

SPECIAL BUSINESS NOTICES.

A good turn is done our readers in recommending the American House, Boston. Its gentlemen's parlor, recently refurnished and refrescoed, is said to be one of the finest drawing-rooms in the country, and with its adoption of all late improvements it is equalled by few hotels. Courtesy to strangers has ever been a marked feature in its management, while its location, appointments and extent are all that can be desired for merchants or families traveling.

AN EXPERT.—Dr. Price is well known as an expert in the study of Culinary Chemistry, and is the result of his researches. One of these discoveries is the Cream Baking Powder, by the use of which light, sweet biscuits, cakes, &c., at all times are a certainty. The market is flooded with cheap inferior baking powders, and adulteration is so extensively practiced, that the Cream Baking Powder does the work with two-thirds of the quantity required of any other kind. In view of such cheap impositions, the public are advised to ask for these pure and excellent articles, if they cannot be obtained of one grocer may be of another. The purer the articles that compose our daily food the better they are for health. Dr. Price's True Flavoring Extracts are really delicious.

CHAMBERS' ENCYCLOPEDIA.—Messrs J. B. Lippincott & Co., of Philadelphia, announce that, by a recent purchase, they have become the sole proprietors of the American Revised Edition of the "Chambers' Encyclopedia," and are thereby enabled to offer the work at much lower rates than hitherto. In the course of its recent thorough revision, the American edition was edited with the special view of supplying the wants of American readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition.

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least

trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kansas City and Pan Handle Lines, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago.

EVENING NEWS.

Friday, May 7, 1875.

Local and Other Matters.

THERMOMETER 45 degrees F in the shade at 1 p.m. today. Cloudy, stormy.

Utah Northern Railroad.—For the time table of this line, see the advertisement of the Company, in another column.

Pocket-book Found.—A pocket-book, found the other day, evidently belonging to Joseph B. Sewell, is at this office, where it can be had by the owner, when he calls for it.

Met and Adjourned.—The Third District Court met this morning at half past nine o'clock, and adjourned soon after, without doing any business, no cases being ready for trial.

License and Costs.—To-day a saloon-keeper was before the Police Justice for running his business without license. On paying his license and costs, he was discharged.

Genuine Topaz.—To-day we were shown some genuine specimens of native white topaz, found southwest of this city. We are assured that the gems are valuable. They can be seen at the Museum, to which institution the specimens have been presented by Professor Clayton.

Brought Them In.—Last night deputy sheriff Florida arrived from Evanston with Shearman, the man who stole Dr. Williamson's horse. He also brought Goodman, one of the men who escaped from the Penitentiary here some time since. Goodman was taken to his old quarters to-day.

Dr. Williamson has recovered his valuable horse, and brought it home to-day.

A Remarkable Specimen.—To-day we were shown a somewhat remarkable, because of its minuteness, specimen of a species of ganoid, or garfish fossil, imbedded in a tablet of fossiliferous limestone. The formation of the fish is indicated more perfectly than any specimen we have heretofore seen, even the scales being there in their entirety. It was brought from Sanpete, and has been sent to the Museum by Mr. Nelson Empey.

Missionary Appointments for Sunday evening, May 9th, 1875.—

Second Ward—Elder R. F. Neelsen.

Fourth Ward—Elder C. R. Savage.

Fifth and Sixth Wards—Elder H. W. Naisbitt.

Eighth Ward—Elder C. H. Wilcken.

Tenth Ward—Elder S. B. Young.

Twelfth Ward—Elder Geo. Teasdale.

Thirteenth Ward—Elder Isaac Groce.

Fourteenth Ward—Elder M. B. Shipp.

Sixteenth Ward—Elders T. V. Williams and C. J. Thomas.

School Meeting.—A meeting of the tax-payers of the Fifteenth School District was held last evening, at which the report of the board of trustees for the past two years was read and accepted, and a unanimous vote of thanks was tendered to Messrs. Cannon, Hall, and Griggs, of the retiring board, for their efficient services. The following gentlemen were then elected for the ensuing term: Messrs. Daniel Grenig, Thomas Howells, and Thomas Pierpont. A resolution was adopted that the balance of the school tax be collected and devoted to the further improvement of the school property, by setting out trees, fencing, digging wells, etc.

Theatre.—In Mr. Mark Wilton's production of "The Ticket-of-Leave Man," at the Theatre on Saturday evening, Mr. Lindsay appears as "Bob Brerley," Mr. Foster as "James Dalton," Mr. Wilton as "Hawshaw," Mr. Graham as "Mother Moss," Mrs. Walters as "May Edwards," Mrs. Douglas as "Mrs. Willoughby," Miss D. Clawson as "Sam Willoughby."

