

SPECIAL BUSINESS NOTICES

WHAT ANYONE MAY SEE

Anyone who will examine the list of Centennial Awards will see that the manufacturer of Benson's Caprine Plaster has received the highest and only medal award to plaster.

What Cannot Be Seen

In his list is the name of any of their numerous competitors. So greatly superior to ordinary plasters is Benson's Caprine Plaster, that it has received the approval of the highest medical authority in the world. Dr. J. N. H. Thompson, of Washington, D. C., Judge of the Drug Department of the Centennial Exposition, says of it: "I use them constantly in my practice, and esteem them one of the most useful inventions of the age." Benson's Caprine Plaster strengthens, soothes, stimulates a healthy circulation of the blood, relieves at once, and cures quicker than any known plaster, liniment or compound. It is now considered to be the universal remedy for lame back, rheumatism, neuralgia, sprain and kidney affections, sciatica, lumbago, stubble sores. Sold everywhere. Price, 25 cents.

BE CAUTIONS

THERE ARE FRAUDULENT imitations of Benson's Caprine Plaster in the market; one in particular having a similar sounding name contains lead poison. Each genuine Benson's Caprine Plaster has the word Caprine cut through the plaster. Take no others.

It is Abject Folly

To let the teeth perish for want of proper care. Yet how many totally neglect them. Such people are properly punished by the toothache. Why don't they use ZOZODONT and insure one of the greatest boons conferred on mankind—a good set of teeth.

Solid Herit with Test.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Ang. Kaiser's German Elixir. For the cure of Coughs and Bronchitis. Attention is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief, but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Ang. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City.

LOCAL AND OTHER MATTERS.

Message.—There is a dispatch at the Western Union office for Charles Simons.

Fireman's Socials.—The second party of the above named series will take place in Fireman's Hall, to-morrow evening at 7.30 o'clock.

In Town.—Mr. Wm. Driver, the well known proprietor of the People's Drug Store, of Ogden, is paying Salt Lake a brief visit.

Sunday School Picnic.—Brother R. J. Cobley, of Pleasant Grove, writes us concerning a pleasant picnic and party given in the school house last week. Supper was announced at 9 o'clock, the time before and after the feast being spent in songs, speeches, dancing, etc. The children who sat down to supper numbered about 80, and the time was generally enjoyed by all present.

Removal.—Mr. W. J. Silver, the well-known engineer and machinist, announces that he has removed to new and more convenient premises, where he will be pleased to see his old customers, and as many new ones as desire to call upon him. His new quarters are situated on the south side of North Temple Street, between West Temple and First West Streets. P. O. Box 540.

Dissolving Views.—An exhibition of views will be given at 8.30 o'clock this evening in the 11th Ward Assembly Rooms, by Mr. C. W. Carter. The views are 15 feet square, are illuminated by a powerful oxy-hydrogen calcium light, and a short descriptive lecture accompanies each picture. There are in all over 155 views, some being beautifully colored. The admission price is, adults 25 cents, children half price. Part of the proceeds are to be for the benefit of the Sunday school.

Valentines.—The show windows of our enterprising friend, C. R. Savage, are handsomely decorated with a display of valentines, of all kinds, shapes and sizes. The best of it, they are all home-made, manufactured within the hallowed precincts of his family circle, and are as beautiful and elegant as any we have ever seen. The time is near at hand when fond lovers make their tender interchange of vows and tokens, through the medium of the post office, and we are confident that all who design gladdening the eyes and hearts of those they love, on the 14th of February, cannot do better than call on friend Savage and look at his valentines.

Fell Down a Shaft.—The following telegram was received yesterday afternoon:

"Alta, 27.—James Jensen, a Scandinavian miner, about 37 years of age, long and favorably known here, met with his death last evening by falling down the Mountain Rose shaft, near the Antelope and Prince of Wales mines. His remains will be taken to Ogden to-morrow for burial."

From later particulars concerning the sad event, we learn that the unfortunate man went to get some balsam to put on his head, which was sore. Not returning, his companions went in search of him, and found him on the shaft, 90 feet deep, which at the time was covered with snow. There was considerable water in the bottom, and when discovered the poor man was dead.

