

ADJACENT CITIES PROVO.

First District Court.—Judge Smith Banqueted.—City Council—A Series of Fires.—Other Items.

Editorial Correspondence.
Provo, May 16.—It was at first supposed that D. H. Poetry Jr., who came down from Ogden with Judge Smith, was to be appointed clerk, but this is not the case. It is not expected that Judge Smith will remain long in this district, but that he will shortly be transferred to Ogden. Mr. Poetry will remain here as deputy clerk until the time (D. B. Bachman Jr. retaining the clerkship), when he will go back to Ogden and will receive the appointment of clerk for the Fourth district.

Judge Smith's first case was William Clark Jr., who, in his action brought to recover \$125.00 for 311 trees cut down on property alleged to belong to plaintiff. The defendant admits the cutting of the trees, not places the boundary line between two farms over which the trees were located, on their own land. The case was submitted to the jury.

The reduction of the verdict of \$3000 to \$1000 in the Thompson-Springs damage case was accepted by the plaintiff.

A banquet was given last night by the attorneys in honor of Judge Smith, but as the courtesy of an invitation to the present was not extended to representatives of the press, a report is not given.

At last night's session of the City Council, the city treasurer and recorder submitted financial statements for the past quarter, showing receipts \$7,444.25; disbursements, \$8,479.05; overdraw, \$604.85. The reports were referred to the committee on finance.

A bill was submitted by Councilman Farren, making provision for the levying of taxes to maintain and keep in repair a system of waterworks as provided for in the city charter in such cases. The bill passed its first reading and was referred to the committee on judiciary.

Giles Holden was yesterday tried before Justice Alexander on the charge of running a job agent without a license. He is guilty and sentence suspended during good behavior.

The following people have arranged to go to the World's Fair within a few days: R. S. Hines, wife and daughter, Newell Knight and wife, Dr. Taylor and wife and Richard Sutson.

The H. Y. A. Field day sports this year, will be at Geneva, the new bathing resort, on Wednesday, May 24th.

A fire occurred at American Fort at early hour on Sunday morning, destroying Alice Thorne's son, Isaac, Isaac's residence and a number of stores and all the contents of these establishments. The buildings were all of frame, and of course burned rapidly. It required hard work on the part of the firemen to save neighboring and more valuable structures. The saloon loss is placed at \$1500, and other losses at \$1000; no insurance. No plausible theory is offered as to the origin of the fire is offered.

Several haystacks on Provo beach, belonging to M. M. Duggins of this city, were destroyed by fire on Sunday.

Provo river has already commenced to overflow its banks and people are getting out of the houses, but the water is coming extremely slowly so far. A few more days of warm weather and great damage will be done.

LOGAN.

A Brigham College Student "Held Up."—A Druggist Fired for Selling Liquor Without a License.

Correspondence of the Interoc News.

LOGAN, May 16.—Jack McAuliffe and his company will play in Logan on the 27th. The attendance will doubtless be large, as a prize ring scene will be introduced.

Four and a half feet is the depth of snow in the streets of the La Plata mining camp.

A. Ewing, manager of the Phoenix Pharmacy, was fined \$100 on Thursday morning for selling liquor without a license. This is the second case against him. On the first he was fined \$50.

We are having the liveliest Utah weather at present.

As Henry Rogers, one of the R. Y. college students, was returning home at about 10:30 the other night, while passing the Lincoln building on the corner of Main and 11th streets, he was held up by a couple of hoodlums, who told him to throw up his hands. Rogers was jumped backward and told them that he had no money. They then demanded evidence that they supposed he drew a gun as he jumped back, as they did not make any further attempt to molest him when he walked around them and resumed his journey. The police were not notified, therefore the man had plenty of time to escape.

The body of an elderly lady named Hansen was found floating Ogden on Thursday, buried in hydrogen.

Hannas Nielsen's team ran away on Friday in the Fifth ward. One horse was badly cut on a wire fence.

The city authorities have a number of men at work hauling willows and rock to strengthen the river bank in many places. The river is rapidly rising and much valuable property is endangered.

Poor "Dusty."

"Dusty Bob," the brigadier of all the cohorts of rowdies is reported as dying of dropsy. "Dusty" is not more than thirteen years of age, though he has seen more life than many men. He is a son of the town, and has had a wonderfully chequered life. Yet with all his failings he has a generous heart and has rendered the police valuable service.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, May 19, 1893.—The most important event of the week was the arguments made before the United States supreme court in a case involving the constitutionality of the new Chinese exclusion law, although to have listened to the hubbub raised early in the week over President Cleveland's notice that no more personal interviews would be granted candidates for appointment to office a person not acquainted with the blistering methods of small-time politicians might have considered that the most important happening of the age, in the opinion of a number of the old lawyers with whom your correspondent has talked, the lawyers representing the Chinese in this country and the emperor of China, had the best of the argument from a legal standpoint, and that, of course, is the standpoint from which the court will make its decision, which is expected to be handed down some time next week. If the court should uphold the constitutionality of the law nothing—don't be afraid to use KIRK'S Soap on the most delicate fabrics.
