been identified as the assailant, came to Ogden on a freight train.

## GOY MAN AND DOG TOO.

While placing under arrest Jacob Boukweg, charged with assault with a deadly weapon, Deputy Sheriff P. J. Naylin was severely bitten on the left leg by a bull dog owned by the prisoner, and which was turned on the officer by the prisoner's son. In receiving the bite, Naylin saved a boy from receiving the injury, as the dog was charging toward the boy when he lifted him from the reach of the cur.

For several days Boukweg, who is charged with making an assault upon and stabbing his nephew in the wrist, with a knife, has succeeded in evading the officers. Yesterday afternoon Deputy Sheriff Naylin was sent after the man. Naylin returned to the city with his prisoner and had the wound dressed by Dr. Gordon. He then returned to the house and amid a storm of protests and epithets from the family, the victim's dog was put to death.

## CARS DERAILLED.

Eight cars were in grading upon the overland crossing which is being installed by the Bamberger road at the Union Pacific crossing, were derailed yesterday afternoon. Other than

## PARIS, IDAHO.

SCANDINAVIAN REUNION.

Ovid, St. Charles and Fish Haven Scenes of Festivity.

Paris, Idaho, July 21, 1908.—Among the first settlers of Bear Lake Valley was founded Paris, in the fall of 1863, and a number of other settlements in the spring of 1864, were a number of Scandinavians, mainly Danes and Swedes. The former settled principally at Ovid and the latter at St. Charles. A few families also located at Bloomington, Paris, Montpelier and other places. During the past 20 years, however, only a very few emigrants from the northern countries of Europe have chosen to make homes in Bear Lake valley, and the early settlers with their children have long ago become so Americanized that there is scarcely half a dozen Scandinavians in the whole valley who do not understand or speak English.

Consequently, there is not in Bear Lake, as the case is in some other states of Zion, any special necessity for holding Scandinavian meetings, but in order to refresh the memories of the past and to create a feeling of unity, a Scandinavian conference, or a sort of reunion once a year in the Bear Lake state of Zion, and such a gathering took place last Sunday in Ovid, in which occasion the Scandinavians from all parts of the valley were present in large numbers. Of special interest to the country there were Elder Andrew Jensen, assistant Church historian, from Salt Lake City, and 19 visitors from Preston and Mink Creek, in the Ovida state, among them Hans Christian Hansen, who presides over the Scandinavian meetings in the Ovida state, together with his counselors, Anthony C. Jensen and Amos B. C. Jensen, with their wives and some children. Prof. Henry Otte, from Logan, Utah, a lady soloist and a pianist, were also in the company; these four did their utmost to make the meeting interesting by interspersing the same with musical numbers. Two interesting meetings were held at Ovid in which both English and Scandinavian languages were used, and the presidency of Bear Lake state took an active part. On Sunday night another interesting and well attended meeting was held at St. Charles.

On Monday the visitors proceeded to Fish Haven where they were made the special guests of the Eleventh quorum of Seventy, which that day had arranged a feast or reunion on the shores of Bear Lake, to which they had also invited the state presidency and the bishops of the valley. A delightful program was carried out in the afternoon and the excellent boating on the blue waters of the lake was thoroughly enjoyed by all. In the evening the visitors from the other valleys of the state and from Bloomington where they held another interesting

meeting, in which short speeches were interchanged with musical numbers. This morning the visitors returned over the mountains to Cache valley. Elder Andrew Jensen and a number of others taking the new road that had recently been built over the mountains from Paris to Franklin.

The rope around his neck was cut by the fusillade of shots and the body dropped to the ground.

## PIONEER DAY IN WYOMING.

Cowley, Big Horn Co., Wyo., July 27.—Pioneer day was observed by the citizens of Cowley in a most creditable manner. Atty. H. S. Ridgley of Basin and State Senator Schwab of Cody made addresses in eulogy of the Mormon pioneers of Utah, also of Wyoming. Atty. Ridgley placed the Mormon pioneers of '47 on a parallel with the pilgrim fathers, and the founders of Jamestown in their achievements. Prof. Ernest Partridge of Provo, Utah, also made a very interesting address. Prof. Partridge is visiting the Big Horn state in the interests of education.

By way of amusements the ball game was foremost. The Cody and local teams had a very lively contest, the tally being 6 to 2 in favor of Cody. And yesterday forenoon another game was played, the tallies were 13 to 4 in favor of Cowley.

Reports have been received by the "News" from many other towns of the day and adjacent state where the day was honored in the usual happy manner. Among them are reports from Monroe, Utah; Nephel, Utah; Union, Oregon; Richmond, Utah; Cowley, Wyo.; Iona, Idaho; Sugar City, Idaho; Los Angeles, California; and others.

where the pioneers and their work were fittingly commemorated.

## VAUDEVILLE WAR OVER.

Klaw & Erlanger Form a Partnership With Kohl & Castle.

Chicago, July 30.—The announcement in New York last night that Klaw & Erlanger had formed a partnership arrangement with Kohl & Castle, the Chicago vaudeville manager, for the management of the Chicago Opera House, quieted the last echo of the "vaudeville war" that made things interesting for Chicago theater-goers last winter.

Special significance is attached to the move, aside from its indication of a complete cessation of hostilities, from the fact that the change will mark the entrance of Klaw & Erlanger into Chicago theatrical affairs as actual partners in the lease or ownership of a theater.

They have what is known as a "stock interest" in the Colonial and Illinois theaters, but their participation in the management of these houses has been confined to this and has been only nominal.

With the new arrangement as an op-

ening wedge, it is rumored that the activities of the New York firm may extend to other Chicago theaters.

