

SAYS HE SAW A MAN KILL HIMSELF

Declares Cab in Which Young and
Nan Patterson Were Passed
Within Five Feet of Him.

HE WILL BE A STAR WITNESS.

Hereafter the Two Sisters Will Occupy
The Same Cell in the
Tomb.

Chicago, April 21.—Samuel Eisenberg, the Russian Jewish contractor, who has told of seeing a man kill himself while in a cab with a woman June 24, 1904, on West Broadway, New York, expressed a willingness today to go to New York and testify on the witness stand in the case of Nan Patterson.

"The cab in which Young and Nan Patterson sat passed within five feet of me," said Eisenberg today. "The man appeared drunk and he appeared to be fighting with a woman. She was clinging tightly to his hands. The cab was moving very slowly and the woman said something to the driver as if to tell him to go faster. He cracked his whip and the horse went faster. Suddenly the man got his hands free and pulled a revolver from his pocket. His hand went up and down and then the shot rang out. The man fell forward, the revolver fell from his hand and he fell over on the woman's lap. The woman seemed to faint, because her head fell on his shoulder."

STORY IS CONVINCING.

New York, April 21.—Abraham Levy, counsel for Nan Patterson, telegraphed today to a Chicago lawyer to secure in detail the story of Samuel Eisenberg, who said he saw Caesar Young kill himself. Mr. Levy was informed in reply that Eisenberg told a convincing story. "The cab in which Young and Nan Patterson were sitting," said Mr. Levy, "and I do not know how he would stand under the fire of cross-examination, but his story impresses me."

SISTERS IN SAME CELL.

New York, April 21.—Nan Patterson will hereafter occupy a cell with her sister, Mrs. J. Morgan Smith. This arrangement was made today by Warden Hylan of the Tombs. The cell in the hospital ward in the women's section. The two women will occupy this cell so long as no illness breaks out among the women inmates of the prison.

Today being Good Friday, they attended service in the Presbyterian chapel. After services Miss Patterson's counsel and her father called.

FRIARS LAND QUESTION IS TO BE ARBITRATED

Washington, April 21.—Secy. Taft and Senator Culliver, the latter representing the Philippine Sugar Estates Development company, today reached an agreement to arbitrate the outstanding issue respecting the sale to the Philippine government of the Dominican friar lands, amounting to about 16,000 acres, valued at about \$2,500,000, which has been on deposit in New York for more than a year awaiting an agreement between the principals.

Title to eight haciendas is involved. As to the five of these there has been no controversy, but the Dominican title to the remaining three is pronounced insufficient by the Philippine council. The basis of today's agreement is that title to the five tracts shall be conveyed at once to the Philippine government and the lands paid for, while the title of the three remaining tracts shall be submitted to the arbitration of Chief Justice Arellano and Secretary Justice Willard of the Philippine supreme court.

Secy. Taft today called Gov. Wright to him so that it will be based on formally by the council, and the troublesome question at last be settled.

To Quarantine Meningitis.

New York, April 21.—As a result of an investigation being made by a committee into the spread of cerebro-spinal meningitis in this city, Health Commissioner Darling today issued orders that he believes the communicability of the disease has been sufficiently well established to warrant the placing of all cases in quarantine under the same rule as applied to scarlet fever, diphtheria and other contagious diseases.

Internal Revenue Collections.

Washington, April 21.—The monthly statement of the collections of internal revenue shows that for the month of March 1905, the total receipts were \$19,144,400, an increase as compared with March 1904, of \$3,010,000. The receipts from the several sources of revenue are given as follows: Spirits, \$1,011,000, decrease \$122,582; tobacco, \$1,717,200, increase \$478,761; cement, \$1,000,000, increase \$253,322; oleum, \$78,291, increase \$18,565; process of renovated butter \$10,390, decrease \$2,522; miscellaneous \$7,418, decrease \$1,657.

For the nine months of the present fiscal year the receipts show a decrease of \$1,657.

GOREMYKIN COMMISSION, Will Discuss Questions Relating To Peasant Tenure of Lands.

St. Petersburg, April 21.—The personnel of the Goremykin commission appointed to discuss questions relating to peasant tenure of lands was announced today. It includes M. Stuchkoff, formerly chief adjutant of the Russian interior department; M. Dikoff, son of the late interior minister; and other adherents of the former minister, giving it a decided reactionary tinge.

The position of M. Witte, president of the committee of ministers, grows more and more untenable. Interior Minister Rougloff has proposed to the council of the empire that the question of higher education be transferred to a special commission, and the Slovo again publishes a report that M. Witte will not immediately resign. M. Rougloff, president of the economic department of the committee of ministers, is current that M. Shiloff, president of the Moscow zemstvo, will succeed M. Rougloff. Should this be true it might indicate that the government is disposed to accept the program proposed by the national progressive party at Moscow, of which M. Shiloff is the head.

