XLIX CONGRESS.

SENATE.

WASHINGTON, 25.—Eyre reported

favorably from the committee on com-

munications, the bill providing for the

encouragement of American shipping and

to promote the postal and commercial

relations with foreign countries. Eyre

explained briefly that the bill appropri-

ated \$1,000,000 for carrying the

United States mails in American ves-

sels and from foreign countries.

General to advertise for proposals, to

accept the lowest bids and to enter in-

to contracts for the carrying of these

mails. The bill, Eyre added, had re-

ceived the unanimous endorsement

of all the members of the committee.

Commerce were present at the

meeting, which was in session.

Placed on the calendar.

The chair laid before the Senate a

letter from the Postmaster General

transmitting in compliance with the

recent Senate resolution a tabulated

statement of the business of the

Postoffice for the year ending March 4, 1885.

On request of Edmunds, the army

bill was by unanimous consent made

the unfinished business of the morning

hour. The committee on the Edmunds

resolutions were laid before the

Senate.

AMERICAN.

Wired from Washington, The Presi-

dent's Proclamation on Civil Ser-

vice.

WASHINGTON, 25.—At midnight Dr.

Lincoln, who has been left in the

chair, he found him somewhat im-

proved. After a short change for the

day, and the fact that no change for

the worse had occurred was encourag-

ing. The second day of the illness

of all his limbs, but there was a slight

restlessness in his mind, and he was

resting quietly at the time he left the

house.

Cass Young was again examined by

the telephone investigating commit-

tee, but nothing of importance was de-

veloped.

Roswell A. Fish of California, As-

sistant Register of the Treasury, was

confirmed to-day.

In response to the Senate resolution,

Postmaster General to-day in-

formed that body that the total num-

ber of removals of fourth-class mail

from the coast of California, from

March 1, 1884, to March 1, 1885,

was 8,815.

The Executive session of the Senate

to-day was very short.

Cases of a number of postmasters

whose predecessors were suspended,

were reported favorably. It was

decided that they were cases of men

who had no charges been received

from any source, and that the

majority of whom the suspended offi-

cial had recommended confirmation.

This is in compliance with the

understanding of the Postoffice Com-

mission made some days ago with re-

spect to such cases.

An advance report was made in the

case of the postmaster of Nevada

ordered to be paid to the committee

the use of the Senate Committee, ap-

propriate to report on the case of the

nominee, who charges that the in-

terim had been publishing a newspaper

thereby doing much good for the

republican party. He (the present nom-

inee) says that the present nom-

inee, he, too, could publish a news-

paper, or, for the benefit of the

republican party, and the utterance

of the present nominee is quoted.

The committee also refers to a circular of the

Postmaster General and the utterance

of the President with regard to the ex-

ercise of the power of the Postoffice

Commission. The committee says it

represents the case adversely in order to

aid the Administration in carrying out its

policy.

Wherever the President's Executive

order was reported favorably. A written

report was made declaring in sub-

stance that the public expense had been

reduced, and that he was removed for

political reasons alone.

putants, Miss Valerey threw her glove
