

## BRYAN COMMENTS ON THE ELECTION

Regrets Hearst's Defeat But Does  
Not See Any Comfort for  
The President.

### IS PLEASED OVER MISSOURI.

He Thinks General Results Indicate a  
Trend in Favor of the Demo-  
cratic Party.

Lincoln, Neb., Nov. 9.—Comment-  
ing on Tuesday's election, William J.  
Bryan gets considerable satisfaction in  
viewing the outcome from a Demo-  
cratic standpoint. He regrets the de-  
feat of W. R. Hearst in New York,  
but cannot see wherein President  
Roosevelt can find any comfort in the  
vote of the Empire state. Mr. Bryan  
says the president's personal attack on  
Mr. Hearst was in very bad taste, and  
he insists that the attack did not favor-  
ably impress the public.

Particularly gratifying to the Demo-  
cratic heart, says Mr. Bryan, is the  
return of Missouri to the fold. In a  
statement issued tonight, Mr. Bryan  
says:

"The election of 1906 indicates a  
trend in favor of the Democratic party.  
It proves that the Democratic party is  
growing stronger as Republican poli-  
cies are developed. In New York the  
party has won a signal victory in the  
vote of the tremendous efforts put  
forth in behalf of the administration.  
The Republicans had all the money  
they wanted; they had the support of  
all the great corporations, and the  
close they had whatever influence the  
administration could lend.

"The fact that the Democrats elect-  
ed every state officer excepting the  
governor shows that in the Empire  
state the Republican party has been  
repudiated. The defeat of Mr. Hearst,  
the Democratic and Independence  
league candidate for governor, while  
a great disappointment to his friends  
and to the party, is explained by facts  
which rob Mr. Hughes' victory of both  
moral and political significance. Mr.  
McCauley, whom Mr. Hearst denounc-  
ed as a boss, threw his influence to  
Hearst and cut down Mr. Hearst's  
vote in Brooklyn. Mayor McClellan,  
the ally of those election men, Mr.  
Hearst had denied, used his influence  
to Mr. Hughes and cut down the  
Hearst vote in New York. Mr. Jerome,  
the prosecuting attorney of New York,  
who had also been attacked by Mr.  
Hearst, supported the Republican  
ticket, and his influence was felt in  
greater New York. Mr. Croker, dur-  
ing the last days of the campaign,  
made an attack upon Mr. Hearst  
which doubtless weakened the Demo-  
cratic candidate among the Tammany-  
ites. Mr. Murphy, the head of Tam-  
many, while supporting the ticket,  
did not put much enthusiasm into  
the campaign, owing to the personal  
controversies which he had had with  
Mr. Hearst. It is evident, therefore,  
that Mr. Hughes owes his victory not  
to Republican votes, but to Democratic  
votes brought to him by the very men  
whom he and the Republican leaders  
have been denouncing for years.

"President Roosevelt cannot be gratify-  
ing to him, and to find that his per-  
sonal attack upon Mr. Hearst had little  
influence on the result compared with  
the influence exerted by McCauley,  
Murphy and the rest, will not gladden  
his Thanksgiving day. The president's  
personal attack on Mr. Hearst was in  
bad taste, to say the least, and that  
he did not favorably impress  
the public, ought to be a warning for  
the future.

"Mr. Hearst is, of course, disap-  
pointed, and yet, when all the facts  
are known, he has much to congratu-  
late himself upon. He made a tremen-  
dous fight against great odds and while  
he himself failed of election, his heroic  
struggle brought victory to the rest of  
the ticket. And the rest of the ticket  
stood for the same principles for  
which he contended. It is evident that  
he has been vindicated on the position  
taken, and this must be more gratify-  
ing to him than any personal victory

### Happiness in a Tablet.

Perfect Health for Every One Pro-  
Cured at Small Cost.

How many times have you sat down  
at your meals absolutely disgusted at  
the thought of eating anything to eat?  
How many times have you sat down  
at your meals without the trace of ap-  
petite, but just because it was "time  
to eat?"

How many times have you felt a  
growing, unsatisfied "still-hungry"  
feeling in your stomach, even after you  
were through eating?

How many times have you felt that  
"lump of lead" on your stomach after  
eating, whether your meal was well  
cooked or not?

