

HEARST GETTING MORE VOTES NOW

First Sheet Examined Showed He Had Not Been Credited With 33.

PLENTY OF MINOR ERRORS.

Grand Jury Hands Down Six More Indictments for Election Frauds.

New York, Nov. 17.—Alderman Timothy P. Sullivan, Tammany leader of the Sixth assembly district, appeared before the board of canvassers today when it came time to examine the tally sheets of his district. He said that he felt sure no errors would be found; that he would fight all protests. The first sheet examined showed that Hearst had not been credited with 33 votes which were cast for him.

In the Third election district the returns of election night showed no votes for Hearst, and 33 for Crawford, the Prohibition candidate, but the tally sheet showed that these 33 votes were cast for Hearst, while the Prohibition candidate received none.

Minor errors, apparently clerical or resulting from the bundling of the election officers, were found in a large number of additional election districts. In one instance no return was made by the ballot clerk. The examination will be continued on Monday.

The grand jury today handed down six more indictments in the election fraud cases which they have been investigating for the past week.

It was announced today by counsel for William H. Hearst that an application would be made to the supreme court either Monday or Tuesday of next week for an order to have the ballot boxes opened and the votes counted.

Frank Seaton, chairman of the board of inspectors of the Twelfth election district of the Nineteenth assembly district, was arrested today by Morgan deputies in connection with the case of Thomas McCabe, now under arrest, charged with having voted in the name of Thomas Corning. McCabe is charged with illegal voting and with aiding and abetting.

Mr. Dillon, attorney for John Krup, was before the grand jury this afternoon and will be summoned again Monday. Later it was announced that a subpoena had been issued for Alderman J. F. Caffery, Atty.-Gen. Mayne said that the question of who furnished the \$5,000 ball which secured Krup's release yesterday is still under investigation.

AMERICAN MINING CONGRESS' BUSY DAY.

El Paso, Nov. 17.—Today was a busy one in the American Mining congress. Secy. Culbreth's report was read, amendments to bylaws adopted and much other work of importance was cleared up. The session of the day was devoted to the report of the President Roosevelt, expressing thanks for the interest he has shown in mines and miners and to President Diaz for the fair treatment miners and other foreigners investing in Mexico have received.

The congress defeated a proposition to increase membership dues from \$5 to \$10, and held that all delegates, whether they had paid a membership fee or not, could vote on proposed amendments. The recommendation that the president should name a committee of such session of the congress to elect an executive committee was not favored, the delegates holding that the congress should have the privilege of electing the committee. The proposition to have each state elect a member to the resolutions committee hereafter, instead of having a representative named by the president, was adopted. An increase from \$50 to \$100 a year in dues for life membership. The executive committee was empowered to elect one honorary member yearly.

Associate members, not actual members, will be admitted to membership hereafter upon payment of the membership fee and \$1 yearly. Control of the association is to be vested in a board of directors, consisting of nine members, three for one year and three for two years and three for three years in the first election and three to be elected annually after that date. Tomorrow the election of officers will be held.

The next place of meeting will be announced by the directors Saturday, and will probably be Phoenix, Ariz., as the convention has already expressed its preference in favor of that city.

The committee judging the rock-drilling contest tonight filed an amendment to their decision this morning, which was rendered in favor of the team of Bern and Make of Mexico. Make is declared to have struck several blows after the call of time. The men are credited with the same record as the team made in yesterday's drilling by the Page brothers, 29 15-16 inches. Tomorrow the two leading teams will drill for the championship, the prize for which is a purse of \$1,000, and the El Paso cup.

EARTHQUAKE IN CALABRIA.

New York, Nov. 18.—Another earthquake occurred yesterday at Calabria, Mount Pizzo and Leone says a cable dispatch to Rome from Naples. It lasted about eight seconds. The population was panic stricken and many houses were badly damaged.

CATARRH FIRST A COLD THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

I had Catarrh for two years and suffered agony with headaches, nose stuffed up, appetite poor, felt tired and run-down and unable to work. I read of S. S. S. and commenced its use, and after taking eleven bottles I found myself well again. I have never had any return of the disease and I consider S. S. S. the best treatment in the world for Catarrh.

RULERS OF THE WORLD.

Meat Eating Nations Are the Leaders in Every Branch of Human Achievements.

The ruling nations of the world are meat eaters and history records that they always have been. The facts remain that the American, English, French, Italian, German, and other nations are meat-eating nations, and they are the most energetic and most progressive.

The principal food of the heroic Boer soldier, known as Biltong, is a sort of dried beef, affording a great deal of nourishment in a highly concentrated form.

