District Poundkeeper.

Filmore Precinct June 17,

BAKING POWDERS CONTAINING LIME.

Why "Royal" is Absolutely Pure.

Analysis shows the presence of Tartrate of Lime in several brands of Baking Powder placed upon the market:

"PRICE'S" Baking Powder contains Tartrate of Lime

"PEARL" Baking Powder contains Tartrate of Lime.

"GROFF'S SNOW FLAKE" Baking Powder, contains Tartrate of Lime.

"DE LAND'S" Baking Powder, contains Tartrate of Lime.

All BULK Baking Powders contain Tartrate of Lime.

The presence of this substance in the above-named Baking Powders results from the use of inferior Cream of Tartar in their manufacture. The Cream of Tartar of the market, from which they are made, contains Tartrate of Lime in amounts varying from six to ten per cent, and hence these powders contain this impurity as a foreign substance to a corresponding extent, which is of no value, but a positive detriment in any powder in which it is found.

The Royal Baking Powder is made from cream of tartar specially refined and prepared for its use by patent processes by which the tartrate of lime is totally eliminated. This highly important result has been attained only with great care, labor, and expense. In money alone a quarter of a million dollars has been invested in patents, machinery and appliances by which the crude cream of tartar, being procured from the wine districts of Europe and subjected in this country to these exclusive processes, is rendered entirely free, not only from the objectionable tartrate of lime, but from other foreign substances. This adds greatly to the cost of manufacturing Royal Baking Powder; but, as all its other ingredients are selected and prepared with the same precise care, and regardless of labor and expense, an article is produced that is entirely free from any extraneous substance, and absolutely pure in all respects. No lime, earth, alum, or impurity of any kind can, by inadvertence or by the use of adulterated articles or otherwise, be introduced into the "Royal," and it contains no ingredients except those certified by the most eminent chemists necessary to make a pure, wholesome, and perfect baking powder.

It costs more to manufacture the Royal Baking Powder than any other, but it is, as shown by chemical analysis, the only "absolutely pure" baking powder made.

ESTRAY NOTICE.

I HAVE IN MY POSSESSION.

One bay MARE, 3 years old, hind feet and legs white, cap of left knee white, strip in face, branded S on right thigh.

One bay MARE, 2 years old, left hind foot white, branded S on right thigh.

D. M. OSBORNE & CO.,

MANUFACTURERS OF

REAPERS, MOWERS

— AND THE —

OSBORNE No. 11 TWINE BINDERS.

The OSBORNE MACHINES have been sold largely throughout Utah and the adjoining Territories for several years. Read the following Testimonials from the Farmers of Utah:

D. M. OSBORNE & CO.,

GENTLEMEN—We, the undersigned, were to-day present on the farm of our neighbor, Richard Howe, to witness the working of one of your No. 11 TWINE BINDERS; and we take pleasure in stating that, although the binding was done in short barley, it was done to our entire satisfaction. The draft is light and the binding apparatus so simple that any boy in his teens can readily understand and operate it. It binds every bundle. It cuts clean and we confidently believe it will save its cost over hand binding.

With honest motives, we would say to our brother farmers, buy an OSBORNE No. 11 TWINE BINDER and you will never regret it. We could say for nothing more perfect.
