were opened and referred to the ings were opened and referred to the clerk to tabulate and turn over to the committee on buildings and grounds. The bids are to cover the insurance on all the school buildings and other school property of the city. The treasurer reported having \$12,-329.26 cash on hand in the treasury.

DISTRICT COURT CASES. In the district court yesterday after-

In the district court yesterday after-noon a decree of divorce was granted Elma Hibbard from George H. Hibbard upon the grounds of desertion. The plaintiff was allowed \$50 attorneys fees, and the cost and her maiden name. Elma Jensen, restored. A decree of divorce was granted Ada Brown from Charles Brown upon the grounds of extreme crueity. Mrs. Brown was given the custody of the three minor children, \$50 attorney's fees and \$35 a month alimony. The couple were married in Ogden, June 28, 1896.

couple were married in Ogden, June 28, 1896. At the present time Brown is in the city jall where he is held awaiting a charge which will probably be that of assault with intent to kill. Thurs-day morning the police were sum-moned to the Denver rooming house by the screams of Mrs. Brown and when they arrived they found Brown attempting to kill her. Adam L. Peterson, through his at-torney, brought suit in the district court yesterday afternoon against the

At the meeting of the board held ast night a communication was re-ceived from a committee of the civic Improvement league, which has been working for the new high school, stat-ing that as a lot valued at \$25,000 had been given the city by Mr. and Mrs. Fred J. Kiesel, Ogden was entitled to a high school costing not less than \$100,006. The league asked that the bond election decide on this amount instead of \$75,000. The league's communication, which torney, brought suit in the district court yesterday afternoon against the Rocky Mountain Trout company to re-cover \$1,045.35. The complaint alleges that salary from June 1, 1907, to Oct. 1, 1907, is due and that the sum of \$525 had been paid out by the plaintiff at the instance of the company. Suit was instituted by Ira Haskins against the La Salle Mineral company asking for the sum of \$1,400.59. Of bhis amount it is claimed the sum of, \$705 is due the plaintiff for services rendered and the remainder is for claims assigned by other partles against the company. SANITABLUM TROUBLES

## SANITARIUM TROUBLES.

The trouble at the mouth of the canyon in the building of a dam which would change the course of the river to its former channel, has been settled to the satisfaction of all parties and the Sanitarium will not be cut off from the main traveled road of the city and county. ounty

The irrigators decided to stop The irrigators decided to stop the work upon the dam until the bridge over the river channed at the Sanitar-ius; had been completed and thus af-ford the Sanitarium connection with the public roads of the city and county. The irrigators had been using some of the dirt fro mthe property belonging to the Sanitarium company to complete the dam which was being constructed, to turn the water into the old channel be-fore the completion of the bridge! Manager Kuchler of the Sanitarium

Manager Kuchler of the bridge? Manager Kuchler of the Sanitarium learning of this, advised the irrigators that they could not use any more of the dirt on the property of the com-pany until the bridge was completed. As it would cost them more than \$1,000 to incluse rook and gravel to the dam from other property, the irrigators de-cided to weit 30 days for the completion of the bridge. of the bridge.

# WEDDING BELLS.

#### FUNERAL OF JAMES TIDWELL.

The Fourth Will be Honored-Sad Home Coming-Damaged by Frost.

Special Correspondence.

Special Correspondence. Moroni, Sanpeto Co., June 25.—Fun-eral services were held in the ward tab-ernacic This afternoon over the re-milins of James Tidwell, the late well known and popular liveryman of this place, who died on the 21st inst. from the effects of injuries received from the kick of a horse some two weeks ago. Deceased was the son of James H. and Mary Tidwell: born at Mount Pleasant, this county. Feb. 6, 1862. He moved to Moroni about 15 years ago, and for a number of years has been engaged in the livery business. A very large audience attended the funeral services, and many were the evidences of the loving regard and esteem in which the deceased was held by his many friends. Bishop Criando Bradley, Elders Aaron Hardy, Jebez Faux, Jr., and Nathan Faux spoke werds of comfort to the bereaved family and relatives. He was a good husband, a kind father and a man whose word was as good as his whose word was as good as his

is survived by a widow and six

children. Elder Wilford Tidwell arrived home from a two years' mission in Texas just in time to attend the funeral of his brother.

#### SAD HOME COMING.

Elder Alma Blackham reached home two days ago from his missionary la-bors in Winnipeg. Canada, whence he was recalled to the bedside of his wife, who is very low from an attack of nervous prostration. It is a sad case, as she is too low to recognize her friends.

friends. Elder D. H. Cook recently returned from a successful mission in the Lon-don conference, and is being greeted by his many friends.

# New Automatic R. R. Switch invented By Utah Born Boy,

Brief mention has already been made of the new automatic railroad switch invented by Ira A. Call, now of Ban-croft, Idaho, but who was born in Bountiful, Utah: but recent successful experiments performed at the O. S. L. depot make a more detailed description of the device, opportune. For years, Ira Call has been study-ing the peculiar requirements of an automatic switch-one controlled by a person on the train-but not till hast October did he succeed in making one perfect in its workings and absolutely reliable in action. The new switch is simple; indeed. Brief mention has already been made

The new switch is simple; indeed on the side of the track is installed a The new switch is simple, indeed, on the side of the track is installed a third rail 25 or 30 feet in length, ar-ranged so that it is movable up and down. By means of levers this rail is connected directly with the switch. Heavy springs hold the rail up, there-by constantly keeping the "main" line open. Attached to each engine, is an ex-tra wheel ordinarily carried just above the rail By a lever in the engine this wheel can be thrust outward so that upon the engine's approaching the switch, this wheel runs upon the third rail, presses the rail down by a weight of 15 tons or more, thereby causing the switch to be turned. This 15-ton weight makes the non-turning of the switch he does not thrust out the extra wheel, and as the third rail is then not touched, the switch is not charged. The device is so arranged that when a train is laaving a switch for the main line, the third wheel need not be thrust out; and after the train leaves
