APRIL 5, 1904.

CANYON STILL ON THE MOVE.

Commissioner Wilson Reports Six Slides and More to Come If Rain Continues.

SHEPARD STIRS THE COUNCIL.

Finance Salt-Railroad Traffic-Says Wife is Crazy-Wedding Bells.

The board of county commissioners held their regular session receiving reports and transacting a small amount of business.

The report of Chairman Stanford, who is commissioner on poor, was accepted, showing an expenditure of \$1,044.43 for the quarter, March 31, which is an increase of \$183.13 over the preceding quarter, which was not the case from the long cold weather, the poor needing much more coal and warm clothing. Of the amount, \$1,126.71 was used for the maintenance of the poor at the county infirmary. The poor of Weber county are generally well cared for.

Commissioner Wilson reported that during the past week six land slides had occurred in Ogden canyon, but he stated that no special damage was done by them. He also stated that the danger of a large slide had practically cleared away the danger of the small slides which had been reported to pass, but had not attempted to pass the road into conditions for summer travel. Mr. Wilson also reported that if much more rain should come there is a probability that some serious landslides will take place. The commissioners visited Ogden canyon and have practically completed the necessary repairs and improvements. The Ogden canyon road was the finest anywhere in the state, furnishing much pleasure for the public, and the commissioners cannot expect their road money to better advantage than to keep Ogden canyon in an excellent condition.

CANNERY FOR MORGAN CITY.
The cannery industry is spreading to all parts of the state and its vast benefits are appreciated by the farmers. The well known Ogden men, James Morgan and James Anderson, it is understood are going to build a big factory at Morgan City. The gentlemen have gone east to purchase the machinery, which will arrive in time to be set for this year's run. Their representatives have had very little trouble in raising up the farmers for a large amount of average which will produce enough tomatoes and other products for the season's run. The enterprise will be a very good one for that county. A short time ago Mr. Pingree started a cannery at Morgan City, which is doing well, and with a few more enterprises the town will prosper.

SHEPHERD IS NOT GUILTY.
J. I. Shepherd was acquitted in Justice Burts court of North Ogden, late Saturday afternoon of the charge of carrying concealed weapons. The case which has been a hard fought one, has attracted considerable attention, owing to the fact that Shepherd is the editor and publisher of the Daily News and the fact with which he is trying to clear himself. It was while he was distributing this publication that he was met by a man named Scott, and it was alleged that Shepherd made an effort to draw a revolver. The following day Scott swore out a complaint charging Shepherd with carrying concealed weapons and the trial is the sequel.

At last night's session of the city council, Shepherd was in the council chamber when the session opened. The mayor then communicated from the mayor who had telephoned that the reformed criminal had been making sensational charges against the administration, and the mayor wanted the council to appoint a committee to investigate. In this connection, Chambers spoke in regard to the question, paying his respects to Shepherd in the most disheartening terms he could think of. At the conclusion Mr. Shepherd asked permission to say a word. There was a brief silence. Mr. Shepherd left the council chamber. The communication to the police committee, which was strengthened for the occasion by the addition of Bennett and Chambers.

CITY COUNCIL PROCEEDINGS.
Communications were received from the mayor, voting appointments of city officers made by P. B. and G. committee and furnished by city council at their last meeting. The matter was referred back to committee.

The report of city engineer on the proposed extension of an alley through block 25, lot C, was submitted showing the city

to have acquired jurisdiction and an alley through said block will be opened. The date for holding the bond election was changed from April 25 to May 5, 1904.

PRELUDE TO DAMAGE SUIT.

In the probate division of the district court, a petition for letters of administration was filed by Judge W. L. Maginnis as attorney for Antonin Pelleser in the matter of the estate of Charles Pelleser, deceased. The petitioner states that he is a brother of the deceased and the administrator of the estate in Sweetwater county, Wyo., where the deceased died. The estate in Weber county is a claim of wages against the Union Pacific Coal company and damages accruing by reason of the negligence of the company resulting in the death of the deceased. The heirs-at-law are the mother, father, brothers and sisters residing in St. Bonnet, France, and the petitioner residing at Rock Springs, Wyo.

