PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels, Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and engaged in Patent business exclusively, we can make close searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington.
INVENTORS send us a model or sketch of your device; we make examinations and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED.
We refer in Washington, to Hon. Postmaster General D. M. Key, Rev. F. D. Power, The Gemania-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress; and especially to our clients in every state in the Union and in Canada. Address

SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.
BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.
CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S
KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.
Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.
It not only performs these seeming miracles, of which the following is
A FAIR SPECIMEN
I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.
COL. JOHN L. DORRANCE, U. S. A.
In every important respect the Kathairon is absolutely incomparable. It is unequaled.
1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.
BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.
SOLD EVERYWHERE.

FROM WESTERN UNION TELEGRAPH LINE.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

HOUSE.

WASHINGTON, 5.—Sparks called attention to an account in the Chicago *Inter-Ocean* of an interview with President Hayes by Davis, of Chicago, and said there was an effort made to coerce the President into the extreme measures of the extreme members of the party, yet Chicago had just given a democratic majority of 4,823 to Carter and Harrison. In place of putting remedies into the President's backbone, all the marrow and stiffness had been taken out of the republicans. That democratic victory in Chicago was the first popular response from a republican city, and was startling in its character.

Caswell reminded Sparks that on the same day Wisconsin gave an increased republican majority of over 6,000.

Bragg responded, eliciting loud applause from the democrats.

The amendment offered yesterday by New, that the repeal shall not abridge or affect the right and duty of the executive to respond to the call of a State legislature or governor, was agreed to, 85 to 4. Republicans did not vote.

Lowe moved to strike out section six.

Conger suggested that if that were done his side would aid in passing immediately without debate a separate bill repealing entirely the so-called objectionable section or the statute.

McMahon, speaking for himself, repudiated the proposition.

EASTERN.

The Negro Exodus.

NEW YORK, 5.—The *Tribune* says: It is suggested by some southern planters, who are alarmed by the threatened negro exodus, that a bill be introduced in Congress prohibiting steamers, ascending the Mississippi River, from carrying more than 50 negroes at a time. This Congress is capable of considering it seriously, and even passing it.

The Murdered Porter.

John P. Smith, chairman of a meeting of the dramatic profession, held for the relief of the murdered Porter's mother, has received a letter from the mayor of Marshal, Texas, in reply to the resolutions passed. The mayor says: The people of Texas are filled with a spirit of fiery indignation at the cowardly and atrocious murder. He says it is the universal sentiment that Currie must and will be hanged. He urges a vigorous war against the law's delays, and suggests that the attendance of witnesses should be thoroughly secured.

A Double Suicide.

DAVENPORT, Iowa, 5.—Shortly after 12 o'clock, last night, Harry Watt, a cigar maker of this city, and his wife's sister, Louise Filter, took prussic acid and died within a few moments of each other. Watt is a young man comparatively, but has been married several years, and has children; his domestic life always seemed perfectly pleasant. Miss Filter was 21 years old and had lived with the family for several years past.

The Contempt Case.

CHICAGO, 5.—In the contempt case of Nevine, the newspaper correspondent at Springfield, to-day, counsel applied for a writ of *habeas corpus* to release him from jail and the argument is being heard this afternoon.

Bank Clearings.

The clearing of the Chicago banks during the present week amounted to $28,857,83.72, an increase of $7,079,8 3.96 over those of the corresponding week of last year.

Correspondence.

VARNELL STATION, Ga., March 26th, 187 .

Editors Deseret News:

After a cold and disagreeable winter, spring opened warm and pleasant. March came in like a lamb, and behaved itself for about three weeks. The trees, taking advantage of it, began to put forth their leaves, and bloom out. For the past few days and nights we have had quite a change—some nights having a heavy frost, killing some of the peach blooms.

The missionary work, in many places in the south, is very encouraging, there being those who do their own thinking, and having good sound sense, can understand truth when they hear it, and are honest enough to obey. There are, however, many exceptions. Many believe, but very few obey. Bros. Thos. S. Higham and myself were in Murray County nearly two months, holding some 35 meetings, mostly in private houses. We made many friends, and several openly confessed their belief that the "Mormons" are the only ones right. We held two meetings in the Court House at Spring Place, and were favorably mentioned in the *Gazette*, a paper printed there.

