PROGRESSIVE LEHI GOING IN FOR WATER WORKS

(Special Correspondence.)
LEHI, June 11.—Practically an all-night session of the city council was held at Lehi at which bids for pipe for the waterworks system were received and considered. Quite a number of companies were represented. The Utah Pipe Company was the successful bidder and will furnish enough vitrified pipe to carry the water from the Schoolhouse springs at Alpine to the settling tank north of Lehi, a distance of about six miles. The pipe will be 8 to 12 inches in diameter. Work on digging a trench and laying this pipe will commence in 10 days. The piping to be laid through the town will be part water and part sewerage pipe. The city council has set July 26 for another bond election to vote for the bonds of \$20,000, as the last bond election, according to a ruling of the supreme court, was not legal. At the first bond election, on a vote for \$20,000 water bonds, the state land board took up the bonds and the money is available to get the water system under way. The bonds to be voted for July 26 will take care of the present indebtedness of the city and will leave \$8,000 to apply on waterworks. The balance of the money needed to complete the system will be furnished by private individuals. It is expected to find the system in good working order by fall.

LAKE AT HIGH LEVEL.

Utah lake is now 27 feet above compromise point and thousands of acres around the lake are inundated and quite a number of the lake's islands are being lost to the flood. Gordon, a son. The dry-land farms in Cedar valley and west of Lehi are looking fine. Some of the dry-farm wheat is 15 inches high and out in head, and there are fine stands of spring oats. Quite a number of teams are at work plowing and harrowing. Farmers are sowing a large acreage this fall.

Lehi was the exception in Utah county in voting for the capital building—a vote of 50 for and 29 against having been cast.

Lehi is making arrangements for a glorious celebration of the Fourth with a parade, program, sports of every description and fireworks.

CURE YOUR RHEUMATISM AT HOME

A Michigan Veteran Tells How He Was Permanently Cured of a Severe Case.

Every sufferer from rheumatism wants to be cured and to stay cured. The prospect of the return of the same old rheumatism every year is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The tonic treatment with Dr. Williams' Pink Pills has proved hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels and the skin. When this is done the rheumatism is permanently cured and as long as the blood is kept pure and rich the patient will be immune from attacks of rheumatism.

Mr. David McCarty, farmer and formerly postmaster of Chapin, Mich., is a veteran of the Civil war, having served in Co. B, 14th Michigan Volunteer Infantry. He says: "For over a year I had rheumatism which was so bad that I could not get out of bed. There were sharp pains through my hips and my left side, which would catch me so quickly that it often seemed as though my back would break. My appetite was very poor and my nerves were affected. I could not lie on my back but would have to be propped up in bed on my right side.

"The doctor gave me a little help, for the trouble always came back as severely as ever. I read about Dr. Williams' Pink Pills and after taking a few boxes felt better and my nerves were affected. I could not lie on my back but would have to be propped up in bed on my right side.

"If you are suffering from rheumatism in any form and find that the treatment you are taking does not relieve you, if you are actually getting worse while taking your treatment, then do not delay but give Dr. Williams' Pink Pills a thorough trial. The remedy that cures others will cure you.

A valuable booklet, "Diseases of the Blood," containing more information about rheumatism and other diseases of the blood will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

The sidewalks on Main street are being paved with cement and many improvements throughout the city are being made to beautify and make our city more beautiful.

The high water in Manti city creek has been controlled pretty well so far this season and the experience relative to our citizens in former years it is hoped will never again return.