And how many times have you suf-  
fered a whole lot of other things from  
your stomach that you couldn't ex-  
plain, but that made you grouchy, mis-  
erable, out-of-sorts and generally sour  
on everybody and everything?  
It is safe to say you couldn't tell.  
You don't keep track of those things.  
Of course, but you know you've suf-  
fered them. You probably have had  
them for so long that they've become a  
habit with you, and you have come to  
the conclusion that your fate is to  
suffer them indefinitely and perhaps for-  
ever.

And so men, much like horses, stand-  
ing unbleached at the hitching post,  
have their fates and so their habit  
has become a habit.

But no one need have dyspepsia, nor  
indigestion, nor loss of appetite, nor  
heartburn, burning sensations, heart-  
burn, eructations, bad mem-  
ories, loss of vim and vigor and the hap-  
piness that comes from a healthy stom-  
ach and a good appetite if he will only  
use his old hitching post and tie him-  
self to a new one, one that will hold  
him to health, joy, and ambition and  
a clear mind and memory, and the sun-  
shine that goes with them.

That indeed is Heaven! And you can  
reach for the purpose, by Stuart's Dys-  
pepsia Tablets, those little cherubs of  
health and delight found in thousands  
of homes today. Listen—one ingredient  
of one of these precious little tablets  
will digest for you 2,000 grains of food.  
This relieves your stomach of the  
work of digesting until your stomach  
feels strong and healthy again. Your  
stomach has been overworked and  
abused. It's fagged out. It needs a  
rest.

Let Stuart's Dyspepsia Tablets do the  
work of your stomach. You will be sur-  
prised how fine you'll feel after eating.  
You'll be so deliciously good everything will  
taste to you. That's because the Tab-  
lets are thoroughly digesting the food  
before your stomach could digest food.  
Have these tablets on your dining  
table, and take one or two after every  
meal without fail. Then you will  
be as never before that the human  
stomach decides for every man when-  
ever he will go forward or backward—  
and besides, you'll forget you ever had a  
stomach to torment you.

## "77" Humphreys' Seventy- Seven Cures Grip and Colds

CHIN IN.—To keep the chin  
in, means to keep it well drawn  
back. That causes what physi-  
cal culturists call "a lifted  
chest." This insures deep and  
full breathing and hence per-  
fect circulation. Try keeping  
your chin in and see how  
your chest will stand out, and  
improve your bearing.

Most colds are caused by  
checked circulation; the use of  
"seventy-seven" starts the  
blood coursing through the  
veins and breaks up a cold.

York.

could be. His personal enemies have  
contributed to his defeat, but the tri-  
umph of his ideas still leaves him in a  
position to continue the fight for the  
protection of the public against the  
encroachment of predatory wealth.

"If the trend toward Democracy  
shows as strong for the next two  
years as it has been for the last two  
years, New York can be counted among  
the Democratic states in 1908, and Mr.  
Hearst is in a position to do valiant  
work in securing a national triumph  
for progressive Democratic ideas.

"The Democratic gains in Congress  
have not been as great as those in the  
party expected, but they have been  
sufficient to make it probable that the  
Democrats will control the Congress to  
be elected in 1908. In nearly all the  
legislatures in the middle states the  
Democrats have made decided gains,  
and these promise much for the sena-  
torial contests which take place two  
years hence.

"In Iowa, Kansas and California the  
Democrats made a splendid fight for  
their gubernatorial ticket. The reduc-  
tion of Gov. Cummins' majority from  
more than 70,000 to about 20,000 puts  
Iowa in the doubtful list for two years  
hence. Kansas and California can no  
longer be claimed as certainly Republi-  
can. The fight made by Mr. Harris  
in the former state and by Mr. Bell  
in the latter gave more than a reason-  
able hope of success two years hence.

"The victory in Missouri will bring  
joy to every Democratic heart. A wall  
went up when Missouri dropped out  
of the Democratic column two years  
ago. Her return is greeted with wide-  
spread rejoicing. Oklahoma, the new  
state, comes in with a rousing Demo-  
cratic majority. The constitution will  
be written by the Democrats, and she  
will send two senators to fight in the  
interests of the wealth producers. De-  
mocracy welcomes Oklahoma to a seat  
near the head of the table.

