

CHILI TO REDUCE NAVAL STRENGTH

Significant Announcement Comes
From Valparaiso.

ARBITRATION IN FUTURE.

Five South American Republics Re-
ported to be in Favor of Peace-
ful Settlements.

New York, Nov. 5.—A dispatch to the Herald from Valparaiso, says: Significant announcement is made, in view of the reported agreement of five South American republics to apply arbitration in the settlement of their disputes, that Chili is about to reduce her navy.

The government will sell one third-class cruiser to Ecuador, and another to Peru and two torpedo boat destroyers to Japan.

The fact that one of the warships will be sold to Peru, which is one of Chili's opponents in the Tacna-Arica dispute, gives additional weight to the declaration that a settlement of the controversy will be effected soon.

FATAL LESSON.

Prominent Chicago Man Accidentally
Shoots His Young Wife.

Chicago, Nov. 5.—By the accidental discharge of a revolver last night, Charles Burdick Boardley, a man of wealth and well known in the city's business circles, shot and killed his wife, Margaret Boardley, 27, of Superior street.

The victim, on receiving the shot, fell to the floor with a scream, and was dragged up by her husband to die in his arms.

In handling the revolver from which the bullet made the fatal wound, Mr. Boardley was endeavoring to instruct her how to fire it. He was holding the revolver in his right hand, and she was holding it in her left.

Mr. Boardley had bought the revolver during the afternoon. He was a member of the Union League club, the Washington Park club and the Chicago Athletic association.

5,000 BRITISH SUBJECTS.

Large Number of Japanese and Chinese
Naturalized in British Columbia.

Authorities Confronted With a Big
Problem at the Coming Election
in Canada.

Vancouver, B. C., Nov. 5.—Five thousand Japanese and Chinese, who have been naturalized during the last year, may vote at the Dominion election in British Columbia in December.

The conservatives of Vancouver have obtained legal opinions that Japanese are entitled to vote, just as soon as their naturalization papers are made out.

A telegram received from David Mills, Canadian minister of justice, admits the general contention that the Japanese may vote, but suggests that the election returning officers in each case taken competent legal advice in their own localities and act upon that.

S. S. Roanoke Is Safe.

Port Townsend, Wash., Nov. 5.—The steamship Roanoke, reported lost, arrived tonight at 11:30, bringing 100 passengers and \$500,000 in gold dust.

The Roanoke sailed from Nome October 28, and reports the steamship Cleve, had a complete wreck 25 miles west of Cape Nome, where she struck a rock on October 24 and soon went to pieces.

Her signals of distress attracted the attention of the United States cutter McCullough, which went to her assistance and saved passengers and crew except the second officer, who was thrown into the icy waters and went to the bottom before assistance could reach him.

Officers of the Roanoke report that ice is forming at St. Michael and when she left that port had to force her way through thin sheeting ice.

Peers Want to Be Mayor.

New York, Nov. 5.—Among the candidates for borough mayors of London are half a dozen peers, says a Tribune cablegram. The duke of Norfolk and Lord Onslow are rivals for Westminster. Lord Chelmsford is named for Kensington, the duke of Bedford for Holborn and Lord Cadogan for Chelsea.

Prominent members of the nobility have been mayors of provincial cities during the last fifteen years and the custom of having titled gentlemen in municipal offices has grown out of the recognition by the nobility of their public obligations in local government.

PHILIPPINE AFFAIRS.

Increased Campaign Activity—Noted
Filipino Against Aguinaldo.

New York, Nov. 5.—Secretary Root found it necessary some days ago to issue special instructions to Major General MacArthur, governor general of the Philippines, regarding the conduct of the campaign in Luzon.

A Washington dispatch to the Herald says: These instructions were due to dissatisfaction over the successful operations of the Philippines. General MacArthur's policy was to scatter the troops over a wide range of territory,

carrying out in this way the policy initiated by General Otis. Filipinos assembled in sufficiently large numbers to make vigorous assaults upon American garrisons who in some instances suffered distinct reverses.

The war department is understood to have directed General MacArthur to prevent further successful operations by collecting his troops in sufficient force to destroy any bands with which they may come in conflict. No important insurgent operations have occurred for some time, and it is believed the execution of the department's instructions is responsible for this.

General MacArthur's friends say he is handicapped by the absence of troops in China, but the fourteenth infantry left Taku on Saturday for Manila. Other regiments will follow and General MacArthur will have about 70,000 men with whom to inaugurate a campaign against the insurgents.

