## National Drawer-Operated Cash Registers

Each of the Registers Shown Here Has:

- (1) A releasable keyboard, enabling the operator to correct errors.
- (2) Roller indicators which show both front and back of each record as it is made.
- (3) A sales printer, which prints each record as made on a continuous strip of paper.
- (4) Customer counter, showing the number of customers waited on.
- (5) Counters on the resetting mechanism and on the hood over the sales-printer protect the total and printed records.
- (6) A visible sales-strip, on which the printed records may be read.

\$50

18 Amount Keys, registering from 1c to 99c, or 5c to 95c.

**This New Line of Drawer-Operated Registers Has the Following Improvements and Advantages Not Possessed by Any Other Drawer-Operated Register on the Market:**

- (1) Large indication of each record made.
- (2) Adds and transfers when the drawer is closed.
- (3) Positively locked keyboard.
- (4) Printed records are made by means of an inked ribbon; always prints plainly.
- (5) Easy and smooth of operation.
- (6) Positive and quick resetting mechanism.
- (7) Flash over indicators.
- (8) Printed indicators—figures will not peel off.
- (9) Quick operation will not result in wrong addition.
- (10) Guarantee of The National Cash Register Co.
