PRICE OF GOLD.

Corrected daily by Deseret National Bank.
SALT LAKE CITY, June 11, 1917.
Buying at \$19.05; Selling at \$19.05.

LOCAL AND OTHER MATTERS.

Thermometer 83 degrees F. in the
shade at 1 p.m. to-day. Fine.

Potatoes.—New potatoes are now
in the market, in abundance.

Black Shawl.—The party who
recently lost a black shawl, on
South Temple Street, can get it on
calling at this office.

On the Way.—Yesterday Elder
Albert Garrison and wife, their
son Calvin and Elder Arta D.
Young reached New York, from
Liverpool. They left, by rail, for
the west, to-day, all well.

Vocal Waltz.—We are in receipt
of the new and popular Vocal
Waltz, published by S. Turner,
Hamilton, Ontario, Canada. Price
50 cents. A sample copy sent to
any address on receipt of 25 cents.
S. Turner, 25 James Street, North,
Hamilton, Ont.

Juvenile Drunkenness.—Last
evening a boy between twelve and
fourteen years of age, was on East
Temple Street, near third South, in
an advanced state of intoxication.
He made some disturbance and
used very bad language.

There is a municipal ordinance
against selling intoxicating drinks
to minors, which should be rigidly
enforced.

Man Shot.—The following came
by Deseret Telegraph this morn-
ing—
SILVER CITY, Tintic,
June 12, 1877.

William Baxter, of Bureka, Tintic,
was shot twice through the
head about five p.m. yesterday, by
a desperado named Wall Wilkin-
son, and killed instantly while
sitting in his chair. The dispute
arose over a game of crib. Wilkin-
son escaped last evening, and has
not been seen since.

Littell's Living Age for June 2
and 9 contain Mr. Wallace's Russia,
Mr. Gladstone's Montenegro, Re-
lation of Mind and Body, A Dutch
Milton, The Anglo-Indian Tongue,
The Alkaline and Boracic Lakes of
California, Whist at Our Club, So-
cial Position, Light-Emitting Flow-
ers, The Storing of Literary Power,
Pamphlets, Poetry and Miscellany.

Fifty-two numbers of sixty-four
pages, or a total of 3,000 pages a
year.

Deseret Museum.—The bugle
used in the company of pioneers,
led by President Brigham Young
to Utah, in 1847, has been present-
ed to the Museum by Joseph Judd,
Esq., of St. George. With this
bugle the camp calls were sounded
morning and evening, on that
eventful journey, by the late bugler,
James Craig. It is pleasing to no-
tice the liberality of the brethren
in adding to the collection of relics
of "and land aye" in the cabinets
of the Deseret Museum.

Salt Lake Ahead.—Mr. Beecher
is certainly right in his boast about
Brooklyn children. They are very
healthy and handsome, and there
are more of them, according to popu-
lation, than can be found in any
other city of the Union.—N. Y.
World.

In point of the health, beauty,
and numerical proportion to the
population, of her children, Salt
Lake is, in our opinion, far in ad-
vance of Brooklyn, and probably of
any other City, not only in the
Union, but in the world. There
are many other good points with
regard to which this City is hard
to cope with.

A Young Horse Thief.—Yester-
day afternoon, Anderson Smith,
about twenty years old, was before
Justice Pryor, on a charge of
stealing a horse from Rudolph Pe-
tersen, resident on the bench east
of the City.

It was a clear case against the
accused, who, in fact, pleaded
guilty. On hearing the affidavit
of the complaining witness read he
said, "That's all so." In default
of finding bail to the amount of
\$500, he was committed to jail, to
await the action of the grand jury.

Sudden Death.—The sorrowful
news of the sudden death, last
night, of Alderman Walter Thom-
son, of Ogden City, reached us this
afternoon. Alderman Thomson is
well known to many of our citizens
as an honest, upright and worthy
man, and the tidings of his death
will be received with profound
regret. We presume that his sud-
den taking off was due to apoplexy,
but have not received full particu-
lars. For some time past he had
been subject to a fullness of blood
in the head, indicated by a flushed
face and distended veins. He has several
times lately suffered from an alarm-
ing hemorrhage from the nose. He
was a little unwell last Saturday
and Sunday, and last night retired
to bed as usual, but shortly after,
so we are informed, it was found
that life had departed. Alder-
man Thomson has done much
to build up the city of Ogden.
He was for some time one of
the councilors of the late Bishop
West, and afterwards of Bishop
Herrick. He served in the City
Council for many years, and as the
committing magistrate of that city
gave general satisfaction. For sev-
eral years he occupied the position
of clerk of the Ogden Tithing Of-
fice, being an accurate and able
book-keeper and accountant. His
skill as an architect is shown in the
new County Court House at Ogden,
and other prominent buildings. For
one year he acted as business man-
ager of the Ogden Junction. In all
these positions he manifested ability
and talent of no common order.

We sympathize with his bereaved
family and afflicted friends and can
say, truthfully, another good man
is gone.

Theatre.—Mr. Hess's Grand En-
glish Opera Company appears at the
Theatre to-morrow, Thursday, and
Friday nights. The programme
for to-morrow evening consists of
Verdi's grand opera of "Il Trova-
tore," with Mlle. Martin as "Le-
onora," Mrs. Zaida Seguin as "Azu-
ena," Miss Addie Randall as "Inez,"
Mr. Joseph Maas as "Man-
rico," Mr. William Carleton as
"Count di Luna," Mr. Geo. A.
Conley as "Fernando," and Mr. A.
W. Tams as "Rui." The perform-
ance concludes with the grand gar-
den scene of Gounod's "Faust,"
Mlle. Martin as "Marguerite,"
Mrs. Z. Seguin as "Siebel," Miss
Addie Randall as "Martha," Mr.
Joseph Maas as "Faust," Mr. Geo.
A. Conley as "Mephistopheles,"
On Thursday evening "Lucia di
Lammermoor" and "Rigoletto,"
On Friday evening "Martha,"
and a grand operatic melange.