Entertainment.—This evening the 21st Ward Theatrical Association will give a dramatic performance in the Assembly Rooms of that ward, commencing at 7.30 p.m. The program consists of the two act moral drama "Temptation," followed by songs, the whole concluding with "Vandyke Brown." Tickets, 25 cents, children 10 cents. The proceeds are to be used in the purchase of an organ for the meeting house.

The Eleventh Ward Dramatic Association will give a performance to-morrow evening in the 10th Ward Assembly Rooms, when the following popular pieces will be presented. "Ireland as it is," a three act domestic drama, and the "Mistletoe Bough," a beautiful melo-drama in two acts. Admission, 25 cents, children half price.

The Operetta.—"The Loves of Wolfenstein"

was repeated last evening to a large and appreciative audience in the Social Hall. The charming little operetta reflects great credit on the authors, or rather arrangers, Messrs. O. F. and H. G. Whitney. It is partly original, partly arranged from popular operas and contains many local hits, flashes of genuine wit and strokes of real burlesque. The music was splendidly rendered by an orchestra composed of Messrs. Mark Croxall, Geo. Hedger, Professors Peterson and Wetzel, and Mr. N. Clayton. Mr. C. S. Burton presided at the organ, and their playing was a treat.

Of the juvenile actors we can confidently speak in terms of high commendation. Miss Gracie Young as Guttenberg exhibited true histrionic talent, every movement was graceful and appropriate, and though she was evidently suffering from a cold, her singing was as sweet and expressive as her elocution was distinct and pathetic. Miss Florence Whitney made an excellent Gonzago, and was a favorite with the audience throughout. Master John Sloan exhibited so much self-possession, and played Plutoerates with such force mingled with humor, as to convey the idea that he was an experienced actor dwarfed into juvenile proportions. Master Charles S. Whitney was the funny man of the play. He did not miss a point, and never failed to "bring down the house."

In some parts of his Gondolus he was immensely comical. Master J. C. Caine as Saxophone, made a first rate "old man," and Little Alma Sharp obtained a hearty round of applause as the News Boy.

The part songs, choruses, etc., were very effective and showed good training, and all of the young performers and singers, too numerous to mention, acquitted themselves admirably. The dresses were superb, and the make up of the little ladies and gentlemen much better than we have seen among many of their elders on the stage. With appropriate scenery and stage appointments, "The Loves of Wolfenstein," as presented by this company, would be worthy of repeating many times.

The whole performance was very enjoyable, including the olio, and everybody present spent an exceedingly pleasant evening.

"Star" Light.—The following are from the *Millennial Star* of January 6th:

On Friday evening, January 3d, Elder E. M. Curtis, missionary from Utah, arrived in Liverpool from Gulon S. S. Montana. He left Salt Lake City on December 17th and reached here in good health and spirits.

Elder Joseph H. Parry is released from the Presidency of the Welsh Conference.

Elder Joseph Bull, Jr., is released from the Presidency of the Sheffield Conference.

Elder George R. Emery is released from being traveling Elder in the Manchester Conference.

Elder Joseph H. Parry is appointed to labor in the printing department of this office.

Elder Joseph Bull, Jr., is appointed to labor in the printing department of this office.

Elder George R. Emery is appointed to preside over the Sheffield Conference.

By letter dated January 2nd, from Elder M. R. Wheelright, we learn that, on Saturday, Dec. 28th, he baptized several persons at New Tupton. Some difficulty was experienced in finding a suitable place to attend to the sacred ordinance. At the first place selected the ice was very thick and strong, and the hands of a swimmer having been broken in an attempt to make an opening. Subsequently, however, a running stream was found, and the parties were baptized. On Monday, Dec. 30th, Elder Wheelright proceeded to Chesterfield, where he found another person ready for baptism, and to whom he administered that ordinance.

Vindication.—We have received the following letter from Mr. Jas. Farmer, of Monroe, in answer to the complaints concerning mail matters made by "M. Von Gussion" correspondent, published by us some time ago:

"If Mr. M. knows where the fault is I wish to hear of it, because I know that the mail, over route 41,122 from Richmond to Kansas is carried faithfully, and with precision and certainty. To this statement I can call all the postmasters of the route to testify. If Mr. M. wants to communicate with me on the subject, I can explain to him that it is not the fault of the mail carrier, but at any rate I shall be glad to have his name in full," etc.

