## FRAGMENTS.

REGISTER.

A GOOD family cook is wanted. See advt.

EX-GOVERNOR GEO. W. EMERY is in the city.

THERE are now three flags out indication diphtheria.

THE D. & R. G. was a little late getting into town to-day.

A MAN named Feucher is wanted on the charge of stealing a wheelbarrow.

WATSON BROTHERS are putting in the foundation for the new Eldredge building on East Temple Street.

THE Nuisance Inspector should take an official tour along West Temple Street, south from South Temple.

WM. ENGLISH was arraigned in the Police Court to-day for drunkenness. He pleaded guilty and was fined $5.

CHIEF JUSTICE ZANE was on the Third District Court bench to-day. Judge Henderson has returned to Ogden.

TO-NIGHT the Thalia Opera Company hold the boards of the Theatre, and the attendance promises to be large.

C. M. DONELSON & CO. announce special bargains to customers in this issue. The advertisement will be found good reading.

THERE was another death from diphtheria last night, the infant son of C. E. Stuart, two doors east of the City Hall, succumbing to the disease.

IT is definitely settled that the Utah Midland will come to Salt Lake. A branch is also talked of to Ogden, to make connection with the Union Pacific.

ONE applicant in the Third District Court this afternoon, for citizenship, would not state that it was his intention to obey the laws against polygamy, and was denied admission.

THE Thalia Opera Company appear at the Theatre to-night, when "The Beggar and the Student" will be given. The Company is first class and already the sale of seats has been heavy.

A MAN known as Matt Moore was arrested last night by the police, on a telegram from Barkalow, of Ogden. It is understood that Moore is accused of getting away with some money belonging to other parties.

MEMBERS of the "Old Folk's Committee" are respectfully invited to meet at C. R. Savage's Bazar, to-morrow (Wednesday) at 6 p. m. A full and prompt attendance will be appreciated. GEORGE GODDARD.

THE People's party committee of the First Ward have made arrangements with Registrar Hurd to meet those who wish to register at the First Ward store, on Thursday evening, May 12th, at 7:30 o'clock.

EIGHTEEN years ago to-day the last spike in the great Pacific Railway was driven at Promontory, Utah. That was the completion of the first transcontinental railway. Now there are three others, and prospects are good for another in the near future.

THERE was a fair attendance at the Theatre last evening, to see Roland Reed and his company's re-appearance in the fine comedy, "Humbug." It was finely rendered, but there was some disappointment at favorite selections promised not being given. They appear at Provo this evening.

C. S. WILKES, deputy registrar for the Fifth Precinct, says that he will visit the residence of every citizen in his district to give all an opportunity to register. If any should be missed, they will have an opportunity by calling at his office at a time that will be named by him after he gets around.

**Baseball.**—This afternoon the barbers' and bartenders' nines are engaged in a friendly game on Washington Square, the losers to pay for a supper for all.

W. H. Schweiker, manager of the butchers' club, yesterday issued a challenge to the Nationals to play a game on Washington Square on Thursday. Manager T. G. Dawson accepted the challenge and the game will come off according to the conditions prescribed.

On Saturday, at the same place, the Nationals will again meet the Silver Greys.

**Janish.**—Janish made her second appearance last night in the Chestnut Street Opera House before a large and very critical audience. The representation was especially fine, and was pronounced by all present, one of the most perfect performances that has been seen at the theatre this winter. Janish is an actress of sublime power; she interprets the character with a finish and delicacy unsurpassable. Her costumes are elaborate, costly and marvels of the dressmaker's art. Her support is worthy of the highest commendation altogether. Her entire performance is tinged with a delicacy and brilliancy that in these days of bad performances is simply refreshing.—*Philadelphia Daily Record.*

**Not Wanted.**—Park City is alarmed lest one of the railroads now heading in this direction should reach her. There would be no objection to the railroad striking the Park, if it would only stop there. In view, however, of the certainty of the road coming through the Park to Salt Lake, the Parkites do not want it at all, as it would reduce that place to a way station and turn business through to this city. As it is now the distance is in favor of the Park if persons travel by rail, and the ride by coach is long and not as comfortable always as can be desired. But with railroad connection through one of the canons the time would be about one hour's ride and it would not help the Park merchants. At any rate that is how they are said to view it.

**Registration in the Third Precinct.**—In the Salt Lake *Tribune* of this morning there appears an article reflecting upon Deputy Registrar Clark, of the Third Precinct. The reason for this is that he, in accordance with the solicitation of a number of citizens, agreed to be at a specified place during a given time for the purpose of performing the work he had undertaking. The arrangement was a mutual accommodation, being convenient both for the registrar and those wishing to register. Mr. Clark understands his duty, and purposes performing it well and faithfully, without fear or favor. He has acted in the office for years and has heretofore given satisfaction to all parties. He intends not to permit any ineligible person to register, and to see that every one who is eligible has an opportunity to do so. That is his plain duty. The notice in reference to the arrangement made was handed in by one of the citizens who waited upon him on the subject.