School Recreations.—The child-
ren of the 8th Ward have been en-
joying themselves at Lindsey's
Gardens to-day. They were accom-
panied by Bishop Sheets and coun-
cil, and the Sunday School Super-
intendent, Brother Sheldermine.

The Catholic school goes there
to-morrow.

The children of the 18th Ward
Sunday School were to have spent
the day there to-morrow, but we
are requested to state that their
visit has been postponed until next
week.

In Need of Friends.—For the in-
formation of the friends of Brother
James Pegg and family, lately ar-
rived from Australia, we state that
they are now staying at the house
of Brother Buckle, near the Tenth
Ward School-house. The circum-
stances of Brother Pegg are such as
to make the aid of friends just now
both timely and acceptable. Mis-
sionaries who have labored in Aus-
tralia have reason to remember his
kindness and hospitality.

Accident.—Last evening, Joseph
H. Stay was attempting to keep
his horse still, when, by a sudden
jerk, his arm was dislocated at the
elbow joint, causing him excruciat-
ing pain. The animal also, by a
sharp turn, broke both shafts of the
wagon. The incident occurred on
Second South Street.

Time of Leaving.—We under-
stand that Elder O. H. Riggs, Sam-
uel H. Hill, Nelson Empey, A. B.
Dunford, and perhaps one or two
other missionaries, expect to leave
for Europe on or about the 9th of
July.

Missionaries.—By telegram from
Elder William C. Staines, we learn
that Elder A. F. Macdonald and a
company of missionaries arrived
safely at New York, and sailed, to-
day, for Liverpool.

Fixing Up.—The city supervisor
is having the hollow places on the
upper part of East Temple Street
made high, by the application of
sundry loads of gravel.

Warm and Hot.—At two o'clock
this afternoon the thermometer
stood at eighty-four in the shade
and a hundred and ten in the sun.
Pretty high for June.

Warmer.—The weather is warm-
ing up to its summer work now.
The thermometer gets very near to
the nineties.

THE BLACK FLAG HOLSTED BY THE
Mormon Calumniators.
People well acquainted with
Utah affairs have been amazed at
the audacious efforts of the Salt
Lake and the New York
Herald to embitter the public
mind against the Mormons, by re-
presenting that they were preparing
for military operations, to anni-
hilate the Gentile element and bid
defiance to the general government.
These wholesale fabrications, how-
ever, have met with timely and
well-merited rebuke in your col-
umns; and it is gratifying to note
that, in this case, at least, the lie
does not "travel seven leagues
while truth is pulling on its boots."
But the chief of this whole busi-
ness is reached when the
pretends to receive a communication
from a citizen asking, in
travelling tones, whether there
is any safety for "the
few Gentile families scattered
around in small settlements."
That any Gentile, except a criminal,
feels the slightest apprehension as
to the safety of his property, is a
baseless proposition, the absurdity
of which can be established by
Gentiles in every nook and corner
of Mormondom, from Bear River to
the Colorado, from an experience
of years in that country. I con-
clude that not a single instance can
be found where law-abiding Gen-
tiles have been molested in their
rights, or property, or persons,
by the Mormons. Folks come
and go in Utah, as elsewhere, at
their own will and pleasure, with
"none to make them afraid," good
order prevails everywhere, the peo-
ple are peaceful and peace-loving,
and there is no more trouble in en-
forcing the law than is found here
in Nebraska.

According to the veracious (?)
authorities above named, the mur-
derous Mormons are about to "let
loose the dogs of war" upon this
poor, feeble government of ours,
and raise the black flag against all
who are not counted among the
saints of Now, even admitting that
they hate Gentiles as the devil
hates holy water, does any one sup-
pose, for a moment, that they are
so blind as to rush upon certain
destruction by making war upon forty
millions of people? Do communi-
ties or individuals usually put
themselves in an attitude of law-
lessness inviting and justifying an-
nihilation? If it is true, as al-
leged, that the Gentiles are in
danger in Utah, how is it that
the establishment is permitted to
live and thrive in the very midst
of that danger and cut-throats?
Can its daily publications against
the Mormons be verified by occur-
ring facts? No; the truth is, they
and their satellites are busy,
night and day, manufacturing pre-
judice against that people, by
which it is expected they will be
driven from the country, leaving it
to be inherited by a class who live
by a system of robbery and fraud.
This is at the bottom of these
accusations against Mormon upris-
ing, driving out Gentiles, threaten-
ing Government officials, resistance to
the law, and all the rest of it, and
has been done for the purpose of
perpetrating and retarding the develop-
ment of the country than all other
causes combined. Persons at a distance,
who have no correct means of as-
certaining the true state of the
country, are impressed with the idea
that everything must be in
chaotic conditions; hence capital
stands aloof, and they are deterred
from even investigating or attempt-
ing to do anything to advance the
country. For the country, for the
advancement of purely selfish aims.
The lie is shutting Utah's
gates against immigration, and
money, and thus retarding the de-
velopment of the country. The lie
is centered there. But for these
persistent, constant, unscrupulous
fabrications, her mining industry,
under the influx and influence of
money, and her commerce, would
unquestionably be in a far more
advanced condition—her mines
producing millions where only
thousands now see the light.

So long with the true state of the
country, and the material develop-
ment. **ILLUSTRATED.**
It is not of a Mormon Missionary
that I am writing, but of a man
who has been in Utah for many
years.
