

BUY THE BEST

FLORENCE

SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and has been awarded the GOLD MEDAL for the highest standing, capable of giving an intelligent decision.

In addition to this, the Florence has received the verdict of **POPULAR APPROVAL** ALL OVER THE WORLD, As evidenced by its **IMMENSE SALE!** And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to advise to any not giving satisfaction, free of charge, the following is a list of some of the best Florence Sewing Machines, and how easily it is done, I feel like stating my Wheeler & Wilson away in the garment, so that one may know I have a Sewing Machine.

MRS. JOSEPH BULL, of the 17th Ward, has just purchased a Florence Sewing Machine. We are permitted to refer to her, and esteem her recommendation a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPRING, Dressmaker, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, and it is almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAPT. HOOVER says: "I have a Florence and a Florence in my family. For general family use the Florence is the best."

MRS. PETERSON, living five miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. W. W. W. has a Florence. With it I have been able to do all the sewing I want to do, and how easily it is done, I feel like stating my Wheeler & Wilson away in the garment, so that one may know I have a Sewing Machine."

ALFRED HEST, after actual purchase, and after trial of other Sewing Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, procures the Florence ahead of all others in all the requirements of a first class Sewing Machine. Simplicity, ease of use, and rapid motion.

MR. SMITH, of W. F. & Co., purchased a Florence about two weeks ago. A few days after, MRS. MORF, purchased one, and now another of W. F. & Co.'s employees is about purchasing. Thus proving the practical test of the Florence Sewing Machine is its own best recommendation.

MRS. SHUTTLIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would compare the Florence with a fair trial."

COL. JACKSON, brought a Sewing Machine up from St. George, for repairs, but could find no one in Salt Lake able to fix it; took a new Florence home with him last week, as he was determined to have a RELIABLE SEWING MACHINE, before handling it two hundred miles home.

MRS. STEVENSON and MRS. CRANDELL, of Spring Hill, purchased Florence Sewing Machines, last week, after carefully examining into the merits and demerits of the various Sewing Machines on sale in this city.

DAVID MILLER, WILLIAM MILLER, MRS. SHUTTLIFF, and several others, at one time purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR. JIMMY, WILLIAM SLOAN, NER REABRIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and excellent useful features, the result of years of careful labor, making it a most COMPLETE AND PERFECT Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversible foot. It is the only machine having a self-adjusting shuttle tension—a great improvement. It is the only machine making more than one kind of stitch. It is the only machine that has the thread at the end of a seam, doing it better and quicker than a domestic machine.

The lock stitch of the Florence (both sides or seam alike) differs from the lock stitch made by other machines in its design. The seam will stretch as much as the cloth, never giving way in washing, which is of the greatest importance in the sewing for a family. The lock stitch of the Florence is more like good hand sewing, both sides being alike, either side may be the right side, and the fabric can be sewed either side up or down, as most convenient.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a system of careful inspection, no machine leaving the factory until it has been tested for five years since its introduction. Its reputation as being reliable and durable is established. So little attention do we need that we will fix any machine sold by us, for place giving a thousand miles of use in any case. We warrant that it doesn't work well. A careful examination will fully substantiate our assertion we now make, that it is the best Sewing Machine in the world.

We warrant every machine to be as good as new for it, and will give a written warranty if required.

THE BLUE LINE CARS

ARE ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of repairs while remote from their own roads.

The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Roads or Line and the public.

The facilities of the Line for making uniformly quick time are unequalled.

All claims promptly settled on their merits.
