FRAGMENTS.

CONFERENCE opened at 10 a. m.

Beautiful weather this for Conference.

Where is that storm that was advertised?

EDWARD SAVAGE became a citizen yesterday.

Minutes of the Conference will be seen elsewhere.

STEPHENS' Grand Concert at the Tabernacle Monday night. Don't miss it.

The hall of Rudolph Smith, pending his appeal to the Supreme Court, is fixed at \$3,000.

MUTUAL Improvement meeting for both sexes at the Assembly Hall, at 7 o'clock to-night.

The speakers this afternoon at the Tabernacle, were Apostles Moses Thatcher, Albert Carrington and F. D. Richards.

JOSEPH BUDENBOME, charged with murder, who was granted a new trial yesterday, asked for bail but the request was denied.

As we go to press we learn the sad news of the death of Bishop John Rowberry, of Tooele, which occurred at 11.20 a. m. to-day, from heart disease.

A VARIETY Entertainment will be given in the Seventh Ward Assembly Rooms, on Saturday evening, April 5th, consisting of an olio and the "Clamoral Burner."

TICKETS are now selling for Stephens' concert, at all the music and book stores. It looks as if a full house would greet him and his 400 singers on Monday evening.

The members of the Tonic-sol-fa classes are requested to meet Bro. Smith at D. O. Calder's Music Store, on Saturday, April 5th, at a quarter past four, prompt.

Next Monday Dr. Benedict will operate upon Mrs. Bredemeyer, wife of Dr. Bredemeyer, for the removal of an ovarian tumor. The operation will be of the most difficult and delicate character, the unfortunate lady having been a sufferer from the affliction for fourteen years.

The entertainment in the Fourth Ward, by the Ward Dramatic Association, was a decided success, and surpasses any former effort of this company. The acting of Mrs. A. Wilcox as "Miranda," is especially worthy of mention. The play is to be repeated on Saturday evening.

LOCAL NEWS.

MISSIONARIES.

Those missionaries expecting to leave this city for Great Britain and Scandinavia, on Saturday April 12th, will not now take their departure until Tuesday April 16th. The time of sailing of the steamship from New York has caused the change as above set forth.

NEW PAMPHLET.

Parry and Co., have just published a valuable little pamphlet, containing three articles written by the Prophet Joseph Smith. They are "Items of Church History," "The Gift of the Holy Ghost," and "The Government of God." They will be found good reading.

LEAVITT'S Specialties.

This celebrated combination opens an engagement of five nights at a matinee at the Theatre this evening. Wainwright, the "Wire-balancing Wonder," is among others who will appear. The Theatre will be crowded to-night.

ANOTHER ASSIGNMENT.

Goldstein & Brother, clothing, assigned yesterday, the business being now in the hands of J. Behrman, of Franklyn, he having been named as the assignee. The total liabilities approach \$100,000 and the amount of stock on hand is valued at \$20,000. Presidents of Stakes, Bishops, and all others interested in the Sunday school cause are respectfully invited, especially those who are immediately connected with the Institution.

LEVI W. RICHARDS, Secretary.

OUTING'S Lecture.

Col. George M. Outing delivered a very interesting lecture at the 15th Ward Chapel, last evening. The subject was "Forty-four months on a Whale-ship," a graphic narration of his personal experience while a boy in his teens. Bro. Outing is a pleasing speaker and it is doubtful if anyone here can equal him at "spinning a yarn."

One of the instructive features of his lecture, which was full of interesting points, was a chart of a whale, which he exhibited, analyzed and explained very satisfactorily, showing the modes of harpooning, killing and cutting up these huge monsters by those engaged in the whaling business. The audience was very attentive, though the lecture was a trifle long, and the speaker at the close received a hearty and unanimous vote of thanks.

PERSONAL.

Elder Wm. M. Palmer, of Glenwood, Sevier County, arrived in the city to-day.

Bishop Wm. M. Daines, of Hyde Park, called in to-day.

Brother J. D. Smith, of Fillmore, is in the city.

Apostle Moses Thatcher is down from Logan, and is attending Conference.