## THE D. & R. G.

### IT WILL BE MADE A BROAD GAUGE TRACK.

The directors of the D. & R. G. Railway returned from their tour of inspection over the road last night; and the gentlemen who came from the east will return to their homes to-night, all the important business having been transacted at the sessions held during the tour over the road. The adoption of

A STANDARD GAUGE,

to principal points in the state is probably the most important move on the part of the directors, but they have also transacted other affairs, which insures an aggressive policy, which will put the road on a very substantial basis.

At the meeting held at the Springs yesterday morning the directors decided to standard gauge their line from Pueblo to Leadville and Red Cliff by laying a third rail, and from Red Cliff to Aspen to build a broad gauge road, giving them a standard gauge line from Denver and Pueblo to Aspen. This is a splendid stroke of policy, and places the Rio Grande in a position to meet all competitors and obtain their full share of the business of the state.

It is also their intention to continue the standard gauge line to Grand Junction and the Utah border, where they will unite with the Rio Grande Western, which will in all probability, lay a

THIRD RAIL TO OGDEN,

thereby giving the Rio Grande system a broad gauge connection on all the important points on their line.

This action on the part of the directors gives evidence of their appreciation of the railroad situation in the state and that they propose that the Denver & Rio Grande shall retain its place at the head of the railroad procession in Colorado.

Extensive orders have been given for the equipment to be run on the broad gauge line. The latest style of passenger coaches, Pullman sleepers and Buffet cars have been adopted. New and powerful freight and passenger locomotives are under contract, and orders have been given for heavy steele rails and iron bridges for the entire distance from Denver to Aspen.—*Denver News, Mar 8.*

**Fine Stock.**—H. J. Faust is on the road with a car load of stallions—Norman and Clyde—which he has personally selected in Canada. He is also bringing a car load of Holsteins from the great firm of Lord & Son, New York. He is expected to arrive before May 15th. His advertisement appears in another part of to-day's NEWS, to which the attention of stock raisers and all interested is called.

**Drowned.**—Word was brought to the city to-day that a boy had been found drowned at Riverside. The coroner went down this afternoon to inquire into the case. It proved to be the son of F. H. Harmon. The child strayed from the house yesterday afternoon. His prolonged absence caused alarm and a search was instituted, when he was found in one of the canals in that locality, into which he had fallen. When discovered life was extinct.

**Court Notes.**—Proceedings in the Third District Court to-day:

Wm. H. Jones, Martin Williamson, James Channing, Jacob Grimm, Jos. Seal, Alfred Seal, Thomas Maycock, John Hill and Ames Caldwell were admitted to citizenship.

United States vs. May White; adultery; set for trial on Tuesday, May 17.

The People vs. J. H. Gibbons, W. F. Allen et al.; grand larceny; set for trial on Tuesday, May 17.

James H. McKnight vs. Joseph Spitz et al.; default and judgment.

W. A. Dunbar vs. John Morgan et al.; suit for $230; on trial before a jury.

**Discharged.**—A young man and woman previously referred to in these columns as having engaged in lewd conduct, appeared before Justice Fyper this afternoon and were united in marriage according to law. After the ceremony was performed the young man's attorney moved the Court that any charge of the nature referred to now pending in said court be dismissed, on the ground of public policy; all such offenses were prosecuted by the people because they were offended, but when all the reparation they required had been made, they no longer had an interest in the matter and it was useless to prosecute when the object was removed. The prosecuting attorney was not opposed to the motion, but thought some conditions in the way of costs should be imposed, but in view of the peculiar situation the attorney on the other side thought if dismissed at all, it should be unconditional, and this was granted.

**Refused Naturalization.**—Yesterday afternoon C. Berg, N. M. Jacobsen, R. Sherwood, G. W. Willis, A. Nalson and J. Peterson applied in the Third District Court for admission to citizenship. Judge Henderson was on the bench, and after inquisitorial proceedings making a religious test, refused to admit the applicants. A sample of the interrogations will be found in another part of the paper, the examination of Mr. Sherwood being given in full.

The action of Chief Justice Zane, in the same court to-day, presents a strong contrast with the course of Judge Henderson. Judge Zane conducted the examination in a quiet and dignified manner, giving the applicants every opportunity to get a thorough understanding of the questions propounded. In addition to his usual method in the past, of requiring a special promise to obey the laws against polygamy as well as a general promise to obey all the laws, he asked, "You will not, in obedience to any revelation, counsel or advice, violate the law of Congress?" Upon a satisfactory answer being given, that branch of the subject was dropped and the applicant admitted where the other necessary conditions had been complied with.

