

SPECIAL MAKES A SPLENDID RUN.

Governor's Train on Rio Grande
Western Reached Provo Yesterday in 53 Minutes.

AN INTERESTING DAY IN CAMP.

His Excellency and Staff Witness State
Troops in Review and an Artillery
Drill—Reception at Night.

(Special to the "News.")
Camp Timpanogos, Aug. 25.—One of the fastest runs on record in Utah was made yesterday by the Rio Grande Western special conveying the governor and party to Provo. The train left Salt Lake City at 1:35 and arrived in Provo at 2:28.

The governor and staff were met at the depot by Brig.-Gen. Cannon and troop A, N. G. U., and escorted to the reviewing grounds, a short distance east of the camp. All were on horseback. On arrival at the grounds the governor was received with a salute of 17 guns. The guard passed in review before the governor, presenting a magnificent spectacle.

After the review, an artillery drill was given by the Twenty-second battery, U. S. A., in which the regulars showed wonderful skill in handling their guns, both in evolutions and in rapid firing.

At the camp the boys of the Twenty-second battery gave an exhibition of fine horsemanship, technically termed a "monkey drill." They were applauded for their efforts.

After mass, the governor witnessed the regimental parade, which was up to the usual standard.

The informal reception given in the evening by Senator and Mrs. Looze and Maj. and Mrs. King at the King residence was a most delightful social event. The American flag was prominent in the decorations, and lent an air of patriotism to the occasion.

Lemonade of various hues, and possessing a sparkle not entirely due to the fruit, was served to the entering guests, and further refreshments of dainty sandwiches, delicious cake, and aromatic coffee.

The hosts and hostesses were everywhere present, promoting sociability and good cheer, and wit and jollity prevailed throughout the parlors. Music was furnished by a musical club, and by the superb N. G. U. quartet, composed of the following gentlemen: Bowman Johnson, Lawrence Beck, Jack Farrell and W. C. Parr.

At a later hour, the guests repaired to the Mozart dancing hall, where the time was pleasantly spent for several hours, the Regimental band providing the music.

In addition to the governor and staff and officers and their ladies were many prominent citizens from Provo and other parts of the state.

TARGET PRACTISE.
The first artillery target practise took place yesterday forenoon. The day was slightly hazy, interfering a little with the efficiency of the work, but the marksmanship was nevertheless quite satisfactory, and at the close of the practise the target had been demolished.

The target was placed north of the camp, and was located on a sandbar at the mouth of Provo river at a distance of between 1,300 and 1,400 yards.

By courtesy of Capt. Cronkite, Miss Grace Grover, fiancée of Capt. Webb, Battery A, N. G. U., fired the first shot, a shell, from gun No. 1, the shell striking about 50 yards to the front of the target, ricocheting, and tearing a great hole on the right side of the target.

There were four guns, the gunners being as follows: No. 1, Gapp; No. 2, Smith; No. 3, Clayton; and No. 4, Manning.

Both shell and shrapnel were used. The following are the results of the firing.

SHELLS.
Gun No. 1, position 1,350 yards, result, 40 yards front.

No. 3, 1,400 yards, over.
No. 2, 1,375 yards, 1 foot over.
No. 4, 1,375 yards, hit.

No. 1, 1,325 yards, 11 1/2 points right defect, hit.
No. 2, 1,325 yards, 11 1/2 points right defect, hit.

No. 3, 1,300 yards, 11 1/2 points right defect, hit.
No. 4, 1,250 yards, 2 points left defect, left of target.

No. 1, 1,250 yards, 1 point left defect, front.

SHRAPNEL.
No. 2, 1,250 yards, 1 point left defect, over.

No. 3, 1,200 yards, 1 point left defect, hit.
No. 1, 1,200 yards, (time fuse 23-6 seconds), hit.

No. 2, 1,200 yards (time fuse 2.2 seconds), hit.
No. 3, 1,300 yards, (time fuse, 2.1), hit.
No. 4, 1,200 yards, (time fuse, 2), hit.
No. 4, 1,200 yards, (time fuse, 1.5), hit.

In the afternoon, after the arrival of the governor, there was some further practise, with better results than during the forenoon practise.

WHEEL OF FORTUNE OVERTURNED.
During the reunion of the Black Hawk veterans, a wheel of fortune was set up by Charley Williams of Provo, at the camp. This wheel continued in operation during the guard encampment. On Monday night, however, a number of the guardsmen concluded that the wheel was not run on the square, and a small riot was precipitated. The wheel was overturned and the wares strewn in every direction. Williams was prevented from gathering up his goods and was glad to escape without further molestation. Threats of violence were many, and some of the more hilarious gave vent to cries of "Kill him," "Lynch him," etc. The operation of the wheel has not been resumed, and probably will not be during the present encampment.

Company H is the largest company in camp. It has furnished a major per cent of the orderlies of the encampment.

State Atty. Gen. M. A. Breeden was among the visitors yesterday. Auditor Tingey was present on the previous day.

Mrs. Cannon, wife of Brig.-Gen. Cannon, was with the excursionists who came up from Salt Lake City.

There was an immense throng of visitors at the encampment yesterday. So closely crowded together were the vehicles that it was with considerable difficulty that some were extricated. On account of an unmanageable horse one wagon was backed into Henry Smith's survey, demolishing one of the wheels.

