

# THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

## LOCAL BRIEFS.

**Going East to School.**—The local railway ticket office reports that a large number of young people leaving for school and college at large eastern centers.

**Y. M. C. A. Social.**—The Salt Lake Y. M. C. A. will have a social meeting this evening, in the Brooks Arcade, opposite the Kountsford hotel, where the friends of the institution are invited.

**Leaves for Denver.**—Special U. S. Agent F. F. Fend has been transferred to Denver, for which post he and his family left today. His successor here is H. V. Campbell of Spokane.

**Work Being Pushed.**—The work of construction on the Salt Lake & Ogden road is being pushed through the sand ridge east of the Short Line cut, before entering Ogden, striking the town at Thirty-third street.

**Water Supply Pure.**—The city chemist has just completed another analysis of the city's water supply from the artesian well at the city waterworks, and reports that it is of exceptional purity. It is unusual to find it in such good condition at this time of year.

**Y. M. C. A. Classes.**—The Y. M. C. A. will hold open house next Saturday evening. The night school for employed boys started last night, with enrollment of 50, and a prospect of increase to 100. The men's classes begin next week.

**Judge Judd in Tennessee.**—Judge Henderson recently heard from Judge Judd, formerly U. S. district attorney in this city. Judge Judd is running a large farm near the city, and is now and then engaging in lucrative law practice, besides lecturing at the state university on various topics.

**Southeast Building Up.**—A contractor calls attention to the remarkable number of homes being erected in the southeastern part of the city, tributary to the Ninth and Eleventh East street car lines. These homes seem to be appearing everywhere, and some of them are quite pretentious.

**Partner of C. M. Neuhausen.**—Architect John Birch of Provo attended the funeral of C. M. Neuhausen. As Mr. Birch was for years associated with the deceased, and attended to all the details of the actual work, he will remain to assist in settling the business affairs of the estate.

**Henderson on Commission.**—Judge Henderson, P. Henderson, has been appointed a member of the Jamestown Exposition commission to succeed Fisher Harris, who tendered his resignation to the board yesterday on account of his illness. The commission Gov. Cutler's proclamation announcing the appointment was made this morning.

**Funeral of Mrs. Harper.**—Mrs. L. E. Harper, wife of Joseph P. Harper, late of Vernal, Utah, was buried this afternoon from the undertaker's parlors of E. W. Hall. Mrs. Harper died Tuesday at the Keogh-Hammond hospital. Besides the husband, a son five years old and a babe of three days, she leaves a mother, Mr. Harper was about 40 years of age.

**Architect Neuhausen's Funeral.**—The funeral yesterday afternoon of Architect Neuhausen was largely attended, from the residence, 1285 East First South street, where there was a private service. The casket was carried to the service and the interment was at Mt. Olivet. Mr. Neuhausen will be much missed in the community.

**Newton Beers in Monologue.**—Newton Beers, a noted Odd Fellows lecturer of Chicago, will give a dramatic characterization this evening, in Odd Fellows hall, in monologue of the play, "David and Jonathan." Prof. Beers comes recommended by the Sovereign Grand Lodge of the Salt Lake lodge of many jurisdictions, and by many subordinate lodges.

**Karl Hardy Improving.**—Karl Hardy has recovered sufficiently from his prolonged prostration from rheumatism to be able to turn over in bed without assistance. The city physician is to visit him. Local physicians say the profession has come to change its views regarding rheumatism, and do not necessarily connect it with dampness, but rather with a blood infection. It is believed that the particular microbe of rheumatism will yet be discovered, with methods of effective treatment.

**Plan Independent Tracks.**—It is said the agreement between the Salt Lake and Salt Lake Route regarding line rights between San Bernardino and Daguerre, is to be terminated in the near future. Cajon pass has caused the Salt Lake Route to be troubled on account of land slides, etc., so the Salt Lake Route has practically decided to build its own tracks across the San Bernardino range. The Salt Lake Route is young to be discussed, say officials of the Salt Lake Route, but they do not deny that such a scheme is being considered.

**Returns from San Francisco.**—Ellen Miller in speaking of conditions in San Francisco which he recently left, said that there now are outbreaks, merely incidental, due to individual spite, as in the recent strike by electric strikers on motormen and conductors. The strike was a disastrous failure; so was the strike of the iron workers and the strike that occurred in other trades. The result is that there are no more strikes, and contractors say that while wages are no lower than they were, employers are able to get a great deal out of their men that they did formerly.

