THE ENDEAVORERS.

It is expected that on Friday next the Christian Endeavor excursionists will serve in the city, and that on Haunday several thousand will be a thousand the Endeaverse in this city. The law rais from Chicago to the cess, got, has opened the way for very many is come who otherwise would nave stayed at home. The announcement of this rais comes in the dispatches today, but was given in the essatent papers several days ago; these papers also give accounts of the general movement of Endeaverse to take the western trip. For instance, it is said that Illinois haven with twelve to Efficient hundred timebilinots will further the form of the larger towards in the larger towards retain twelve to fifteen designates each, and the larger towards retain the larger towards will be the greatest that were has secured for the obstaces were highly the contraction. It is smillogated that the citizens

in Uah will be among the most piece and the people of the State welcome the Endewverst, and the many themsend that can be treatled. To this end the people of the State welcome the Endewverst, and the many themsend that provides the people of the State welcome the Endewverst, and the many themsend the people of the State to viet Under the CHILDREN IN THE COUNTRY.

The inhightants of this State in the large cities yet are of close to country life that trips out of the others. But it is not not the creat cities of the Elast. There, come of the little one experience so little of the charms of summer country life was assection what they grow is young manheed and womanhoed without the eligibiest preclical knowledge of what seeming of the facts. There, come of the little one of the later have and animals are perfect strangers to them scoped as they may see these in illustrations. In the later state of effairs, the work of chairingle estances to little of this country, may be a greatly the later state of effairs, the work of chairingle estances to little of this country, may be a country life. In the country, may be a greatly life, the later state of effairs, the work of country life, in this way are giving any because the residents of country districts have been most literative of the later state of effairs, the work of country life, in the country, may be a greatly the end of the proportions of work, that he later state of effairs to be a surface of a weak and give them a tested the lays of country life, in the country, was prount he could not be a surface of a big city. And wen in the animal state, we not control upon a child who never have an admittance of a big city. And wen in the animal state, we have not country association, it would not agreat theseign for many children to be given from a week to manning the country association, it would be a great theseign for many children to be given from a weak to another the country association, it would be agreat theseign for many children to be given from a weak to anou