The weak races of people are the rice-eating Chinese, Hindoos, and Siamese, regarded since the dawn of history as non-progressive, superstitious and inferior physically and mentally to the meat-eating nations who dominate them.

The structure of the teeth plainly indicates that human beings should subsist upon a variety of food, meat, fruit and grains, and it is unhygienic to confine one's diet to such a narrow range as the exclusion of another.

Meat is the most concentrated and most easily digested of foods, but our manner of living is often so unnatural that the digestive organs refuse to properly digest meat, and a similar result follows from the use of similar unwholesome food, but it is not because such food is unwholesome, but the real reason is the stomach lacks from disease or weakness, some necessary digestive element, hence arising indigestion of later on chronic dyspepsia.

Nervous people should eat plenty of meat, cowboys should make meat the principal food, hard-working people have to do so, and brain-workers and office men should eat, not so much meat, but at least once a day, and to insure a perfect digestion one of two of Stuart's Dyspepsia Tablets should be taken after each meal, because they supply the pepsone, diastase and fruit acids, lacking in every case of stomach trouble.

Nervous dyspepsia, catarrh of stomach, gastritis, sour stomach, gas and acidity are only different names for indigestion, the failure to digest wholesome food, and the use of Stuart's Dyspepsia Tablets cures them all because they insure a perfect digestion, the stomach has a chance to rest and recover its natural tone and vigor.

Stuart's Dyspepsia Tablets is the real household medicine, it is as safe and pleasant to take as any food, and it is the only remedy for the imperfect digestion of its grand size.

They are a cathartic, but a digestive, and no ill habit can ever follow their use; the only habit Stuart's Tablets inculcate is the habit of good digestion and consequently good health.

FAVORS WOMAN SUFFRAGE.

Federation of Labor Adopts Resolution to That Effect.

Pittsburg, Nov. 17.—The morning session of the American Federation of Labor convention lasted only half an hour. One of the important actions today was the adoption by the convention of a resolution favoring women's suffrage as a necessary step toward raising them to a level with men in securing a proper scale of wages. The convention is making every effort to organize the women of all trades, and a number of resolutions adopted bear on this subject.

SENATOR GALLINGER FAVORS SHIP SUBSIDIES.

New York, Nov. 17.—At a banquet to-night at Delmonico's 150 members of the Society of Naval Architects were present and listened to addresses by Senators Jacob H. Gallinger of New Hampshire, Rear Admiral R. D. Evans and others.

Admiral Evans said in part: "I am proud today to command one of the finest fleets in the world. This fleet of mine has about half the officers that it would need in war, but we are pretty well off for men, men from the middle west, wherever that is. Now, go on building ships, and we will have them in time to meet the challenge."

"Our navy is very good, what there is of it, but there is not enough of it." Senator Gallinger made an address in favor of the ship subsidy bill and the rehabilitation of the American merchant marine. He said, in part: "About the only craft that carry the American flag is a battleship or a yacht belonging to a millionaire. President Roosevelt said that something must be done to rehabilitate the merchant service, and Congress appointed a committee, and I am especially glad to speak of the work of that committee. We need sailors even for little ships. The Fry-Hanna bill provides for a subsidy of \$5 per ton for the merchant marine for 12 months. In return these vessels may be taken for the defense of the United States. One of the big metropolitan dailies has recently said such a bill would put a tax burden of \$15,000,000 to \$20,000,000 on the people. Gentlemen, the tonnage dues and the carrying of the mails, these two items alone, would make the cost not in excess of \$1,000,000 the first year."

"Shipping is the only industry that is unprotected, and every other nation is granting subsidies to its merchant marine. It is the duty of the government to extend its protection from the land to the sea. There is a necessity for providing means to take advantage of our opportunities in the Orient for three-fourths of the population of the globe are to be supplied in the near future by the more civilized nations. The American flag must float in the Orient."

TORPEDOBOAT WAS SUNK.

Collided With the Small German Cruiser Undine.

Kiel, Nov. 18.—Torpedo boat "S126" collided last night near Ruck with the small cruiser Undine. The torpedo boat sank and one officer and 32 seamen are missing.

WHALING FLEET EAST BOUND.

Seattle, Wash., Nov. 8.—Capt. Francis Fiddle, formerly in command of the revenue cutter Bear, states that from what he has learned from Capt. Bodfish of the whaler Willa Baylies, there is absolutely no chance for the whaling fleet to escape. In his opinion the ships will be crushed in the ice. The crews will have to desert the ships and make for the McKenzie river. The fleet is reported to be 60 miles from Banksland, which is 500 miles east of the McKenzie. He does not think a relief expedition could aid them in any way.

CLOSER UNITY OF CHURCHES.

