LOCAL AND OTHER MATTERS.

Cleaned Out.—The canal from the old Adobie Yard in the southwestern quarter of the city to the brick smelter in the north west of town, has been nicely cleaned out lately, and furnishes good drainage to the lands bordering upon it.

Moving In.—The Ogden new Co-op. building is fast approaching completion. Regular business has not yet commenced, but several carloads of goods have been moved in and before long, the institution will be in full blast. Supt. Sears is working with his usual vim and energy, and the people of Ogden seem to appreciate his labors in their midst.

Good Grading.—The workmen are still engaged leveling South Temple Street in the vicinity of the Eagle Gate. Beyond that point, the work will not be prosecuted very far, the lay of the land making the job of too great a magnitude for present undertaking. So far, it is a splendid piece of work, from the railroad station to the Eagle Gate, and reflects credit upon the labors of the Street Supervisor and his men.

The Nobles Troupe.—On the 3d and 4th of next month, the Milton Nobles Dramatic Combination will appear before our footlights. They are coming from Denver. The organization is from the east and is highly spoken of by the leading theatrical journals. Mr. Nobles has been in Salt Lake before. The play in which the company will open their engagement is a comedy drama, entitled, "The Phœnix."

The Sharpers Fined.—Dowd and Edwards, *alias* McCarty, the two confidence sharps arrested at the instance of a man named Turner, who had been tricked out of $1,100 in checks by them, were before the police magistrate yesterday afternoon, as announced, and tried on two separate charges. On one they were each fined $99, and on the other $50 each. In default of payment, they will work it out on the public streets, as the wearers of city jewelry usually do.

Canal Company.—A meeting of the South Jordan Irrigation Company yesterday afternoon, resulted in the formation of a stock company under the title of the South Jordan Canal Company. Books will be opened in a few days for taking the stock, which is placed at $150,000. The following officers were elected: Samuel Bennion, C. D. Haun, Jno. A. Egbert, Wm. J. Spencer, Wm. A. Bills, Jno. W. Winward, Geo. C. Lambert, trustees; Jesse W. Fox, secretary, and James Turner, treasurer.

Serious, but not Hopeless.—A telegram received at 9.45 this morning from Paris, Idaho, was to the effect that Apostle C. C. Rich was gradually sinking, and that Dr. Benedict and the family of Brother Rich, who left here yesterday afternoon, had not arrived.

At 10.50 a.m., President Taylor received a dispatch from Dr. Benedict, stating that the condition of Brother Rich was serious, but not hopeless, and that 24 hours would very likely work an improvement. We may infer that the family arrived with the doctor, and are now at the bedside of the patient.

Morgan Notes.—Sisters Zina D. Young and E. B. Wells have returned from a three days' trip to Morgan County. While absent, they attended seven meetings, all in the meeting-house at Morgan City.

Times are moderately good throughout the county. Crops are better this year than for several seasons.

A number of public buildings are being constructed. The Stake meeting-house will probably be finished in time for next quarterly conference. The Ladies' Relief Society has lately built a granary, in which will be stored nearly 1,000 bushels of wheat this year.

Diphtheria is prevalent in North Morgan, that is on the north side of the river, but other portions of the city at present are free from the disease.

Hamill the Elocutionist.—Prof. S. S. Hamill, the noted elocutionist and author of Hamill's treatise on the science of elocution, a text book now in general use and well merited popularity in our schools, will be in Salt lake early next month, for the purpose of giving some readings. The Theatre management have taken the matter in hand, and that building will be the place in which the entertainments will be held. Mr. Hamill is accompanied by his daughter, also a fine reader, and there is no doubt that the two are capable of giving a rare treat in this line. Mr. Hamill is spoken of as one of the most accomplished readers, as well as the leading American teacher of the elocutionary art, and in this country has but one rival—the celebrated Murdoch. Due notice will be given of the dates of appearance and other particulars.

Habeas Corpus. — Yesterday a writ of *habeas corpus* was granted by the District Court on application of Judge Crosby, of Wyoming, who wished to regain possession of his daughter, a young lady of this city. The facts are said to be as follows: Judge Crosby, at the time of his residence here, was married. In 1872 or 1873 his wife sued for divorce and obtained it of the Probate Court. At this time, it appears, Mr. Crosby was absent, at least he claims he was never notified of the granting of the divorce. His wife, since then, has married again, and his daughter is 18 years of age, and he now puts in an appearance to claim his child. The case had a hearing in Chambers last evening, and it being shown that the young lady was of age, and that her father could not claim a guardianship over her, the writ of habeas corpus was dismissed. The Judge now threatens to get a writ of *certiorari* and overhaul the records of the Probate Court relating to the divorce. The young lady, it is said, prefers to remain where she now is, with her mother, and would not even speak to her father when he approached her.

The "False Imprisonment" Case.—The Ostler-Phillips case is still in progress at the District Court. The motion by the defense, yesterday, for a non-suit was argued and overruled, and to-day the arguments on the main question are going on. It is very like ly that the case will be given to the jury this evening. The following named persons compose the jury: Joseph Winchester, Owen Dix, Wm. J. Player, Wm. Panter, Jos. D. Lyon, John Snell, John Page, Jr., Samuel B. Dallas, Jas. W. Phippin, Eber Case, Jesse R. Burbridge, John L. Nebeker.

Last evening, it was stated as a representation of the plaintiff Ostler, that he offered bail to the police at the time of his arrest, which was not accepted. This allegation is denied by the officers, and so far, we are informed, there has been no evidence adduced to prove that Ostler offered any bail at the time whatever.