"In Nebraska the Democrats hoped,  
with the aid of the Populists, to elect  
their state ticket and their candidate  
for United States senator. In this  
they failed, but they have made sub-  
stantial gains throughout the state, as  
shown by the vote on congressmen and  
the legislative ticket, as well as by  
the state ticket. They have gained  
one congressman, and came within less  
than 200 votes of gaining another. In  
two other districts the Republican ma-  
jorities have been so much reduced that  
we can reasonably count on four Demo-  
cratic congressmen two years from  
now. In the legislature the Fusionists  
will have four times as many as they  
had two years ago.

"The Republicans have had an ef-  
fective campaign cry in 'Standing by  
the president.' While the records  
showed that the Democrats in the sen-  
ate and the house stood by the presi-  
dent better than the Republicans, the  
admirers of the president very natu-  
rally gave weight to his appeal for a Re-  
publican vote in the election. In making  
the appeal the president put a person-  
al victory above the reforms which he  
has been advocating. Two years from  
now that appeal will be of no avail, for  
the president will not be in office after  
March 4, 1909. Even if he were a candi-  
date—which no friend of his can as-  
sume after his repeated declarations—  
he would have to confront the third  
term issue, and who would say that  
that issue alone would not lose the  
president enough votes to make his race  
hopeless? The popular vote as indicated  
by the congressional elections shows  
that the Republicans even now have a  
narrow margin to go on, and that mar-  
gin will be quickly wiped out if the  
president allows himself to be drawn  
into a race for a third term."

### GERMANY AND VATICAN.

Their Relations Continue to be  
Strained.

Rome, Nov. 9.—The relations between  
Germany and the Vatican continue to  
be strained. Germany resents the re-  
fusal of the Vatican to disavow the  
pastoral letter of Monsignor Stabilewski,  
the archbishop of Posen, written last  
month, in which the archbishop pro-  
cessed the German children in their  
religious teaching in the schools. It  
is believed here that the situation in  
Poland can not fall to become more  
aggravated.

### PRESIDENT RESPONSIBLE FOR PUBLIC UTTERANCES ONLY

Washington, Nov. 9.—The following  
statement touching quoted conversa-  
tion with the president, was made pub-  
lic at the White House today:

"For many years it has been the un-  
iversal practice never to attempt to  
quote a private conversation with the  
president. It has been found that as a  
matter of fact the man who quotes such  
a conversation usually misquotes it,  
whether consciously or unconsciously,  
and such an alleged conversation is un-  
der no circumstances to be held as call-  
ing for explanation or denial by the  
president. The president is responsible  
only for what he himself says in public,  
for what he writes or for what he ex-  
plicitly authorizes the proper govern-  
ment officials to state in his behalf."

### LIPTON IN AUTO ACCIDENT.

Bridgeport, Conn., Nov. 9.—An au-  
tomobile containing Sir Thomas Lipton,  
Wilson Marshall, whose guest Sir  
Thomas was, and two others, was  
wrecked today by the breaking of the  
front axle just after the party had  
started on a trip. All escaped injury.

### DR. GRENPELL HONORED.

St. Johns, N. F., Nov. 9.—Dr. Wil-  
fred T. Grenfell, the medical mission-  
ary who founded and conducts the Lab-  
rador deep-sea mission, figured today. It  
is learned, among the king's birthday  
honors, being created a Companion of  
the Order of St. Michael and St. George.

### GREEKS KILL 25 BULGARIANS.

Saloniki, European Turkey, Nov. 9.—A  
Greek band has killed 25 Bulgarians  
and burned many houses at the town  
of Caradjeva, near Serres.

### GREAT FISH MONOPOLY.

El Paso, Tex., Nov. 9.—What is per-  
haps the greatest monopoly of its kind  
of the world has just been acquired by  
John C. Miller, a mining engineer of  
El Paso, Texas, through a concession  
granted by the government of the re-  
public of Mexico from Cuaymas on the  
north to Mansanillo on the south on

the east coast from parallel 24 on the  
north to the Bay of Campeche on the  
south, including all the rivers, bays, in-  
lets and also the lakes for 20 miles in-  
land. This covers, perhaps, the finest  
fishing and oyster territory in the  
world.