If we correctly understood the meaning of "M.," we think he referred more particularly in his complaint to the service from Nephi through Sanpete County. "M." is not the only one who complains of this matter, but we find that there is very much dissatisfaction in that part of the country, which we cannot think is entirely without cause.

Suicide at Alpine.—Last Friday afternoon, a lady named Mary Ann Moyle, living in Alpine, Utah County, took poison, from the effects of which she died in twenty minutes. The cause of the sad act is not stated, though it is supposed by some to be family trouble. Following is the verdict of the coroner's jury:

"We, the jurors impelled to inquire into the cause of the death of Mary Ann Moyle, now lying before us, do upon our oath and the evidence before us, find that the deceased came to her death from an overdose of strychnine, administered by her own hand, during a fit of temporary insanity."

W. J. FERGUSON, Foreman.

GEORGE HACKETT, E. HACKETT.

I hereby certify the above is correct.

R. T. BOOTH, Acting Coroner.

At Washington Still.—Mrs. E. B. Wells and Mrs. Zina Y. Williams are still in the national capital. The day of their return is uncertain at present. The ladies are doing a good work in representing their cause in the great political centre, and will remain as long as they can serve the purpose of their visit.

The Burglar.—The two men arrested for breaking into and stealing certain money from the Wash

match saloon, were required to furnish \$400 bonds to await the action of the grand jury. Not being able to obtain bondsmen, they were this morning transferred to the county jail.

Lectures To-Night.—In the 10th Ward Assembly Rooms Elder H. W. Nadelet will deliver a lecture this evening commencing at 7 o'clock.

C. R. Savage, Esq., will deliver a lecture on "Africa" before the Mutual Improvement Association of the 20th Ward this evening at 7.30 o'clock.

To both of these lectures the public are invited. No charge for admission.

Plain City.—A letter from Bro. William Geddes, of Plain City, states that the people of that place have been afflicted with diphtheria, few cases, however, having proved fatal. At the time of writing the health of the inhabitants had much improved. Brother Junius F. Wells of this city had, on the 20th, been visiting that town, in the interest of the young people, and the attendance of both young and old at the meetings showed that there is much attention paid to the improvement associations, which, our correspondent states, are in his neighborhood, producing much good.

Drowned in the Weber.—The Ogden Junction of this morning, reports an accident which happened while a party of three persons were attempting to ford the Weber River. From the different accounts the following is supposed to be about correct. Mr. Daniel E. Williams and his wife, of West Weber, and Mrs. Bowens, of Slaterville, were about to cross the river on Sunday morning about 9 o'clock, from West Weber, to Slaterville, at the McFarlane ford. The horses started badly before entering the water, but were crowded along by Mr. Williams, until the centre of the stream was reached, when they became unmanageable from fright at floating ice, and turned around, breaking the reach and lifting the wagon box entirely above the bolsters. The box, containing the three persons, floated down the stream a short distance, when it struck some ice and was overturned. Mr. Williams was able to save Mrs. Bowens and assisted her to a shallow part of the stream. Mrs. Williams, however, was drawn beneath the ice and seen no more. No trace of the drowned lady has been yet discovered, and sincere sympathy is extended by all classes to the bereaved husband and family.

Married to Robert Watson, in Salt Lake City, April 19, 1862.

She was a good wife, a loving mother, and a faithful Latter-day Saint. *Millennial Star* please copy.

A Card of Thanks.

For twenty years I have been suffering from temporary intermittent pains in my left side, accompanied by sleeplessness and great affliction. Nothing afforded me the slightest relief, though I tried also everything which could be recommended for the terrible complaint. On Monday, Jan. 13th, 1879, having seen newspaper notices of Doctor Platt's skill in certain diseases, I visited him in Ogden, and he made to him a statement of my case. He informed me immediately that I was troubled with a tape worm, and gave me some medicine which he assured would furnish me a speedy and permanent cure. I took the prescribed dose at 4 o'clock the following morning, and within four hours from that time was relieved of a terrible tape worm measuring twenty-four feet in length. I desire to publicly present my thanks to the Doctor, and to give credit to the fact, that other unfortunate people may be benefited.