IN SALT LAKE CITY.
Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Salt Lake City, what can he get? He will find it in Oswald Knight, retired, of 524 West Fourth South, says: "I am 77 years of age and hardly expect any medicine to have the same effect upon me as if the tissues of my body responded to it as they would have responded when I was a younger man, so that I do not want my many friends and acquaintances in Salt Lake City to think that I am a fool. I have been suffering from trouble attacks of which I had had for years and from which I have suffered excruciatingly, but I want to thoroughly impress upon the reader that they have brought me undoubted relief, and relief to anyone afflicted with the above mentioned ailment is decidedly welcome. I need not go in to the particulars of the symptoms of gravel and kidney complaint. They are only too evident to the sufferer. What is of much more importance is, if not to stop them absolutely, how to at least lessen their intrusions until suffering is scarcely noticeable. Let me say that Don's Kidney Pills can be taken with every confidence that they will act exactly as represented."

Rice and Peach Pudding.

Wash two heaping tablespoonsful of rice and place in a saucepan with half a pint of sweet milk, beat the rice in a bowl with your fingers until it is quite soft, then add the yolks of two eggs and three tablespoonsful of sugar, allow to cook for three minutes, stirring rapidly.

Take from the fire and line a pudding dish with the mixture and fill up the center with peeled and stoned ripe peaches which have been cooked until soft in sugar and water, to which a little lemon juice may be added if liked. Beat the whites of the two eggs to a stiff froth and spread them over the peaches and rice, dust well with powdered sugar, and brown in a hot oven.

Peach Pudding.
Peel stone and cut in quarters, one quart of ripe peaches. Beat slightly the yolks of three eggs and add to these half a cupful of granulated sugar and two cupsful of sweet milk. Beat the whites of the eggs with half a cup of powdered sugar until they are stiff enough to cut with a knife. Put the peaches into the yolks, sugar and milk, place in a pudding dish and bake until almost firm; then put in the whites, mix all thoroughly and bake a light brown. Serve ice cold.

Peach Ambrosia.
Make a small sponge cake of half a cupful of sugar, two eggs, a pinch of salt, half a cupful of flour in which has been sifted one teaspoonful of baking powder, stir the flour in lightly and just before putting the cake into the oven add one tablespoonful of hot water. Bake in a square tin.

Place the cake on a flat round dish and cover with thinly sliced peaches, sprinkle over a teaspoonful of powdered sugar and cover with a cupful of whipped cream.

Peach Water Ice.
Peel and stone four very ripe large peaches and cut in pieces. Mash through a colander and add half a cup of granulated sugar, add to this the juice of one ripe lemon, mixed with three tablespoonfuls of sugar. Allow all to stand for 20 minutes. Add one pint of water, beat well, strain and freeze.

Sugared Peaches.
Peel ripe large peaches and remove the pits; fill the cavity with sugar, then roll them in sugar, place in glass dish and set on ice over night. Serve very cold as breakfast fruit.

Peach Ice Cream.
Put enough ripe, peeled and stoned peaches through a sieve to make one pint of pulp, sweeten to taste. Add one pint of sweet milk to one pint of this cream, sweeten and mix thoroughly, pour into a freezer and as soon as it sets, add the peaches. Freeze five minutes, and add the well beaten whites of two eggs, stir all well and freeze hard.

Peach Pyramid.
Select 12 large ripe peaches, peel and remove the stones. Make a syrup of one cup of water and half a cup of sugar, add to this two tablespoonfuls of gelatine which has been dissolved in a tablespoonful of cold water for 10 minutes and then add the syrup while hot. Fill a mold half full of the syrup and allow it to stand until set, put in the peaches and pour over the top of the syrup and set away in a cold place to harden. Serve on a flat dish banked with whipped cream.

A CLEAR, SMOOTH COMPLEXION.

Pe-ru-na Cleanses the System—
The Glow of Health Takes the
Place of Pimples and Blisters.

Miss L. F. Acker, 403 Second avenue,
Detroit, Mich., writes:

"Peruna is a decided beautifier, better than any paint or powder, for it gives you that clear, smooth complexion and the glow of health, which no cosmetic can ever imitate. I was troubled for several years with humor of the blood which inflamed the skin and at times covered my face with pimples and blotches. I had pains in my head, back and limbs, and was constipated. I took Peruna and in a short time all was changed. All the impurities of the blood were cleansed, the pains relieved, and I was restored to perfect health. My complexion is fine and clear, and I do not need any powder to cover up the imperfections."—Miss L. F. Acker.

A Washington Physician.

Dr. Robert Douglas, Homoeopathic Specialist, corner Sixth and P streets, N. W., Washington, D. C., in a recent letter to The Peruna Medicine Co., of Columbus, Ohio, has the following to say concerning their noted catarrh remedy, Peruna:

"I have been a practicing physician for some years, during which time I have administered Peruna to a number of my patients for catarrh and general debility with great benefit to them. I have paid particular attention to its effects, and I have absolute confidence in its curative qualities, and have no hesitation in giving it a most emphatic endorsement."—Dr. Robert Douglas.

Pe-ru-na vs. Cosmetics.

To purify a stream one must purify the source of the stream. Cosmetics will not clear a complexion, depending upon catarrh of the digestive organs. Nothing but a course of Peruna will cure these cases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
