## Local and Other Matters.

FROM TUESDAY'S DAILY, JULY 8.

**From the South.**—Mr. Alma Dunford, the popular dentist, has returned from the south, and purposes opening a dental office in this city. *Success.*

**Water Scarce.**—Adamsville has run so short of water that they have to haul it from the river.

Water is being hauled in wagons from Toquerville to Belvue for culinary purposes.—*Beaver Chronicle.*

**Narrow Escape.**—Last evening's Dispatch contains the following:

"Thomas Cunningham stepped from the bathing train at Lake Shore, last evening, as she was backing down the 'Y,' for the purpose of walking to the bath-rooms, and in jumping across the track just in front of the approaching coach, his toe caught against one of the rails, throwing him violently across the track about two yards ahead of the advancing train. He was so stunned by the fall that he has no recollection as to how he got off the rails, but on returning to consciousness, he found himself lying just clear of the track, and the train slowly passing him. Mr. Cunningham received several severe injuries by the fall."

**Pioneers' Day.**—We understand that the plans are matured for a grand musical entertainment to be given in the Large Tabernacle, Salt Lake City, on the 24th of July. The Sabbath school children of this Stake of Zion will take a leading part in the exercises, and occupy the entire west end of the Tabernacle, right and left of the organ and stand, on newly-erected platforms to the height of the galleries, and also the west ends of the galleries. We are pleased to learn that the young and talented violinist, W. E. Weihe, who has just returned from his educational tour in Europe, has offered his gratuitous services on that interesting occasion, and that Prof. J. J. Daynes will give some of his talented performances on the grand organ.

Misses Olsen and Nebeker, Zion's Musical Society, besides many others will kindly aid in making the entertainment the centre of attraction, not only for the citizens of this Stake, but those of Ogden and Provo, and all intermediate settlements. To accommodate visitors from these points, excursion trains will be run at a low figure, thus enabling all to attend the concert. Further particulars can be obtained from the programme, which will be issued in a few days.

FROM WEDNESDAY'S DAILY, JULY 9

**Supreme Court.**—Proceedings Wednesday, July 9th, 1879:

W. F. Blake vs. Butte Silver Mining Co. et al.; order of the lower court reversed.

Court adjourned until Tuesday, the 22nd inst.

**Very Ill.**—We regret to learn of the serious illness of Brother William Clayton, Territorial Auditor. He has been suffering from an attack of dropsy for about two weeks, and is now so low that very little hope is entertained of his recovery. He is at his residence in the 17th Ward.

**District Court.**—Proceedings at the District Court Wednesday morning, July 9th, 1879, Judge P. H. Emerson presiding:

R. M. Kirby vs. C. A. Walker; default of defendant entered and referred to Harmel Pratt to report.

F. E. De Courey et al. vs. Anthony Godbe et al.; decree for plaintiff as prayed.

**Parowan Stake Authorities.**—President W. H. Dame sends us the following list of officers, which now compose the presiding authorities in the Parowan Stake of Zion: President, W. H. Dame; Counselors, Henry Lunt, and Samuel T. Orton. Bishops: Cedar City Ward, Christopher J. Arthur; Summit, Christopher J. Hule; Parowan, 1st ward, Wm. C. McGregor; 2nd ward, Samuel H. Rogers; Paragonah, Erastus McIntyre.

**City Council.**—Proceedings at the City Council on Tuesday evening, July 8th, 1879, Alderman Dinwoodey presiding:

A communication was presented from J. J. Snell, representing that he was the owner of a piece of land only a few feet from the spring from which the Warm Spring Bath House is supplied, and upon which land is an overflowing spring in all respects the same as the one which supplies the bath house, and believing that in other hands it might become a source of opposition to the city, he proposed to exchange the land now owned by him for certain other land on the mountain, and owned by the City. Referred to the committee on public grounds.

Alderman Pyper presented the report of the police court for the month ending June 30th, 1879, which showed that seventy-six cases had been tried and \$1,215.25 in total, collected in fines. Accepted.

The following bills for the month of June were presented and allowed: Marshal's expense bills, \$160.63; expense bills of fire department, \$115.35; William Hyde, boarding prisoners, 595 meals @ 11 cents, \$65.45; medical attendance, etc., on prisoners, \$30.

It was decided by motion to refer the subject of the propriety of transforming the Insane Asylum into a house of correction, to a joint committee composed of the committees on public grounds and improvements, and the same committee was instructed to consider all other matters pertaining to the Insane Asylum now before the council.

The ordinance on numbering houses came up on its second reading and was referred back to the committee on municipal laws for amendment.

Council adjourned till next Tuesday evening, at the usual hour.

FROM THURSDAY'S DAILY, JULY 10.

**From Tooele.**—President F. M. Lyman, of the Tooele Stake, is in town and returns home to-day.

**Going Up.**—The walls of the Studebaker and Z. C. M. I. new buildings are beginning to put in an appearance.

**Paper Car Wheels.**—The paper car wheel is to be tested on the Utah Central Railroad. Bishop Sharp is having a set furnished for that purpose.

