Grantsville. — A correspondent, writing from Grantsville, Feb. 5th, informs us that an excellent free concert was given there lately by the choir leader, Brother A. V. Millard and his choristers, and that the musical exercises were of the most praiseworthy description. Lectures are being delivered there every Wednesday evening during the winter, and the Young Men's Lyceum is having a good effect in aiding to properly direct the minds and energies of the youth.

"Have you much fish in your bag?" asked a person of a fisherman, who was returning home. "Yes, a good deal," was the slippery reply.

When a Chicago girl quarrels with her lover she communicates the important fact to her friends in the remark that she isn't on squeezing terms with that fraud any more.

"HOUSEKEEPER" OF HEALTH.

The liver being the great depurating or blood cleansing organ of the system—set this great "housekeeper of our health" at work, and the foul corruptions which gender in the blood, and rot out, as it were, the machinery of life, are gradually expelled, from the system. For this purpose Dr. Pierce's Golden Medical Discovery with very small daily doses of Dr. Pierce's Pleasant Purgative Pellets are pre-eminently the articles needed. They cure every kind of humor from the worst scrofula to the common pimple, blotch or eruption. Great eating ulcers kindly heal under their mighty curative influence. Virulent blood poisons that lurk in the system are by them robbed of their terrors, and by their persevering and somewhat protracted use the most tainted systems may be completely renovated and built up anew. Enlarged glands, tumors and swellings dwindle away and disappear under the influence of these great resolvents.

Doctors Couldn't Help Him.

MEIGSVILLE, Morgan Co., O., March 24th, 1872.

Dear Dr. PIERCE:—When I was 12 or 15 years of age I took what is called King's Evil, and by constant doctoring it would heal in one place and break out in another. It also broke out in my left ear. I first found your name in the *Christian Advocate*, and sent 10 miles for the first bottle, which did me more good than all other medicines I ever used. I am 28 years old and doctored with five doctors, and not one of them helped me so much as

your bottle of Discovery. I have got well and able to do a good day's work.
