

SALT LAKE'S TEAM IS NEARLY READY.

Balance of the Players Will be Here This Afternoon or Tomorrow.

SOME OF LAST SEASON'S MEN.

Bert Delmas, "Dutch" Muller and Thomas Are Among the Latest Arrivals—Reilly Working Hard.

That Salt Lake's baseball team will be fully organized and ready for business within a few days, is now practically assured. The balance of the men ordered by Manager Reilly to report here by April 1, are expected in this afternoon and tomorrow. Then, if the weather permits, they will be hustled down to the ball park for daily practice. Some of the boys were here yesterday afternoon and warmed up a little.

Today's snowstorm, however, rather puts a damper on their work, and will undoubtedly prevent the proposed game with the Chicago Nationals. Among the latest arrivals are "Dutch" Muller, the little leftfielder who did some brilliant work on last season's team, Bert Delmas, the fast second baseman and Thomas. There are ten men in the city at present and four more who they are sure will not state who they are, but he says: "The team will be composed of good men; men who know how and who will play ball. We will have a fine team in short order, and the others will have to play as they never did before."

In addition to Delmas, Muller and Thomas, Tom Leahy, H. O. Sticker, Frank Ramsey and George Bowman are here. The first three were here last summer and wintered in California and played ball in the National League. The new men Tom Leahy is the best known here. He is a catcher and played for the San Francisco team for three years and was behind the bat for Seattle last season. Reilly managed to get him by making a trade with the Giants. Leahy is a right hander and is a good pitcher. He has a fielding average of .92 and a batting average of .25. Bowman and Ramsey are also catchers with good records, and Reilly says they are sure to do good. Bowman is an outfielder and played with the Southern League. His fielding average is .96, and he has hit .23. All this talk of a new team, and with the promise of more good ones to come, the fans are beginning to feel a fast article of ball this season.

Salt Lake fans will remember big Starkell, who pitched several games here last season, and they will be pleased to learn that he is making good with Griffith. Starkell is now practicing down at Montgomery, Ala. The following from that city tells what Starkell has already accomplished.

Another spit ball pitcher, and a good one, can now be added to Manager Griffith's bunch of possible stars. Starkell is a tall, well-built fellow, with a long, strong arm, and in his delivery he takes an immense stride. He is one of those pitchers who appear to be right on top of the batter. He is an unassuming youngster, and when he stepped on the salt for the first time, he was much curious to see what he could do. After warming up a bit he suddenly shot in a spit ball which had done credit to the pitcher who was thought to be a mortgage on that particular and peculiar delivery.

The newcomer accomplishes the unexpected feat so easily and nonchalantly that Griffith and the other players were amazed. Griffith was not sure Starkell intended to pitch the spit ball, thinking it might have been an accident, and shout, "Try that same ball over again." Starkell did so and the second ball took even more of a decided drop than the first. Starkell did not run up much speed either, but he apparently had plenty in reserve.

In talking of Starkell's performance, Griffith said: "I always like to catch a new pitcher when he is starting off, for then he is bound to show a flash of what he can do. He may be lame and sore the second and third day, but at the very start he can be seen up. He certainly showed me all right; I am of the opinion he will be a corker."

Events at Ascot.

Los Angeles, Cal., March 29.—The card at Ascot today was equally divided between purse and selling races. The track was in rather a sticky condition from the morning rain. In the third race El Chihuahu was the medium of a big purse and won going away in the final eighth.

Start Center, the favorite, failed to get in the money. La Chata, winner of the first race, was the only successful favorite. Weather, cloudy; track, slow. Results:

First race, half a mile—Lachata won, Malibu second, Sand Stern third, Time—1:30.

Second race, one mile—The Horgan won, Herndon second, Merces third, Time—1:28.

Third race, six furlongs—El Chihuahu won, Borel second, Suleide Christian third, Time—1:15.

Fourth race, six furlongs—Col Rupper won, El Co second, Darbar third, Time—1:14.

Fifth race, one mile and fifty yards—Borel won, going second, going third, Time—1:47.

Sixth race, one mile and a sixteenth—Rupper won, looking away second, Mal Lowery third, Time—1:29.

KEITH O'BRIEN'S WIN.

Had an Easy Time in Beating the Franklin Bowlers.

The Keith O'Brien's and the Franklin bowling teams of the Commercial league lined up on the alley last night, and the former made a runaway match of it, taking all three games and by a margin of more than 400. The scores follow:

IVER LAWSON COMING HERE.

With European Crack Rider He Will Start for Salt Lake May 8.