Adjutant General Corbin has received from Judge Taft, president of the Philippine commission, a dispatch forwarding a message from Senator Buchanan, formerly secretary of foreign affairs in Aguinaldo's cabinet.

The message was telegraphed to the President.

It is understood that Senator Buchanan, besides unreservedly accepting American sovereignty, submits a proposition to organize a force of Filipinos to make war upon the supporters of his former chief.

Will Call on Wales.

New York, Nov. 5.—The visit to England of Prince George of Crete is attracting much interest, says the Tribune's London correspondent. He comes from the Danish court to visit the Prince of Wales, and will probably see the queen. His appointment as high commissioner has always been attributed to the influence of the empress mother at St. Petersburg and the princess of Wales.

German Duellist Sentenced.

St. Petersburg, Nov. 5.—A student at the University at Dorpat has been sentenced to imprisonment for a term of two years for having killed a fellow student in a duel a year ago.

The government has virtually broken up the German duelling association at the university.

New Russian Telegraph.

St. Petersburg, Nov. 5.—The construction of a direct telegraph line from Ljadia to St. Petersburg is taken here as an indication that the former has a firm hold upon the affections of the czar.

Republicans Claim Indiana.

Indianapolis, Ind., Nov. 5.—Senator Charles W. Fairbanks gave out the following statement to the Associated Press today:

"The campaign in Indiana has been a notable one. The contest has been sharp and no point was left uncontested. The Republicans have been aggressive, and each day has added to their strength. They have had the support of many gold Democrats. State issues have been subordinated almost wholly to national issues. McKinley will carry the State by a very decisive vote, elect the entire State ticket, control both branches of the legislature and elect nine of the thirteen members of Congress."

Russians and Fevers.

St. Petersburg, Nov. 5.—According to private dispatches received here typhus and other fevers are beginning to abate in the Russian army in Manchuria.

RUSSIA WANTS BATTLESHIPS.

Orders for Five to be Placed With
American Builders.

New York, Nov. 5.—Russia is to place orders with American shipbuilders for five new battleships during the next year. Secrecy seems to be the order with those in a position to give information, but the bare fact that in procuring her naval construction program Russia will favor American builders comes from an authentic source, according to Joseph Spencer

Dr. "Jim" Back in London.

New York, Nov. 5.—Although the name of General Smith-Dorrien, whose gallant march to Belfast, has just been recorded by Lord Roberts as being seldom found in the dispatches, South Africans consider him one of the best men in command, says the Tribune's London correspondent, and even credit him with military genius. Dr. Jameson, for example, decries him as a really great general, who has not made a single mistake during the campaign, and has done much brilliant work. Two other generals, Jameson praises are Ian Hamilton and Hunter, whom he knew at Ladysmith, and he also admires French intensely. Dr. Jameson does not court publicity. He has recovered from a terrible attack of fever, contracted in the Ladysmith hospital, but has had a return of older ailments, and has come to London to consult specialists. Dr. Jameson gives a thrilling account of the siege of Ladysmith, and lacks words in which to express his admiration for the rank and file of the British army. His comments on the generals are in the different key. He does not believe the guerrilla operations will last long.

Another Revolver Accident.

Chicago, Nov. 5.—Charles Olson accidentally shot his cousin, Miss Alma Beck, at the latter's residence last night. Olson had taken his two sisters to Miss Beck's house and was helping the women pack their trunks preparatory for their departure for California when he fired the shot. The injured woman was taken to the hospital, where it was said she would recover. She said the shot had been fired accidentally. Olson was arrested.

A BACKWARD CHILD

In a child that is backward in teething, look out for rickets. You can prevent any serious consequences by promptness.

The cause is poor nutrition, imperfect digestion of food, wrong food, poor food, bad air, low life.

You must stop it. Give Scott's emulsion of cod-liver oil to feed the bones. Now give him good food: the proper food for a child.

It is a short job, and not a difficult one.

We'll send you a little to try if you like.

SCOTT & BOWNE, 409 Pearl street, New York.

BOTH MEN ARE CONFIDENT.

Chicago, Nov. 5.—The following statement was given out at the headquarters of the Republican national committee:

"There are few surface indications at this time dissimilar to those of four years ago, when McKinley swept the country by the greatest majority probably ever given to a presidential candidate.

"The work of the Republicans during the last four weeks has been marvellously effective. It has been marked everywhere by completeness in detail of machinery, harmonious action and desired results. In the history of the party no better organization has ever existed.

"McKinley will carry every State which voted for McKinley and Hobart four years ago and certainly seven or eight others that voted for Bryan in 1896.

