Local and Other Matters.

THERMOMETER 68 degrees F. in the shade at 1 p.m. to-day. Fine.

Discontinued.—The post-office at Chicken Creek, Juab Co., is discontinued.

Tabernacle Meetings.—Elder Orson Pratt preached yesterday afternoon.

Seventies.—The members of the 25th and 37th Quorums of Seventies are requested to meet, at Fireman's Hall, to-morrow evening, at 7:30 o'clock.

C. M. DONELSON.

Theatre.—There were lively performances at the Theatre by Baker and Farron and company on Saturday evening.

The California Minstrels on Thursday.

Sudden Death.—Yesterday morning, Mrs. Ann E. Mumford, widow of the late George E. Mumford, aged 59 years, a native of New York, died very suddenly, at the Townsend House. A post-mortem examination was made by Drs. Hamilton and W. Richards, and the remains have been forwarded to Rochester, N. Y., to the care of the friends of deceased.

Missionary Work.—We have perused a letter from Elder George Teasdale, addressed to President B. Young, dated at Tom's Creek, Surry Co., N. C., April 28th. Himself and Elder Winder were well, and had been constantly busy filling appointments to preach.

Lecture.—Dr. W. H. H. Sharp will lecture to-morrow, Tuesday, evening at the Eighth Ward Assembly Rooms. Subject—"Prehistoric evidences of the ancient inhabitants of this continent, corroborative of the Divine Authenticity of the Book of Mormon." Lecture to commence at 7.30 p. m. Admission free.

A Veteran Departed.—We notice by a paper published at Port Byron, N. Y., that an aged gentleman, named James Pine, died there on the 27th ult. He had resided at Port Byron for sixty years, and was well acquainted with President B. Young when he lived at that place, and before he became connected with the Latter-day work. Mr. Pine was a highly respected citizen.

The Panorama.—Messrs. F. Lambourne, R. Kirkham, and Geo. H. Dunford, the latter being business agent, purpose leaving, to-morrow morning, on a tour through the eastern States, with their panorama. They will take in Cheyenne and Denver on the way eastward and, commencing at Omaha, visit a number of the cities and towns east of there. They intend visiting Philadelphia before they return.

Arrival of Emigrants.—This morning a company of emigrants, numbering twenty-seven, arrived in this city, from the town of Albert Lee, Minnesota. They were accompanied to Ogden by Elder Jorgensen, who visited the locality named in 1874, as a missionary, and baptized most of these people, who are all Scandinavians. Last year he returned, and now he comes home bringing his sheaves with him.

To-morrow morning the company goes to Provo, when some will remain, while others go further south to locate.

Benefit to Manager Harris.—This evening the popular and courteous manager of the Theatre, Manager W. T. Harris will take a complimentary benefit, tendered him by a number of prominent citizens. Mr. Harris has made up a very attractive programme, consisting of the beautiful drama of the "Cricket on the Hearth," a "Grand Olio," the "Mulligan Guards," and the "Siamese Twins." Mr. Harris appears as "Caleb Plummer" and one of the "Twins," also in the "Guards." Miss Walters assumes the character of "Tilly Slowboy." Messrs. Lindsay and Graham, and a number of gifted amateurs, will also appear.

First District Court.—The following dispatch was received to-day:

"Beaver, Utah, May 8.

"Lee and Dame, indicted for participation in the Mountain Meadow massacre, appeared by counsel in court this morning. It is understood they will be tried separately. Wheden, prosecuting attorney, declined to act, his principal Carey having been removed. Most of the time was consumed in argument on this question, Sutherland for Dame contending that Carey's removal did not affect Wheden. The progress of the trials seems to depend upon this question, which will be decided this afternoon. Dame is present. Lee will be here to-morrow."

Lost His Leather.—On Saturday Brother John Tree, late of the 7th Ward of this city, but now residing at Centreville, purchased a couple of hides of leather, which Brother William Reeves, of Centreville proffered to take in his wagon, to its destination. Brother Tree hied him to the Tithing yard and placed the bundles in what he supposed to be Brother Reeves' wagon, but which proved to be somebody else's vehicle, which has disappeared and so has the leather, and Brother Tree is consequently rather disconsolate. Now the party who owns that wagon, supposed to be a West Jordan man, will much relieve Bro. Tree's mind by letting him know where that leather is, or by leaving it at this office for him. Probably, he will put the next bundle in the right wagon.

A Man Dangerously Stabbed by a Maniac.—Yesterday morning Sam Rogers, who has been employed, more or less, for a year or two, working around the City jail, and in other public work under Supervisor Hyde, was, as usual, cleaning things up in the interior of the prison. He happened to approach the grating door of the cell in which is confined a maniac named Sherman, who has been in the City jail for safe keeping for several years, being a dangerous and vicious lunatic. It appears that Sherman had got hold of a large knife by some means, which he had sharpened to an exceedingly fine point, and inserted securely into the end of a broom handle. While the attention of poor Rogers was engaged in another direction, the lunatic stuck this formidable weapon through the iron bars of the cell and suddenly thrust the blade, about four or five inches long, into the lower portion of Rogers' breast, barely missing the heart and lungs, the latter being exposed to view by the ghastly wound.

