The Road to Prosperity.

A writer in the National Agriculturist and Working Farmer advocates as the legitimate road to true national prosperity, the observance of the law of tithing. Thinking the views expressed in the article alluded to might be of interest, we publish them herewith:

It has been a beautiful year in all parts of the country. The Lord of the harvest has given you full granaries and the markets of the old tive power. Price 25cts per box. world are opening up to receive your surplus. Will the tide of returning prosperity set in with this may find it in the third chapter try. of Malachi, tenth verse:

"Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me how herewith, saith the Lord of hosts, if I will not open you the windows of Heaven and pour you out a blessing, that there shall not be room enough to receive it."

One-tenth of this great yield is as little as could reasonably be offered to the Lord, after all his mercies in sending the favoring showers, and bright sunshine, in restraining the destructive agencies which have brought such havoc in past yearsa tenth of the wheat and the barley, a tenth of the corn and potatoes and orchard fruits. A tenth of the garden products, are not too much to offer. Christ did not find fault with tithing even the mint and anise. "These ought ye to have done, and not have left the other undone." But who is to receive these of-

I have just read over the last number of the record of the Five Points House of Industry of New York, and find that for the month of August no provisions at all were sent in except twenty-five pies from some establishment in the city. The house is over full, and still they are pressing in, begging for admittance. Good farmer friends, send in your tithes, and the Lord will send you down a blessing that will make your heart keep a glad thanksgiving. Tithe the potatoes and turnips and cabbages, send in the barrels of apples from your bending orchard trees. If these tithes could only become a national thing we should see such a tide of prosperity roll over the land as has never before blessed it. Who will aid in the good work? Who will be one of the a tonic, restoring the appetite and factors in producing it? Who will be one to receive the blessings on his own hearth stone?

That Dr. Plant has done more for my wife's healt a than any other doctor it is my duty to tell the suffering. I have paid much money her the cause of her suffering, or has been able to do her any good. Dr. Plant understood what was the matter with her, and has, at four different times, taken four tape worms, about fifty feet long each, from her, wherefore I feel thankful to him. He has also been very reasonable in his charges.