This morning we received a call from Brother Nash of Franklin, Idaho, superintendent of the Sunday school of that place. He is one of the oldest settlers of this region, and one of the first choir leaders of this city.

HOME AGAIN.

A VERY INTERESTING VISIT TO THE STATES.

Elder Henry Peck, of Malad, Idaho, reached the city yesterday, on his return from a ten months' absence in the States on a mission. He first went to Denver, and after a week's stay in that city continued on to Southern Colorado, where he had relatives to visit. Coming back to Denver, he next went into Nebraska, where he did some preaching, and then to Iowa, spending a week in Omaha visiting friends, etc.

At Council Bluffs he called on a clergyman, and in fact he made it a special point to call on them wherever he went, telling them of the great redemption in Utah affairs in the way of inducing anti-Mormon legislation and the deprivation of our people of their civil rights.

As a general thing he was well received by the many who thanked him for calling and for the information he imparted, which was something entirely new to them. Others were very bitter and once in a while refused to converse with the "Mormon." Elder Peck from Council Bluffs he visited Waterloo, Iowa, Rockford, Ill., and Chicago, spending three weeks in Illinois and other lake towns.

He called on Professor David Swing and Doctor Thomas, who acted quite friendly, saying that if polygamy were done away with, the "Mormons" would be all right. Elder Peck told them that he had no right to do anything but to tell the truth, and bore a faithful testimony to the restoration of the Gospel.

From Chicago he went to New York, and from there to Connecticut, Massachusetts, New Hampshire, Vermont, crossed into Canada, visiting Montreal and Quebec, and returning, spent ten days in Washington, D.C., and then paid a visit to the anthracite coal fields of Pennsylvania.

All along he continued his practice of calling upon clergymen. The most rapid and disconcerting one he met was Dr. Howard Crosby, of New York, a minister of the Talmagean spirit, who favored the wiping out of "Mormonism" in blood. Dr. Talmage was called on twice, but was either "out" or "too busy to be seen."

Brother Peck came home a most tired man from New York City, and much enjoyed his mission, and had excellent health. He says that in the vicinity of Catskill, New York, quite a favorable impression was made for our people, by a sermon and a discourse, at the residence of Bishop Tuttle, of the Episcopal Church of this city, who had the manhood to tell the truth concerning the honesty and industry of his "Mormon" neighbors.

AN ATTACHMENT.

W. H. H. BOWERS ES. THE LONDON BANK OF UTAH.

A writ of attachment was served on Mr. E. Austin, manager of the London Bank of Utah (Limited), yesterday afternoon, at the instance of W. H. Bowers, a mining operator, well known in this Territory. The complaint sets forth four distinct causes of action, which are briefly as follows:

First.—The refusal of the defendant to pay over to the plaintiff the residue of a credit of \$20,000 deposited in the home office, London, by James M. Walker, and ordered to be paid to the plaintiff by the defendant at the bank's office in this city.

Second.—The failure of the defendant to deliver up to the plaintiff the sum of \$8,000, proceeds of the sale of certain mining appliances obtained by the plaintiff in an attachment from the Broadway Gold Mining Co., and sold to Messrs. H. A. Monroe and Butler Johnson, which proceeds were to be placed on the account books at the bank, subject to the plaintiff's order.

Third.—The refusal of the defendant to deliver up to the plaintiff the stock of the Steamship Mining Co. deposited in the bank as collateral security for the payment by the plaintiff to Mr. Austin, individually, of a certain indebtedness, since paid; the shares being worth \$4,250, and the plaintiff claiming interest thereon from March 1883, when the indebtedness was paid and the certificates of stock first delivered.

Fourth.—The refusal of the defendant to pay on the checks of the plaintiff, various sums amounting in the aggregate to \$9,083.20, deposited at the bank by J. A. Cunningham, President of the Mammoth Mining Co. to be credited and paid to the plaintiff and subject to his check.