President Morgan, returning from North Carolina, thought it best that Bro. Higham should travel with Elder H. Parry in North Carolina, so he came to Varnell, followed by me a few days after. Here I found Bros. Hardy, Eilefson and Higham, all well. The next day Bro. Parry arrived, and the next day Prest. Morgan, making six of us—the eldest 38, the youngest 18.

No one can describe the feelings which Elders have when meeting out in Babylon. We passed a day in Brother Morgan's company, he leaving for Chattanooga. Yesterday Elders Parry, Higham and Edefsen, started for North Carolina, all in good spirits, although a tramp of 110 miles stared them in the face, and that over the roughest roads imaginable. At four p. m. of the same day, Elder Hardy baptized four women. We are undecided as to what steps to take. Bro. Huffaker, who was the only male member of this branch, and its president, is on his way to Zion, so that there are eight lone women, and all young in the Church. Whether it will be best to organize them into a Y. L. M. I. A. or a F. R. Society, we hardly know. "The men, oh, the men!"

In the course of a week or two Bro. Hardy and myself will go into Fannin County, of this State, up among the mountains, "where the pure breezes blow and the clear streamlets flow."

The "Utah Board of Trade" ought to apply for the services of Gen. W. T. Sherman in inducing immigration to Utah.

His letter to the *Atlanta Constitution* favoring immigration to North Georgia has been published and republished, and severely commented upon by some, who think that he has a coal or iron mine or is interested in some railroad. Others, that have hundreds of acres of worn-out land, think it would be just the thing. They think that if the Yankees can make nutmegs out of wood, they surely ought to raise good crops of cotton and corn where nothing but sedge-grass now grows or will grow.

The people little imagine that it is because they have "transgressed the laws, changed the ordinances, and broken the everlasting covenants," that causes the land to fail in yielding its increase, that the strength is being withheld, only to be brought forth where there are those who will serve and obey God.

I could not help but contrast the way in which difficulties are settled here, with the manner in which like cases have been settled in Oggen and Kaysville. A land case was recently brought to a termination in Spring Place, which has been before the court three years, having had repeated hearings. Several men, on oath, said the land was not worth $12. This one case cost the county over a thousand dollars, as neither of the men are able to pay costs. As it was it was decided in favor of him who had the least money. It has come to such a pass here that a man cannot collect a note without the aid of a lawyer. The least indications of being sick requires the learned (?) doctor, who doses heavily with quinine, calomel, opium, morphine and other drugs calculated to kill instead of cure.

Elders, in coming to the South, would do well to get large saddle-pockets to carry their clothes in with a small satchel to hold what books they need. Yours in the truth.

JOS. STANDING.

Items from Bear Lake.

ST. CHARLES, Idaho, March 29th, 1879.

Editors Deseret News:

On the 23d inst., the scholars of the St. Charles-Sunday School, presented to W. M. Allred, the school superintendant, a beautiful oil chromo framed in black walnut, as a token of their appreciation of his long and faithful labors as their school superintendent.

The Y. M. M. I. S. of this place, have made a good move in establishing a small but respectable library of useful books; they consist of history, biography, travels, and other good books, thereby creating a taste for the good and useful, and preparing themselves for future operations in the great latter-day work.

The Sunday meetings are very well attended, there is a very comfortable frame building for holding meetings, which the people seem to appreciate.

There is considerable sickness here, at present amongst the children; it resembles the whooping cough very much, four children have died of it, two one day this week.

Plowing and sowing, at present, are the order of the day. The winter has been a very mild one in this part, there has not been at one time more than six inches of snow. The average record of the thermometer for the first three months of this year, exposed to a north and south current and taken each morning at 7 o'clock, was for January, 18 degrees above zero; for February, 22 degrees above zero; for March, 35 degrees above zero.

Bear Lake has been a long way under par in the estimation of some, it has been said, "Can there be any good in that cold Bear Lake country?" Yes, plenty of good water and thousands of acres of land inviting the honest sons of toil to partake of her riches, rather than to squat around the old settled towns of Utah where perchance they may have a 5 by 20 or 10 by 20 lot with little prospects of water rights. Plenty of land north of here, water in abundance, free as it leaps from rock to rock, and one may plow the valleys without asking leave.

