SAN FRANCISCO KOREANS SHOOT AMERICAN CITIZEN

D. W. Stevens; Adviser to the Korean Council of State, Attacked by Aliens at Ferry Station—In an Interview He Favored Japanese Issues in the Orient and Roused Ire of the Diminutive Brown Men Who Knocked Him Down.

San Francisco, March 23.—Following an attack by four Koreans at the Fairmont hotel last night, D. W. Stevens, a member of the Japanese council at Seoul, was shot and perhaps fatally wounded this morning at the ferry depot as he was about to leave for Washington. The shooting was done by N. W. Chun, a Korean. Stevens was shot twice, one bullet penetrating his right lung and the second the groin. A third bullet struck a companion of the shooter, L. W. Chung. A mob of 500 men pursued the shooter, who ran from the scene and he was captured by H. Sexton, a deputy in the assessor's office. Mr. Stevens and the wounded Korean were taken to the Harbor hospital, where they received temporary attention. Later they were taken to the Central Emergency hospital. Mr. Stevens, accompanied by the Japanese consul, had just stepped out of the hotel bus when several Koreans approached them, one of whom said a few words to Stevens and then struck him in the face. The Korean, who was armed with a handkerchief, began shooting at Stevens. At the Harbor hospital, Dr. Hill extracted a bullet from the wounded Korean who had been shot through the lungs.

STEVENS MAY RECOVER.

One of the shots entered Stevens' back above the scapula and penetrated the lower portion of the lung. The other entered his loin and penetrated the liver, possibly entering the intestines. Stevens is a man of strong physique and is in splendid health, and it is possible he will recover.

Mr. Stevens who arrived here from the orient last Friday, came to the United States to ascertain his views as expressed after his arrival. The opinions expressed by him were decidedly favorable to the Japanese in Korea.

STEVENS ADMITS INTERVIEW.

The four Koreans called shortly after 9 o'clock last night at the Fairmont hotel to see Stevens, who came down stairs to meet the delegation. He walked with them to a room at the extreme north end of the corridor, where the party was soon engaged in earnest conversation.

The spokesman of the committee was Lee. He asked Stevens if he had made the statement referred to in the press, and the diplomatic adviser replied in the affirmative. The interrogations took the form of a cross-examination, Stevens being questioned categorically on each sentence. He added more about the great work Japan is doing for Korea and how well the Koreans love the Japanese government and police in their home land.

Stevens also showed an excerpt from a local newspaper in which he was quoted as saying:

"Japan is doing in Korea and for the Koreans what the United States is doing in the Philippines for the Filipinos, modifying its methods only to suit the somewhat different conditions with which it has to deal."

DENIED THEIR STATEMENT.

The Koreans asked Stevens if he was the spokesman for that statement. The adviser answered in the affirmative. The young men wanted to know if the Japanese were not killing off the Koreans. Stevens said no. The spokesman then wanted to know if all the Korean officials had not been eliminated and Stevens again responded to the contrary, adding that the young man had probably been too long away from his country to know the exact condition of the government.

Then the attack began. Stevens was struck in the abdomen with batte chairs. His head struck the marble flooring, but he quickly rose, and seizing a chair, placed his back against the wall, and held his assailants at bay until help arrived.

After the assault, Lee, one of the Korean committee said:

CALLED STEVENS A LIAR.

"I called him a liar when I was held, but they would not let us go, so we left. We are all very sorry that we did not do more to him."

Speaking for the committee, Lee

TORNADO IN LOUISIANA.

Reports from East Feliciana Indicate That Much Damage Resulted.

Baton Rouge, La., March 21.—Reports have been received here of a tornado which swept through East Feliciana parish, La., early today. At Norwood, 50 miles from Baton Rouge, a number of persons are reported to have been killed and many persons are said to have been injured. Much damage has been done by the wind and rain, especially to the telephone and telegraph wires.

BAYLESS IS READY TO TAKE HIS MEDICINE

Mobile, Ala., March 22.—Captain Adams chief of detectives, Detective Johnson of New York, passed through Mobile early today with J. J. Bayless, formerly assistant superintendent of the Prudential life insurance company at the Prudential agency, Cohoes, N. Y., who is alleged to have left the country one year and a half ago taking with him \$500 of the capital of the company. He was arrested here three weeks ago. Bayless, according to the statement of Detective Johnson, has confessed and will go back to New York and "take his medicine."

NEWSPAPER BLOWS UP.

Rock Island, Ill., March 22.—The Daily News was dynamited early today and the press room was badly damaged. The paper has been attacking the gamblers and advocating local license. No one was injured.

CLIPPER ARRIVES WITH ODD CARGO

Carrying German Made Brick for Ballast Clipper Reaches New York.

WILL CLEAR FOR RANGOON

Roundabout Voyage from Bremen to India Adds Odd Freak to the Ways of Ocean Travel.

New York, March 22.—The four-masted British-built German clipper ship Peter Rickmers, in yesterday from Bremen, has aboard 60,000 German white bricks, shipped at Bremerhaven, when she is going to carry with her to Rangoon, whether she will also take from this port a cargo of case oil. Capt. Bachmann said his employers had found that the Rickmers, which is slim and heavily sparred, needed a lot of ballast to cross the sea.

