

SENATOR KEARNS' COLORADO TALK.

Denver Times Says he Was on Mysterious Mission to Centennial State Capital.

ABOUT RAILROAD BUSINESS.

Makes Prediction That Utah Will Go Republican and Says he is Confident of Being Returned to Senate.

The politicians who thought Senator Kearns was at home attending to campaign knitting in the quiet precincts of his own office will change their minds on reading the following from the Denver Times of Tuesday of this week:

Senator Thomas Kearns of Utah paid a mysterious visit to the city yesterday and though he had a room at the Brown Palace hotel his name did not appear on the register.

He had a conference with Colorado people interested in the Moffat road. He took great interest in all the details of this road, as he has much stock in the Clark Salt Lake & Los Angeles road, which will be the continuation of the Moffat line to the coast.

Sensor Kearns is up for re-election this year and says that he feels confident of being returned to the senate. He forecasts a Republican victory in Utah and says the action of a Republican Congress in sending investigations to Utah will not antagonize the "Mormon" Church.

The Utah senator also had a conference with several Colorado politicians in regard to the socialistic doctrines which are spreading over Utah. He inquired about the lines taken in Colorado to combat the socialistic principles of the Western Federation of Miners. He left for the east last night, where he will confer with leading Republicans in regard to the campaign in the west this fall.

UTAH COUNTY POLITICS.

Cutler Will Have Delegation from There—What Democrats Doing.

(Special to the "News.")

Provo, Aug. 18.—There is considerable interest in politics manifested here. Both parties have fixed dates for their county convention, and tomorrow evening Republican primaries will be held to elect delegates to the state convention and to the Fourth judicial district convention. Mr. Cutler's adherents claim that they will have a great majority of the delegates from this county in his favor, while some support will be given both George Wells and Mr. Hammond. It is thought Mr. Cutler will receive practically the unanimous support of the delegation for state treasurer, on the time-honored principle of county loyalty.

Judge Booth will probably be the nominee in the judicial convention to succeed himself. The nomination for district attorney is between D. D. Houtz and Jacob Evans. The candidates for county officers, so far as announced, although there are many others being quietly groomed, are Felix Bachman, Elias A. Gee and A. C. Sorenson for county clerk; E. J. Jones for recorder; L. L. Nelson and Mont Johnson of Springville for treasurer; Robert Anderson, Judge Saxey, D. H. Thomas and Harvey Cluff for county attorney. Friends of Thomas and John are also grooming him for the same position. Sheriff Harmon will be renominated. For the office of treasurer, Frank Beers and T. H. Cluff are considered candidates.

The county commissioners will probably be renominated, with Mr. Dunn for the long term and George Webb for the short term. J. H. Dixon has yet two years to serve.

There are numerous candidates for legislative honors and it is impossible to tell who the successful candidates will be. There are only the representatives to be elected, Senators Loomis and Gardner having served two years. Among those favorably mentioned are L. Holbrook of Provo, George A. Hone of Benjamin, J. S. Page, Jr. of Payson, N. C. Christen of Salem, George Austin and Mervin Evans of Lehi, and C. F. Westphal of Pleasant Grove. J. Frank Bringham and D. C. Johnson of Springville.

The Democrats are not so far advanced in preparation with candidates for the Republicans, or if they are they are keeping it more quiet. They are making an earnest and united effort to succeed in carrying the county, and Messrs. Sam A. King and Mayor Royallance both emphatically deny that there is any factional fight between them, as has been charged—they claim for ulterior purposes.

The Democratic county delegation to the state convention will be a unit for Mayor Royallance for governor, and that is all they expect to get in the state ticket.

For Judge of the Fourth judicial district, S. R. Thurman can get the nomination if he wants it. He says he does not, and if he does not consent to run, Grant C. Bagley, E. E. Corfman or W. E. Rydahl, each has strong supporters for the position. The district attorney will also be taken from this number, with Samuel A. King included.

A. E. Morgan seems to be a favorite for the nomination of county attorney, although that nomination may go to either Mr. Bagley, Mr. Corfman or Mr. Rydahl.

Mr. Robinson of Pleasant Grove is mentioned for county clerk and if ex-Sheriff Storrs can be prevailed upon to take the nomination for sheriff, he can get it. H. Hyatt, C. Newell seems to be the next popular candidate. The other county and legislative officers will be placed whenever it is thought they will add strength to the party.