Additional Cossacks are being brought

to St. Petersburg in view of the anticipated disorders on May Day. Two squadrons of Cossacks of the Don arrived here yesterday.

By order of the minister of education all new instructors of the middle school must take the oath of allegiance to the emperor. The students who were tried for engaging in red flag demonstrations in front of the Kazan cathedral on Dec. 11, have been sentenced from three to four months' imprisonment. As the time they have already spent in the fortress is credited to them, the majority of the prisoners will be released and the others have only a few days longer to serve.

Killed in a Runaway.

Billings, Mont., April 21.—Olaf Nelson, building contractor, who erected many of the business blocks in Billings, was killed in a runaway while driving from the city to his ranch, five miles west of the city, last night. With Andrew Beck, a farm hand, he was riding in a hay wagon, when the team became frightened at a passing train and ran away, throwing both out.

Nelson's back was broken and he was dead when found. Beck is still unconscious.

BEEF TRUST INQUIRY.

Packers Question Right of Secret Service Men to Investigate.

Chicago, April 21.—The federal grand jury which is investigating the business affairs of the meat packers resumed today its probing into the details of the sausage casing business as carried on by the packers. Over a score of clerks and other employees of the packers told the grand jury what they knew of this branch of the packing industry.

Chief John E. Wilkie of the United States secret service bureau, who is in Chicago, en route to the Philippines, said today that he had learned that certain packers and their attorneys had questioned the right of the United States secret service department to make an investigation in conjunction with the federal grand jury.

The packers, Chief Wilkie said, contended that the secret service department is under the charge of the United States treasury department, and that the funds provided by Congress cannot be used in a special investigation, because the secret service is really only for the suppression of counterfeiting.

In reply to this contention, Chief Wilkie said that the special detail of men connected with the investigation of the packing industry were being paid out of the \$500,000 appropriation made by an act of Congress for the purpose of pushing the investigation, and that the secret service men would be kept on the case as long as they were needed.

WOODMEN OF THE WORLD.

Book Chosen Head Consul by an Overwhelming Majority.

Los Angeles, Cal., April 21.—The Pacific division of Woodmen of the World today elected officers for the ensuing year. L. E. Book, Denver, was chosen head consul by an overwhelming majority. Only one other name was placed in nomination for the office, A. B. Keith of Butte, Mont. John H. Butler of St. Louis was chosen head of the local lodge.

The other head officers chosen are: P. E. Snodgrass, Eugene, Or., head banker; P. E. Bertschey, Denver, Col., head auditor; Dr. T. A. Hughes, Denver, head physician.

There were three head managers to elect. A. D. Stillman of Pendleton, Or., and C. V. Benson of Loveland, Col., holding over. The following were elected: T. M. Robinson of Oakland, Cal.; W. C. Hawley of Salem, Or.; and Dr. James Steinhilber of Denver.

Elmer P. Connor of Seattle, Wash., was elected as head escort, while the election for head watchman resulted in the selection of A. Arant of Everett, Wash., and that of head sentry fell to Chas. Bonner of Salt Lake City.

At the convening of the session this morning the matter of fixing the salaries of the head managers brought about considerable discussion, finally resulting in the members of the board not members of the finance committee being allowed a salary of \$800, and those who are members of the finance committee being allowed \$1,200.

The compensation of the head physician was fixed at 25 cents for each application acted upon.

It was then decided that these salaries should be paid in full for all services rendered to the order, and no per diem be allowed except to the head consul as heretofore provided.

Narrow Escape from Death.

Butte, Mont., April 21.—Harry Buckley and Fred Williams, two miners, had a miraculous escape from death today while working on the 1,600-foot level of the Butte mine. The men had just completed drilling a hole for a blast when their drill struck a charge that had been overlooked. Both men were badly injured and Buckley probably will lose his right leg.

Both men caught the full force of the explosion, and it is inexplicable to the miners why they were not killed outright.

Claimant for Fair Millions.

Topeka, Kas., April 21.—Another claimant for the Fair millions appeared here today in the person of Frank Smith, chief of the Santa Fe railroad hospital. Smith says he is a brother to Mrs. Charles Fair, who, with her husband, was killed on Aug. 14, 1902, in an automobile accident at Everet, France. Smith's knowledge of the relationship came through reading an Associated Press dispatch in a newspaper a day or two ago of the death last Sunday in Newmarket, N. J., of Mrs. Hannah E. Nelson, mother of Mrs. Fair. Smith at once recognized the name as that of his mother. On telegraphing to Newmarket he found he was correct. Mrs. Nelson had been buried by the time the telegram reached him, and he was therefore unable to attend the funeral. Smith left New Jersey in 1877 and has been in Kansas since then. He has not corresponded with his father for years, and had lost all track of him.

Smith said tonight he was certain of his relationship with Mrs. Fair. He has retained attorneys who will look after his interests in connection with the fair fortune.