The principal reason why she could not have profitable ballast and so they put aboard the bricks which are sold at a big profit in India, and 200 tons of stone fit for Burmese foundations. Incidentally, such is the cargo capacity of the big ship, she took aboard 1,350 tons of sand ballast. She will dump that at South Brooklyn before drawing to Bayonne to load with case oil and the same ship will be sold. A cargo of oil alone would not be heavy enough to keep the Rickmers from ducking under the pressure of a stiff breeze and that is why she has to take the bricks and stone the round-about way from Germany.

FAILING BRAKES CAUSE BAD ELEVATED COLLISION

Chicago, March 23.—More than 25 people were injured in a rear-end collision between a Northwestern elevated and an Oak Park elevated train at State and Van Buren streets early today. The trains, consisted of three coaches each, all of which were crowded.

A panic followed the crash, and many of those who escaped injuries when the trains came together, suffered bruises in the scramble for exits.

The Oak Park train was standing at the State street station when the Northwestern train, running into Van Buren street, crashed into it.

Among the injured were C. C. Stern and D. R. Pollock, both of New York.

Failure of brakes to work properly is assigned as the cause of the collision.

WORLD'S GREATEST DAM TO BE BUILT IN IDAHO.

(Special to the "News.")

Boise, March 23.—At a meeting of the Twin Falls Irrigation company, with the state land board, plans have been formally completed for the reclamation of 130,000 acres under the Caley act at the cost of \$2,500,000 in what is known as the Salmon river project.

W. S. Kuhn of Pittsburgh, president of the company, stated yesterday that between the 20th and 30th of May next, 80,000 acres of this land would be thrown open for settlement, and that within a day or two work on the construction of a dam across the Salmon river will commence.

As soon as he was removed from the operating table, Mr. Stevens called for the Associated Press representative whom he gave the following version:

"As I got out of the Fairmont hotel omnibus, several Koreans approached me. One of them struck me in the face, lacerating my cheek. As I started to pursue him, another Korean began to shoot at me. The first Korean fled and struck the Korean I was pursuing. The next two shots took effect in my back."

STEVEN'S VERSION.

At the Central Emergency hospital, Mr. Stevens was examined by Chief Surgeon W. L. Terry and Surgeon T. H. Lunnall. He was then prepared for removal to another hospital. Japanese Consul Kikoe and F. T. Richardson, the American secretary to the Japanese consulate, were in constant attendance on Mr. Stevens.

WORK OF AGITATORS.

This evidently is the work of a small band of student agitators in and about San Francisco, who resent the fact that the Japanese have a protectorate over Korea and believe that I am to some extent responsible for this condition of affairs in the country.

Stevens was very anxious that a hopeful statement regarding his recovery be sent out, in order not to alarm his sisters, who have a cottage at Atlantic city where he was about to visit them on his vacation after a long sojourn abroad. His home is in Washington, but he is not here on official business.

Dr. Lumwitz and the other emergency hospital surgeons are of the opinion that he will recover, if no untoward complications develop.

PRINCE HELIE DE SAGAN IS AN UNTIRING SUITOR

New York, March 23.—Prince Helie de Sagan, who is a suitor for the hand of Mine. Anna Gould, is believed to have arrived in New York within a few days with the object of renewing his attention to the American heiress. The man who is believed to be the prince registered at a New York hotel as "W. H. Tomson," and gave no address. He reached New York two days after Mine. Gould and dined with her last evening at the home of Mr. and Mrs. Tyler Morse.

UNKNOWN VESSEL ASHORE.

Today at John Hopkins hospital of kidney disease, he came to Baltimore some time ago from his home at Newport News, Va., to undergo treatment at the hospital for his malady. For a time he seemed to improve, but yesterday suffered a relapse.

JAPANESE PRESS HAPPY OVER FLEET'S VISIT

Tokio, March 23.—The press without exception is enthusiastic over the announcement of the visit of the American fleet, and the government is receiving considerable tribute in the press.

The consensus of opinion is that the prompt acceptance of the invitation shows the friendship of America for Japan, while the visit of the fleet will suffice to show the world the impossibility of a breach of the friendly relations existing between the two countries.

Dispatches received today indicate that the fleet will arrive in November.

The newspapers are urging the government not to limit the expense of reception.

AMERICAN SUGAR REPORT SHOWS LARGE SURPLUS

Boston, March 23.—The annual report of the American Sugar Refining company as of Dec. 28, 1907, was issued to the stockholders today. The profit and loss account shows net earnings for the year 1907 \$8,749,291, or per cent dividend, including that of Jan. 2, 1907, \$8,299,839; surplus for the year, \$2,449,361.

GOVERNOR GULD WORSE.

Boston, March 23.—The following bulletin on Gov. Guld was issued by Dr. Winslow at 9:29 a. m.

"The governor has failed somewhat during the night. His condition is not so good this morning."

NEWSPAPER BLOWS UP.

Rock Island, Ill., March 22.—The Daily News was dynamited early today and the press room was badly damaged. The paper has been attacking the gamblers and advocating local license. No one was injured.

NO AGREEMENT IN SULLIVAN CASE

It is On the Cards That Jury Ask for a Discharge Today.

TWO JURORS FOR ACQUITTAL

Charles Denny of Union and Samuel Oldham Steadfastly Hold Out Against Ten Associates.

At 2:45 this afternoon the jury in the Sullivan case had not reached a decision and it is on the cards that they will again ask to be discharged from further consideration of the matter, as hopelessly divided as to a verdict and there were no prospects for an agreement being reached.

At the close of the trial yesterday the last juror was still holding out, and the two others were equally deadlocked.