IMMENSE RAILROAD TRAFFIC.

The following interesting baggage master's report indicates the vast amount of travel through this city on the different railroads:
Union Pacific, number pieces received, 5,565; number pieces forwarded, 5,000; total pieces handled, 10,565. Oregon Short Line, pieces received, 3,494; pieces forwarded, 6,480; total, 9,974. Southern Pacific, pieces received, 8,387; forwarded, 9,892; total, 18,279. Rio Grande Western, pieces received, 1,017; forwarded, 4,949; total handled, 13,066. The total number of pieces handled during the month, for all roads, was 52,464 and for the same month of last year it amounted to 49,219 pieces, which gives an increase of 3,245 pieces for March this year.

SAYS WIFE IS CRAZY.

J. C. Grow a foreman for Corey Brothers, tried to get his wife, of only about a year, out of the way yesterday by swearing that she was insane. The papers for the arrest of the woman were placed in the hands of the sheriff and she was soon in custody and taken to the sheriff's office. Drs. Sken and Smith were called to examine the woman which they did and found that she had no signs of insanity, hence she was released to return to her home. The couple were married about a year ago in this city.

WEDDING BELLS.

Marriage licenses were granted to the following couples:

SPRING CITY. SERVED 23 YEARS A BISHOP.

Elder James A. Allred Called-A Big Man In Every Way.

Special Correspondence.
Spring City, April 3.—Bishop James A. Allred, who has been in ill health for some time, passed peacefully away at his home here at 4:45 this morning.

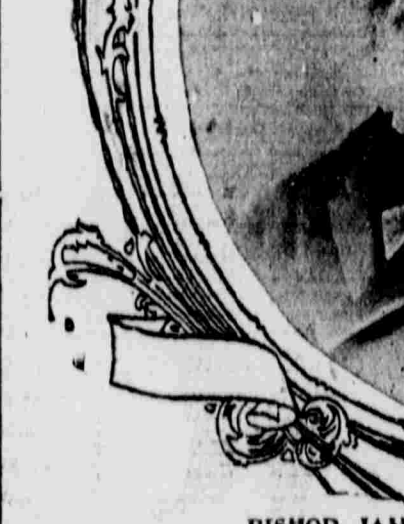

In the death of Bishop Allred another of earth's stalwart sons has been called to continue his labor in a higher sphere. As with children who have lost a kind and noble father, it seems difficult for

resided until his removal to Salt Lake City, June 2, 1861. He left Salt Lake City with his family and located in Spring City in May, 1865. His home has been here since the last named date.

He was ordained an Elder by Bishop A. H. Raleigh in Salt Lake City, December, 1861, and on Aug. 17, 1868, was ordained a High Priest by his uncle, Patriarch James Allred. He acted as first counselor to Bishop Frederick Olsen of the Spring City ward for 14 years, and on Sept. 3, 1882, was ordained a Bishop and set apart to preside over the Spring City ward by Apostle John Henry Smith. He served in the last named position until his death.

While in Illinois Bishop Allred served as sheriff of Pike county.

BISHOP JAMES A. ALLRED.

He served five terms as mayor of Spring City, one term as county commissioner of Sanpete county, and upon the death of Judge Peacock, was elected judge, to fill the unexpired term. He was twice re-elected to this office.

Wherever he labored or whatever responsibility was placed upon him, he conscientiously performed the labor, and promptly discharged the responsibility. His was an active life; no element of rest or idleness was in his composition. He was never happier than when engaged in performing what duty was required of him, nor did he cease his active labors, until his life was literally worn out.

He leaves a respected family to mourn his departure and to follow in his illustrious footsteps. Arrangements for the funeral have not been completed, but it will perhaps be held on Wednesday, April 6, at 2 p. m.

Sept. 13, 1853, Bishop Allred removed to Fremont county, Iowa, where he

Charles H. Edson, 23, and Miss Maria Anderson, 23, both of Ogden.

Oscar B. Maddux, 22, and Miss Harriet L. Newson, 24, both of Ogden.

BRIEFS AND PERSONALS.