"The alleged hopes of Croker and Bryan to carry Indiana and New York are simply following out the program of claiming everything in sight for the purpose of encouraging the followers in close States to make the most desperate efforts for success.

"The claims of the Republicans are based upon the result of actual work reported by men in the field brought up through precinct, ward, township, city and county and State organizations, and upon actual facts as shown by the closest vote poll ever made by any organization."

"All Russians," he said, "are perfectly satisfied with the Veria and the Retzivan. They are fine ships. We think American builders are among the best in the world. Some builders show a sample ship and obtain an order for one like it, but the finished product likely does not correspond with the sample. But this is not so with American builders. They make us a ship just like the model."

DO AWAY WITH CREED.

Important Movement Affecting the
Congregational Church.

Chicago, Nov. 5.—The Tribune says: A movement to do away with the creed which all ministers must now subscribe to before they can become members of the Congregational association of Chicago was instituted last evening at the semi-annual meeting of the association in the Leavitt street Congregational church.

The admission of Artemus J. Haynes, who asked that he be allowed to sign the revised creed of Plymouth church instead of the old one, was the occasion brought up the question. The ministers decided to consider a revision of their constitution at the next meeting as a matter of general interest. Other ministers are inclined to consider the constitution and bring their own views to the association at the annual meeting next spring.

In addition to the question of creed, the revision of the constitution will include the question of lay membership in the association. A change in the rule which admits only pastors occupying pulpits to the association is considered. The privilege may be extended to secretaries of societies and lay officials of New York, generally to lay members of the church.

Senator Davis Improving.

St. Paul, Minn., Nov. 5.—United States Senator Davis passed a quiet night and seemed somewhat better in his condition. Thus far there have been no apparent ill effects from the operation of yesterday.

Vanderbilt in Grocery Business.

Crowley, La., Nov. 5.—The American Rice Growers' Distribution company, limited, has been incorporated here with a capital of \$15,000,000, half of which is contributed by the officers as follows: William K. Vanderbilt, of New York, president; William Dusen, of Crowley, vice president and general manager; Alexander W. Hallberg, of New York, treasurer; James P. McGowan, of New York, secretary. Its domicile is Crowley.

WOMAN BAGS ROBBER.

Mexican Bandit Shot in Vicinity of
Phoenix, Ariz., Last Night.

Phoenix, Ariz., Nov. 5.—A shot gun in the hands of a woman ended the career of Ventura Peco, a Mexican robber, in a sensational manner last night. Mrs. Lena Peterson heard a noise in the cattle corral in the rear of her house. Taking a shot gun, she went to investigate, and saw a man trying to steal a calf. She fired two barrels into his body, killing him instantly.

Fashionable Clergyman Ill.

New York, Nov. 5.—The Rev. Dr. John Wesley Brown, the rector of St. Thomas Protestant Episcopal church in this city, and one of the best known clergymen in this diocese, is dangerously ill, but his family is unwilling to speak freely concerning his condition.

Dr. Brown's church, which is in Fifth avenue, is a very large one and noted for the number of its wealthy and fashionable parishioners.

Dr. Brown is 63 years old. He was a civil engineer, but became a Methodist minister in 1868 and later joined the Episcopal church. He had a church at Middleton, Del., and went thence to Trinity church, Philadelphia; Christ church, Detroit; Trinity church, Cleveland, Ohio, and St. Paul's cathedral, Buffalo, where he served for six years and nearly trebled the income of the cathedral.

Many fashionable weddings have taken place at St. Thomas since he had been rector, including those of Miss Consuelo Vanderbilt and the duke of Marlborough, Miss Pauline Whitney and Almeric H. Paget and Miss Clark, daughter of Senator W. A. Clark, and Dr. Morris.

Eleven Gunboats Gather

War Vessels in the Vicinity of Canton Cause
Uneasy Speculation.

Hongkong, Nov. 5.—The presence of eleven gunboats at Canton causes continued speculation. The action of a German vessel reported to be sounding in the vicinity of Honan and Pait has caused a rumor that the Germans intend to obtain a concession, owing to the increasing trade and crowded condition of Shamen.

IRISHMAN FOR IRELAND.

Mr. Wyndham Named for Chief Secretary Without Cabinet Rank.

