James A. O'Brien and John T. O'Brien is at present in San Francisco, wher he placed enough stock of the com where pany to guarantee the installation of a complete plant. Before leaving San Francisco for Fairview, he will

and hauted to Fallon, while the mill-ing dump is growing to enormous pro-

There are now over 1,000 tons of ore

on the dumps ranging in value from \$40 to \$60 per ton, and at the pres-ent rate, fully 2,000 tons of this grade

ent rate, fully 2,000 tons of this grade of ore will be on the dump before the expiration of the lease, Sept. 30, General Manager J. W. Finch of the Fairview Eagle has been in examp looking over the property, and as a result, equipment has been ordered to handle the water and facilitate the production of this mine. The new supment will include a large, pow-erful eagine and compressor. The puspes will be operated by air, and gener will be available for drilling. The veln in the mine is being strip-pes and explored on the 200 foot level, and now measures 16 feet between the

The velo in the mine is being strip-paid and explored on the 200 food level, and now measures 16 feet between the waits. The entire hody of one can be broken down and shipped. Alexander Russell and Charles R. Murdach at the Eagle's Neat Mining and Learning company, drived in fown, and express themselves as being pleased with the conditions of their lease. This block of ground adjoins the Eagle, and has an extension of the valu of the latter property. The values in the Eagle's Neat lease have pleased staadiluy as doubt is gained, and within a very short time the shaft will reach the same identical character as mined on the Eagle. Due of the most prominent firms of Coldited operators is about to start operations on a lease on the Farly's Neat. PARK CITY'S OUTPUT.

James A. O Brien and John T. O'Brien are engaged in sinking a shaft upon the property of the Little Edgar Min-ing company in North Tintle. Hudson Smith was out from Sal? Lake Wednesday to look after his North Tintle mining interests. James P. Driscoll was in Salt Lake place orders for all machinery. The mining development through-out the summer has been most gratify-ing. The values are proven beyond all doubt to go down, and are getting richer as each foot of depth is gained, while the producing area is rapidly enlargeing. James P. Driscoll was in Sait Lake Wednesday and Thursday on mining

business. James Crooks and Charlie Parker 12: Thursday for the Mountain Lion pres-erty near Learnington, where Frank Azalia has a force of men at work, and ward recently received from there states that a splendid showing has made its appearance on the ground enlarging. The Nevada Hills, the bonanza pro-The Nevada Hills, the bonanza pro-perty of the camp. is still maintaining its reputation as a shipper of high grade ore. Systematic development work is being carried on under the able management of W. H. Webber, and each month adds a huge amount to the vast quantities of ore in sight. The Nevada Hills Leasing company is establishing a record unparalleled in the history of the district. About 20 tons of extremely highly grade ore is being loaded at the mine daily and hauled to Failon, while the mills

## TINTIC ORE SHIPMENTS. A Total of 140 Car Loads Reached

# Smelters This Weck.

During the week Tintic mines report-ed at the valley smellers a total of 140 carloads of ore from 22 of the camp's Scholars of ore from 22 of the camp's producers. Those contributing and the number of cars from each is as follows; Ajax, 4; Beck Tunnel, 8; Hullock, 1; Bullion Beck, 9; Carlas, 2; Cliff Mining. ### BINGHAM NEW HAVEN. Change to Be Made in Upper Termin-

al of Tramway.

The Hingham New Haven company is engaged in obtanting the upper ter-minal of its aerial train from the up-per to the lower tunied and will soon be hendling nearly all of its work from the lower level which is at the bottom of the canyon, says a Bingham paper. This is expected to effect a

WATER SUPPLY.

# For many years the water supply for irrigation and culinary purposes was had from the limited amount of water coming down through the Narrows in irrigation and cuintary purposes was had from the limited amount of water coming down through the Narrows in the Muddy river. Within the last year the Nevada Land & Livestock company purchased over 2,000 acres of land in the valley and appropriat-ed 1,000 inches of water, which was about one-half the stream. The sec-tiers in the Upper Muddy had been taking more water than the settlers in the Lower Muddy believed them en-titled to. This ied to several visits into that country by the then state engineer. Henry Thurtell, who institut-ed accurate measurements of the wa-ier and has recently determined the appropriations and claims of all the settlers, on the entire stream from the head waters to the lowest user on the Muddy below St. Thomas. The settlers are now establishing weirs and ars reconstructing their ditches: the Ne-vada Land & Livestock company is constructing a canal on the line of the old Mormon canal, and hundreds of acres of hitherto waste land will be brought under cultivation, and it is ex-Louis D. Gordon expects to leave for Mexico next Monday, where he goes J. D. Wood, Frank J. Hagenbarth and C. H. Gitch departed for Idaho last night on mining business. D. P. Rohlfing departed last night for the Gold Hunter mine in the Coeur d'Alene district lo northern Idaho. The ore and buillon settlements re-ported inte yesterday by McCornick & Co., were: Crude ore and concentrates, \$20,000; base buillon, \$25,000. Lafayette Hanchett, manager of the Newhouse mines, will pull out for New York this afternoon where he will meet Mr. Newhouse upon his return Seymour W. Tulleck, president of the Sevier Consolidated Mining company, has returned from a trip to Los Ange-les. Upon his arrival reports were awaiting him from Vice President Maibrought under cultivation, and it is expected that before long there will be hundreds of acres of lucern and grain awaiting him from vice President alai-son, who is at the mine, indicating that conditions there are very satisfactory. In the past few weeks the company has cleared through the bank with \$16,000 worth of gold builton. Mr. Tulloch re-ports that some sensationally rich ore has been found recently in the Sevier reine and that the management has explanted.