Sheriff Bailey went to Salt Lake City yesterday and secured the requisition papers for the return to Utah of John Quinn, wanted here on the charge of robbery. Deputy Sheriff Seeborg left for California this morning to bring back the prisoner.

The last ball of the Wednesday Night club for the season will be given tomorrow night at Diagon's.

The four solid silver loving cups offered as prizes at the eleventh National Irrigation congress are now on exhibition at the jewelry store of J. S. Lewis.

The many friends of Mr. and Mrs. Metcalf, formerly of Ogden, but now of Arcadia, Oregon, will be pained to learn that their little son was strung to death a few days ago by bees.

David Tribe returned home yesterday from a visit in Salt Lake City.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. F. J. Hill Drug Co.

PROVO. CITY MATTERS.

Council Gets Busy-County Business Reported, Finance, etc.

Special Correspondence.
Provo, April 5.—The following business was transacted by the city council last evening:

Mayor Roylance presented a communication from City Engineer Stewart, in which the engineer recommended that a map of the city be purchased from W. B. Searle for \$50, or that other arrangements be made to obtain a map; also asking that some of his engineering instruments be repaired. Referred to the committee on public funds and city property.

EMPLOY EXTRA HELP.

Sexton Wright presented a communication asking that Clark Snow, William Johnson and William Goodman be employed to work in the cemetery during the funeral of the council. Referred to the committee with power to act.

PETITIONS FILED.

Wm. W. Hava petitioned for a deed to a certain piece of land in the north-west part of the city, which had been erroneously left out in the description of land conveyed by the mayor. Referred to the committee on judicial.

Francis Brown petitioned for a franchise to erect a stand to sell fruits and candies near the academy. The petition was granted during the pleasure of the council.

TO BUY IN BONDS.

The sinking fund committee recommended that eight \$1,000 waterworks bonds be purchased from the Travelers'

Insurance company of Hartford, Conn., at the price offered by the company—1.03%.

WANT A CITY MAP.

Mayor Roylance also presented a communication from City Engineer Stewart, in which the engineer recommended that a map of the city be purchased from W. B. Searle for \$50, or that other arrangements be made to obtain a map; also asking that some of his engineering instruments be repaired. Referred to the committee on public funds and city property.

THE GROWTH OF SAVINGS.

Attractive Features of the Modern Savings Bank.

The many attractive features that have recently been offered to depositors by the Utah Commercial & Savings Bank have resulted in a steady increase of deposits. The fact that the number of small depositors has been more than doubled by this bank within the last two years, shows that the people are being educated to the savings habit.

City depositors are furnished with handsome savings banks, forming an attractive receptacle for small savings.

Out of town customers are enabled to do their banking by mail with as much ease as though they had a bank in their own town.

If you are interested in the workings of a modern savings bank and want any information upon the subject, call or address the Utah Commercial & Savings Bank at 24-24 East First South Street, and you will meet with courteous treatment.

EUREKA.

Death Visits the Homes of Four Families—R. R. Employee Stricken Ill.

Eureka, March 30.—Chester Moffat, assistant agent of the San Pedro railway at this place was taken suddenly ill on the street last Saturday night with a hemorrhage of the lungs. He was removed to the nearby drug store and a physician summoned who pronounced him in a critical condition. His father came out from Salt Lake and had him taken to the city Tuesday afternoon.

Mr. and Mrs. Frank L. Anderson, Mr. and Mrs. M. Green, Mr. and Mrs. Wm. T. Schriver of Eureka, and Mr. and Mrs. James Moore are all mourning the death of infants in their families, and while gloom rests in these homes, joy rests in the advent of children in the families of Mr. and Mrs. Herbert Mangum, Mr. and Mrs. J. C. Howe, Mr. and Mrs. Phil Sullivan, Mr. and Mrs. George Harmon of Silver City and Mr. and Mrs. W. E. Buys of Mammoth, all but the latter being girls.

The Good of Medicine.

People insisting that medicine does no good, have one stubborn fact to contend with, that is, the people who do believe are greatly in the majority. We have been so fortunate during the past twenty years as to convince thousands of sufferers with weak watery blood, who had all the symptoms of a general breaking down of the system, that one medicine at least does good. Nervous and unsteady people, weak, feeble people, simply pale or yellow people can have strong, steady nerves, and solid healthy flesh by the use of Dr. Gunn's Blood and Nerve Tonic.