The plaintiff prays judgment for the several sums mentioned, amounting in all to \$36,333.71, together with interest thereon and costs of suit. Mr. Austin's attorney, who appeared, offered to pay the \$8,000, and the balance of the money, with all the personal property belonging to the bank, to be held in escrow, until the plaintiff should deliver up to the bank, to be sold, the shares of the Mammoth Mining Co. claimed by the plaintiff as the residue of a credit by J. M. Walker, of London, is not so in reality at all, he (Austin) having paid to the plaintiff \$2,000, the full extent of Walker's credit, and having drawn at the same time \$4,000 from the home office in London, for other purposes.

Second.—That the \$8,000 is the value of certain mining machinery accepted by the bank as collateral security for an overdraft of \$8,000, lent by the bank to Bowers, and which machinery was still held in connection with the Mammoth Mining Co., and not in satisfaction of the claim of Bowers.

Third.—That the mining shares claimed by the plaintiff, to the value of \$4,250, were a loan of \$500, from Mr. Austin to the plaintiff, Bowers, but afterwards a loan of interest being paid by Bowers, and that the shares should be retained as security for other indebtedness.

Fourth.—That in the contract of purchase held by Bowers, from the original owners of the Mammoth Mining Co., there was a stipulation that all the proceeds of the mine were to be deposited to the credit of the Mammoth Mining Company in the London Bank by Mr. Bowers. The president, Mr. Cunningham, gave an assignment of the mine to Bowers, and at the end of every month he would draw a check in favor of Bowers, which Bowers paid off the hands and paid for supplies. In the course of time Bowers said that he was in his contract with the Mammoth Mining Co., and that he was a partner of Bowers and that the funds were to be used by Bowers for the same purposes that Bowers used them.

Mr. Austin claims to hold a letter from Bowers, whereby the latter agreed to be bound by whatever Bowers did in connection with the Mammoth Mining Company. He imputes the whole action of Bowers to pure spite, as he (Austin) was about following a \$7,000 mortgage on the other's house. Mr. Austin says the depositors are safe, as there is ample gold to meet them or when the difficulty is settled. But the injury to the bank is irreparable.

Mr. Bowers' deposition as the essence of his case is the granting of an attachment on a \$4,000 bond, the sum of which Bowers secured in a matter involving \$30,000 worth of property. He does not feel inclined to give the bond of \$50,000, required to attach the attachment, and hence deposits will be locked up pending litigation.

The records of District Attorney W. H. Dickson, were approved and signed yesterday by the District Court.

"The Planter's Wife."

At the Opera House this evening, Miss A. Adams and her home combination, will present this great play for the second time in this city. The first performance of it was at a matinee this afternoon. It is highly spoken of as one of the best dramas of the times, and the cast is a good one throughout. Tickets are being sold for several days, and a full house ought to greet to-night's presentation of this play. To-morrow afternoon and evening, "The Amber Witch" will be presented.

Suit for Divorce.

Messrs. S. A. Kenner and S. W. Darke, attorneys, yesterday filed in the District Court the complaint in the case of Hannah E. Friel vs. Edward Friel, for divorce; the plaintiff, for whom the above named gentlemen are counsel, alleging that the defendant has neglected to provide for her, is given to intemperance, has treated her with habitual cruelty and that he is a bigamist or polygamist. For these and other causes she asks the court to dissolve the bonds of matrimony between her and the defendant. Mr. and Mrs. Friel are residents of Springville.

Iron Bedsteads.

Something nice and substantial in the way of iron bedsteads, a new thing in Utah perhaps, but quite common in England, has been introduced as a home manufacture by Ephraim J. Bench, late of Birmingham, but now of this city. He is an experienced foundryman and iron worker, has been in this country about seven years, and has entered into the new enterprise with a zeal worthy of substantial recognition.

A News reporter visited his workshop at the Church Factory, 15th Ward, yesterday, and saw perhaps a dozen bedsteads in course of construction, one quite finished, painted and elegantly ornamented with brass and bronze mountings. They are a substantial manufacture, the entire frame being of cast and wrought iron, with sheet iron slats crossed and forming an excellent spring. His work should be seen and will then be appreciated. He offers his bedstead at the exceedingly moderate price of \$15.