#### EXPENSIVE RESERVOIR.

The establishment of the reservoir nlong the Muddy will be fraught with great expense and the evaporation in that district is so great that it would take an enormous supply of water to keep the reservoir filled. During the last two years there have been several floods down the Muddy, which have wrought considerable damage. There has been a tentative scheme for some time to establish a reservoir in what is known as the Narrows to catch What is known as the Narrows to catch the flood waters which come down the Meadow Valley wash. There is not sufficient water in the river, in my judgment, at the present time to justi-fy the construction of a reservoir, be-cause the inhabitants of the lower val-ley are constantly using the water, summer and water. summer and winter

anse the inhabitants of the lower val-ley are constantly using the water. summer and winter. The Thomas says: "From April to october is the season for asparagus, peak tomatoes, cantaloupes and the ke. From October to April, rough-hy speaking, would be the season for hay, grain and similar crops. Last had lettuces and radishes in December; in fact, had radishes, lettuce, onlong and the like practically through the original season is several weeks earlier there then bere. Sayeral of the soi-there have aiready planted from 20 to the season is several weeks earlier there than here. Sayeral of the soi-there have aiready planted from 20 to the season is several weeks earlier there have aiready planted from 30 to the season as several weeks earlier there have already planted from 30 to the season as several weeks earlier there have already planted from 30 to the season as several weeks earlier there have already planted from 50 to acres of asparagus. The Muddy bas does cannot now be purchased for the could be bought in St. Thomas which are show had at from 840 to \$50 per does from Logan to St. Thomas which are suited by having poor ditches and the bound of them. The Muddy has been caused by having poor ditches and the bound by a troug bo to \$50 per diverse of the set in the Muddy has been eaused by having poor ditches and the bound by a the set in the muddy was been as the bound the theore is main ir bound by a the set in the set of the set is bound at is the set of the set is main ir bound at the bound the set is main ir bound at the the bound the bound the bound the bound is the walley will be put to bound be bound in the bound IRRIGATION OUTLOOK.

# FELICITATES MR. MEAKIN.

Congratulatory Letter Received From E. W. Duncan, Formerly of City. Among many other letters of a con-

gratulatory character, John P. Meakin is in receipt of one from Ed W. Duncan, formerly of this city but now a resident of Kansas City, in which the writer expresses his gratification that Mr. Meakin was so kindly remerbered by his friends acre who tendered him a reception a short time ago. Mr. Duncan says that the recipient of the . honors is well describe of the dis-tinction, and declares that few have "thank you," as has the local fra-ternal lecturer.

ternal lecturer, Mr. Duncan mentions the fact that his daughter Edna, who was favorably known here as a vocalist, recently sang in the great St. James cathedral, Montreal, Canada, her selections being "Lead Kindly Light" and the "Rosary." She recently sailed for Berlin, Ger-many many.

Arthur F. Barnes, councilman from the Third precinct, is quoted as deciar-ing that he will not be a candidate for re-election this fall. Tonight the Republican city commit-tee meets in the Atlas block to consider the matter of a party campaign for the fail season, and also the matter of se-lecting a chairman to replace Willard Hanson, who has announced his inten-tion of resigning

Hanson, who hing. E. B. Critchlow, one of the most con-aligent haters in Salt Lake, is being talked of for the "American" party nomination for city attorney. He has a reputation for Mormon enting that rivals that of Ogden Hiles, the present incombent. incumbent.

Democrats are busy talking candi-dates to nominate at the Grand theater Sept. 17, and the "Americans" are pre-paring to turn the same trick in the same place two days later.

The Woman's Democratic club will

"Do you think." Mr. Thomas was asked, "that it would be feasible to construct a dam to hold the flood wa-ters for irrigation purposes?" "Well, I am not engineer shough to answer that question fully, but in my judg-
