Bill for Free Newspaper Exchanges—Petition from Mariners.

WASHINGTON, D. C., 5.—In the House, to-day, Tyner introduced a bill to permit the publishers of newspapers and periodicals to exchange, and publishers of weekly newspapers to send, within the county of their publication, one copy thereof to actual subscribers free of postage; one by Burchard, to require national banking associations to retain, as part of their reserve, the coin interest on the bonds deposited as security for their circulation, also one to aid the establishment of free schools throughout the U. S.; one by Buckner, to abolish the tax on all tobaccos.

Standing Committees.

A resolution was adopted directing the Secretary of the Navy to communicate the facts tending to show what legal or equitable claims the owners, officers or crew of the *Tigress*, or any other persons, may have on the United States for assistance rendered to the officers and crew of the *Polaris*.

The Speaker announced the standing committees of the House. The principal committees are as follows: Ways and Means, Dawes, Kelly, Burchard, E. H. Robertson, Kasson, Waldron, Sheldon, Foster, of Ohio, Breck, Niblack and Wood, of N. Y.; Appropriations, Garfield, Hale, of Me., Wheeler, Oniel, Starkweather, Lowbridge, Tyler, Parker, of Mo., Marsh, Swan and Hancock; Banking and Currency, Maynard, Farwell, Morley, Hawley, of Conn., Hunter, Phelps, Hubbell, Niles, Randall, Mitchell and Durham; Pacific Railroad, Sawyer, Sypher, Killinger, Houghton, Crocker, Willard, Carnwin, of Ills., McDill, of Iowa, Wells, of Mo., Barnum, Stanford, Creamer and Neal; Claims, Hawley, of Conn., Wells, Shoemaker, Lansing, Dunnell, of Minn., Smith, of Ohio, Burrows, Howe, W. Taylor, Smith, of Va., Arthur, Wolf and Shone; Mines and Mining, Lawes, Negley, Buffinton, Rusk, Hubbell, Page, Sheats, Lynch, Kendall, Southard and Harris, of Ga.; Reform of the Civil Service, Kellogg, Colen, Wellard, of Vt., Woodward, Sheats, Hurlbut, Butler, of Mass., Strawbridge, Wellard, of Mich., Sailor, of Ohio, Luttrell, and Whitehouse; Rules, the Speaker, Maynard, Garfield, Cox and Randall.

Cox presented a petition of 3,411 mariners, of the port of New York, asking the repeal of the act authorizing the appointment of shipping commissioners.

EASTERN.

The "Bremen"—Respect to the Dead.

NEW YORK, 5.—The *Evening Post* says 'that the steamship *Bremen*, which returned to-day with six feet of water in her hold, sprang a leak in her coal bunker at noon yesterday, when 150 miles out, and was obliged to put back; she has been taken to dock for repairs. The passengers will be transferred to the *Deutchlander*, which sails to-morrow.

The State and county courts adjourned to day out of respect to the memory of Judge Peckham.

Plymouth Church.

At a meeting of the Plymouth Church to-night, the charges against Henry C. Bowen were dismissed, and a resolution was adopted to the effect that Plymouth Church is an independent organization and permits no interference with its internal affairs. Bowen publishes a card reflecting on the church, for not basing its dismissal of the charges on the ground of his entire innocence.

Immense Activity at the Navy Yard—Enlisting Men for the Navy.—War very Probable.

Five hundred men were taken on at the navy yard to-day. The orders are to push work as fast as possible. The *Roanoke* will not be ready for two weeks; the *Colorado* will no doubt sail on Sunday. An eleven inch gun was placed on her poop deck to-day. The *Florida* will be hauled into the dock as soon as the *Colorado* leaves. The receiving ship *Vermont* is literally overrun with applicants for the navy, and seamen or landsmen, with or without trades, if able bodied, are accepted.

The *Express* says that the *Albert W. Smith*, a large two-masted schooner, sailed from Elizabethport, N. J. on Thursday, with, it was reported, coal for the fleet, but it is now ascertained that she really carried arms and ammunition for Cuba.

A Cuban gentleman who returned from Washington this morning, states that he conversed with Secretary Fish and several senators, and they assured him that any further diplomacy with Spain, on the *Virginius* question would be declined. They believed the Spanish authorities in Cuba would refuse to accept the propositions of the protocol, and that war would probably be the consequence.

