

CZAR AND COURT MUCH ALARMED

Spread of Revolutionary Ideas in
The Army is the Direct
Cause.

AFRAID OF PUBLIC OPINION.

Goromykin Ministry May Be Dismissed
And a Responsible One
Installed.

St. Petersburg, June 28.—The campaign which the opposition elements in parliament are waging to compel Emperor Nicholas to dismiss the Goromykin ministry and accept the principle of a responsible ministry continues to be successful. The emperor and the court are being frightened into surrender by the alarming spread of revolutionary ideas among the troops. When the emperor's own minister, "His Majesty's own," pronounced his solidarity with parliament at Krasnoyarsk, less than a dozen miles from the Siberian palace, the emperor's eyes opened and the court began to realize that there was only a step from that to declaring allegiance to parliament as against the government.

Even the presence of the emperor's own minister, M. Palenokostoff, who today celebrated the sixtieth jubilee of his entrance into the service of the state, and who has been much at Peterhof recently, is said to have received the emperor's order to leave the palace and to have advised the emperor to the demand for a responsible ministry as the only means of preserving the throne.

The government's sudden fear of a frontal public opinion after finding the army infected with the revolutionary propaganda, is shown in the hurried grant of a general amnesty to men condemned to death at Nizhny, the acquittal of six others and the commutation of three sentences imposed on the three murderers of the former of the Tsar from death to life imprisonment.

The news from the provinces shows that general anarchy is growing. In Altai and Taurida provinces the peasants are abandoning the fields, and in Tula province revolting hordes are marching through the country, dragging in their wake not only the workers from the fields, but the domestic servants of the gentry. In the Baltic provinces the government, general, has again granted the land owners permission to organize armed patrols. The only conservative group in the lower house of parliament, which is headed by Count Hedenborg, has at last bowed before the storm of radicalism and declared in favor of practically the whole of the Constitutional Democrats' agrarian program, including the expropriation of state, church, crown and private lands, insuring only on their distribution into private holdings.

The agrarian scheme drawn for the government by M. Stuchinsky, minister of agriculture, is now completed, but has not been finally approved. It still rejects the principle of expropriation, but contains enormous concessions from the program announced by Premier Goromykin three weeks ago, by providing for the distribution of all lands belonging to the state in European Russia, but neither the crown lands, belonging to the emperor, nor the lands belonging to members of the imperial family or the church are included in it.

AMERICAN MEATS
CLEANER THAN BRITISH.

London, June 28.—An article in the latest issue of the "Economist," admits that a large part of London's imported meat, including much of the chilled and frozen meat from the United States and Argentina, is with regard to disease and cleanliness, more satisfactory than much of the home product. The paper considers, however, that larger powers of inspection should be required in the place of origin.

HOUSE "STANDS PAT"
ON MEAT BILL MATTER.

Washington, June 28.—Mr. Wadsworth called up the partial conference report on the agricultural appropriation bill in the house today, and it was agreed to pass it without discussion. Mr. Wadsworth then moved that the house insist on its disagreement to the most important amendment. This was adopted on a division, 173 to 43.

Then Mr. Wadsworth sprung a surprise by sending to the desk a resolution that it is the sense of the house that the conference do not recede from its amendment known as the meat inspection amendment, and the house was face to face with a content with the result.

Mr. Wadsworth, after referring to the disagreement about the date going on the case, and stating that it was not necessary, passed to the legal questions involved. His platform was: The passage of the bill is necessary for the protection of foreign commerce and for the benefit of the public health.

A vigorous protest against sending any charge on the speakers was made by Mr. Harrison of Texas. The speaker, he said, would immediately shift the burden on the cattle grower.

Mr. Henry of Texas wanted to be right on the question, and would vote that the government should pay the tax. He called attention to the quarantine bill, which provided that the government should pay the tax.

"I fully understand the situation," was the slogan of Mr. Payne of New York. "Stand by the judgment of the house."

But the proposition on the government, where it belongs, and make this inspection a model for the world.

The resolution that it was the sense of the house that the conference refuse to recede was then adopted, 120 to 43.

The advocates of making the packers pay for the inspection endeavored to secure a roll call, but only 19 members demanded it.

TUMORS CONQUERED SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumors.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, or if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—

I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no sign of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Fox, 7 Chestnut Street, Redford, Pa.

Wharton of Chicago in the house tonight. He called them the "privy council" of the president. Their report, he said, was "slipshod."

LEGISLATION FOR IRELAND.

London, June 28.—When the question of the congested districts of Connaught arose in the debate of the Irish estimate, Mr. Bryce said that the government has decided to accede to the demand for a royal commission of such a character as would inspire confidence. It is the government's wish, he said, that legislation should follow for it hopes for support from all parties in Ireland.

John Dillon, Nationalist, thanked Mr. Bryce and welcomed the proposed inquiry, which, he said, "will pacify Ireland and aid us in preaching peace to our people."

THE DEFICIENCY BILL.

It Carries Appropriations Amounting To \$11,000,000.

Washington, June 28.—The senate at tonight's session passed the general deficiency appropriation bill, carrying about \$11,000,000. The amendment authorizing the owners of vessels injured in collision with government vessels to bring suit for damages in United States district courts caused some debate and was withdrawn to save time. An amendment offered by Senator Gallinger providing that the eight-hour day shall not apply to supervising and foremen of laborers on the canal zone was accepted.