Hyrum Jensen, Wm. D. Roberts and G. O. Haws of Provo and George M. Smoot of Vineyard, have all been favorably mentioned for county commissioners.

HEADLONG INTO THE OGDEN RIVER.

(Special to the "News.")

Ogden, Aug. 18.—This morning between 1 and 2 o'clock a thrilling accident occurred in Ogden canyon near the Hermitage, in which a young lady narrowly escaped death. She was on a buggy when it was struck by a horse, and she was hurled into the water.

The accident occurred on a road which runs along the edge of the canyon. The buggy was being driven by a man, and the horse was being led by a woman. The horse suddenly reared up and threw the buggy into the air, sending it hurtling down the side of the canyon.

The young lady, who was sitting in the buggy, was hurled into the air and fell into the water. She was not injured, however, and was rescued by a man who was standing nearby. The accident was a very close call, and it is a wonder that the young lady escaped with her life.

POLITICAL POINTERS.

Leslie M. Shaw, secretary of the treasury, will speak in Salt Lake during the campaign.

A telephone message says that at American Fork last night the delegates elected to attend the state convention on Aug. 25 were instructed to vote for John C. Cutler for governor.

Sevier county's 14 delegates are reported in a dispatch to Wells' headquarters to be solid for the governor. The convention elected H. T. Haines county chairman and Miss Hannah Larsen, secretary.

There is a disposition on the part of many Republicans to elect Jesse M. Smith state chairman. He will be asked to take the place, but he will have some pronounced opposition to meet.

Juab county Democrats will support the candidacy of T. C. Winn for state auditor. This is all Juab asks, and being a banner Democratic county, doubtless its wants will be gratified in the state convention.

The Democrats have organized a social club at Provo, following the action of a few days ago at Nephi. It is the belief of party leaders that in this manner they can build up a more effective organization in the state than ever has existed.

The Emery county Republicans, according to report, will send in seven delegates who are to vote for Wells. They are George M. Miller, H. P. Ottosen, Will J. Seely, William F. H. W. Curtis, C. Sorenson, Jr., and H. C. Christensen.

Mill Creek Democrats got together last evening at the ward meetinghouse and organized for the campaign, with T. N. Roose, chairman; George Taylor, vice chairman; Lawrence C. Hamon, secretary. These officers, with George Moyle, J. Miller and Mrs. Miller, constitute the executive committee.

The managers and advisers of Atty. D. N. Straup deny that he is Kearns candidate for the supreme court. If Mr. Straup secures the support of the party following, they declare it will come to him unexpectedly. The fact that Messrs. Straup and Lippman were together in a law partnership for so long doubtless is responsible for the false report.

The young Republicans are working faithfully to make their standing at Saltair on the 26th a great success. There will be a parade of the streets during the day, a feature which Marshal Heywood will have in charge. Campaign buttons have been ordered for

This morning's Tribune had a ridiculous story in its political column about Supt. Jones of the county infirmary, intending to "vote the inmates of that institution for a particular state" at the Republican primaries. The truth is there is not a word of truth in the matter. Mr. Jones said today that he does not intend to do so and further that he never has had such intention. However, the fact that the unfortunate persons are inmates of the place in no wise disfranchises them. But if they vote, Mr. Jones was as they please, so far as he is concerned.

Judge O. W. Powers is the only man mentioned to date for the nomination for congressman on the Democratic ticket.

Chairman Frank J. Cannon is in town today to attend the meeting of the Democratic state executive committee.

The governorship is still the absorbing topic among Republican politicians. All of the candidates—Wells, Cutler and Hammond—claim to have gained within 24 hours, but none exhibits important pledges. They all seem confident of success.

UTAH INDIAN WAR VETERANS MEET.

Addressed by Senator Reed Smoot At First Annual Reunion At Manti.

REPLY TO POLITICAL DEFAMERS

Show That Measure for Relief of the Indian War Herpes Was Not Killed On Account of Investigation.