## BIG DEAL IN LUMBER.

ancouver, B. C., July 30.—One of the largest deals in coast timber limits of recent months is reported today to have been completed with the transfer of 50,000 acres of well forested land on Drury Inlet to American capitalists. The purchase price was \$175,000. The buyers are New Jersey men who are now incorporating a company in the state to control the property.

The Misses Caesar, Violin and Piano, Saltair today. Concert 7 to 8.

## FUSION ISSUE BECOMES ACUTE IN NEBRASKA

Omaha, Neb., July 29.—Victor Rosewater, Republican national committee-man for Nebraska, today published an open letter to William J. Bryan, asking him to disavow the attempt that was recently made to file the names of the Democratic presidential electors for this state under the head of "People's Independents."

Mr. Rosewater recently filed a protest in the case with the secretary of state.

This matter is an outcome of the bolt of the Nebraska delegation, headed by Thomas H. Tibbles, from the St. Louis convention of the People's party, which nominated Thomas E. Watson for president.

Fairview, Lincoln, Neb., July 29.—When informed of the open letter of Victor Rosewater, proprietor of the Omaha Bee and Republican national committee-man from Nebraska, in which the allegation is made that a conspiracy engineered by Mr. Bryan's brother-in-law is on foot "for the purpose of purloining votes in Nebraska not intended to be cast for you," Mr. Bryan said:

"I have not the time to make answer." He was not certain that he would reply at all, but said the subject would be investigated.

Lincoln, Neb., July 29.—Charging that the provisions of the state primary law will be violated by permitting fusion between Democrats and Populists on presidential electors, Republican National Committeeman Victor Rosewater, together with E. W. Hollingsworth and Victor Seymour, today filed with Secy. of State Jundt a formal protest against the names of Henry Gering and Frank Swanson going on the state-wide primary ballot as candidates for electors-at-large. Mr. Rosewater maintains that candidates cannot appear as representing both the Democratic and Populist parties, as both these parties have regular nominees in the field. This is the second protest filed and they will be taken up separately.

## PANGUITCH.

Pioneer Day Celebration—New Electric Co.—Showers Hinder Harvest.

Special Correspondence.

Panguitch, July 25.—Yesterday's 24th of July celebration was carried out according to program. At 9:30 a. m. the procession was formed by the marshal of the day, E. J. W. Smith, and the band.

Several very nice floats showing Utah as it was and as it is. At the meeting the hall, speeches, toasts and songs were given, and an address by L. C. Sargent. Sports of various kinds were indulged in in the afternoon, including a dance for Utah's best crop, and the fun has been continued today with basketball and horseshoeing.

Several rainstorms have visited this section the last few days, which is hindering the harvesting of the splendid crop of hay.

A company has been formed here to put in an electric plant about one and a half miles up the Panguitch creek. It has a capital of \$15,000. The officers are John Houston, president; Thomas Haycock, vice president; Clem Tobin, secretary; R. Judds, treasurer. Directors, J. J. Page, J. G. Spencer, H. P. Ipsen. Contracts for the building of the plant will be let early in August.

Mr. H. S. Church of Fredonia, a former bishop of Panguitch, is very ill here with heart trouble. Dr. Clark is waiting on him.

## PARADISE.

Disastrous Racing Episode—Splendid Farm Prospects—Personals.

Special Correspondence.

Paradise, Cache Co., July 25.—On the twenty-fourth, some young men who had been down to Hartsburg and got pretty full of "booze," came to grief while running a race. There were two buggies, four in a buggy, and one of the outfits ran into a telephone pole with the result that four young fellows

were thrown out, some of them were painfully hurt. A brand new buggy was smashed to pieces. Other conveyances and people had halfbreath escapes from their reckless fast driving. This transpired about 9 a. m.

Thomas J. Pearce, one of the town's long-time residents, is seriously ill with stomach trouble.

Mrs. E. R. Smith has just completed her new store.

A. M. Montleith and wife, the first settlers of Paradise, but who have resided in Utah for many years, are in the last 24 years, have been visiting relatives and friends in Utah and Idaho. Mr. and Mrs. Montleith are quite hale for their years. They are attached to their home in the Cache valley.

## FARM PROSPECTS.

The month of July has been a very busy one for the farmers. The first crop of hay was harvested and put away into barns and stacks in excellent condition. Growing grain, fruits and vegetables are in flourishing condition and the range has been good up to date.

Mr. Leon Rice, Tenor, Saltair today. Concert 7 to 8.

## ROCK SPRINGS, WYO.

DAMAGE FROM CLOUDBURST.

Street Inundated and Railroad Traffic Delayed—Death of Little Boy.

Special Correspondence.

Rock Springs, Wyo., July 28.—A very heavy rainstorm, in connection with a cloudburst, did considerable damage today. The water broke loose from the sewer, rushed down C street, filling the cellars of a number of residences, and finally made its way over the railroad crossing and delayed traffic for some time.

The little 3-year-old son of Mr. and Mrs. Boswald Heiler passed to the great beyond this morning, after a few hours' illness.

A short service will be held tomorrow evening after which the body will be shipped to Morgan for interment.

## LA GRANGE.

DIXIE CROPS GOOD.

Intense Heat Broken by Storm, Which Floods the Country.

Special Correspondence.

La Grange, Washington Co., July 25.—A regular 24th of July celebration passed over this place yesterday, doing much good. Ditches, however, are in a sad plight, being filled up in places and wished out in others. A large flood came down the Cottonwood wash, tearing out dams and injuring some ditches. Up to the time of the storm the weather has been scorching hot. When one goes into the sunshine his body feels as though he was near a big fire, but the storm has cooled the air so the heat is not so intense.

Crops in this vicinity are looking good and give promise of a fair yield. Grapes are now ripe and other fruits will be soon. The tomato crop is looking better than it did last year.