India Ink Work. — Professor J. F. Burner, artist and penman, lately from Nevada, has shown us a specimen of his work in India ink portraits. The one exhibited was a likeness of Apostle Brigham Young, taken from an old photograph of the gentleman. The portrait is pretty accurate in facial contour and expression, but is far too darkly colored. This fault is not Mr. Burner's however, as he had never seen Mr. Young previous to last evening, and relied entirely upon the photograph, which is not an excellent likeness and gives the impression to a stranger that Mr. Young is of very dark completion. Mr. Burner could doubtless have produced a finer piece of work, had he been more familiar with his subject.

More Inventions.—The prolific inventive genius of our friend C. J. Gustaveson, the inventor of the Eureka nose-sack and the life-lasting hobble, has again been at work and produced a double action improvement on the latter, and a new invention in the shape of the Hookpin spur. Patents for the two were granted by the office at Washington on the 11th and 12th inst., which consecutive action is something unusual in itself. Brother Gustaveson is now the inventor of four ingenious and useful articles which are fast becoming popular, and his fertile brain will doubtless produce something else ere long, equally useful and substantial.

City Taxes.—The tax collector's office, No. 7, City Hall, has been literally besieged to-day by honest-hearted citizens, anxious to settle their little bills before the period of delinquency arrives. The law requires that all taxes remaining unpaid on October 31st, shall be collected by distraint and sale and it is to avoid this unpleasantness that the people are rushing to the collector's office. This is the last week in October and the genial collector expects to do a smashing business between now and next Saturday night.

Z. M. S.—The choruses to be rendered at the forthcoming concert were rehearsed by Zion's Musical Society last evening in a style indicating success. Other general rehearsals will be held at the Council House this and to-morrow evenings at 7 o'clock, and on Saturday at 7.30 p.m. It is requested that all the members will make it convenient to attend these meetings if possible.

Police Court. — Two cases of drunkenness and profanity, this morning, were fined $10 and $5, respectively.

A vagrant was taken into custody, but has not yet been dealt with.

The case of the proprietors of the Delta Saloon, for keeping a disorderly house, is in progress this afternoon.

Y.M.M.I.A. of Salt Lake Stake.—Please report as soon as possible the day and hour of holding your meetings; names of officers, whether all meetings are conjoint or separate, and date of election. Do not delay your reports, as it is intended to start the system of visiting of last season as soon as they are received.

Report by person or letter to
JOSEPH H. FELT,
Z. C. M. I.

Going South.—Sisters Eliza R. Snow and Zina D. Young are contemplating a trip to St. George, before winter sets in. They will start within the next fortnight probably, and return in about a month afterward. Sister Young leaves to-morrow morning for Lehi.

City Council.—The City Council meets to-night, at 7 o'clock. The main question to be discussed will doubtless be the electric light. Whether the city shall adopt it now or wait awhile, will probably be finally settled.

Taxes Due. — Territorial, School and County taxes for the year 1880, must be paid before the 31st day of this month. See notice elsewhere.

Received. — Dwyer has received Harpers *Weekly*, *Puck*, etc., also all the new monthlies.

Lucern. — The casual observer might have noticed a number of loads of this article on the streets to-day.

Set Sail.—Apostle Albert Carrington and company of outgoing missionaries set sail from New York this forenoon, all well.

Home Mission.—The Home Missionaries of this Stake are requested to meet in the Council House to-morrow (Wednesday) evening at 7 p. m.

Last Company.—The last company of this season's emigration from Europe, which left Liverpool on the 23rd inst., numbers 258 souls.

Reported Dying.—It is rumored as we go to press, that Mr. B. T. Young, of this city, son of the late Elder Joseph A. Young, has taken morphine and is in a dying condition.

Board of Regents—The adjourned meeting of the Board of Regents of the Deseret University will be held to-morrow (Wednesday) at President Taylor's office, at 12 o'clock, (noon.)

Received a Caning. — From the *Junction* of Monday:

"On Saturday evening a slight 'unpleasantness' took place between one of Æsculapius' Ogden disciples and another gentleman, an express messenger, in a saloon on Fourth street. It seems that the Dr. was making use of some remarks derogatory to the South and the Southerners. This was resented by the messenger, a Southerner, who immediately broke his cane over the Dr's caput. When the affray was over, each went to his respective place of abode, no serious damage being done. No arrests.

MORRISON IMPROVED SULKY PLOW.

The Best for the Farmer—Why?

Because none but the Best Materials are used and almost any part can be replaced at a country shop.
Because by a proper combination of iron and wood parts, the same as in a wagon, both strength and light weight are obtained.
Because it is always level whether plowing 2 inches or a foot deep.
Because it can be locked in the ground at any desired depth.
Because it can be unlocked and run free, passing over corn rows without changing depth of plowing.
Because any BOY who can drive a team and put 10 pounds pressure on foot lever, can operate it and do a MAN'S WORK.
Because its high wheels, light frame, large "thimble skein" axles and long mould board make it draw 125 pounds lighter than other sulky plows.
Because any ordinary farmer can put it together and operate it.
Because the Rolling Coulter is unsurpassed in strength and runs on chilled iron boxes, cone shaped, and can't wabble.
Because no part of the drivers' weight has to be lifted in throwing out plow, as in most others.
Because of the 300 sold for the first year, not $5 worth of repairs has been call for.
Because it is the FINEST FINISHED Sulky Plow made, and its common sense construction commend it to all.
H. B. CLAWSON,
s1m Local Agent.
