Last Night's Dispatches.

CONGRESSIONAL.

WASHINGTON, 21.—Jones of Fla., spoke in favor of Matthews' resolution declaring the right of government to pay bonds in silver.

Cockrell quoted extensively from the various financial acts of Congress, to show that government had the right to pay the bonds in silver, and also reviewed the arguments in behalf of the single standard alone, but before he had spoken long, he yielded to Edmunds, upon whose motion the Senate went into executive session.

When the doors were reopened the Senate adjourned till 1:30 p.m. to-morrow.

By the Senate the following bills were introduced:

By Willis (New York) to authorize the killing of seals and other fur-bearing animals within the limits of Alaska; also to provide for the organization of a navy during peace.

By Ketchum (New York) proposing an amendment to the constitution, providing that no claim against the United States shall ever be paid unless the same shall have been presented to a proper tribunal within ten years from the time the claim shall have accrued.

By Shellabarger, authorizing the college of silver dollars and silver coins, to be full legal tender.

By Watson, to regulate interstate commerce and prohibit unjust discrimination by common carriers.

By Marsh, for the transfer of the Indian bureau to the War Department.

By Lignon, restricting the admission of cadets at West Point.

By Gibson, for the establishment of a mail steamship service between the United States and Brazil.

By Wood (New York) for a joint committee of Congress to inquire into the causes of sickness in the District of Columbia.

By Ligon, to reduce the tariff and internal revenue taxes by a suspension of the sinking fund law, until under the operation of said law there would be accumulated an amount which has been applied to the reduction of the national debt in excess of the requirement of said law from July 1, 1865, to July 1, 1877.

By Brown (Ind.), by request, to incorporate the National Railroad Company, for the purpose of constructing a railroad from Chicago to St. Louis and Cincinnati.

By York, to prevent the further destruction or retirement of United States Treasury notes, and to keep them after assumption as the paper currency of the country.

By Ligon, declaring the sense of Congress in regard to subsidies.

By Buckner, to suspend for five years the operation of the law requiring the purchase annually of 1 per cent. of the debt of the United States.

By Davidson, establishing a line of mail and emigrant steamships between St. Petersburg, Fla., and Liverpool.

By Oliver, proposing an amendment to the constitution, providing for a term of legal tender notes, and for the redemption of the same.

By Ligon, by request, authorizing the Postmaster General to construct for an ocean mail service.

By Ligon, for the benefit of actual settlers on the Sac and Fox, on Indian lands.

By Kidd, granting lands to aid in the construction of a railroad from Blacksville to the Black Hills, also for the relief of settlers in the Black Hills.

By Banks, to extend the commerce of the United States with the Republic of the Southern Pacific Railroad.

By Clark, Missouri, offered a resolution directing the military committee to inquire into the expediency of transferring the signal service bureau from the War to the Treasury Department.

Glover asked leave to offer a resolution authorizing the committee on expenditures in the Treasury Department to send sub-committees to such places as it may deem necessary for the purpose of taking testimony.

Paterson objected.

The speaker laid before the House a communication from the Italian minister, inviting the attendance of the members of the House at the funeral of the late King of Italy, Victor Emmanuel, at St. Agnes Church, Washington, to-morrow morning; read the communication.

Southard moved to suspend the rules and pass the bill authorizing the payment of custom duties in legal tender notes after the 1st of January, 1878, and up for two years.

The motion to suspend the rules and pass the bill was defeated, yeas 154, nays 203; not two-thirds in the affirmative.

The House then adjourned, no report having been made from the committee on foreign affairs on the invitation of the Italian minister to attend the funeral ceremonies for tomorrow in memory of the late King of Italy.

EASTERN.

NEW YORK, 21.—The Herald's Washington special says: A special dispatch says a party of refugees are arriving from Debora and Omani Bazar. Many die on the road from cold and hunger.

A Russian dispatch says the Danube is now completely frozen over and transport wagons are now crossing freely on the ice.

THE OREGON AND SALT LAKE CITY RAILROAD PROJECT.

