SENATOR TILLMAN'S LECTURE

Burglar Sent Up for Five Years—Cars Derailed at Morgan—Lively Runaway—Wedding Announced.

Ogden, Sept. 14.—Chairman E. T. Hamblin of the Ogden City Republican central committee has issued a call for the first political meeting to be held this fall. He has decided to hold the city convention for the nomination of a ticket on Friday, Sept. 27, at the fifth ward amusement hall, this being the only available building large enough for the gathering. The primary for the selecting of delegates to the convention are to be held on the evening of Sept. 25, at the usual meeting place.

Up to the present time the Democrats have shown little interest in the coming campaign, but as there are a number of aspiring candidates for nomination on that ticket they will get in action some time next week.

Already much interest is being awakened in the coming election. For the nomination on the Republican ticket several candidates are mentioned for each position, so a lively contest is expected at the convention.

For the head of the Republican ticket the names of Harvey Randall, William Glasemann and William Craig are being frequently mentioned. On the Democratic ticket it is expected that either John Watson or E. M. Conroy will be nominated for mayor.

On the race question, dealing out some heavy blows against the colored people. The senator is strongly in favor of repealing the fifteenth clause of the Constitution permitting the colored race to vote, and presents some very strong argument in favor of his contention. Many times throughout his lecture he was interrupted with outbursts of applause, showing that at least a portion of his audience is in sympathy with him.

Senator Tillman was met at the depot on his arrival in Ogden yesterday afternoon by a delegation of prominent citizens who accompanied him on an automobile ride through Ogden canyon, which he greatly enjoyed. On his return from the drive he was taken to the Weber club where an elaborate banquet was served in his honor.