Dr. Young was immediately sent for, and attended to the injured man. The wound is, of course, very dangerous, but hopes are entertained that Rogers, who is a man of powerful nerve and constitution, will recover. He is an industrious, hard-working man, and but for his weakness for strong drink, would be a good citizen.

It was discovered that Sherman had several other knives, besides the one with which he stabbed Rogers, all of them being subsequently taken from him.

President Carrington's Party.—Prest. A. Carrington and Elders Ernest I. Young, Arta D. Young, James Sharp, and Brigham W. Carrington, left Liverpool on Tuesday, 11th inst., at 9:15 a. m., to visit the several Conferences, and hold Conference and other meetings throughout Scandinavia, Holland, and in the Swiss, German, and Italian Mission. They expect to be absent about two months. Sister Carrington and son, Calvin S., accompany the party.—*Millennial Star, April* 17.

The Australasian Mission.—A letter from Elder Mark Croxall, dated Sidney, N. S. W., Australia, April 6th, states that the brethren now on missions to that land are working faithfully in their endeavors to spread the truth, but, so far, have met with but little encouragement, although good results from their labors are hoped for. An attempt was made by rowdies to break up the meeting in Sidney one evening, which was frustrated by the ruffians being ejected from the room. Elders Croxall and Young were to start out the following week to try to open new fields for the gospel. They intended being absent about six weeks. Considerable interest was being manifested by many intelligent people in regard to the truth.

Church History.—Lecture to-night, commencing at 7 o'clock, at the 7th Ward School house, by Elder Joseph F. Smith, on the "Early History of the Church."

Discontinued.—The Postoffice at Chicken Creek, Jaub County, is discontinued.

By Telegraph.

TO-DAY'S DISPATCHES.

CONGRESSIONAL.

SENATE.

WASHINGTON, 8.—The impeachment trial was continued to-day, and Manager Knott resumed and concluded his argument.

Judge Black, of counsel for the accused, began and closed his argument.

Sargent submitted the following preamble and resolution, which were unanimously adopted—

"*Whereas*, It appears that the vast influx of Chinese to the Pacific Coast is working great injury to the morals and labor interests of the Pacific States and Territories, and

"*Whereas*, Existing laws against coolie traffic and importation of females for immoral purposes fail of execution for want of evidence of intended evasion thereof, therefore

"*Resolved*, That the Committee on Commerce be instructed to consider the subject and report a bill placing adequate restrictions upon the immigration of Chinese to this country."

FOREIGN.

MEXICO.

The Revolution—Earthquake—Religious Riot.

CITY OF MEXICO, April 30.—Thirteen States of the Mexican confederation are in absolute peace and loyal to the government; five others are disturbed by scattered bands of revolutionists. In Vera Cruz, Oxaca and Puebla the situation is desperate; large bands also trouble the peace of Hidalgo, Mexico and Morelia. Personal hostility to Lerde at the capital is strong. Fifty-five hundred stand of improved arms and a million dollars' worth of ammunition from the U. S. have arrived at the capital from Vera Cruz. Congress, by a vote of 135 to 36, voted to adjourn until one month after the next presidential inauguration. It has granted the President extraordinary powers for the conduct of the war and the raising of money.

The revolutionists at Minatitlan have captured two vessels loaded with ammunition; a heavy loss to the government.

There was a severe shock of earthquake at Guadalajara on April 12.

A religious riot took place in Querlaro. Rev. Maxwell Phillips, of the Presbyterian missions, was badly wounded.

TURKEY.

The Salonica Riot.

CONSTANTINOPLE, 7.—It is stated here that the body of Christians who attempted to take a would be convert from the Turkish quarter of Salonica, acted at the instigation of the American Consul. Fighting between Christians and Turks ensued. The French and German consuls went to the Mosque and were killed by the exasperated Mohamedan populace, notwithstanding the efforts of the government to protect them.

A frigate left Constantinople today for Salonica, with Echerif Pasha, who has just been appointed Governor of Salonica. A Turkish commissioner, the second dragoman of the French embassy and the German Consul at Constantinople are also on board. Punishment of the guilty has been ordered with publicity befitting the gravity of the crime. A French man of war left Constantinople immediately on the receipt of the news to protect the lives and interests of French citizens and the honor of the flag.

FRANCE.

For Salonica.

PARIS, 7.—A division of the French Mediterranean squadron has received orders to proceed to Salonica.

GREAT BRITAIN.

Riot and Murder.

LONDON, 7.—A serious riot took place in Salonica on Saturday, between Christians and Mahomedans. The troubles arose from the fact that a Christian girl wished to become a Mahomedan. She was forcibly taken from her Turkish friends by the Greeks. During the riot the French and German consuls were assassinated by Mahomedans. Further disturbance is apprehended. At last accounts the authorities had taken no effort to protect life and property. No arrests have been made.

WEST INDIES.

More Rioting—Meddling Officials.

KINGSTON, Jamaica, 1.—Fresh rioting is reported at Barabadoes and several more lives have been lost. A deputation has been sent to England to represent matters at the colonial office. Absentee proprietors in England are reported to have memorialized the colonial minister to recall Governor Hennessy and Attorney General Semper, as they are the cause of the whole difficulty.