IRRIGATION ON THE YELLOWSTONE

Huntley Project on the Crow Indian Reservation Submitted to
Secretary of Interior.

WATER ABOUT 35,000 ACRES.

Specifications Provide That Lands
Shall be Disposed of Within
Five Years.

Special Correspondence.

Washington, D. C., April 18.—The proposals and specifications for the construction of about 30 miles of the main canal of the Huntley project on the Crow Indian reservation have been submitted to the secretary of the interior for his approval by the reclamation service.

This project is to provide for the irrigation of about 35,000 acres of land along the south side of the Yellowstone river, such lands having been ceded to the government by the Crow Indians under a treaty ratified by Congress a year ago. According to the estimates the work will cost about \$26 per acre, and the total cost of the project will be about \$910,000. The lands to be irrigated are within five years from its passage. This leaves but four years from date for the completion of the construction of the project and the disposition of the lands. The section for which plans are now presented is only a part of the main project, and as much more will be required to complete the construction, inasmuch as the necessary diversion works on the Yellowstone must be constructed in low water, and as a considerable portion of the first division of the work will be executed below the low water level of the river, it will be necessary to let contracts in a few months if the contractors are to complete the work within one year from the signing of the contract, such period of time being specified in the proposals for construction.

From information received from the commissioner of the general land office it appears that contracts have been let for the necessary public land surveys, and that these will be completed by the end of the present year. It is hoped also that the Indian settlements on the ceded part of the reservation will be finished by that time.

As before stated the project contemplates the irrigation of about 35,000 acres, and the approximate total cost will be \$910,000. The plans have been approved by the board of consulting engineers, and it is expected that the secretary of the interior will order the commencement of the work at an early date.

MONTANA STATE LANDS.

Decision Regarding Their Disposal by Water Commissioner.

Butte, Mont., April 22.—A Miner special from Helena states that Atty.-Gen. Galen today rendered a most important decision upon the right of water commissioners, as defined by recent legislation, to dispose of state lands designated as irrigable and lying within the limits of any existing or proposed national irrigation system in Montana. The opinion is regarded as a most important one, because of the vast amount of such lands under state control and the several national irrigation projects under way and in contemplation.

According to the attorney-general all lands now or hereafter owned by the state which are designated as irrigable under any existing or proposed national irrigation system in Montana shall be disposed of by the state in farm units but no title to such lands shall be conveyed from the state until the conditions and limitations provided for in United States laws have been fully complied with, and the state and land is fully satisfied of such compliance on the part of purchaser. The state can sell or offer for sale such state lands before completion of any such government irrigation project for the lands, but the title to such lands shall be held by the state until the conditions and limitations provided for in United States laws have been fully complied with, and the state and land is fully satisfied of such compliance on the part of purchaser.

Bryan Buys a Jersey.

Springfield, O., April 21.—William J. Bryan, who arrived here today, drove to a farm near by and for \$100 bought a Polled Jersey heifer. He visited the big harvester shops and the Masonic, Pythian and Odd Fellows state homes. Bryan headed the committee which met here.

A BAD SOLDIER.

In a Drunken Frenzy He Kills
One Person and Wounds Six.

Warsaw, April 21, 10:30 p. m.—A drunken soldier at 8 o'clock tonight fired his revolver in the crowded streets of this city, killing one and wounding six persons, one of them fatally. A patrol had attempted to arrest the man, but failed, and as he fled he fired in all directions. Among the wounded are two soldiers, a policeman and two Jews, a father and son. A workman finally captured the miscreant.

French Senate Adjourns.

Paris, April 22.—The senate today passed the budget and adjourned until May 23.

The chamber of deputies continued the debate today on a bill of the church and state separation bill, which article provides the details for the dissolution of religious organizations.

Oregon Land Frauds.

Portland, Or., April 21.—Renewed interest was created in the land frauds today when State Senator George C. Brown and George Sorenson were arraigned in Judge Hollingsworth's court to plead to various indictments found against them by the late federal grand jury. Each fled pleas in abatement, which, it is understood, will await the fate of the one filed by Senator Mitchell, to be decided by Judge Bellinger next Monday.

Montana Wool sales.

Helena, Mont., April 21.—Large sales of Montana wool before that article is removed from the sheep's back are reported daily. A special from Billings says Fraser Bros., who have been buying large clips on contract, have taken over 1,500,000 pounds of contracted wool to Jeremiah Williams & Co. of Boston at 20¢ cents per pound.

Fraser Bros. only a few days ago

disposed of 1,000,000 pounds of contracted northern Wyoming wool.

Noble Accepts Appointment.

Washington, April 21.—Secy. Taft today received the acceptance by Alfred Noble of his appointment as one of the board of consulting engineers of the Panama canal commission. Mr. Noble was the "San" canal, and is the consulting engineer of the Panama canal commission at New York.