New York, Nov. 5.—It is learned on the best possible authority by the London correspondent of the Tribune, that Mr. Wyndham will be chief secretary for Ireland, but will not have cabinet rank. His friends have counted upon his admission to the cabinet as a certainty, but they are doomed to disappointment. Lord Cadogan will not resign the viceroyalty and the chief secretary must be in the cabinet. Mr. Wyndham has Irish blood and, what is better, knowledge of and sympathy with Ireland. Some of Mr. Wyndham's shrewdest friends are inclined to congratulate him upon escaping from the war office during the next five years. They do not believe that the present government will be thoroughly in earnest in reforming the military system and are convinced in advance that half measures will be sternly disapproved by the country.

TRYING TO SHIRK.

Honduras Playing a Sharp Game on
the Peers Brothers.

New York, Nov. 5.—Honduras, says a Washington dispatch to the Herald, has played a sharp trick on the Peers brothers, in whose behalf the United States has been endeavoring to collect an indemnity of \$10,000 for the murder of their brother, Frank Peers, in February, 1899.

Several months ago Honduras proposed to pay \$5,000. If that sum should be satisfactory to the United States but Secretary Hay decided that it was not sufficient and reiterated his demand for the satisfaction of the entire claim. The latest demand was taken under consideration by the Honduras government.

A few days ago the department was informed by Honduras that the Peers brothers were not in sympathy with its efforts to obtain the indemnity, and that they had entered into negotiations with her for a time for a commission which she had finally refused to grant.

This action of the Peers brothers is decidedly embarrassing to the state department. The department is not pressing the claim for indemnity entirely for the benefit of the Peers brothers. It is deemed advisable in the interest of commerce to protect American life and property in Honduras that that government should be taught not to permit the death of Americans and the escape of their murderers. It is likely therefore that another demand will be made for a settlement of the claim.

British Officers Decorated.

London, Nov. 5.—Lord Roberts, in a dispatch dated Johannesburg, Nov. 5, reports to the war office as follows: "Smith-Dorrien states that Major Saunders and Captain Chalmers, of the Canadian mounted rifles, have been decorated. Saunders rode out under a heavy fire to bring in a horseless non-commissioned officer. Saunders was wounded and his horse was killed and Chalmers went to his assistance. Saunders implored him to leave, but was refused and the gallant Chalmers was, I grieve to say, killed."

RUSSIA SEIZES JAP BOATS

Number of Fishing Smacks Gathered in By
Slavonic Authorities.

Tacoma, Wash., Nov. 5.—The steamer Queen Adelaide brings news that a large number of Japanese fishing vessels have been seized by the Russian authorities for transgressing the fishing limits off Siberia. Nineteen boats and 153 men are known to have been seized. Sixty-seven Japanese fishermen seized by the Russians last summer for trespassing in Bering Sea claim they were carried out of their course by the currents. Forty-nine of them have arrived at Nagasaki, having been released from prison. Sixteen are still detained in a Siberian prison.

Japanese troops are pushing the operations against the insurgent bands in central Formosa.

The construction of a trunk line railroad through Formosa is proceeding rapidly.

BROKE HIS NECK.

Clerk in War Department Injured
in Game of Football.

Washington, Nov. 5.—John McQuade, a clerk in the war department, is lying in the emergency hospital, his life in the balance—his neck broken playing football.

McQuade, who is 19 years old, was formerly a student at Georgetown University. Sunday some of the young men of the neighborhood organized a team of scrub eleven and started a game. A number of skilled players were engaged and the sport soon became very fast.

On a fumble McQuade caught the ball and started for the opposite goal. He was tackled hard and came down directly on his head. Several players fell on him, and when he was lifted from the ground his head fell back upon his shoulders, his neck having been broken.

The doctors at the hospital are taking great interest in the case, and if McQuade has strength enough to stand the operation they are contemplating, there is hope that he will live.

Chicago, Nov. 5.—Chairman James K. Jones of the Democratic national committee, gave out the following on the outlook on the eve of election:

"I have no doubt that the result of the ballot tomorrow will be the triumphant election of Bryan and Stevenson.

"The Democratic party has appealed in this campaign to the reason and conscience of the people, while the Republicans have appealed to passion and prejudice. In the great forum of public opinion I have no doubt the Democratic party has won in this, the greatest of its national political struggles.

"Four years ago the Democratic party was deficient in organization, whereas now it is perfectly organized and more efficient than it has been in any campaign. The national committee has been in touch with every part of the country, and is familiar with all the details of the work. While the campaign fund has not been enriched by the contributions of great trusts, it has received the patriotic mites of the great working classes in sufficient quantity to defray the expenses of the campaign, which is more satisfactory than if it had been otherwise.

"The country is now aroused as it has never been before since the great civil war, and the result can be nothing less than triumphant election of the national Democratic ticket."