**Zion's Savings Bank & Trust Co.**—Pays 4 per cent on deposits, safety deposit boxes for rent. JOSEPH F. SMITH, Pres. O. C. BREBB, Cashier.

**EXPERT KODAK FINISHING.**—Harry Shipley, Commercial Photographer, 151 Main St.

**CONFERENCE AND STATE FAIR.**—The usual low rates will be made from Utah points via the Oregon Short Line. Tickets on sale from Ogden and points south, September 26, to October 6th, inclusive. Tickets on sale from other Utah points, September 29th, to October 6th, inclusive, limit October 15th.

**TO U. OF U. STUDENTS.**—We have your text books at less than publishers' prices. General school stationery at correspondingly low figures. Get our printed price list. DESERT NEWS BOOK STORE. The leading book concern, 6 Main St.

## REAL ESTATE MEETING

### ISSUE AN APPEAL

They Fear Public Sentiment is Lapsing On Combine Matter.

## GRAND JURY TO ASSEMBLE.

Dist. Atty. Looftbourg Denies Rumor That It is Planned to Abandon Investigation.

On Saturday evening next the Salt Lake Real Estate association will hold a special meeting in its Chamber of Commerce quarters, to consider ways and means of financing its proposed fight to create a sentiment which will rob combines to raise the price of living of their respectability, and secure all possible information to aid in prosecution such as work to open up the combine's organized can be discovered.

The Real Estate Association's present activity is to supplement the grand jury's work, and not let the public spirit recently aroused, lapse through lack of information on the part of the community. The association's members realize that combinations are so general and so numerous that it is almost impossible to find them all up in an investigation. Hence they are urging a continuance of the public agitation and inquiry, and they figure that combines will fight this investigation to the limit of their large resources. A public address, appealing for funds, was issued at a meeting held last night, and it is expected that a call for a mass meeting will result from Saturday evening's session.

Dist. Atty. Fred C. Looftbourg declares that there is no legal way to stop the summoning of a grand jury, and that so far as he knows no effort has been made to bring influence to bear to quash the matter and let it rest without further action. It will meet, he declares, on Oct. 7, or soon thereafter, and that the present delay is due to the fact that the grand jury is a body which takes up the time of the district attorney and his assistants. The matter of collecting evidence is still in hand, and is being pushed to the limit.

The Real Estate association's address to the public is as follows: The Salt Lake Real Estate association re-affirms its former statement that it will not let the front of the fight of the people against all combinations operating in Salt Lake to increase the cost of food stuffs, coal and building materials, and as evidence of this it will not let the matter rest. It is now and then engaging in lucrative law practice, besides lecturing at the state university on various topics.

**Partner of C. M. Neuhausen.**—Architect John Birch of Provo attended the funeral of C. M. Neuhausen. As Mr. Birch was for years associated with the deceased, and attended to all the details of the actual work, he will remain to assist in settling the business affairs of the estate.

**Henderson on Commission.**—Judge Henderson, P. Henderson, has been appointed a member of the Jamestown Exposition commission to succeed Fisher Harris, who tendered his resignation to the board yesterday on account of his illness. The commission Gov. Cutler's proclamation announcing the appointment was made this morning.

**Funeral of Mrs. Harper.**—Mrs. L. E. Harper, wife of Joseph P. Harper, late of Vernal, Utah, was buried this afternoon from the undertaker's parlors of E. W. Hall. Mrs. Harper died Tuesday at the Keogh-Hammond hospital. Besides the husband, a son five years old and a babe of three days, she leaves a mother, Mr. Harper was about 40 years of age.

**Architect Neuhausen's Funeral.**—The funeral yesterday afternoon of Architect Neuhausen was largely attended, from the residence, 1285 East First South street, where there was a private service. The casket was carried to the service and the interment was at Mt. Olivet. Mr. Neuhausen will be much missed in the community.

**Newton Beers in Monologue.**—Newton Beers, a noted Odd Fellows lecturer of Chicago, will give a dramatic characterization this evening, in Odd Fellows hall, in monologue of the play, "David and Jonathan." Prof. Beers comes recommended by the Sovereign Grand Lodge of the Salt Lake lodge of many jurisdictions, and by many subordinate lodges.