New York, Nov. 17.—The closer unity of churches was the subject of today's session of the Interchurch conference on Federation. Several speakers said that the earliest first step toward such unity lay in co-operation in foreign and home missionary work.

The appeal to Russians to be merciful to the Jews, which was drafted yesterday by Rev. Dr. Washington Gladstone, was adopted.

At the evening session "Our Faith in Christ" was the subject of Rev. William H. P. Faunce (Baptist), president of Brown university, Providence, R. I. He reminded those present of the controversy that had arisen over the exclusion of the Unitarians from the conference by an allusion to ten of the most famous of that body, and said that he himself never wished to be a candidate for any heaven from which William Ellery Channing and James Martineau were excluded.

MONEY FLURRY WITHOUT EFFECT.

Reports Generally Indicate Increase in the Volume of Business.

COLLECTIONS RATHER SLOW.

Wholesale Holiday Trade Well Under Way—Traffic Conditions Better.

New York, Nov. 17.—R. G. Dun & Co's Weekly Review tomorrow will say: "A temporary flurry in the money market had little deleterious effect in commercial channels, most reports indicating a further increase in the volume of business. Orders came forward freely for distant delivery and buyers experience much difficulty in making purchases for quick shipment. Wholesale trade in holiday goods is now well under way, and retail distribution of seasonable merchandise responds to the generally lower temperature."

"There is some delay in collections, but the reports indicate that payments are prompt in spite of the higher money rates. Manufacturing plants have scarcely a drawback except scarcity of labor in a few instances and small strikes that interrupt structural work to some extent. None of these influences affect any considerable proportion of the capacity and there are many new high records of production."

"Traffic conditions have improved and railway earnings for the first week of November were 4.8 per cent larger than in the corresponding time last year, while the official statement of foreign commerce for the month of October showed a very large increase in the aggregate, and at this point for the last week exports gained \$2,933,082, in comparison with 1904, while imports decreased \$1,160,974."

"Hides continue firm but trading is restricted by the light offerings of packers who are sold far ahead, rather than any lack of demand. Further advances occurred in foreign dry hides."

"Packing of the week numbered 240 in the United States, against 217 last year, and 43 in Canada, compared with 27 a year ago."

CHRISTIAN MINISTERS.

Baron Hirschberg Condemns Their Great Apathy.

Chicago, Nov. 18.—The apathy of Christian ministers and churches in the face of the massacre of Russian Jews was condemned today by Baron Hirschberg to the members of the North Side Jewish congregation.

"When the very stones of the streets cry out for justice, what have our preachers of Christianity to say?" he asked. "We have been waiting patiently for some strong and manly sentiment from the Christian world. Knowing full well that such an expression would appeal more strongly to the Russian government than all the prayers and petitions of Jewish organizations and deputations, but we have waited in vain."

"If ever there was a challenge from God to Christianity that it justify and vindicate itself as the religion of justice, it is in the case of the Russian Jews, and the prayers of a persecuted people for succor and sympathy. Thus far the challenge has remained unanswered."

"With the exceptions of the vigorous editorials of the American press, the philanthropy of a Carnegie and the half-hearted utterances of a handful of clergymen, the Christian world has been painfully and woefully silent. It is not, however, in a spirit of resentment that I speak tonight, but of sorrow and regret that there is not for the Jews, as there has been for the garrison to plead his cause before the bar of justice and in the parliament of humanity."

GERMAN NAVAL PROGRAM.

Berlin, Nov. 17.—The federal council today adopted the navy increase bill, which will be held before the reichstag at its forthcoming session. The bill provides for the increase for the present building plans by six large cruisers, of which five are for the so-called foreign fleet, and also for the raising of the number of torpedo divisions from 10 to 24.

The cost of each cruiser will be \$8,750,000. The entire additional cost up to the year 1915 will be \$41,250,000. In the abstract it provides for an increase in the size and armament of the vessels hitherto voted under the old fleet law, making the cost of the battleships \$9,000,000 instead of \$8,250,000. The report accompanying the bills says that the regular naval budget rises from \$8,250,000 in 1905 to \$22,000,000 in 1907. The extra vessels cause an increase of 135 officers and 5,363 non-commissioned officers and seamen. The report explains the increased expenditures and cost of the ships already voted as being due to the lessons taught by the Russo-Japanese war. The new torpedo boats for the same reasons will also be large.

The appropriation bill also provides \$1,250,000 to continue experimenting with submarine boats, etc.

FOUND HIS RING.

Mount Vernon, O., Nov. 17.—A report came from Gambier tonight that J. E. McGarvey's money and ring, which he reported as having been stolen on Saturday night at Bexley hall, Kenyon college, when he was bound and gagged, had been found behind a pile of books in his room.