Word has reached Salt Lake that Iver Lawson will leave Australia on May 8, and will come at once to this city. The famous Salt Lake rider will be accompanied by Britt one of Europe's fastest wheelmen. Floyd McFarland will also come, and the old story of the man who has won a number of match races will have a chance to see a race between two of the best in the world.

Lawson and the other fast ones are entered for the Sydney Thousand, and the Salt Lake bay is the favorite in the race and is looked upon as almost a sure winner.

THE ROW STILL ON.

Billy Nolan Keeps Night After James Edward Britt.

Billy Nolan manager for Battling Nelson, keeps right after James Edward Britt and his brother Willie.

"These Britts want the people to think they are the only honest persons who ever had anything to do with the fighting game," said Nolan, as he stood talking to a number of fight fans in Frisco. When the manager of the Battling Dane repeated the old story of a man who had won a cent of the amount paid the referee and who handed it in," said Nolan. "Britt never attempted to dispute my word, but swelled up and walked away. He didn't dare answer my charge."

"Even the school children know that the Gana-Britt fight was a notorious fake, and the people who pulled it off gave the public a loud-ho and then passed it on to the back for their cleverness."

"When 'Bat' fought Britt the last time the sixteenth round cut down to two minutes to save Britt from a knockout, and if we go into the ring with him again he will insist upon an electric ball, so there."

"GOOD GROWING WEATHER."

When the New Scalp Antiseptic is Used

A good head of hair is as much a "crown of glory" for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite, the bald-headed man can sympathize with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herpicide? Others have been benefited and are loud in its praise. It cleanses the scalp, kills the germ at the root of the hair and by keeping the scalp sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Z. C. M. I. Drug Co., Special Agents.

their first game of the season. The West Siders won with the honor winning by a score of 15 to 7.

There will be a meeting of the Salt Lake Association football team at the city and county building this evening at 8 p. m. As business of important relative to the coming games with Kureka and the Scottish Rangers and to the future plans of the team is to be transacted all members of the association are earnestly requested to be present.

Detroit, Mich., March 29.—At a boxing show given by the Detroit Wheelmen's club tonight Mike Ward of Sarnia Ont., knocked out Bolton Cobb of Detroit in the fourth round. Jake Brown, colored, of Los Angeles, knocked out Willie Campbell of Detroit in the third round.

The probabilities are that the Brigham Young college of Logan will have a team in the state track meet scheduled for May 20. Manager Hiser is in receipt of a communication from the college asking for permission to enter. The school will not object, but the consent of the three other teams is necessary.

George Gardner, who is matched to meet Mike Schreck at the Salt Lake Theater in the night of April 12, is due here from Chicago some time this afternoon. He will go to Ogden where he will complete his training for Schreck. The latter will meet Mike Schreck at the Salt Lake Theater in the night of April 12, is due here from Chicago some time this afternoon.

Now that the ball tossers throughout the country are warming up for the coming season, there is much interest taken in the stories of the stars that are circulating in the press. One of the notable ones is Napoleon Lajoie, manager of the Cleveland team, and without doubt the greatest batsman in the world. Lajoie's average for nine years is .353, his lowest being .23 and his highest .422 made in 1901. He made 140 hits, scored 230 runs and stole 260 bases out of 425 attempts at base stealing.

Pop Anson, the veteran manager of the Chicago team, made an average of .34 for 14 years' work on the diamond. But he was never up against anything like the kind of pitching that is in force today, and although he has been a good manager of the stickers in his day, he must drop his cap to Napoleon Lajoie, the present topner with the club. It is to be expected that the Frenchman has been playing in the days when Anson was in his prime his averages would have been greatly superior to the famous leader of the Windy City players.

According to a Bellingham, Wash., dispatch, Lucas has fallen down hard on his proposed six-club circuit. He worked so hard to keep Britt and his brother Willie out of the game that he has lost the support of the local fans. The plan of a six team league has been abandoned as being impracticable from a financial standpoint.

Today in this city the new league will be organized and a schedule arranged. It is proposed to play the first game about May 1, and thereafter play five games each week, or 120 games for the season. Sixty contests will be played on each side of the line. All the Sunday playing will be done in Bellingham and Everett, and probably the hall for the regulation of the league. D. E. Dugdale is expected to assume the management of the Bellingham team. He claims that he has done it for Dugdale. Victoria wants George Howlett and Vancouver has secured John J. McCloskey, the manager of Boise's pennant winning team in 1904.

TEXAS CATTLEMEN.

Will Aid Government in Beef Trust Investigation.