**Transcontinental Telegraph Company.**—A new telegraph company is to be incorporated in this city within a week or two which is to form part of a transcontinental line. The new company will probably work in with the Baltimore and Ohio company, and while the corporation in this State will be a local one, it will be but part of the system which will be carried out in other States. The scheme looks to the formation of similar companies in every State west of the Missouri river, which are to use the telegraphic lines of the railway companies operating in each State. The company to be incorporated in this state will be known as the Rocky Mountain Telegraphic company, and will use the wires for the most part of the Santa Fe company. The principal points in the state will be reaceed over the wires of the Denver and Rio Grande railroad, the Colorado Midland and Union Pacific. The wires of the Santa Fe and Union Pacific, Central, Southern and Northern Pacific, Rio Grande and Western, Burlington, Kansas Pacific and the Rock Island road, when it reaches here, will also be used, both east and west, completing the circuit.

The scheme is the outgrowth of the Baltimore & Ohio Telegraph Company's project, and was consummated in New York almost a month ago. Agents are looking over the ground in several states, and articles of incorporation for the local companies will be filed simultaneously in each state. The company, or companies, will be ready for the transaction of business by the first or September of next year. It is understood that a capital stock of $5,000,000 is back of the scheme.—*Denver News, May 7.*

**A Sick League.**—The Loyal League in Park City is said to be sicker, if such a thing is possible, than that at Provo. The Knights of Labor, who largely composed the Loyal League, have been indulging in a warfare against mine owners and mill men; and they have endeavored (at least so the story goes) to compel mine bosses to discharge all the "Mormons" and Chinamen employed in the mines. To this the employers objected, and as they also are Loyal Leaguers, there was war in the camp. The employers state they do not propose that the League shall dictate to them; the Knights will not give up and the League there is in an unhappy condition.

**Probate Court.**—Proceedings in the Salt Lake County Probate Court yesterday:

In the matter of the estate of Wm. A. McMaster, deceased; order of sale of personal property.

In the matter of the estate of Wm. C. Browe, deceased, an order has been made appointing Andrew C. Brixen administrator.

In the matter of the estate of Henry Smith, deceased, an order requiring administrator to render account and exhibit.

In the matter of the estate of John Bailey, testimony of subscribing witnesses taken; order made admitting will to probate and appointing Elizabeth Bailey and John H. Bailey executors; John Needham, Geo. Raybould and Samuel Rieben appraisers.

In the matter of the estate of A. T. Guiwitz, deceased, order allowing support of widow and family, pending administration.

In the matter of the estate and guardianship of Sidney K. and Alice Hooper, Willard Young appointed guardian.

An authority gives the consumption of corn as follows: "180,000,000 bushels are used for human food, 624,000,000, for working animals; 20,000,000, for seed; 100,000,000 for the production of spirits and glucose; 65,000,000 for export, and 400,000,000 for the food of meat-producing animals."

Frank Siddall, the Philadelphia soap man, has paid the Philadelphia *Times* alone $48,304 for advertising during the last ten years. Mr. Siddall wastes no money in posters or in handbills. All that he spends is in the columns of newspapers, and as the result he has gained an enormous fortune.

A dispatch dated Colfax, Cal., May 4, says: As freight train No. 6 pulled out last evening it ran over a man who gave his name as J. Halperstadt, of 422 Tyler Street, San Francisco. He was trying to steal a ride, and in climbing between the cars fell. Both legs were cut off and he was otherwise badly mangled. He retains his consciousness in a remarkable manner, but cannot survive.

At Los Angeles, California, May 2, about 4 o'clock p.m., the infant child of Mrs. Erhardt, was burned to death. Mrs. Baird, a neighbor, had taken the child home, as Mrs. Erhardt had two other sick children. While she had the child in her arms and was putting some pies on a shelf over a red-hot stove, she accidentally upset a kerosene can, which fell on the stove and exploded. The woman and child were instantly wrapped in flames. The child died immediately. Mrs. Baird is still alive but is badly hurt.

The San Diego *News* dicusses the question of purchasing Lower California, and favors the suggestion. It is bad. We have no need for more territory. It were better to turn our attention to the reform of the adjustation of that we have than look forward to new acquisitions. Of all communities we should not attach to our political system such as that of Lower California. There is not a solitary affirmative reason to be advanced that can counterbalance the objection of injecting into the lifeblood of the republic such elements as make up the citizenship of the Mexican State referred to.—*Sacramento Record-Union.*

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the liver to action and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.

No other remedy within my knowledge can fill its place.