Senator La Follette criticized the provision for the payment of the Cherokee reversion claim of \$124,245, with interest at 5 per cent since 1883, bringing the total up to about \$350,000. He said the attorneys would get about \$750,000. Senator Berry explained that the appropriation is to pay a judgment of the supreme court of the United States, and no further objection was made.

Senator Morgan moved to strike out the house provision regarding tariff duties collected in the Philippine islands prior to 1902. He said that the provision had no place in an appropriation bill and that it was retroactive legislation of the worst possible character. He regarded it as in contravention of the supreme court decision in the Warner-Barnes case. Mr. Morgan said that many of the claims are held by foreigners, and he expressed the opinion that the proposed legislation would cause disagreeable complications. The motion to strike out was laid on the table.

An amendment appropriating \$30,000 for the expenses of the United States court in China was accepted. The bill was then passed.

CROW INDIAN LANDS.

Registration of Applicants Closed Last Night at Billings.

Billings, Mont., June 28.—Just at 6 o'clock this evening the land office closed its doors for registration, and one chapter in the drama which the people of eastern Montana have waited and planned for so many years passed into history.

The last man who had his name enrolled on the list was A. F. McNabb, manager of the Northern hotel of this city. The first to register was Fred Terrell of Helena.

The registration for today was 1,055, and the total number for Billings alone aggregated 12,043. The grand total will be between 15,000 and 17,000. During the next few days everything will be got in readiness for the drawing, which begins next Monday.

HYDE-BENSON LIFT LANDS.

Washington, June 28.—Acting Commissioner Pollack of the general land office has advised Atty. Gen. McFarland, representing interests owning 2,500 acres of what are known as Hyde and Benson lift land selections in the Lewistown and Crow d'Aleone land district in Idaho, that the validity of those selections cannot be passed upon at present. Those selections were suspended by an order issued Nov. 2, 1902, and subsequent orders growing out of the land investigations which subsequently took a wide scope. Mr. Pollack's action was in reply to a request that the selections be passed upon and Mr. McFarland has taken an appeal to the secretary of the interior.

CONGRESSIONAL NOMINATIONS.

RED CROSS OFFICER UNDER ARREST

John Clark Accused of Selling Blankets and Appropriating The Money.

POLICE GOT FOUR HUNDRED.

They Were First Made Aware of the Peculations by a Junk Dealer.

San Francisco, June 28.—Accused of selling large quantities of blankets and appropriating the money, John Clark, superintendent of the Red Cross relief station No. 1, at Golden Gate park, and George Bryant, engineer at the children's playground in the park, who it is alleged aided and abetted Clark, were arrested by detectives today. The police state that they were made aware of the alleged peculation through A. Sugerman, a junk dealer. While a refugee in the park Sugerman made the acquaintance of Bryant and after Sugerman had returned home he is alleged to have called upon him and said he could deliver him a quantity of new government blankets. Bryant said he could deliver him 400 pairs, and if the price would suit him he would lead a delivery of 800 pairs per week.

Sugerman followed the police, who set a trap for the man.

After some bargaining, a price of \$125 apiece was agreed upon, and according to Detective Ryan, Bryant handed Sugerman an envelope with Clark's name on it, which the treasurer was to hand to Clark, so that Clark would know the right man.

A wagon followed by the detectives was sent for the blankets today and secured 400, which are being held as evidence. Clark was arrested at the relief station and Bryant at Sugerman's store, where he was waiting to receive the money. The police claim to be in possession of the receipt given to Clark by the treasurer.

STACKPOLE HELD.

Must Answer to Charge of Murdering Joel Schreck.

Los Angeles, June 28.—The preliminary hearing of Ernest G. Stackpole, charged with the murder of Joel Schreck, was commenced this morning before Police Judge Rose. Stackpole is without an attorney and is immovable throughout the proceedings, declining to question any witnesses until George Williams, a carpenter, testified that on June 5 he saw Stackpole and Mrs. Schreck together at the corner of Fifth and San Juan streets, where he heard Mrs. Schreck say to her companion:

"How will we get rid of him?" to which Stackpole replied: "Leave that to me."

"Do you notice everybody like that?" asked Stackpole of Williams, referring to his testimony.

"I do," replied Williams, "when they make an assertion like that."

Stackpole looked steadily at the witness for a moment, slightly moving his lips as if he was framing another question. Relenting he said with melancholy: "All right," accepting the first word of the phrase.

Mrs. Nettie Schreck testified that Stackpole on the morning of the coroner's inquest attempted to get her to swear to a falsehood by declaring that he was reading a newspaper, when soon after the shooting he was found in his room with the light burning.

Stackpole was this afternoon held to answer to the charge of murder, to be remanded to the custody of the sheriff by Police Judge Rose, who held that the evidence was sufficient to hold Stackpole for the crime.

A POLITE JAPANESE.

Begs Pardon for Giving Officials Trouble of Hanging Him.

Honolulu, June 28.—Okomotu, a Japanese, and Lorenzo Colon, a native of Porto Rico, both natives of the islands, were hanged here today. The Japanese in a speech from the gallows begged the pardon of his home government for having disgraced the nation, and of the local government for causing it the trouble of executing him. Both men confessed to having murdered their wives.