El Paso, Tex., March 29.—The following statement with reference to the resolution of Texas cattlemen to give all possible evidence in the United States investigation of the so-called beef trust, was issued today by President W. W. Turney of the Interstate Cattle Growers' association:

"Ninety per cent of the cattle growers of the country believe there is an illegal combination, having for its object the stifling of competition and the controlling of 98 per cent of the cattle shipped to the six great slaughter houses, Kansas—Chicago, Kansas City, St. Louis, Fort Worth, Omaha and Los Angeles—and they are ready to help the government, and will help it all they can, to break this monopoly. Corbett who is done, and the cattlemen will help."

LEGISLATOR IN TROUBLE.

Member of British Columbia Legislature Forfeits His Seat.

Victoria, B. C., March 29.—Dr. Young, member of the British Columbia legislature for Atlin, is alleged to have violated the constitution act which deprives a person in the employ of the government and drawing remuneration for public services from beginning a candidate. The official accounts show that he received \$125 for services from July to Sept. 30. On Sept. 19 he was nominated as a candidate for the legislature. Under the constitution act the member for Atlin has forfeited his seat and is further liable to penalties amounting to about \$50,000.

HEAVY DAMAGES.

Awarded Capt. Frazer Against Theatrical Manager Edwardes.

London, March 29.—A jury in the king's bench division of the high court of justice today awarded Capt. Frazer \$15,000 damages against George Edwardes, the theatrical manager. The plaintiff charges Mr. Edwardes with infringing his copyright in an eastern play, "The Hunchback," by the appropriation of the plot, scenes and incidents therefrom for "The Cingalese," which was a great success at Daly's theater here.

Capt. Frazer is a well known officer of the Indian army, and prominent in amateur theatricals. He wrote "The Hunchback," which he offered to Mr. Edwardes, who failed to come to terms, but "The Cingalese" was produced shortly afterwards, resulting in the present action.

CHARGED WITH UTTERING FALSE COIN ARRESTED.

Helena, Mont., March 29.—United States Marshal Lloyd has been notified of the arrest at Great Falls of L. F. Hansen, charged with having passed counterfeit \$10 gold pieces. For several weeks someone has been putting in circulation in Montana spurious \$10 pieces. He worked off about \$100 in Helena Monday and then went to Great Falls. In Bolton's room under the carpet was found \$100 in the coin. Hansen had a partner, but he has not been apprehended.

MISOLUNA, MONT., MARCH 29.—Local police officers have discovered a quantity of metal in a shack occupied by Wallace and Bolton prior to the arrest of the latter in Great Falls, and are now convinced that the men passed all the bogus coin in circulation here. Bolton covered his tracks while here by working as a porter in a hospital, but succeeded in getting rid of about \$200 in bogus gold coin. The shack is near the ball grounds and it was there the bad money was said to have been made. All evidence here will be sent to Helena for use in the United States court at the trial of the accused.

HUNGARIAN SITUATION.

The Political One Now Seems to Be Clearing.

Vienna, March 29.—The political situation in Hungary seems to be clearing, and the hope is now freely expressed that the end of this week or the beginning of next will see a solution reached both the crown and the Hungarians making concessions. The solution is thought to lie in the appointment of a coalition or provisional cabinet. Herr von Szegedy-Marich, Austrian minister to Berlin, who once materially aided in the solution of a previous Hungarian cabinet crisis, has been in Hungary the last few days consulting with Emperor Francis Joseph and the various party leaders. The main stumbling block, however, still seems to be the old question of the introduction of the Magyar language in the Hungarian army for the word of command. Tonight the impression is growing that Count Julius Andrássy will be called upon to form the next cabinet.

MURDER IN FIRST DEGREE.

Such is Verdict in the Case of Herbert H. Metzger.

Helena, Mont., March 29.—A special to the Independent from White Sulphur Springs says: The case of state against Herbert H. Metzger was given to the jury this afternoon and after being out two hours the jury returned a verdict of murder in the first degree.

Metzger was accused of killing Homer Ward on Deep Creek, Thanksgiving eve. Ward was sitting in his house and it was charged that Metzger shot through a window and killed him.

RENO FILLS' HOME BURNED.

Reno, Nev., March 29.—The Elks home of Reno, the most handsome lodge building in Nevada, was partially destroyed by fire tonight. The blaze started in the cellar among a quantity of bunting and dry sticks. How it started is unknown. The building cost \$35,000. Thousands of dollars worth of furnishings are either ruined or damaged as a result of the blaze.

HOT IN PHILADELPHIA.

Philadelphia, March 29.—This city today experienced the hottest weather recorded in March since 1872. The maximum temperature was 79 at 4 o'clock, the rise being continuous from 5 a. m. At 8 o'clock tonight the temperature had dropped to 72.
