Cocknell referred to the runner that there was a warm and lively contest over the Ohio pension agen-cy: that a friend of an ex-Presi-dent inal been selected over the choice of another distinguished exi-res (meaning Stormath, and that the semant who was as griverously disappointed was minutly awai-ing the excelon of these two new offices. eventary Tichenny, in response to the Senate resolution calling for in-timation resultive to the evasion of be law prohibiting Chinese immi-nition, today sent to the Senate re-ords from special agents along the orders.

horders, Agent Whitehend, at Ningara, calls attention in a phase of the subject which he says is likely to be-come a serious question. Chinese persons are found unlawfully with-in the United States, sugged from the United States, and grad in the United States, emoggied from Canada, and flery do not have cer-alifettis showing that they have said the Dominion castoms tax of 360 per head, how are they to be returned from the country where here country in the the states of the filler refuse to should such person officers refuse to should such person officers refuse to should such person offic Canada without recover sectifi-

Ing the creation of these two new offices. Bacrman said all this showed that Cockrell had been looking into small defaits about local affairs, which had no more connection with the smeadiment than the mism in the moon. Allicon said he felt grieved that the majority had voted for an in-crease of the aggmetics. It showed that the majority had not examined that the majority had so the same that genetion with care.

FADDRER SAID there were localities worse off in re-gards the necessity for increased agencies than Ohin. He spoke of Netrash, Kannas and other wert-ern States, and said that if there was now action it should be a read-justment and a consolidation of some of the sonibler, genoies. Guman said, in the interests of the solider, Congress might band-rapid the government, and probably would, lot in fifteen years there would be mare spent for pensions ilsawith and this, econo-bellon. In view of all this, econo-bellon, in view of all this, econo-my should be pension of the so-bellon of the pension of the so-bellon of the pension of the so-methers. TADDOCK BAID Jensed. Special Agent Brooks, under date of Januato, May I, says he has creat-ible information, that during the pad year upwards of 200 Chinamen were unitawfauly sent info thus coun-try from Causela.