WASHINGTON, 21.—At a meeting of the Senate railroad committee, to-day, Senator Gresham made an argument earnestly supporting Mitchell's provisions in aid of the construction of a railroad from Oregon to Salt Lake City. He said the people of Oregon would not let a straw in the way of extending the line to the completion of the Northern Pacific Railroad, but they thought they should have something to say concerning railroad legislation for the northwest. They were deeply interested in the Salt Lake and Oregon railroad project, because it would bring them more directly into connection with existing roads. He also showed that the joint grant proposed for this project would not exceed the number of acres about five million, which the Northern Pacific Company proposed voluntarily to relinquish by change of route. Colonel Chapman, of Oregon, was also heard in advocacy of Mitchell's bill.

Col. Wagner writes to the commissioner of internal revenue from Greenville, S. C., that the breaching of internal revenue for use by officers of the revenue in their districts of Columbia.

He had been of great assistance in the recent raid made by his officers under the collector, in which they captured an 80 gallon still and seized upon it, upon their assailants, driving them until they were dispersed.

WORKINGMEN'S CONVENTION.

SAN FRANCISCO, 21.—The workmen held their convention this evening. The police discovered the place of meeting and made a descent upon it. The captain in charge, who was with the police, entered the hall, and finding the proceedings of a quiet and legitimate character, forbade the police to interfere. The convention completed the business of the evening and adjourned without disturbance, after effecting an order of business for the following evening. A committee was appointed to obtain a writ of mandamus, commanding the mayor to show cause why the convention should not be permitted to hold its sessions undisturbed. There was an evident disposition to discontinue the present and incendiary course of keeping down the workmen and to conduct the labor question in a peaceful and lawful manner.

WORK FOR THE UNEMPLOYED.

IN conformity with a notice given by the railroad authorities, that unemployed workmen would be given work on the company's property at Mission Bay, at 11 p.m. day, several hundred men assembled there early this morning. About 200 were at work and others will be given work as fast as the company can make arrangements. Within a few days employment will be furnished to 1,000 if so many offer their services.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 21.—A dispatch from Constantinople announces the entry of the Russian into Adrianople. The Austrian consul there telegraphed last night that the town was tranquil. No news of the actual fighting.

If the report that Sultan Pasha has reached Drama should prove correct, he can take his army, believed to be not less than 50,000 men, to the sea by a short route, and thence secure transportation to Gallipoli or Constantinople. His passage through the Ropope Mountains does not seem very probable, and it now seems the force which the Russians were able to place across the path west of Adrianople consisted entirely of cavalry, which could destroy the communication and cut off his supplies, but could not seriously impede his march eastward or southward. However, the view of Sultan Pasha's safety are unimpaired. The rumor comes from Constantinople, where the wish would be likely to be given credence.

It is officially announced that the Servians, upon recapturing Karabuz, found twenty-four soldiers and two officers killed.

The Russian general, Skobeleff, thus completing the investment of Widin. The bombardment of the Romanians has not yet been reported from Widin.

A correspondent understands that Sultan Pasha has with him at Drama 108 battalions and 115 guns.

A Gallician dispatch says a party of refugees are arriving from Debora and Omani Bazar. Many die on the road from cold and hunger.

A Russian dispatch says the Danube is now completely frozen over and transport wagons are now crossing freely on the ice.

A CONSTANTINOPLE DISPATCH.

Jan. 15, 1878, says the Porte, at the instance of the Sultan, has ordered all villages at a distance from the seat of war to send, pending the result of the armistice negotiations, all the forwarding and supply routes to Constantinople by the quickest route.

The same dispatch says: "It has been decided that the government of the Sultan will quit Constantinople as soon as the peace is reached."

Constantinople, a station on the Adriatic railway twenty-five miles from Constantinople.

FRANCE.

A heavy time in the Chamber of Deputies, to-day, Admiral Pothuau, on behalf of the right, moved that henceforth a two-thirds majority be necessary to declare an election invalid.

Garibaldi opposed the motion. He called for the previous question and made a vigorous attack on the minority.

Railroad Committee reported favorably on the proposed bill, but Garibaldi's motion for the previous question was adopted, 312 against 180.