The grand jury will adjourn tomorrow until Nov. 27, without considering the case of Stuart Pierson, the student who was run over and killed by a train. It is said that unless additional evidence is secured no indictments will be found in the case.

PARALYSIS CURED.

MR. JOHN KENNEY'S CONDITION WAS THOUGHT HOPELESS.

But the Disease Yielded to Dr. Williams' Pink Pills—Some Details Given by Himself.

Mr. Kenney has actually escaped from the paralysis's fate which he seemed a short time ago hopelessly doomed. The surprising report has been fully verified and some important details secured in a personal interview with the recent sufferer.

"The doctor," said Mr. Kenney, "told me that if I wanted to live any length of time I would have to give up work altogether, and he told my friends that the paralysis which had begun would in time involve my whole body."

"Just how were you afflicted at this time?" Mr. Kenney was asked. "Well, I had first hot and then cold and clumsy feelings, and at times my body felt as if needles were being stuck into it. These sensations were followed by terrible pains, and again I would have no feeling at all, but a numbness would come over me, and I would not be able to move. The most agonizing tortures came from headaches and a pain in the region of my spine."

"Night after night I could not get my natural sleep and my system was wrecked by the strain of torturing pains and the effect of the opiates I was forced to take to induce sleep. As I look back on the terrible suffering I endured during this period I often wonder how I retained my reason through it all."

"But relief came quickly when I was induced to try Dr. Williams' Pink Pills for Pale People. The very first box seemed to help me, and seven boxes made me entirely well. There can be no doubt about the thoroughness of my cure, for I have worked steadily ever since and that is nearly four years."

Mr. Kenney is at present employed by the Merrimac Hat Company and resides at 101 Aubin street, Amesbury, Mass. The remedy which he used with such satisfactory results, is sold by all druggists, or direct from the Dr. Williams' Medicine Company, Schenectady, N. Y. Dr. Williams' Pink Pills have a double action, on the nerves and on the blood, and have cured neuralgia, nervous prostration, St. Vitus' dance, partial paralysis, locomotor ataxia, anæmia and rheumatism, as well as simpler ailments such as headaches, insomnia and debility.

REFUSED TO BE BLACKMAILED.

Ogden Armour Would Not Listen To Proposition of Old Employee.

A TRAP LAID AND IT WORKED.

When Alleged Blackmailers Appeared To Get Money They Were Arrested.

Chicago, Nov. 17.—William S. McSwain and William Cole, his brother-in-law, were arrested here today, charged with attempting to blackmail J. Ogden Armour and other members of Armour & Co. for \$10,000 in connection with the beef trust investigation, with letters which they are alleged to have stolen from the files of the company.

McSwain was employed by Armour & Co. for four years as a stenographer, and in that way had access to part of the mail of the packing-house. Since the recent beef investigation was begun, it is charged, he has taken letters from the files of the concern. Three weeks ago, it is alleged, he approached Mr. Armour and threatened to turn the letters over to the federal authorities unless he was paid \$10,000. Mr. Armour refused to listen to the proposition and then McSwain, it is alleged, made similar demands on other officials of the Armour company.

With the hope of leading McSwain to the mail of the packing-house, several meetings were held between McSwain and Atty. Rosenthal, representative of the packing company.

"At each of these meetings," said Mr. Rosenthal, the sum was gradually reduced until McSwain agreed to give up the letters for the sum of \$15,000. A meeting was arranged with him at the Auditorium hotel, where it was agreed that \$10,000 should be paid him on the delivery of the letters and \$5,000 a week later."

A WHITE HOUSE DINNER.

Washington, Nov. 17.—President and Mrs. Roosevelt entertained a distinguished company at dinner at the White House tonight, which was followed by the first musicale of the season.

The dinner guests included Russian Ambassador and Baroness Rosen, Associate Justice Brewer of the supreme court and Mrs. Brewer, Associate Justice Brown of the supreme court and Mrs. Brown, Secy. Bonaparte, Secy. and Mrs. Metcalf, Lieut. and Mrs. Charles, Asst. Secy. of State Bacon and Mrs. Bacon, Asst. Secy. of the Navy Newberry and Mrs. Newberry and Miss Hitchcock.

The musicale following the dinner was held in the East room, which had been beautifully decorated for the occasion.

HUNT AND CRAWFORD PLEAD.

Boston, Nov. 17.—William L. Hunt and Louis W. Crawford, who were arrested in New York in connection with the death of Stuart Pieron, the chorus girl, pleaded not guilty today to an indictment charging them as accessories before and after the fact to an unlawful operation, which caused the girl's death. Each was held for trial in bonds of \$25,000. Bail was not furnished and the men were committed to jail.