**Karl Hardy Improving.**—Karl Hardy has recovered sufficiently from his prolonged prostration from rheumatism to be able to turn over in bed without assistance. The city physician is to visit him. Local physicians say the profession has come to change its views regarding rheumatism, and do not necessarily connect it with dampness, but rather with a blood infection. It is believed that the particular microbe of rheumatism will yet be discovered, with methods of effective treatment.

**Plan Independent Tracks.**—It is said the agreement between the Salt Lake and Salt Lake Route regarding line rights between San Bernardino and Daguerre, is to be terminated in the near future. Cajon pass has caused the Salt Lake Route to be troubled on account of land slides, etc., so the Salt Lake Route has practically decided to build its own tracks across the San Bernardino range. The Salt Lake Route is young to be discussed, say officials of the Salt Lake Route, but they do not deny that such a scheme is being considered.

**Returns from San Francisco.**—Ellen Miller in speaking of conditions in San Francisco which he recently left, said that there now are outbreaks, merely incidental, due to individual spite, as in the recent strike by electric strikers on motormen and conductors. The strike was a disastrous failure; so was the strike of the iron workers and the strike that occurred in other trades. The result is that there are no more strikes, and contractors say that while wages are no lower than they were, employers are able to get a great deal out of their men that they did formerly.

## FAIR AND CONFERENCE TRAFFIC

The first State fair held in two years, and the semi-annual conference, occurring together the first week in October, assure the influx of an immense throng of people from all parts of the west. The railroads give special rates to cover both events, reaching into all the adjoining states and territories.

Advance inquiries to the railroads and the fair people indicate a record-breaking attendance. Thousands of people are coming prepared to do their fall and winter shopping, and the ENTERPRISING MERCHANTS of our city should at once lay before their country patrons what they have to offer in the way of bargains.

To reach the people in THEIR HOMES, there is only one medium, and that is the SEMI-WEEKLY NEWS issued every Monday and Thursday. Special rates are accorded regular advertisers in the daily.

During Fair and Conference week, all country subscribers of the "News" are invited to call and receive a FREE COPY of the daily, during their stay in the city, rendering that paper an invaluable advertising medium while the Fair and Conference last.

### DUNCAN GOES TO OGDEN.

Win. D. Duncan, for some time one of the Tribune's most valuable men, leaves today for Ogden, where he assumes the city editorship of the Journal, an afternoon paper of the Junction city. Mr. Duncan is one of the most popular newspaper men in Utah. His standing in Salt Lake is the envy of his fellow-workers. He is noted for his integrity and ability.

For the past two years he has been railroad editor of the Tribune, but when a big story broke loose it was usually Duncan who got the assignment. No matter how big or small the assignment, he has never failed with a run and jump at it, but got the story complete and straight from top to bottom. No matter what he was reporting his story went to the desk promptly and undisturbed and in more than interesting style. He goes to Ogden with the best wishes of the Salt Lake boys, Railroad men and everyone with whom he has ever had any dealings. The Tribune has lost a good man and its loss is the Journal's gain.

### CHAMBERLAIN'S COUGH REMEDY

ONE OF THE BEST ON THE MARKET.

For many years Chamberlain's Cough Remedy has been constantly gaining in favor and popularity until it is now one of the most staple medicines in use. It is especially for acute throat and lung diseases, such as cough, colds and croup, and is safe to take and is undoubtedly the best in the market for the purpose for which it is intended. Sold by all druggists.

### AUDIENCE DISAPPOINTED.

Crowd Waits in Vain to Hear Senator La Follette.

It was a disappointed crowd of men and women that left the First Methodist church last night, after waiting in vain for the appearance of the lecturer of the evening, Senator Robert M. La Follette. It was known early in the evening that the train bearing the distinguished orator was late, but it was hoped that he would arrive in time to make the engagement. It was 11 o'clock before the senator reached Salt Lake, and long before that hour the audience that had gathered to hear him had given up in despair and had gone home. Senator La Follette decried very much his inability to speak, and he inveighed strongly against the all too frequent occurrence of late trains in this part of the country. He said this was his third trip in these parts, and just that many times he had been delayed in precisely the same manner. During the wait at the place where the lecture was to have been delivered, the audience was treated to splendid rendition of Booth Tarkington's "Monsieur Beaucaire," by Mrs. Jennie S. Stranger.

### TOMORROW'S ORGAN RECITAL.

The program for tomorrow's tabernacle organ recital will be as follows, with Prof. McClellan at the console: Concert Overture.....Hollins Andante.....Lemaire Toccata.....Widow Old Melody.....Arr. by Performer March.....Gullmant
