EVENING NEWS.

Tuesday, April 24, 1883.

The Lime-Kiln Club.

"Am Brudger Johnson in de hall de evening?" asked the president as he arose and looked up and down the hall.

"Yes, sah."

"Den he will please step to de front."

Brother Johnson appeared to labor under the same mental condition as was about to be presented him for having the longest heels of any colored man in America, and his face wore a broad grin as he stood at the desk.

"Stepoff Johnson!" said Brother Gardner in his most solemn tones, "I was in de back room of a grocery on Beaudry Street de odder night to bargain for ten bushels of 'aters, an' I heard your voice as you cum in to order for pounds of buckwheat flour, an' to remark dat your ole woman was ravin' crazy wid de fool-she."

"Yes, sah, dat was me."

"De man Chimes soon dropped in, an' it wasn't five minits befo' you had a hot dip'se 'bout de size ob de aith."

"He doan know nuffin, sah."

"An' he called him a fool."

"You said he was a bigot."

"An' he said I was a humbug!"

"In de first place, what do you know 'bout de aith of de world?"

"I-I-weil, sah, what does de ole Chimes know 'bout it?"

"Dat's it—what do either one of you know 'bout it?"

"Fall, dat's what de trouble cum in an' I want to talk to you a little. In de first place, what do you know 'bout de aith of de world?"

"I-I-weil, sah, what does de ole Chimes know 'bout it?"

"Dat's it—what do either one of you know 'bout it?"

and said to his mother: "Mamma, I don't think dat teacher knows nuffin. Why not, my dear?"

"Why, she know's nuffin, all de time. She ask's where de Mississippi river was."

At a recent divorce trial the wife was asked a question, to which she made the following reply: "When I was first married I was so jealous of my husband that I thought every woman I saw wanted him, and now I wonder how I ever could have been such a fool as to have wanted him myself."

A father has been complaining to a friend of the family of the conduct of his prodigal son. "You ought to reason with him seriously," says the friend of the family. "So I do! So I do!" says the father in despair, "but it has no effect. The young scoundrel will listen to no reason but his own."

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from every part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child.

17 N. Eust St., Baltimore, Md.

Gent:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption.

Having three children by the terrible disease, under the care of eminent physicians, I was loath to believe that anything could arrest the progress of the disease, but, to my surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she was able to get up and walk, and now is quite restored to former health.

A sick daughter began to quiver and tremble, and when the physician was consulted he said: "Give her Brown's Iron Bitters, and when informed that it was a compound of vegetable extracts, the chief of which was SASSAPILLA and STILLINGIA. The cure effected by SCOVILL'S BLOOD AND LIVER SYRUP are absolute, and their record is unassailable by fact."