A tablet to take at meal time, it turns the food you eat into rich, red blood, making solid flesh at the rate of 1 to 3 pounds per week. Sold by all druggists for 75c. per box, or 3 boxes for \$2. This medicine cures doctor bills and insures health, giving the very best treatment possible. For sale by Z. C. M. I. Drug Department.

LEHI.

Stone Company to Incorporate—Bee Seeds Receive Reward Offered.

Lehi, March 30.—Local capitalists will soon incorporate the Lehi Stone & Sand company. One of the properties to come into the consolidation is the famous Zion's Hill Stone quarry, situated about seven miles west of Lehi which has supplied the stone for nearly all the houses and other buildings that have been put up in this end of the county.

The Utah Sugar company has received from Washington, D. C., quite a number of bags of single germ hard seed which will be planted on their Saratoga farm as soon as the weather will permit.

The mayor has posted a reward of \$50 for the arrest and conviction of the guilty party or parties who set the City Hall on fire some 10 days ago.

ST. DAVID, ARIZONA.

A Diligent Committee.

Reservoir and Artesian Well Enterprises Launched—Excellent Openings.

St. David, Ariz., March 13.—The many opportunities and advantages St. David naturally affords are beginning to be seen and taken advantage of by the people. A committee of three, John S. Merrill, William C. Gooding and Linton C. Peterson, have been appointed to investigate the best methods to pursue to obtain water. Through their diligent labor a company has been formed, in which stock is being taken, and work will immediately be commenced in constructing a reservoir, the dam of which will be about 350 feet on bottom and 550 on top, and 33 feet high, for the purpose of storing flood water. A test artesian well will be dug in the reservoir, and if both are successful of which there is but little doubt, other reservoirs will be built and wells driven until sufficient water is obtained to irrigate the many acres of land now lying idle.

The country is rich and has not been thoroughly tested, an account of the poor financial condition of the people, but there are many wells flowing from five to 100 gallons per minute, any of which have not been driven below the first flow of water, nor cased below clay, which is at a depth of from 40 feet to 200 feet but it is proven that the water greatly increases as the depth increases.

There are splendid opportunities here for good industrial home-sweaters and especially if they bring with them enough capital to begin with. Land, at present, can be obtained at a low price, but is and will be on the raise as water is developed.

The climate is beautiful. St. David has one of the best markets in the west, as it is entirely surrounded by large mining camps and is seven miles from Benson, which is rapidly growing into a large railroad center.

Now is the time you need a medicine to tone up the system, drive out the winter impurities, and overcome that tired, feeble feeling. There's no better equal the Bitters.

Try a Bottle. It always cures Indigestion, Dyspepsia, Colic, Grippe, Spring Fever or General Debility.

GARDEN CITY NOTES.

Jerse Thompson William Walker and Israel Hodson, charged with violating the Sunday ordinance by hanging paper in J. M. Wilson's saloon Sunday, March 27, entered a plea of guilty in Justice Nowon's court yesterday and were fined \$3 each. J. M. Wilson, who is charged with a violation of the ordinance providing for screens and other obstructions to a free view of the saloon to be removed on Sunday, was granted an extension of time in which

to plead till the 8th, on account of his attorney being out of town.

There was a large attendance yesterday at the funeral services for the remains of Elder James Matthews held in the Second ward meetinghouse. The following speakers addressed the congregation: Elders Philander Brown, Lars P. Nelson, John Ritchie, J. M. Jensen, Abraham Halliday and Bishop L. N. Johnson.

Henry F. Dunn, who is in business at Calientes in Provo visiting his family and friends.

Mrs. Jos. S. Smith of this city was operated on at the Provo hospital yesterday for a malignant ulcer. The prospects for her recovery are very favorable.

STUBBORN COLDS.

For obstinate colds, lingering coughs and persistent bronchitis Scott's Emulsion is a standard remedy and a reliable cure. You can feel the good effects of even a small bottle. Easy to take.

Insurance company of Hartford, Conn., at the price offered by the company—1.03%.
