Fort Herriman:
J. P.—JAMES CRANE,
CONSTABLE—WM. FREEMAN.

Brighton:
J. P.—A. W. COOLEY,
CONSTABLE—

LOCAL AND OTHER MATTERS.

THE READINGS.—Mr. Walter Montgomery will appear at the Theatre to-night, and will give readings from American and English authors, which have been given with distinguished success before royal and aristocratic audiences. Our people are not much on the "clap-trap" and sensational, and the Theatre will no doubt be well filled to listen to such an eloquentist as Montgomery, with such a programme as he presents.

FIRE.—Last evening, shortly before six o'clock, the stable in the rear of the Salt Lake House was discovered to be on fire. Fortunately for the proprietors the building was nearly empty, there being but three animals, some hay, a buggy and a quantity of harness inside at the time the fire broke out. The animals, the buggy and part of the harness was got out. Almost simultaneously with the alarm of fire there was a rush of good people to the spot, who did all in their power to stay the progress of the flames, the greatest efforts being directed towards preventing adjacent buildings taking fire. As the stable was but little wind at the time and the stable being detached from any other buildings, those efforts were, fortunately crowned with success. The stable with the exception of the walls was entirely destroyed. Mr. Little estimates the loss as being in the vicinity of a thousand dollars. The above occurrence ought to convince all of the necessity that exists of this city possessing adequate means of extinguishing fire.

SEVENTH WARD PASTURE.—The proprietors of the Seventh Ward Pasture land are requested to meet on the afternoon of Saturday next, just outside the Tabernacle, immediately after meeting. The object of the meeting is to determine as to the time when stock shall be turned into the pasture.

AN IMPROVEMENT.—Mr. James Townsend is having an elegant porch and balcony erected on the front of the new edition of the Townsend House. The porch will be 145 feet long by 8 feet wide.

IN TOWN.—We had a call this morning from Dr. O. H. Pierson, of New York, and James K. Wilson, Esq., of San Francisco. Their entire party is nine in number, three of whom—Mr. Wilson, Miss Nellie Littlefield and Miss Isabel Whitney—are members of the California Teachers' Excursion Party, who left that State a few weeks

since on a trip to the East. They have enjoyed their journey and visit exceedingly well, and are so well pleased that they have already planned another excursion for next year. The above named ladies and gentlemen are about the last to return, and could not forego the pleasure of a visit to this city on their way home. Mr. Wilson is a teacher in the City College of San Francisco. Dr. Pierson was formerly of California and Nevada, but is now of No. Five Pine St., New York. He is on a brief visit to his mother and children in Carson. He traveled across the plains from Peoria, Ill., to California in 1849. But returning to New York, he pursued the business of auctioneer and dealer in real estate in that city and New Jersey, having last year been appointed by the Secretary of the Navy, General Auctioneer for the U. S. Navy Yard, Brooklyn. Mr. Greenhouse, of Kentucky; Mr. W. P. Ewing, of Maryland; and Mr. Gould, of San Francisco, all lawyers, are also members of the party.

ARTIFICIAL FLOWERS.—We were shown, to-day, a very elegant collection of home-made artificial flowers, comprising the white, yellow and moss rose, and "buttons" and daisies of various kinds, and of the most beautiful hues, looking so natural that for the moment we were tempted to believe they were a choice selection from the nurseries of Fenton or Hemenway. They were made by sister A. Lyon and her daughter, who live in Greenbeck's Buildings, east side of East Temple street. These ladies are thorough experts at the business; they manufacture every variety of flowers, and can place them in the market at a cheaper rate than imported flowers are offered at.

Ladies of Salt Lake City, when you wish to invest in flowers you certainly go where you can procure them home-made, and especially if they, at the same time, are the cheapest and most elegant. By patronizing Mrs. Lyon and daughter you secure all three. If you do not purchase call and examine, and satisfy yourself that our eulogy is not the least exaggerated.

SPANISH FORK.—Brother Charles Monk, writing from Spanish Fork, on the 20th inst., sends various items of interest from that place. He says:

"The organization of a co-operative society for the production of silk has just been effected by Bp. Thurber; shares, ten dollars each. About sixty ounces of silkworm eggs have been produced here this season. Bro. Samuel Cornaby producing about two-thirds of them."