The steamship *Bremen*, which returned here in a leaky condition, sailed again to-day, after making the necessary repairs.

Less Hopeful.

WASHINGTON, 5.—The diplomatic branch of our government is not so hopeful now as several days ago of the ability of Spain to carry out its orders. The suggestions for the modification of the protocol, so that the *Virginius* may be delivered to a third party to award adjudication, does not at present meet with any official favor. The statement, as published, to-day, that there was not one of the United States naval vessels, at Havana yesterday, is accounted for by the fact that it was part of the arrangement between Secretary Fish and the Spanish minister, that there should be no show of menace whatever on our part which could increase excitement at Havana and elsewhere in Cuba, while the plan of release was intended to be effected yesterday in the quietest manner possible.

Failing Off in Tobacco and Potatoes.

The report of the Department of Agriculture for Nov. and Dec., shows that the average tobacco crop, in comparison with last year, is 98.1, a falling off of 17,000,000 bushels of potatoes is indicated.

The Cuban Imbroglio.

There is no excitement in any quarter concerning the *Virginius* question, although some curiosity is expressed to learn the condition of affairs at Havana. Official advices are withheld from the public for prudential considerations. The cabinet to-day talked over the situation, but nothing was done to change the position of affairs. The embarrassments surrounding the Spanish government are appreciated, and therefore, without a formal prolongation of time, this government will wait till the delivery can be effected in a way that will give the least offense to Spanish pride. It is believed, from what has been privately said in official quarters, that it was not agreed between Secretary Fish and Admiral Polo that the *Virginius* should be surrendered at the port of Havana, but that the vessel should be taken from the harbor and conveyed beyond its jurisdiction, and then delivered to such United States vessel as might be sent to receive it, preparation being made to give timely notice of the transfer. It is considered that this course would give less occasion for offense than if one or more of our ships should go directly to Havana for that purpose. The government leaves to Spain the fulfilment of its obligations, but if this should prove impracticable the facts will be reported to Congress for its action.

Ships Leaving.

WILMINGTON, Del., 5.—The *Powhattan* sailed to day, for Key West; the *Manhattan* will leave to-morrow.

Judicial Decision.

PHILADELPHIA, 5.—In the Superior Court to-day, Judge Agnew delivered an opinion, in which all the judges concurred, restraining the commissioners appointed by the constitutional convention in this city from acting; the decision is to the effect that the constitutional convention had not the extensive power it had attempted to assert, and that it had been guilty of an act of attempted usurpation in setting aside the election system prescribed for this city and inaugurating a new one, under which the election for adoption or rejection of the constitution should be conducted.

Democratic Victory.

GALVESTON, Texas, 5.—Forty-four counties show a net Democratic majority of 5,000; the Democrats claim the State by 40,000.

The Thief Woodward.

MEMPHIS, 5.—The defalcation of Woodward, the absconding trustee, will reach one hundred thousand dollars; he was last heard from in N. Y.

WESTERN.

Governor's Message—The "Costa Rica."

SAN FRANCISCO, 5. — Governor Booth, in his annual message, favors the revising of the treaty with China, which shall restrict Chinese immigration to this coast; he also favors legislation for the enforcement of a system of uniform freight and passenger rates on railroads in this State.

The steamer *Costa Rica*, of the Pacific Mail Co., which was run ashore near the entrance to this harbor a short time since, is out of the dry dock ready for sea again.

Rain and Snow—Southeast Gale.

The rains, which have been very general throughout the State, have been of great benefit to farmers everywhere.

The snow storm throughout California is unprecedented in ten years. The weather is still stormy and unsettled. Many vessels, unable to make the harbor last night on account of the strong south-east gales, came in to-day.

CANADA.

Terrific Gale.

TORONTO, 5.—A terrific gale passed over Oshawa yesterday; several churches and many dwellings were unroofed and a number of buildings prostrated.

The loss by the recent storm here and in this vicinity will probably reach $100,000. Reports from various points in the east, west, north and north-east indicate that the storm was of the most destructive character.

Legislature Opened.

QUEBEC, 5th.—The Legislature opened yesterday with the usual ceremonies, and a speech from the throne.

Destructive Fire.

FORT GARRY, 5.—A destructive fire occurred here last night, by which the Parliament buildings were totally consumed; all the books and official documents were saved.

Writing a sketch of his life, an Irishman says that he early ran away from his father, because he discovered that he was only his uncle.