### ARCHBISHOP IRELAND ON "OUR COUNTRY."

Council Bluffs, Ia., Nov. 9.—The  
Society of the Army of the Tennessee  
respected Gen. O. O. Howard as pres-  
ident this morning, and selected Vicks-  
burg, Miss., as the place of meeting  
in 1907. A resolution strongly de-  
nouncing the statement of an orator  
at the recent function at Gen. U. S.  
Grant's monument to the effect that  
Gen. Grant aspired to a dictatorship  
at the close of the civil war, was adopted.

Gen. O. O. Howard, Gen. John G.  
Elack and Mrs. John A. Logan joined  
in the denunciation of this aspersion  
as calumnies, and Gen. Frederick D.  
Grant took occasion to declare that  
it was without the least foundation in  
fact; that his father never thought  
of such a thing.

The closing scene of the reunion was  
the banquet at the Grand hotel to-  
night.

The most notable speech was that  
of Archbishop Ireland, in response to  
the toast "Our Country." After paying  
a glowing tribute to the wonderful  
growth in all that makes for great-  
ness of the nation and to the patriot-  
ism of the people, and especially of the  
veterans of the civil war, which have  
made that growth possible, Archbishop  
Ireland said:

"That all is perfect in present con-  
ditions we must not assert; but this  
we must assert, that nothing should  
be done subversive of public order, de-  
structive of the spirit of the country,  
and its institutions. The wild anarch-  
ist, the would-be assassin, are public  
enemies of society, whom to tolerate  
is to tolerate open sedition. An enemy  
of the public order, who is having  
man who, refusing his own labor,  
deters by violence a brother workman  
from his offering of his labor, is even  
a greater degree, the strong and  
the powerful who override the law  
of the land in carrying out the  
scheme of their ambition.

"Private property and the right of  
every man to own and dispose of the  
fruits of brain and hand must be re-  
garded as sacred and inviolable. It  
is the cornerstone of the social struc-  
ture. If we weaken it, we are re-  
turning to the conditions of the stone-  
age, to indolence and idleness; you estab-  
lish barbarism. Barbarism is that  
state of society where the strong, hav-  
ing nothing which is the exclusive mon-  
opoly of any, prey upon the strength  
and the labor of others.

"That in the holding of private prop-  
erty there will be inequality is a fact  
that is inevitable. Men are not  
and never will be equal in the power  
that builds up property, in the sacrifice  
of self, in the economy that preserves  
and increases it. The preaching of  
Utopias in remedy of this inequality,  
the proposal of schemes that ignore  
the nature of human society, are an in-  
sult no less than an injury to the in-  
dividual whom they would fain be-  
gild.

"A chief panacea put before us is  
common ownership, through city, state  
or nation, of productivity and of trans-  
portation hither and thither of the re-  
sults of this productivity. Let us be  
on our guard; common ownership in  
one direction leads to common own-  
ership in another, all the more so when  
the purpose really held in mind by  
the many is to grasp wealth without  
much personal effort; to make up for  
one's deficiency by despoiling others."

Large fortunes, logically obtained,  
declared the speaker, are not neces-  
sarily evil. They are necessary to the  
marvelous growth characteristic of  
American life. They must not, how-  
ever, be allowed to violate law or op-  
press the weak.

### MURDERED WOMAN IDENTIFIED.

Chicago, Nov. 9.—The woman who  
was last night shot and killed in a  
park by a man who then commit-  
ted suicide, was today identified as  
Augusta Ray, a domestic. The man is  
believed to be Charles Grant, who was in  
love with the Ray girl. The shooting  
is believed to have been due to the  
girl's refusal to marry Grant immedi-  
ately.

Thirty years ago doctors carried a  
lance in their vest pocket and bled  
people for all sorts of diseases and  
bled them hard—sometimes a quart at  
a time. It was the fashion then. All  
that is changed nowadays and a doc-

a curiosity.

Five years ago doctors "cut out"  
piles wherever they got the chance.  
All that has been changed since the  
marvelous soothing, healing and curative  
properties of Pyramid Pile Cure have  
become known.

By every mail we get letters like  
this:

finished my first box and am now well.