The first annual meeting of the Utah Black Hawk war veterans was held at Manti today. The attendance was large and the enthusiasm over the event, unbounded. The main feature of the gathering was the address of United States Senator Reed Smoot who delivered an address that makes it very clear that the charge that the Utah relief or pension measure did not fail on account of the so-called Smoot investigation. The senator's speech to the veterans follows in full:

Mr. Chairman, Veterans of the Utah Indian Wars, Ladies and Gentlemen: I desire to express my hearty appreciation for your kind invitation to attend the first annual reunion and camp fire of the veterans of the Utah Indian wars. I also appreciate the privilege of speaking to this body of men and expressing my interest in them. I assure you that there is nothing that I can do for you except to express my sympathy and the hardships that were endured by those who participated in them. The men were paid no salary, nor were they furnished with warm clothing or sufficient food, but they were urged on by devotion to home, to country, to family and friends. They never hesitated, but advanced at a moment's call to protect, not only their own homes and interests, but the lives of all the people. It is this class of men I have the privilege of addressing, and I desire to say that my heart and sympathies are with you I respect and honor your labors in the past, and I ask God's choicest blessings upon you in the future. This gathering here today must bring many recollections to you of the Indian wars, and I am proud to attend this year's reunion, held as it is, in the county that was the battlefield of the beginning of the great Black Hawk war.

MAKES EMPHATIC DENIAL. For the last six weeks, I have had many of the Black Hawk war veterans call in person and relate a story that has been constantly repeated by some of the unfriendly to me, that the bill introduced in the last Congress by Senator Kearns, for pensioning the veterans of the Black Hawk war, would have been extended to the act as been for the investigation of my case. I have a clipping taken from the Daily State Journal, of July 30, 1904, which reads as follows:

Feeling that I have an answer from Senator Reed Smoot to one of the most recent important questions recently propounded in Utah, the State Journal is prepared to make a reply which will follow the bill. The bill to afford a pension to the Indian war veterans of Utah was on the senate calendar and was expected to pass by unanimous consent, when two prominent senators of eastern states—a Democrat and one a Republican—announced to Messrs. Kearns and Smoot that they had concluded to oppose the passage of the bill, because of the alleged charges made in the Smoot investigation.

This paper, and other papers in Utah, have published articles similar to this. I have paid no attention to them in the past, but as many of the Indian war veterans have asked me for an explanation, I deem it proper to let them know the facts.

KEARNS' INDIAN BILL.

Senator Thomas Kearns introduced in the senate of the United States on Jan. 20, 1904, "A bill to extend the provisions, limitations and benefits of the act of July 18, 1892, entitled 'An act to provide for the relief of the Indian fighters in certain sections of the country a pension of \$8 per month, including the men who fought in the Walker and Lovelock wars in the State of Utah in the year 1853.'"

I will read you the bill introduced by Senator Kearns. It is as follows:

Be it enacted by the senate and house of representatives of the United States of America in Congress assembled, that the provisions of the act of July 17, 1892, as amended by the act of July 27, 1902, be and the same are hereby extended to include the Indian wars of the United States, which occurred in the Territory of Utah, down to and including those which took place in the year 1867; provided, that proof of service under the provisions of this act shall be by affidavit of survivors or surviving widows of such soldiers, corroborated by two reputable witnesses; said evidence to be taken in full and satisfactory proof of service when no record of service is included in the files of the war or treasury departments.

Sec. 2. That all pensions granted under the provisions of this act shall be and the same are hereby, ordered paid as of date of June 27, 1902, the date of the passage of the amended act.

REFERRED TO SENATOR SMOOT.

This bill was read twice and referred to the committee on pensions, of which I am a member. The bill was referred to me, and I immediately saw that its provisions would not help the Black Hawk war veterans. I call your attention to the fact that the bill specifically states that its provisions should be extended to include the Indian wars of the United States, that is, only those in the service of the federal government would receive pensions, and the provisions of the bill would not benefit the men who had been in the service of the Territory of Utah; thus failing to meet the very difficulty it was intended to remedy. I was told by Senator Kearns that if the bill passed the way it was presented, it would at least put the Black Hawk war veterans on pensionable status, and that if the veterans could not prove that they were entitled to a pension it would not be the fault of the bill.

WOULDN'T BE DECEITFUL.

I answered that I did not propose to hold a cup to their lips knowing that it would be dashed to the ground. I am not interested in simply passing a bill. I want a bill that will bring effective relief.

NOTICE.

All the members of "Navajo Legion Association" are requested, if they possibly can, attend the funeral services of our departed comrade Wm. J. Hooper, on Friday, Aug. 19, at 2 o'clock p. m., at the residence of Mrs. J. H. Thomas.

AFTERNOON CALL.

The afternoon call was but a repetition of the morning. The prices changed a little and the market selling at 1.00 Ajax sold at 3/4 and Day's west appeared slightly stronger, 15 selling at \$12.50 and 5 at \$12.55. New York was the only feature on the call and also received the attention on the open board.