Harvesting had commenced, and although the grasshoppers did a good deal of damage in the early part of the season the crops never looked better.

The health of the settlement, generally, is good, except a few cases of measles among the children.

The following portion of Bro. Monk's letter is melancholy:

"On Sunday, the 17th inst., a boy named Ole Nielson, sixteen years old, while bathing in the Spanish Fork Creek, slipped into a deep hole and was drowned; his body was soon recovered and was interred in the cemetery next day."

THE ST. CLAIRS.—Miss Helen St. Clair lectured on the evening of the 16th instant at Helena, Montana. Her subject was "Married Life." She would scarcely be able to give her audience a digest of her own experience in this blissful state.

SANPETE.—A gentleman just in from Sanpete informs us that Bishop Peterson of Ephraim and the good people of that place are hard at work building a new meeting house, the walls of the old building being considered by them unsafe. A City Hall has lately been erected at Moroni. The crops of peas, corn and potatoes throughout the county are looking well.

THE DESERET TELEGRAPH LINE has now an office on East Temple street in Zion's Co-operative Mercantile Institution's Drug Store, a very central position and one well adapted to secure custom. This line has now communication, through the Atlantic and Pacific Telegraph Company's line, with whom it has formed an alliance, with all parts of the world. The Atlantic and Pacific Company bought out the telegraph lines of the Union Pacific and Central Pacific Railroad Company, and, of course, they have a thorough continental line. They already have a double line of wires, and they are now building two more lines, which will give them four through lines of wire. This company has also direct alliance with the French oceanic cable, and in case of accident to that, can have recourse to the Anglo-American cable. We are gratified at the bright prospects which are opening up before our Home Line. By the alliance which is now formed a resident in this city, or in any part of the Territory, can send a dispatch from the point where he lives to any place in Europe or America. It is written, "the law shall go forth from Zion." The Telegraph Line will be a splendid and instantaneous medium by which to have it go.

BUG TRAP.—We have heard of an excellent trap for catching bugs—vermin which are so natural to this country, the dryness of the climate favoring their production, that we have seen them in considerable numbers in dry timber in the canons. There are probably many who have heard of the trap and have used it; but there may be some to whom it will be new, and it is for their benefit we publish it. It consists of the ordinary bean leaf. A few newly gathered leaves of the bean are arranged around any spot where bugs are, inevitably entrap them. The leaves are rough, and if a bug climbs on to one of them, he is fast, and cannot get away. The remedy is simple, but very effective; and any remedy for these disgusting vermin is a great boon. Good, hard-finished walls, with close-jointed and well painted woodwork, and cleanliness are very excellent preventives, and where these conditions prevail these troublesome creatures cannot be numerous. But there are many houses which are not finished in this style, to the occupants of which a simple remedy like bean leaves will be very welcome. Try them.

VIRGINIA, M. T. ITKINS.—On the morning of the 18th inst., an ex-policeman of Virginia suicided by shooting himself through the head with a six-shooter. Several persons heard the shot fired, but his room was not entered till eight hours after the deed was done, when he was found dead on his bed. During the inquest it was elicited that Hawkins, about ten years ago, had deserted his wife and children in Providence, Rhode Island, and that a few years ago, whilst acting as policeman, he killed a man on slight provocation; which circumstance, combined with his drunken proclivities, are said to have culminated in his committing the crime of self-murder.

Joseph Martinez a few days since burglariously entered a store and took therefrom a gold watch and \$15 in silver. He was afterwards discovered and arrested and is now in jail awaiting his trial. A theatrical benefit was to be given last evening, at Piper's Opera House, to the "Good Will" Fire Hose Co. The above is gleaned from the Territorial Enterprise of July 19th.

SALT LAKE

THEATRE.

LIGHTNING EXPRESS TRAIN!

THE IRREPRESSIBLE

GEO. FRANCIS TRAIN

Has engaged the THEATRE for

One Night Only!

SATURDAY EVE.,

JULY 23, 1870.