**The Denver Browns.**—Nothing certain regarding the advent of the Denver Browns, so far. They will be here about the 19th, if at all, and will play five games.

**Getting Better.**—We are pleased to learn that Brother William Clayton was much better this morning. His physician thinks now that he will recover.

**The Heirs' Suit.**—Nothing exciting yet developed in the "big suit". The counsel for the defense are still preparing their motion to dissolve the injunction issued by the court.

**Mormon Immigrants.**—New York dispatches of the 9th announce the arrival at that port of 600 "Mormons," mostly English, Scotch and Swedes. They left for Utah last evening.

**Police Court.**—Two cases of drunkenness were fined \$6 and \$10, respectively. Another person for permitting a nuisance to exist on his premises, to the serious annoy-

ance of his neighbors, who had expostulated with him in vain, was fined \$10 for the offense.

**Approaching Completion.**—The new Dinwoodey building, formerly Taylor's Hotel, is rapidly approaching completion. The fine brick walls and new paint present a handsome appearance, and the sign "stores and offices to rent," though out early, show an enterprise pleasing to see.

**Recovering.**—We are pleased to be able to state that Counselor Joseph E. Taylor, who was seriously injured about the head a short time ago by a piece of falling timber, is gradually recovering; and though still quite weak from the effects of his accident, will soon be around among his friends once more. We wish him a speedy return to wonted health.

**Condolence.**—We extend our heartfelt sympathy to the family of Brother James A. Thompson, of Eden, our late associate in this office, in the bereavement they have been called upon to sustain by the loss of their little daughter Nellie, a promising child of 11 years, who died from diphtheria on the 7th inst. May he who comforts the hearts of the mourners remember our friends in the hour of affliction.

**District Court.**—Proceedings this morning, Judge P. H. Emerson presiding.

Earnest Lowenberg vs. Lewis & Co.; default of defendants entered and cause referred to clerk to compute.

Pincus Birwin vs. Lewis & Co.; same order.

Mary J. Burnham vs. Charles S. Burnham; decree for plaintiff in accordance with referees' report.

**Reducing Supplies.**—Superintendent George M. Ottinger commenced this morning to shut off one half of the water feeding the drinking fountains and relief pipes in order to reserve water for other necessary purposes. An ordinance is expected, shortly, limiting the supplies of fountains generally throughout the city during the dry season. These steps are necessary on account of the increasing scarcity of water.

**Serious Mishap.**—Last evening, Mr. Wm. May, of Kaysville, while driving a reaper, fell off his seat among the knives of the machine and had his left foot badly mangled. He was rescued before further harm was done, but the injury was of such a character that it was found necessary to extract some pieces of bone from the foot. This was done and the wounds dressed by Dr. Williams, of Ogden. This morning the patient was easier.

**The First Book.**—The Deseret Sunday School Reader, "the first effort of the Deseret Sunday School Union towards supplying the children of the Latter-day Saints with desirable and appropriate Readers," is just issued from the press, at the *Juvenile Instructor* office. It is a commendable little work, admirably answering the intention of its authors, and containing correct and truthful lessons in simple and attractive style and language. It is a home work entirely, and is well deserving of the patronage and encouragement which we hope it will receive.

**Unhappy Silver Reef.**—The fire fiend is giving the "Reef" a regular series of visitations. The following came over the wires this afternoon:

SILVER REEF, July 10.

A fire broke out about 9 o'clock last night in Chinatown, destroying several washhouses and other Chinese buildings. A light wind was blowing from the southwest at the time. The fire spread rapidly, and it was only by the herculean efforts of the people that the remaining portion of the town was saved. The loss is estimated at \$5,000. The origin of the fire is believed to have been incendiary. A general feeling of insecurity prevails throughout the camp.

**From the "Enquirer."**—Diphtheria is again in Provo. Mrs. Emma Jones, wife of Mr. S. S. Jones, died on Tuesday, and was buried yesterday.

Van Anken, a dentist of Springville, on Monday last was being examined on a charge of attempting to shoot a young man on the "Fourth."

Provo has a new dramatic company under the management of Mr. John C. Graham.

Last Saturday, a 12 year old son, of Major Page, of Payson, was thrown from a horse and his left fore-arm fractured.

Henry Fairbanks of the same place, a boy about the same age, on Wednesday, the 2d inst., while driving team in Payson Cañon, fell off, and the wheel passing over him, broke his right arm.

Last Sunday, an 8 year-old son of Mr. C. Powell, of Payson, was kicked in the head by a horse. Fifteen pieces of bone were removed, and between 10 and 15 grains of brain matter lost in the surgical operation which followed.

## Catarrhal POISON

Wei De Meyers' Treatise on Catarrh, explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, Bronchitis, Leucorrhoea and Consumption.

5. That Smokes, Douches, Inhalations and Insoluble snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being absorbed by the purulent mucous wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His *Treatise*, with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free and Post-paid to anybody. Wei De Meyer's Catarrh Cure is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the trade, liberal terms.