RURAL.

Another Veteran Gone.

MINERSVILLE, Beaver Co., March 31, 1879.

Editors Deseret News:

John Blackburn died at Nephi, Juab County, at one o'clock a. m., on Wednesday, 19th inst., of lung fever, after an illness of nine days. Was born December 25, 1824, in Bedford County, Pennsylvania; was the son of Thomas and Elizabeth Blackburn; moved to the State of Ohio in 1835, and to the State of Illinois in 1841; was baptized into the Church of Jesus Christ of Latter-day Saints in 1842, by Bishop David Evans, shared the expulsion of the saints at Nauvoo in 1846; arrived in Salt Lake Valley in 1848; helped to build the Old Fort in Salt Lake Valley in 1849; pioneered and helped to build the fort in Provo, and in 1853 was called by President G. A. Smith to strengthen the southern settlements; helped to build up Fillmore City, and in 1856 built a mill in Pine Valley, and in 1859 helped to found and build up Minersville, Beaver County, and in the Spring of 1876, pioneered and founded the settlement in Fremont or Rabbit Valley, Piute County, and at the time of his death was building a mill at that place.

He was the husband of four wives and the father of 21 children, 15 boys and six girls and nine grandchildren. He leaves a large family and a large number of friends to mourn his loss. Died in full faith of a glorious resurrection. Respectfully, etc.

E. H. BLACKBURN.

TAYLOR'S STORE, Franklin County, Va., March 27, 1879.

Editors Deseret News:

Spring time has come again, when the people are busy upon their plantations, and in consequence our meetings are not so well attended. During the winter season we had good, interesting meetings, and our labors have been attended with success, many becoming favorable and more baptisms expected. The subject of emigration has been earnestly presented to the Saints. A family of nine faithful Saints have just joined the emigration company at Chattanooga for the Colorado settlements. Others, feeling the importance of the gathering, will emigrate as soon as they can dispose of their property.

Elders Beck and Spence report good meetings, many favorable, and a prospect of a good work being accomplished in North Carolina. They feel first rate and are earnest in the ministry. The power of God has been manifested in some instances in healing the sick, which has strengthened the faith and testimony of believers.

The hired priest, referred to in one of my communications, who was bitterly opposed to the cause, and who some time ago announced to the public his intention to show Mormonism an imposture, originating in Europe, but failed to fill his announcement, took sick a short time ago and died suddenly.

The Most High will surely accomplish His purposes. He will gather the house of Israel and build up Zion, making her beautiful and glorious.

Elder Cowley feels fine, and joins me.

Faithfully,
H. W. BARNETT.

DIPHTHERIA.

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst forms; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil must be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently. The Humbug Oil may be found prepared for internal use, under the name of Marshall's Canker Cure.

PURIFY THE LIFE CURRENT.
SCOVILL'S
Blood and Liver Syrup
A PEERLESS REMEDY FOR
Scrofula, White Swellings, Cancer, Erysipelas, Chronic Sore Eyes, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,
And all Diseases indicating an
IMPURE CONDITION of the BLOOD
Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that
Scovill's Blood & Liver Syrup
completely cures such disorders. Living virus of Scrofula does exist in the every thin matchless purifier will root out be it vestige of it. No eruptive malady or pernicious or otherwise, can resist the potent purifying action of this safe and potent remedy, which renders the skin
CLEAR, SOFT AND BEAUTIFUL,
when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurent secures the desired result. From
THE ARRAY OF PROOF
of its reliability in our possession, we make use two following condensed extracts:
Mr. Samuel H. Matthews, Modestown, Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its head, face, arms, feet and legs, converting them into one solid sore, but that two and a-half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.
Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone slough-ed away, but by the time he had finished the twenty-fourth bottle of the Syrup he was completely cured.
THIS GRAND REMEDY
is a compound of vegetable extracts, the chief of which are
Sarsaparilla and Stillingia
The cures effected by
Scovill's Blood and Liver Syrup are absolute, and their record is unsurpassed by failure. For sale by all Druggists.
Price, $1.00 per bottle.