Wetzel and Crofts' Excursion Band will discourse choice selections of music in front of the Theatre.

The play is a stirring play, the cast is strong, and the enterprising provider of the entertainment is one of the most useful members of the company. As amusements are few just now, a thronged house may be anticipated.

D. A. and M. Society.—There will be a meeting of the board of directors of the Deseret Agricultural and Manufacturing Society in the Historical Office, to-morrow, at 7:30 p.m. A punctual attendance is desired. G. O. E. WALLACE, Secretary.

May 7, 1875.

Just the Thing.—In the agricultural world hereabout, yesterday, May 6, must be considered a notable day, for the soaking rain that came in the evening was the one thing needful to insure the germination of the wheat and small seeds sown in the exceedingly parched soil. The rain wetted four or five inches depth of soil.

Elegant.—Some people suppose that if they desire an article of elegant and handsome workmanship it must necessarily be manufactured in the East. We were lately shown some specimens of boot and shoe making, turned out at the Workingmen's Co-operative Association, that, to our unpracticed eye, at least, appeared as elegant and tasteful as anybody need desire, were he ever so fastidious.

A Daring Robbery.—At a late hour last night the house of Attorney Royle, 11th Ward, First South Street, was broken into by burglars, who perpetrated a most daring robbery. Footprints in the garden, and on a kind of a water-table, on the lower part of the wall of the house, showed that the scoundrels gained admittance by raising the parlor window, into which room they first entered.

They passed to the bedroom where Mr. Royle was asleep, took his clothes out into the hall, where they went through the pockets, taking about \$10, but replacing the pocket book. They also paid a visit to one of Mr. Royle's sons, from whose purse the dastardly sneaks abstracted 40 cents, and also took a gold ring belonging to the same boy.

The robbers also went up stairs and entered a bedroom where two young gentlemen were asleep. The clothes of one of the sleepers, named Kennedy, were lying on a chair only a few feet from his bed. They went through his pockets, from which they took \$10 currency, but left the pocket book in the hall down stairs, and they also carried off a valuable gold watch belonging to the same party.

It appears that they next made a search for silver-ware, and probably thought that they had secured some in the shape of a couple of forks, but, apparently discovering their mistake, they deliberately laid them cross-wise on the top of the piano, where the articles were found this morning.

This daring burglary must have been perpetrated by experts in the business, having entered the house, gone through it, secured their plunder and left so stealthily that although quite a number of people were in the house those inmates were not disturbed, and were in happy unconsciousness of what was going on so close to them till the morning light came and they discovered that unwelcome visitors had been there and robbed them.

Since the above was written we learn that three men have been arrested on suspicion of having committed the burglary. They give their names as Fred Curtis, James O'Brien and Albert Wilson.

Police Officer Phillips went to the residence of Mr. Royle this morning and reconnoitered. He examined the premises carefully for clues, and scanned minutely a particular footprint, which had the peculiarity of a strong bearing to the outside, where it made the deepest impression in the soil. He measured this print, which could only have been made by a peculiar shoe and an equally peculiar foot.

During the course of the day he kept a sharp look out in town for the owner of that same foot and shoe, and finally saw him walking in front of him, in company with a couple of others, on East Temple street, and he immediately arrested all three. When the three men were taken to the City Hall, O'Brien was relieved of his shoes, when it was found that they corresponded to a hair's breadth with the measurements made by Mr. Phillips of the prints already alluded to. To make the matter still more certain, Mr. Phillips has taken the shoes out to Mr. Royle's, to see whether they will fit into the marks in the soil.

Another circumstance leading to the identification of the parties is that two or three have been recognized as men who were begging in the vicinity of Mr. Royle's house yesterday, during the day, when they probably did their reconnoitering. A couple of men called also at Mr. Royle's house, and it is probable that it will be shown that they are the parties who did so.

WILLIOTT POTTINGER, Register.

Variable.—To-day there has been quite a variety of weather—cloudy, sunshine, rain and hail.

The Detained Freight.—The daily arrival at Ogden of large quantities of freight that has been detained on the Union Pacific railroad blockade makes matters more lively there than usual. The regular trains from the east take on numbers of the shunted cars along the line and bring them along; but one would naturally suppose that the delayed freight would have the preference, which does not appear to be the case.
